

OREGON DOCTORS MEET AT SEASIDE

Sixty Members State Association Attend Thirty-third Session.

WILL EAT CLAMS TODAY

Yesterday Was Spent in Discussion of New Experiments in Surgical and Medical Science—President Pickel Presides.

SEASIDE, Or., July 12.—(Special).—Sixty members of the Oregon State Medical Association met in the thirty-third annual session at Seaside this morning.

Later the house of delegates was called to order with the president in the chair. The address of welcome was made by Mayor Moore, of Astoria, who was responded to by Dr. W. P. Williamson.

On motion of Dr. Coe, the floor was given to Dr. F. B. Eaton, a former member of the association, who strongly advocated the establishment of a state medical journal.

Knife to Cure Dysentery.

Reports on publication, scientific work, public policy and legislation, and on medical education were made and approved.

Dr. John Milton Holt, of the United States Marine Hospital at Astoria, read a paper which invited the attention and interest of the meeting. It treated of the use of surgery in case of dysentery, the method advocated being to open the abdominal cavity after the year's ordinary treatment and irrigate the bowels through the appendix with a saline solution.

Dr. William House read a paper on "Heart Block," giving cases where the human heart would stop for a few seconds, then go on again of its own accord.

Open-Air Treatment Effective.

Dr. E. A. Price, superintendent of the "Open Air Sanitarium," reported on his results with over one hundred cases of the disease under his open air treatment. This paper was received with great enthusiasm because of the successful results of the methods used.

Dr. J. A. Fulton, of Astoria, reported in a long and interesting paper that Dr. Arthur K. Wood had done original work in the investigation of tuberculosis along the lines of Drs. Kellogg and Pierce over a quarter of a century ago in fact, the nature of the disease was really understood.

DRUGGISTS ELECT OFFICERS

C. G. Huntley Is President and Miss Agnes Plummer Secretary.

SEASIDE, Or., July 12.—(Special).—The seventeenth annual session of the Oregon State Pharmaceutical Association closed Wednesday and the following were elected officers for the ensuing year:

President, C. G. Huntley, Oregon City; first vice-president, M. E. Everett, North Bend; second vice-president, H. W. Wasco; third vice-president, T. F. Laurin, Astoria; secretary, A. W. Allen, Portland; treasurer, Miss Agnes Plummer, Portland.

The association adopted a resolution submitting the following list of names to Governor Chamberlain, from which the chief executive is asked to appoint one member of the State Board of Pharmacy:

J. Sydney McNair, Ashland; Kattie M. Harbord, Salem; Fred Dawson, Albany; F. E. Rogers, McMinnville; F. A. Caldwell, Newberg.

At the morning session the committee on the address delivered by President John M. A. Lutz reported in favor of his suggestions that the membership be increased and a member bringing in 25 new members be awarded a prize of \$15, and \$10 for causing 15 new members to join.

The executive committee reported that the success of the present gathering was due to the efforts of the members and financial support which was being given, with the result that more members were present from interior points than ever before.

The committee on legislation reported on the work done by the last Oregon Legislature in passing amendments to the pharmacy laws making violations thereof punishable by fine or imprisonment; the laws referred to make punishable the selling of poisons illegally, or the sale of poisons by those who are not registered druggists or the filling of prescriptions by non-registered pharmacists or those not registered at all; or the vending of medicines by fakirs without the payment of the fakirs' license of \$200.

At the afternoon session more papers were read. A report was adopted giving

the Portland jobbers credit for assistance rendered the association and recommending trade support.

TEN KILLED DURING JUNE

Train Wrecks in Oregon—Only One of Number Was Passenger.

SALEM, Or., July 12.—(Special).—The Oregon Railroad Commission has compiled the following statistics of railroad accidents during the month of June, no reports having been received from eight of the smaller roads:

Table with 2 columns: Accident type and Number of deaths. Rows include Passenger train, Freight train, Passenger car, and Employees.

PROUD OF OREGON CITY BOYS

Separate Company G Makes Splendid Showing at Seaside.

OREGON CITY, July 12.—(Special).—Oregon City people returning from the encampment of the state militia at Seaside are enthusiastic in their praise of the local boys and the showing they made in the review. Although Separate Company G is the youngest in the state, having been recruited but a few months, yet in the parade and review held before reviewing officers from the regular Army, the Oregon City company received a special mention for the excellent showing that it made.

GRIPPLES HIS OWN CHILD

FATHER MOWS OFF BOTH LEGS OF 4-YEAR-OLD BOY.

Lad Was Playing in Wheat Field With Other Children When the Accident Happened.

COLFAX, Wash., July 12.—(Special).—Joe Kennedy, a rancher living six miles east of Colfax, cut both legs off his 4-year-old son today. The child was playing in the edge of a wheat field with other children. Mr. Kennedy was mowing the edge of the wheat field and failed to see the child. The legs were cut off just above the ankle. The child was taken to the Colfax Hospital.

Hop-Buyers Are Dined.

SALEM, Or., July 12.—(Special).—An unusual event in hop circles was a reception and banquet given tonight by Jack Carmichael, this being the anniversary of his birth. All the Salem hop buyers were present and they pronounced Carmichael a prince of entertainers.

Postmaster Had a "Blind Pig."

TACOMA, Wash., July 12.—County officers last evening raided a "blind pig," operated by Postmaster E. H. Cooper at Lake Bay, an island settlement, 20 miles from Tacoma, seizing \$300 worth of liquor to be destroyed.

Freight Service for Springfield.

EUGENE, Or., July 12.—(Special).—Beginning Monday, July 15, the Southern Pacific will establish a daily freight service between here and Springfield. The train will leave Eugene at 7 o'clock in the morning.

Montesano's School Census.

MONTESANO, Wash., July 12.—(Special).—The school census of this city, just completed, shows there are 478 children of school age within this city. Of this number 223 are girls and 255 boys.

RUSTIC CANTATA AT CHAUTAUQUA

Great Musical Event at Gladstone Park This Evening.

CHILDREN WILL TAKE PART

Governor Buchtel, of Colorado, Proves an Entertaining Lecturer—Dr. S. H. Chapman to Address Mothers' Congress.

OREGON CITY, Or., July 12.—(Special).

The first great musical programme of

DELEGATES TO OREGON STATE PHARMACEUTICAL ASSOCIATION CONVENTION, ASSEMBLED ON VERANDA OF HOTEL MOORE, SEASIDE.

the 14th annual session of the Willamette Valley Chautauqua Assembly will take place tomorrow night, when the rustic cantata, "The Month and Seasons," will be produced under the direction of Dr. R. A. Heritage, musical director of the assembly, with 75 children of the public schools of Oregon City and Parkdale in the cast. Dr. Heritage has been drilling his chorus faithfully for many weeks and the production will be elaborate and attractive.

The presence of Governor Henry A. Buchtel, of Colorado, at Chautauqua today was the reason for an increased attendance, there being more people at the lecture than at any previous day in the session. The auditorium, with a seating capacity of 2000, was nearly full, and the auditors applauded the Governor time and again. Buchtel is a great storyteller, and told a lot of tales from Mr. Dooley. He said that the great churches are not doing what they can to promote happiness. "I sometimes think," said the Governor, "that is more possible for women to be happy than men, for the reason that a woman, when she is alone, is in the best society she can have. The life of nobility and pleasantness is more possible here than in any other country in the world."

Buchtel Is Entertaining.

Governor Buchtel's subject in the afternoon was "The Pleasantness of American Life," and he contrasted the life of the American workman with the laborers of other countries to the disadvantage of the latter. "The American idea of civilization," said he, "is a pretty village with rows of neat cottages, containing happy fathers, mothers and children, with a schoolhouse and meetinghouse hard by. The outlook of the American man is totally different from the outlook of the man of any other country under the shining sun. This is the only country in the world where the man who behaves as well as his neighbor is as good as his neighbor, and if he behaves better than his neighbor he is better."

Mr. Buchtel talked on social equality and gave some beautiful illustrations. He discussed the religious peace in this country as compared with France and England, and his lecture abounded with contrasts. The speaker dwelt on the natural appreciation of American humor, and said that after an Englishman has been here 48 hours, he is no longer an Englishman, but becomes an American. The Governor, after apologizing to the Christian Scientists, and stating that the medical men could not be offended, as they were at Seaside and could not hear, said that if the doctors knew more about gruel and less about poisons, and opened more windows and fewer patients there would not be so many Christian Scientists.

W. Eugene Knox; the Humorous.

Professor W. Eugene Knox delighted the audience this afternoon with two recitations, the last being humorous, coupled with stunning sneezes that convulsed the people.

The baseball game this afternoon between the Chemawa Indian team and the Trunkmakers was won by the latter.

The Trunkmakers have won two games and are tied with the Chemawa club for first place. The East Side Athletic Club played the North Pacific team tomorrow. Next week the Oregon City Grays will fill out the schedule of the St. Johns team and will play Tuesday with the Trunkmakers and Thursday with Chemawa.

The Portland Women's Club had charge of the exercises at the Chautauqua Forum this morning, under the direction of its president, Mrs. Frederick Egert. Mrs. Sarah A. Evans talked entertainingly on "Oregon As Viewed From Jamestown."

Mrs. Wells spoke on "Mothers' Clubs." The club chorus of 12 women in white gowns gave selections with such charming effect that, by special request of Governor Buchtel, they sang again in the afternoon on the auditorium platform.

The Governor, by good fortune, arrived in time to receive a rousing Chautauqua salute at the morning session, where a felicitous speech of five minutes' length

SNARL FOR MEAD TO UNTANGLE

State Institutions Have so Far Failed to Comply With Deposit Law.

SITUATION IS AWKWARD

Attorney-General Says Deposits and Reports Must Be Made Daily, but Work of Institutions Will Be Crippled.

OLYMPIA, Wash., July 12.—(Special).

A big row is threatened between state of-

icials here and the regents and heads of the several state institutions, over a ruling made today by Assistant Attorney-General A. J. Falkner to State Treasurer Mills, that every cent received at the university from fees, for issuing diplomas, etc.; that receipts at the State College from sale of livestock, etc., and all the contingent fund receipts of the Penitentiary, state schools for deaf and blind, hospitals, etc., must be remitted daily to the State Treasurer under the 1907 law, providing for remittances on state funds. The State treasurer, on the strength of the opinion, has addressed a letter to the Governor, calling attention to the opinion, and pointing out that the several boards of regents, the state board of control and the superintendents of the state institutions have made no remittance under the law.

Cases in the Supreme Court.

SALEM, Or., July 12.—(Special).—Clerk J. C. Moreland of the Supreme Court has set cases for trial in that tribunal as follows:

Tuesday, July 23.—State of Oregon vs. Henry Carmody (2 cases); State of Oregon vs. E. L. Remington.

Wednesday, July 24.—August Krane vs. Oregon Iron & Steel Co.; State of Oregon vs. T. J. Loner.

Thursday, July 25.—Martha V. Davidson vs. A. J. Richardson (rehearing); Johnson et al. vs. Savage et al.

Winger Made Fire Warden.

MONTESANO, Wash., July 12.—(Special).—S. D. Winger, of this city, today received notification of his appointment as Deputy Fire Warden for Chesham County, vice Steve Youngs, who resigned some time ago to become Deputy Sheriff.

NOW ON SALE

stitutions there is always need for large sums of cash on hand to meet immediate necessities. For instance, the travelling guards who transport the insane, must have money to pay railroad fare, to purchase meals and meet the other expenses of the trip. In the course of the month these expenditures run up to a large sum. It would be impossible to do this work on credit with the payees waiting a month for their bills to be presented to the state and vouchers drawn.

Thus from sales of old junk about the institutions, for instance, the sales of hides of cattle slaughtered and the like, sums come in which go into the contingent fund, and from this fund cash is advanced for needs of the institution. For these expenditures vouchers are taken and at the end of the month the vouchers are assembled in one claim, the State Auditor issues a warrant for the total amount, and this warrant is then cashed and the money goes back into the contingent fund to be used again.

It is naturally more elastic than a straight state fund would be. Contingent Fund Necessary. Not all of the expenditures, however, take this course. For example, some sums come in which go into the contingent fund, and from this fund cash is advanced for needs of the institution. For these expenditures vouchers are taken and at the end of the month the vouchers are assembled in one claim, the State Auditor issues a warrant for the total amount, and this warrant is then cashed and the money goes back into the contingent fund to be used again.

Once the contingent fund gets in the treasury it must stay there until the Legislature appropriates it. State Auditor Clausen, in this connection, has agreed to issue any reasonable sum in advance to any state institution to meet needs for ready cash and to accept subvouchers against this advance, but State Treasurer Mills may refuse to cash any such warrant, as there is no law authorizing such advances.

It will be a lovely situation to solve when Governor Mead returns home.

DOCTORS PRESCRIBE

Dr. W. S. Lewis, a Prominent Physician of Canton, Pa., Says:—"I Have Used Duffy's Pure Malt Whiskey for Years, and Regard It as the Safest and Most Reliable Tonic-Stimulant."

This Well-Known Temperance Doctor Recalls in His Letter a Case of a Minister's Son Whose Life He Saved by the Use of Duffy's Pure Malt Whiskey.

On October 31st, 1906, Dr. Lewis wrote: "I take pleasure in advising you that I have used Duffy's Malt Whiskey in the sick-room for many years, and consider it the purest, safest and most reliable tonic-stimulant I ever used. Even with children it never has any nauseous effect."

"Some fourteen years ago, I recall very distinctly having a case of sthenic bronchitis in Edwin, son of Benj. Tracy, minister of M. E. Church, Canton, Pa. One evening I was summoned in haste and found the patient dying from sheer exhaustion, hurried out my hypodermic needle and injected one-half ounce of Duffy's Malt Whiskey in each limb. To the surprise of all, the boy began to breathe, and could soon take a little Duffy's Malt Whiskey in milk. Brother Tracy was a rank temperance man, but said that thereafter he would never condemn whiskey when used in the proper place, being satisfied it saved his boy's life."

"I have been a temperance man all my life, but have always been a firm believer in the use of Duffy's Pure Malt Whiskey for medicinal purposes. I also claim that after one has passed fifty-five years (for then one is on the downward path of life), one should take Duffy's Malt Whiskey as a tonic-stimulant. It renovates the system, opens up the secretions, gives life and vigor to the generally broken-down tissue and increases longevity. I have no other interest, either direct or indirect, in Duffy's Malt Whiskey than that it has proven to me a genuine article in these days of adulterations."

The doctor's letter is one taken at random from thousands of similar ones received extolling the virtues of this great family medicine.

Duffy's Pure Malt Whiskey

is distilled wholly from malted grain by a most expensive method which has never been made public. This private process insures quality and flavor. Its softness, palatability and freedom from those injurious substances found in other whiskies make it acceptable to the most sensitive stomach.

It acts as an antitoxin which destroys and drives out all disease germs. Its results are free from that depressing effect caused by poisoning the blood with many medicines. It is a tonic and invigorant for old and young, and its medicinal properties make it invaluable for overworked men, delicate women and sickly children. Duffy's Pure Malt Whiskey has been analyzed many times by the best chemists during the past fifty years and has always been found to be absolutely pure.

Caution—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only; never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.
