

REAL QUIET LIFE AT OYSTER BAY

"Write It" Is Greeting Watch-dog Loeb Extends to All Would-Be Visitors.

FEW SEE THE PRESIDENT

Makes Appointment for Luncheon When Important Conferences Are Necessary and All Personages Come at Once, Don't Linger.

OYSTER BAY, N. Y., July 14.—President Roosevelt is more fully realizing his desire for freedom from official cares and pressure from political personages than he or those charged with the responsibility of making the President's vacation a success had hoped.

Loeb Can't Be Budgeted. And it is Mr. Loeb's most important business to mean these words every time he says them. If a visitor should belong to the numerous and common variety of handshakers he leaves the blockaded portals of Oyster Bay repeating to every one that he is not to be budged.

System of "Block" Interviews. When several matters accumulate which require the presence of the head of a governmental department, a consultation with a political leader over a Federal appointment, or the extension of official courtesies to a foreign visitor, a luncheon is arranged and all the persons desired, or necessary to be seen, are invited to arrive together.

Enjoys a Life Worth Living. But with all there is of routine and the few there are asked to luncheons, nothing interferes with the President's summer habits of exercise and recreation. He has his morning horseback ride, or game of tennis, his afternoon walks in the woods, or a frolic with the children on the shore, and after dinner, in the evening, a chat participated in by the whole family on the veranda, then reading before bedtime.

Government Will Use It in Settling Diplomatic Matters. WASHINGTON, July 14.—With the view of placing all diplomatic and consular matters relating to Japan and China in the hands of the official familiar with conditions in the Orient, the State Department has perfected the organization of a "Far Eastern Bureau" which will have charge of all correspondence and preliminary treaty negotiations with the oriental governments.

Brooklyn Pastor Called. HUNTINGTON, W. Va., July 14.—After a pastorate of six years the Rev. Luther R. Doyt, pastor of the United Congregational church in Williamsburg, the most influential church society of his kind in that section of Brooklyn, made it known at the morning service today that he would probably accept the unanimous call extended to him by the First Congregational church of Portland, Or.

Denies He Made Any Fuss. WASHINGTON, July 14.—The state department today announced that the republics of Guatemala and Salvador have joined forces and are beginning the mobilization of troops to resist any attempt that may be made by the Nicaraguan government. It is stated at the state department that all of the Central American republics with the possible exception of Costa Rica, are strongly opposed to the plan of President Zelaya, of Nicaragua, for the federation of the five republics.

Denies He Made Any Fuss. WASHINGTON, July 14.—As a matter of justice to himself as well as to other naval officers similarly situated, Commander Cameron McK. Winslow has written the Secretary of the Navy a letter protesting against "the sensational and injurious articles which have been published in some of the newspapers of the country concerning alleged smuggling by himself at the time of my detachment from the United States ship Charleston at San Diego, Cal., June 11."
