

TEACHERS' SPELLING

Simplified System Gets Indorsement of the Association.

DEMAND HIGHER SALARIES

Advocate Teaching of Morals and Respect for Elders and Abolition of Fraternities — Child Labor and Rural High Schools.

LOS ANGELES, Cal., July 12.—The National Educational Association concluded its labors today with the adoption of a series of resolutions, principal among which was one recommending that the teachers of America at once enter upon a systematic course of instruction with regard to inculcating a stronger sense of patriotism and morality.

BETTER SALARIES, BETTER MANNERS.

The resolutions further indorsed the efforts being made to increase the salaries of teachers, favored harmonizing of the child labor and truancy laws and urged the state to provide for the education of every child; impressed upon educators that the building of character is the real aim of the schools and deplored the tendency among children toward a disregard for constituted authority and lack of respect for age and superiority; urged abolition of fraternities, fraternalism and sororities in schools, denouncing them as inimical to the interests of schools and pupils; declared for the merit system for the promotion of teachers and against political intrigue; and resolved strongly in favor of world peace and international arbitration.

LIVING WAGE FOR TEACHERS.

The National Educational Association notes with approval that the public schools demanded of teachers in public schools, especially in the cities, are increasing annually and particularly in the large localities special preparation is demanded of teachers. We regret the attempt that is being made in some quarters to curtail the consequence of low salaries. The salaries and other conditions under which teachers in the public schools teach do not offer sufficient inducement to offset the more promising opportunities in other lines of a large city. Recourse is had, therefore, to selecting students with incompetent high school normal school training, and the yearly increasing vacancies. Hence we believe that constant effort should be made by all persons who believe in the public school for teachers such adequate compensation for their work that both teacher and public will realize the advantages of a profession. We wish heartily to indorse the action of those Legislatures that have fixed a minimum salary and living wage for teachers.

STAND BY SIMPLE SPELLING.

The National Educational Association approves the efforts of the simplified spelling board and other bodies to promote the simplification of English spelling by the omission of useless silent letters and the substitution of a more regular and intelligible spelling in place of forms that are grossly irregular or anomalous, such additions to be made according to the existing rates and practice of English spelling with due regard to the standards accepted by scholars, and the association hereby approves the simplified forms contained in the list of 300 words now spelled in two or more ways, published by this association, and directs that the simplified forms be used in the publications of the association.

ON BOTH SIDES OF FENCE.

Before the hour of the convening arrived, considerable discussion and some dissension arose among the educators as to the attitude to be taken in the matter of simplified spelling. Yesterday the board of directors voted to discontinue the use of simplified spelling of the words "through," "though" and "thorough," thus giving a distinct setback to the progress of this reform. This action was taken because, in the language of the resolution, the attitude of the association was not sustained by the American press,

which continued to use the old standard form. Today, however, in the report of the committee on resolutions, there appeared a paragraph endorsing the efforts of the simplified spelling board, approving the new spelling of the list of 300 words and directing the secretary of the association to use the simpler forms in the publications of the association. It was pointed out that if this resolution were adopted, the association would be committed, apparently, on both sides of the question.

NO MISMANAGEMENT IN SCHOOLS.

TACOMA, Wash., July 12.—(Special.)—Before leaving for Portland tonight Secretary Garfield said he makes an exception to the rule and try the experiment of permitting automobiles in Mount Rainier Park under rules to be formulated. He also assured himself that there was no foundation for charges of mismanagement of the Puyallup Indian schools.

KIDNAPED MAN IS FREE

MEXICANS RETURN SARABIA WITH APOLOGIES.

PRISONER WRITES GRAPHIC STORY OF ILLEGAL CAPTURE AND DEPORTATION TO MEXICO BY RANGERS.

DOUGLAS, Ariz., July 12.—Manuel Sarabia, the Mexican who was kidnaped from the Douglas jail on the night of June 30, for which Mexican Consul Mazas and three American officers have been held for trial by the grand jury, is tonight a free man without the vestige of a charge against him. He arrived at Naco, a border town near here, accompanied by Ranger Captain Harry Wheeler. Governor Torres at Hermosillo to Captain Wheeler expressed great regret at the manner in which Sarabia had been treated by officers in his department. He will be here tomorrow.

ONLY ANGRY WITH COAST.

Admiral Yamamoto in the conversation repeated the statements he has made before, that any feeling that might be in Japan because of occurrences on the Pacific Coast was directed solely against the people of that section of the country and that there was no possible chance of these feelings reaching to any other part of the world.

NATIONS ARE STILL FRIENDLY.

The following statement regarding the visit to Oyster Bay was later given out there by Secretary Loeb: "The President had a long interview with Admiral Baron Yamamoto and it was most satisfactory in every way. It simply confirms (what already has been made clear by Ambassador Aoki) the thoroughly good understanding between the two governments and the friendliness of the two nations."

NEGOTIATE IN FULL ACCORD.

HAYASHI SAYS NO HITCH BETWEEN WASHINGTON AND TOKYO. TOKYO, July 12.—Viscount Hayashi, the Japanese Minister of Foreign Affairs, made this statement in an interview today: "The governments of Washington and Tokyo are conducting negotiations in perfect accord. Japan is awaiting herself of any questions between 72 hours must be put free. I have nine days, they don't ask me anything yet, and an incomunicado. Waiting you will do something for me."

LAUNCH Y. M. C. A. JUNIOR, IN WHICH BOYS LEFT PORTLAND.

The boys of the Y. M. C. A. are off for their annual "bike." Twenty-five of them went down the Williams and Columbia Thursday in their new launch, Y. M. C. A. Junior, and last night rolled up in their blankets and went to sleep in the soft lullaby of the breezes through the pines. Today they will finish the trip in the launch, going up Lewis River and landing at Woodland. At this point they will find the "grub" wagon awaiting them, and after they have packed away their blankets and provisions, they will start out for the 45-mile tramp to the snow-capped peak of St. Helens. At least half a dozen stops will be made on the trip, when the boys will fish, swim or explore the surrounding country as they choose. Camp will be made at Merrill's Lake, and on the return the boys are to explore Lay's Cave, a weird subterranean passage a mile or so from the lake. A competent physician accompanies them.

LOVE-FEAST AT OYSTER BAY

YAMAMOTO ENTERTAINED BY ROOSEVELT.

HE SAYS APANASE ARE ONLY ANGRY WITH CALIFORNIA, NOT WITH THE WHOLE NATION.

NEW YORK, July 12.—Admiral Baron Yamamoto, one of Japan's naval experts, today met for the first time President Roosevelt, the man who more than any other man was responsible for the conclusion of peace between Russia and Japan after a prolonged war, during which Admiral Yamamoto was Japan's Minister of Marine. In a private conversation the two representatives of the two countries discussed the warcloud which has been hovering over the long lasting friendship between Japan and America and each expressed the opinion that it was merely a passing shadow.

PRISONER IN JAPANESE HANDS

PHILADELPHIA, July 12.—The despatch from Seoul in which Marquis Ito declares that Korea's King is not a prisoner is denied by William T. Ellis, of this city, just returned from the protracted investigation of conditions in the Far East. Mr. Ellis says: "Everybody in Korea, native or foreigner, knows that the Emperor is absolutely a prisoner in Japanese hands. I have investigated this point particularly. C. D. Stevens, the foreign editor of the Marquis Ito's own paper, the King is involuntarily in their hands and confirmed Mr. Stevens' refusal to let a foreigner see the King. From Koreans close to the throne, I learned that the Emperor would be very glad to meet any one who could tell his wrongs to the public."

JAPANESE SPIES CAUGHT

SAN DIEGO, Cal., July 12.—It is learned tonight from a trustworthy source that in making sketches at Fort Rosecrans a few days ago, another was detected from the fort today for having a blueprint of the works in his possession. This latter Japanese was employed as a servant at the fort. He is a man of superior attainments. In his room was found a standard work on engineering. The blue print was well drawn and showed much technical skill, but was not quite complete.

SWEDEN DROWNED AT ASTORIA.

ASTORIA, Or., July 12.—(Special.)—By falling from the scow, which he lived near Tongue Point, Charles A. Anderson was drowned about 9 o'clock last evening. The body was recovered shortly afterward. The deceased was a native of Sweden, about 40 years of age, and had been a boatpinner on the Columbia River for a number of years.

HANGED FOR DOUBLE MURDER.

BOLOMONVILLE, Ariz., July 12.—William Baldwin, a negro, was hanged here today for the murder of Mrs. Harvey Morris and her five-year-old daughter last January near Roosevelt.

DEATH OF PETER LARSON, BUILDER OF RAILROADS.

HOW HE MADE BIG FORTUNE

HELENA, Mont., July 12.—Peter Larson, one of the richest men in the Northwest, died at his home tonight after an illness of two years. Never was there a more striking example of helping one's self than the career of Peter Larson, who less than 40 years ago landed on American shores penniless, unacquainted with the language or customs of the country, but who became the wealthiest man in the Northwest with the possible exception of ex-Senator Clark. Of Mr. Larson's vast wealth, variously estimated at from \$2,000,000 to \$5,000,000, all came through legitimate business investments. He was possessed of a most wonderful foresight, and his only poor investment was his first one.

BUILDER OF RAILROADS.

About this time the building of the Northern Pacific was begun westward from Bismarck. Mr. Larson secured several sub-contracts, and upon the completion of the road had built more than any other man. It was while thus engaged that he entered the banking business, his bank being at the "front" for the purpose of paying men and subcontractors with greater convenience. He built the Northern branch of the Great Northern; the Montana, Central, including the Wicks tunnel, between Helena and Butte. Mr. Larson under the firm name of Woods, Larson & Co. in 1889, contracted in order that he might accept a position as timekeeper on the Arkansas Railroad. This road completed, Mr. Larson went to the Black Hills and engaged in freighting. This proved very remunerative.

MINES, BANKS, TIMBER.

About 1891, with Thomas Greenough, of Missoula, he bought the Morning grove of mines, at Mullan, Idaho, for about \$250,000. This proved to be one of the biggest silver-lead mines in America. It is estimated to have paid a profit of \$2,000,000 a month. In October, 1906, it was sold, with the As You Like It, for \$3,000,000, to the Federal Mining & Smelting Company.

WILTED WOMAN IN COURT

LATE SENATOR MITCHELL'S DAUGHTER A LITIGANT.

PARIS, July 12.—The involved litigation in which the Countess Spottiswood-Mackin, who was Miss Sully Britton, of St. Louis, and the Duchess de la Rochefoucauld, daughter of the late Senator Mitchell of Oregon, are concerned, was finally heard in court this morning. The case originated in a dispute in 1902 over the rent of a house leased to the Duchess, which the latter left on the ground that it was inadequately heated. During the controversy, the Duchess' jewels were attached in a libel suit brought against her by the Countess.

Sight of Eye Destroyed by Disease—Tried Five Doctors but Grew Worse—In Agony Eight Months—Parents Discouraged, Until They Tried Cuticura Remedies

IN ONE WEEK ALL SORES DISAPPEARED

"Our little girl, one year and a half old, was taken with eczema or that was what the doctor said it was. We called in the family doctor and he gave some tablets and said she would be all right in a few days. The eczema grew worse and we called in doctor No. 2. He said she was teething, as soon as the teeth were through she would be all right. But she still grew worse. Doctor No. 3 said it was eczema. By this time she was nothing but a yellow greenish sore. Well, he said he could help her, so we let him try it one week. One morning we discovered a little yellow pimple on one of her eyes. Of course we phoned for doctor No. 4. He came over and looked her over and said that he could not do anything more for her, that we had better take her to some eye specialist, since it was an ulcer. So we went to Osgood to doctor No. 4, and he said the eyesight was gone, but that he could help it. We thought we'd try doctor No. 5. Well, that proved the same, only he charged \$10 more than doctor No. 4. We were nearly discouraged. I saw one of the Cuticura advertisements in the paper and thought we would try the Cuticura Treatment, so I went and purchased a set of Cuticura Remedies, which cost me \$1, and I let my poor little daughter, who had been sick about eight months, showed great improvement, and in one week all sores had disappeared. I was so glad to see her restore the eyesight, but if we had used Cuticura in time I am confident that a would have saved the eyes. I think there is no remedy so good for any skin trouble or impurity of the blood as Cuticura. Mr. and Mrs. Frank Abbott, E. 2, Fulton, Osgood Co., N. Y., August 17, 1906."
