SEEK NEW SITE FOR SCHOOL—At the meeting of the Mount Tabor Improvement Association tonight the question of improving the grounds of the West-avenue schoolhouse or secur-ing new grounds will be considered. The Mount Tabor Home Training Cir-cle has addressed a letter to the asso-ciation calling its attention to conditions at the schoolhouse and urging the necessity of improvement. The circle promises to support the association in this movement. Every one at Mount Tabor is aware that the general condi-tion of the grounds at the West-avenue school is bad. There is no sewerage in that part of the city. The building is also out of date. The grounds face on the Base Line road and West avenue and are badly located. It is desired that another block be secured in a more suitable place for the erection of a schoolhouse on modern lines. It is considered impractical to make extensive improvements on the present building and grounds. It has been suggested that a block be secured between the Base Line road and Hawthorne avenue as soon as it can be done.

Battallon Chief Holden, of Portland Fire Department, Meets With Peculiar Accident.

B ECAUSE somebody in an idle mo-ment "plugged" a fire-alarm box with a key that was never intended for purpose Battallon Fire Chief Lee Holden stands in danger of losing the sight of his left eye. At box 238, corner of Broadway and Larrabee streets, Saturday, on one of his inspection rounds, Chief Holden discovered a key project-ing from the keyhole. The alarm boxes are so constructed that when a key is slipped in, it cannot be taken out till the lock is turned by means of a special apparatus used by the firemen. Holden found, however, that this key had jammed, and to release it the door to the box would have to be taken off.

He hammered at the hinge bolt with a pair of wire-cutters he had in his pocket. As he did so he suddenly felt a peculiar sensation in his left eye. It seemed that colvening were floating before it. Holden cobwebs were floating before it. Holden couldn't brush them away. After he had released the key and repaired the box Holden went to Dr. Hicks C. Fenton. It is said to be capable of doing the work of 100 men. The Water Committee is watching its work with a view of adopting the new method should it do all that is claimed for it.

WILLIAM BERNARD HOME

Returns From Southern California After Absence of Three Years.

After an absence of three years, spent in Southern California and Texas, William Bernard, an old-time favorite with the patrons of the Baker Theater is again in Portland. He arrived yesterday morning and spent the day greeting his many friends. Mrs. Bernard and her talented daughter have been in Portland for two weeks. In referring to his long absence Mr. Bernard said:

"You bet I am glad to get back to Oregon, but when a man comes from a place of the Great Northern."

CHICAGO, Juty 7.—(Special.)—Oregon people at Chicago hotels:

From Portland—Bertha Moores, Carrie Moores, at the Palmer House; C. C. Constant, at the Morrison.

From Salem—Charles B. Moores and wife, Gertrude E. Moores, at the Stratford, From La Grande—Edward Murphy and family, at the Great Northern.

"You bet I am glad to get back to Oregon, but when a man comes from a place where it is 117 in the shade it is a shame to introduce him to a dry town. Anyway Bull Run is better than the alkall-laden beverage of the South. I expect to remain in Portland for some time as I have arranged to join the forces at the Baker Theater for next season. In a few days accompanied by my family I shall go to the beach for a few weeks. It seems an age since I was in Portland and to get back after living in the hot southern climate seems like entering a paradise."

Every piano sold during this sale is expected to make such an impression, by its low price and superiority of tone and finish, as to spread Reed-French popularity far into the future. "Utah" Tonight at the Star.

Go to "Utah" tonight or some time this week. "Utah" is the name of a new drama at the Star Theater, presented by the popular stock company. The scenes are laid in the Mormon state, and it promises to do for Utah what "Alabams" and "Arizona" did for these states. Many laughs and a few tears will be found in "Utah," and the plot is so novel and strange that the play will make an immediate impression. This will be the first time that it has been seen on the Pacific Coast.

"The Man From the West" Tonight.

Tonight the Allen Stock Company will give its initial performance of "The Man From the West" at the Lyric. This bill has been in preparation by the company for some time and promises to be one of the very best of the Lyric productions.
