

WHAT ANKNEY HAD TO SAY TO JONES

"My Friends Want Me Senator Again; Will You Stay in the House?"

YAKIMA MAN THOUGHT NOT

Both Men Make Trip to Seattle in Same Car—Are Fast Friends, They Say—Ankney Yet May Support Jones.

SEATTLE, July 11.—(Special.)—Said Congressman W. L. Jones to Senator Levi Ankney: "Will you support me for Senator?"

Returned the Senator from Walla Walla: "The organization demands that I be a candidate to succeed myself."

Then as an afterthought, added Senator Ankney: "The state needs you in the House. You are on the rivers and harbors committee and should stay there until you have completed the work of opening the upper Columbia and Snake rivers and have gained the appropriations we need in Western Washington. Will you?"

Congressman Jones was too much engaged in thought to answer directly, but he gave Senator Ankney the impression that he would not.

That seems to be the real substance of the Spokane conference between Senator Ankney and Congressman Jones, which has been shrouded in mystery for a week. There is no question but that the two discussed frankly the possibility of Senator Ankney's supporting Congressman Jones for Senator and that Ankney declared that in present circumstances he could not do so. There is no doubt either that Senator Ankney did not say that conditions might arise whereby he would feel justified in dropping out of the Senatorial fight.

Best of Friends, They Declare.

Both Senator Ankney and Congressman Jones are in Seattle and they confirm this story of the Spokane meeting. They came across the mountains together with Secretary of the Interior James R. Garfield and party, and whatever need for secrecy about the Spokane meeting existed in Eastern Washington disappeared when the train rolled downhill on this side. They came together and each professed the other was his closest political friend. In fact, Senator Ankney was in an interview in which he declared Jones is an exceedingly strong man and would poll a heavy Eastern Washington vote. Still being disinclined to authorize a statement that he is a Senatorial candidate, Jones did not compare his following to Ankney's, but he recalled that the two had been close political and personal friends since Jones holds Ankney as the strongest candidate for Senator—at least when the Yakima Congressman is not concerned. He is not alarmed over a report that other candidates are developing in Eastern Washington and thinks the Senator will be elected from that part of the State. Though Jones has not said so, it is clear he believes if he is elected at that time he would have little or no trouble in being elected.

Promotion Due Jones in the House.

Jones does not hold the place on the rivers and harbors committee as importantly as some of the politicians who have tried to keep him in the Lower House to promote the new legislation and, incidentally, to be of benefit to Oregon in the Columbia river work. He has fallen into the belief that if he retires Congressman H. Humphrey will be his logical successor.

There is a possibility Jones will not ask for his old place on the rivers and harbors committee next fall. There is no harbor bill in the works at that time and Jones is in line for a better committee. He is apt to ask for it.

There is a possibility this state might get a place on the rivers and harbors committee and Jones has figured he was in line for that place. Congressman Cushman is said to want it, and if he does Jones will defer to him. If there is to be tinkering with the tariff next winter the following year Congressman Cushman will fall into a very prominent place if Jones' efforts can land it for him.

Humphrey in Line for Promotion.

The security with which the delegation from this state looks upon the rivers and harbors bill is based partially upon the fact that Oregon is a new delegation. Humphrey is well placed now and could step over into Jones' place on the rivers and harbors committee without causing any uneasiness among other old members. The delegation from this state believes that the transfer can be made, and it may be arranged so as to remove any criticism from the ground that Jones has deserted an important committee in which the Northwest is deeply interested.

Just what Jones would get during his term is not determined, but he has help awaiting him from departing heads that want him well placed on an important house committee. If this movement succeeds Jones would be given a promotion, the rivers and harbors committee would be held and Cushman taken care of. There could be no objection locally and delegation politics would be straightened out.

But there remains the Jones-Ankney complication still unsettled. From Senator Ankney's statement it must be accepted that he is to be considered a Senatorial candidate, and from all indications, Jones' official statement, to be given out in North Yakima next Tuesday, will be an announcement that he is to go into the fight.

PASTOR'S LECTURE AS RICH AS MAR

Dr. John Roach Straton Delights Large Audience at Chautauqua.

TALK ON WOMAN'S SPHERE

"Work in a Newspaper Office" Is Described by N. J. Levinson. Others Relate Experience as Members of Craft.

OREGON CITY, Or., July 11.—(Special.)

Dr. John Roach Straton, pastor of the Second Baptist Church of Chicago, made a distinct hit today in two lectures before a good-sized audience in the auditorium at the Willamette Valley Chautauqua Assembly. His rich humor was very captivating and his flights of fancy beautiful. Dr. Straton is only 31, and is surely a coming Chautauqua lecturer.

Dr. Straton lectured tonight on "Uncle Sam, Junior," and pleased his audience. He talks frankly and openly, never minces words, and his speeches have been some of the best things that have been heard at Gladstone Park. Tonight's lecture was preceded by a reading by W. Eugene Knox, of Tacoma, and the evening concert by the Chemawa Indian School band. This afternoon Miss Ethel Cotter, of Salem, gave a reading and Dr. Heritage sang.

The baseball game today was interesting and was won by the Brainerd Cubs, with a score of 12 to 3 from the East Side Athletic Club team of Portland, which supplanted the St. Johns club in the schedule. The Cubs have won two games, and tomorrow afternoon the game will be between the Chemawa Indians and the Trunkmakers. The Trunks yesterday defeated the North Pacific team, and the Chemawa boys lost to the Cubs Tuesday, after having the game in their own hands, going to pieces in the sixth inning.

Lecture on Newspaper Work.

N. J. Levinson, Sunday editor of the Oregonian, attracted a crowd of people this morning at the Chautauqua Forum, talking on "A Day's Work in a Newspaper Office." He detailed the routine, and his talk was enlivened with many amusing anecdotes. Mr. Levinson told the workings of the Associated Press, and how news is gathered and centralized. When he concluded, many promised men and women went up to the platform and congratulated him.

Mrs. Jennie Allen George, correspondent of the St. Louis Globe-Democrat, told the story of her journalistic experience, and was extremely interesting. A girl, she had done society reporting, and in later years when she became a widow, with children to support, found she had to earn her living, and came to St. Louis during the Exposition. She met with rebuffs, and for a time was disheartened, but finally caught the attention of one of the biggest newspaper men in St. Louis, and had no trouble afterwards. Mrs. George is a bright woman, and her narrative was very pleasing.

Mrs. Walter W. Bruce, who was born in Baker City, is a graduate of Willamette University, and taking up dramatic study in Chicago, made a satisfactory impression. Her home is in Portland, and she will be heard again before the close of the session.

Round Table Draws Large Class.

The W. C. T. U. round table, which is held at 8:30 o'clock daily in the Auditorium, had the biggest attendance of the session this afternoon. James Ewing, of Portland Academy, commenced his lectures on the immigration problem this morning at the Eugene & Eastern from 11 to 12 o'clock in the Y. M. C. A. This morning he discussed "The Alien Advance," and tomorrow he will be heard on "Alien Admission or Restriction, with Problems of Legislation."

Dr. B. J. Hoadley's class in English literature, held in the open air, is attracting attention. The doctor is here for his seventh year, and his work is deservedly popular.

Miss Jennie F. W. Johnson, contralto, of Chicago, Ill., is singing in the Red-Flag Demonstration, and will be here next week, and will

ENDEAVOR FOLK SPEND BUSY DAY

Sunrise Prayer Meetings Held in Every Church in City of Seattle.

MEET NEXT AT ST. PAUL

Large Delegations From Oregon Swell the Number Already at Convention—M. G. Everett Barker Made Chairman.

BY THE REV. L. MYRON ROOPER.

SEATTLE, Wash., July 11.—(Special.)—The second day of the Christian Endeavor convention dawned on a rested and refreshed Oregon delegation, who early wended their joyous way to the sunrise prayer meetings held in the various parts of the city. The inspiration of those early morning devotions stamped all faces throughout the day. It was a busy day from the beginning. At every service there was something of profit for all.

The personality of President F. E. Clark impressed itself on all the services, not so much by assertion of authority as by the sweet spirit of humility that is so marked in the really great man. In his duties he is most ably seconded by Mrs. Clark.

From the World's Four Corners.

Almost a world convention is that assembling in Seattle. From all lands delegates mingle in a pleasant fellowship. Europe, England, Ireland, Scotland and the islands of the sea have sent strong men and women to represent them in the services. Canada has emphasized the absence of boundary lines by coming in droves to the meetings. The young men and women of the great West, the Jack and Stars and Stripes mingle in the decorations and national airs of both lands float out on the breeze.

Oregon has opened quarters in Tent Endeavor where the delegates rest and visit. Conspicuous in numbers and good cheer, they attract many visitors, and no more popular spot is found about the big tent. The Rev. D. A. Thompson, well known to all Oregon Endeavorers, has endeared himself yet more by his kind attention to the comforts of all.

One of the most inspiring men in charge of matters of the great convention is William Shaw, the general secretary, a master of assemblies. Bubbly with enthusiasm, the vast encyclopedia of Christian Endeavor information, he is always seeking to add to others' happiness. Only second to Dr. Clark in popularity is the genial secretary.

More Arrive From Oregon.

A large delegation of Oregon Endeavorers arrived last night and were on hand to swell the numbers this morning. Two whole sections are now required to seat the Oregonians, and their state song may be heard at all times in great volume. M. G. Everett Barker, president of the Portland City Union, is the new chairman of the Oregon delegation, and a. Among those who have long supported Christian Endeavor in Oregon is Mrs. Robert Eakin of Salem, whose presence is very helpful to all.

From Pendleton the Rev. Mr. Van Noy is a prominent and busy delegate.

The Ashland delegates are among those that are being getting all the good there is in the convention. Miss Luella Knapp, Oregon's superintendent of intermediate work, is fast becoming a very popular member of the delegation. She is carefully studying her department with a view of improving the work in that line in Oregon.

SEATTLE, July 11.—(Special.)—A debate lasting several hours, at which the separate merits of three cities were heard, the board of trustees of the United Society of Christian Endeavor decided that it would receive this honor should be St. Paul, Minn.

While St. Paul has been making a hard fight for the convention, which will be held at that city, St. Paul, Minn., and Atlantic City, N. J., were both out for the honor and made a hard fight. At the conclusion of the meeting, however, the delegates coming from points in the states seem to be two defeated cities were heartiest in their support of the claim of the Minnesota city.

This was the first real day of work for the convention, beginning in the early morning with sunrise prayer meetings at every church in the city and ending with services in several churches at night.

All day long meetings of delegates from every state in the Union were held for the discussion of topics pertinent to the society, and many prominent men delivered addresses. Among those who spoke to the Endeavorers were Dr. Francis E. Clark, of Boston, president of the United Society; William Shaw, of Seattle, general secretary of the society; Amos R. Wells, of Boston, managing editor of the Christian Endeavor World; Hiram N. Lathrop, of Boston, general treasurer of the society.
