HIGHEST PAVING CONTRACT—The biggest paving contract let recently for a hard surface improvement was that of Killingsworth avenue, between Union and Patton avenues, a distance of one mile, for \$73,000. This contract is remarkable for the reason that two years ago there were hardly any houses on Killingsworth avenue, but the carmen, who have built homes until now there is a considerable business center. That hard pavement was selected and urged is due to the Nolta Push Club. This is but the beginning of hard surface pavement in this neighborhood. Williams avenue is to be paved between Alberta street and Killingsworth avenue, and Alberta street will be paved between Commercial street and Union avenue with hard surface material. Albina avenue is to be improved with crushed rock between Skidmore street and Killingsworth avenue. Altogether street improvements, mainly hard surface pavements, are to be made in this part of the city costing not less than \$200,000.

FIRE IN HOTEL—The old frame building at Twelfth and Marshall streets, once occupied by St. Vincent's Hospital and now known as the Hotel Northern, came near going up in smoke late yesterday afternoon. A blaze that is supposed to have been started by a cigarette thrown to the ground on the south side of the structure, was discovered just in time to prevent a conflagration. It was but last winter that the place was visited by a blaze that necessitated costly repairs. Truck No. 3 of the Fire Department arrived so quickly that the flames were extinguished before much damage was done.

DEATH OF MRS. VARNER—Mrs. Fannie B. Varner, who died at her home, 835 Belmont street, had been a resident of that neighborhood for a number of years, and was a prominent and active member of the Sunnyside Congregational Church. She was 61 years of age, and is survived by her husband, F. N. Varner, contractor, and one daughter. She had been specially active in all departments of the Sunnyside Church. The funeral will be held from this church today at 2 P. M.

INVESTIGATE BAD PAVING—The street commission at its regular meeting today inquired into the cause of the poor condition of the cement foundation under the Belgian blocks on Front street below Madison. City Engineer Taylor was asked for his opinion on the possible new rules to govern inspectors in the future when inspecting contract work on paving and sidewalk.

FUNERAL OF A PIONEER WOMAN—The funeral of Mrs. Sarah M. Barker, pioneer of 1852, who died Wednesday, was held yesterday forenoon from her home on Columbia slough, where she and her husband, Hiram Barker, settled in 1853. There was a large attendance of neighbors. The pall bearers were the grandsons and one great-grandson. Many beautiful floral tributes were received. Interment was in the Columbia Slough Cemetery.

WILL PAY SEWER BONDS—A call for \$40,000 worth of ten-year street improvement and sewer bonds, to take effect August 4, has been made by the City Treasurer. The bonds were issued three years ago, subject to call after one year. BOULEVARD FOR WEST SEASIDE—The special boulevard committee of the West Seaside Council met in Portland yesterday. Chairman A. G. Davies, a Seaside contractor, who agrees to furnish all materials and complete the work within 60 days for a consideration of \$6800. Construction work must be under way inside of ten days. The improvement will add greatly to the convenience and attractiveness of the beach, affording a comfortable promenade along a most attractive part of the ocean front. The boulevard and walk will run parallel, extending north from the Moore Hotel to the Lower Necanicum road thence back 60 feet and south past Loxley hall to the county road.

FERTILIZER WORKS BURNED—The Oregon Fertilizer Works, on the Linton Road about two miles north of the Fair Grounds, caught fire about 3 o'clock last night and burned to the ground. The plant was owned by J. S. Kirkley, who estimated his loss at \$5000. The plant has been taking care of all the dead animals in the city and turning the bodies into fertilizer. Now the carcasses must be sent to the garbage crematory.

MOTORMAN UNDER ARREST—T. R. Worthington is under arrest on a charge of assault and battery, preferred by J. D. CUT IN ORIENTAL RUGS

Overstocked and a Dull Month. We Will Make Extraordinary Inducements.

Whenever it is possible to buy an Oriental rug at a discount don't miss the opportunity as they never decline in value, but become more valuable from year to year. Delay on the railroad has brought all of our rugs in together and we are now overstocked, with a couple of dull months ahead of us. To force sales we are now offering all of these beautiful rugs at prices that in all probability you will never again be able to duplicate. Come and see for yourself. It is impossible to show the rugs and you are not under the slightest obligation to buy. Attyeh Bros., 394 Washington street, corner Tenth.

ADVERTISE AT JAMESTOWN

Chamber of Commerce Will Have Portland Booklets Distributed.

The Chamber of Commerce is in receipt of a communication from James A. Wood, Commissioner-General of the Alaska-Yukon-Pacific Exposition, at the Jamestown Fair, in which he requests that literature advertising the resources of Portland and the State of Oregon be sent to the bureau which has been opened at Jamestown. Mr. Wood explains that while this bureau was established at the expense and primarily for the benefit of the Seattle Exposition, it is his purpose to do everything possible to exploit the resources of the entire Pacific Northwest, to promote its interests and attract home-seekers.

In compliance with this request the Chamber of Commerce is preparing to send a large supply of advertising matter, together with several thousand of the booklets which have been in preparation for some time and which have just been completed.

MURDER STILL MYSTERY

Police Make No Progress in Investigation of Huber Case.

The police have made no progress whatever in the investigations in the mysterious murder of Alexander Huber, who was shot from ambush by an unknown person while bound for his home at Mountain View, on the Cornell road, at a late hour Tuesday night. A jury impaneled by Coroner Finley yesterday heard the testimony of those who found the body and of a physician who examined the bullet wounds, and brought in the sterner verdict that "the deceased came to his death at the hand of a person or persons unknown."

Huber, who was a Swiss dairyman, is thought to have been one of a row that occurred in a local saloon last Saturday night. The Swiss are said by the police to be very reticent relative to all their affairs, and nothing can be learned from any of them that throws any light on the affair.

Shut Out of German Shipyard.

BERLIN, July 18.—Lieutenant-Commander W. L. Howard, the naval attaché of the American embassy in Berlin, tried yesterday to obtain admission to the famous Schichau shipyard at Danzig, where several big vessels of the Kaiser's navy are under construction, but admission was refused him. The refusal lowered a visit which Lieutenant-Commander Howard had just made to the government shipyards at Danzig.

Count Von Radowitz, the German naval expert, explained that the Schichau
