BUTTER UP TO 30C

City Creameries Advance Price 21-2 Cents.

CREAM BECOMES SCARCE

Large Amount Going Into Making of Ice Cream axl Pastures Drying Up Rapidly Are Given as Causes for Change.

terday an advance in their quotation for firstgrade butter from 2745c to 30c. There was vance, other than the supply of cream was failing off somewhat and that at this season roads on the usual quantity used to the manu-

Pastures are also getting into bad shape and cows are not yielding as coplously as when the pasturage is luxuriant. Demand for the product is keeping the creameries fully in action and no etocks to amount to anything are sectimulating. The city creameries draw on the farmers for cream so heavily that apart from two or three within a few miles of town country creameries are not doing much a present, and their output is bringing about the same prices as those named in city concerns. Cheese is in a very firm position. thing seems to have happened in the East to cause a considerable scarcity. One opinion expressed yesterday is that Eastern farmers are not keeping their herds recruited to the extent that larger demands require and that enough milk is being marketed to provide material for chessemakers to the extent devired. This state is sending out much more cheese, and to markets not hitherto drawing upon this section, than any year previously. In the Tillamook country there is said to be no stocks on hand and that the production is handled as rapidly as it can be made ready

GOOD OUTLOOK FOR HOPS. Oregon Yards in Bloom and Picking Will Begin in Six Weeks.

for shipment. Local dealers are not saying

that prices will advance to any great extent at once, but they do say the market is firm and is more likely to advance than to fall.

The Gervais Star says that hops are in bloom, which is a sure indication that picking hop situation the paper says the crop will be lighter than dealers have been putting it. opinion that the crop will be equal to and perhaps alightly over that of last year, according to present indications. Great duliness exists in the market and even at the low quotations little inquiry comes from Eastern

There is nothing new to state in regard to the condition of bop yards hereabouts. T are still growing nicely and are arming very well, although they have not yet it able to catch up with former years, owing to the late start. The weather has been ideal and the hope will be in the blow before many The latest report from Germany mayst

The weather we have had during the last The weather we have had during the last weeks has been very inverbie to the growing hop eroo. The prospects for the coming edson are therefore promising. The vines are looking very vigorous and healthy in the different countries of the continent; only in some parts of Austria the plantations are a little behind. There is no siteration to be reported with regard to the situation of our market. The inquiry continues to be weak in accordance with the advanced season. Stocks are diminwith the advanced season. Stocks are dimin-beling gradually and will probably be ex-hausted before the new plant is coming in.

FARM PRODUCTS SHOW WEAKNESS. | being on spot, which closed at £183 les, while Last Week's Large Poultry Receipts Linbie to Recur-Eggs Weaker.

on account of rainer too many receipts of poultry last week prices fropped off about a don, anot being quoted at 104 10s, while half cent yesterday. While receipts were not unusually heavy yesterday there was a general at 21 22c; electrolytic, 20 50 22c; casting. belief that before the end of the week a 20620.25c.
repetition of the previous week's experience Lead was the higher at 120 tos in the Lon repetition of the previous week's experience would occur. Several poultry dealers said prices were cut to pieces in the Saturday Eggs are decidedly weak, especially for ac-

cumulated stocks. In several houses it was reported that not only have eggs been stacking up but that country storekeepers are nobody seemed able to explain. Entirely too many "seconds" are in dealers' hands and the percentage of "rots" is much greater than it

percentage of "rota" is much greater than it should be, even for the time of year, was the situation as given by more than one dealer. How to keep the price at a figure that will give farmens a fair return and at the same time compete with Eastern eggs is the problem that confronts the trade. There was said in some quarters to be little trouble in selling good, big lots of strictly fresh eggs, but the trouble was to get hold of fancy goods. All along the street the same complaint of competition with Eastern eggs was heard, and the confronts are dull and unchanged, with choke fancy at 21c, extra choice 22c, fancy 225525. the unanimous opinion was that these importations were just as good as the kind of

GOOD PRICE FOR HAY. Farmers Are Getting 88 Per Ton in the

Fleld The Dallas Itemizee in its last issue says: ty, the price of new hay has soured away up into the empyrean. In fact, its value now in the field is nearly twice what it generally is at this time of the year. And t is not plentiful even at the advanced price. George Schneller says be and his men were yesterday scouring the county contracting for their year's supply for the livery stubic, and that they found hay hard to get and selling at \$8 a ton in the This is about the average price usked for good timothy, cheat commanding about the same price, also out hay. This hay in the field in this county, and the cost is taid not so particularly to its scarciity, as in the cost of production. Labor pow commands such a price that it would unprofitable to the farmer to sell it at

GOOD TRADE IN FRUITS.

Various Varieties in Sufficient Quantities From Local and Southern Points. seasonable proportions. A car of oranger strived yesterday and was quoted a shade higher than prices recently named. Meions are coming from the South in large shipments, but move off satisfactorily. Cherrice are still in pretty good supply and are expected to last another week or two Aprinots from The Dailes country are of small size, but are going despite that drawback, for the reason that they are the only ones to be had. The California crop having been a failure again this year, the small core must perforce be taken by the retail

New apples of the early varieties

are making their appearance. Berries are

oming in yet in shipping quantities.

Enough Fresh Meats Arrive. apply the requirements of butchers. Fancy veals are in better request than any other kind of meat. During hot weather dealers are appointely required by the frade. Prices re-

not anxious to handle any more carcasses than No Funds Available for Speculative Purposes.

STOCKS BECOME INACTIVE

Some Difficulties Encountered in Carrying Out Proposed Control of Burlington by Hill Interests. Labor Troubles Affect Steel.

NEW YORK, July 22 .- The operations for he advance in a limited group of stocks which distinguished the stock market at a times last week, were discontinued today The tone was premptly responsive and be came duil and heavy, as these operation made up about all there was of last week's market. The action of the market had little in the news to explain.

Speculative sentiment may have been af-

fected to some extent by the tone of warning amongst the banking and financial author lites for threatened inadequacy of the mon ey market resources to any considerable speculative undertaking in the stock ma

speculative undertaking in the stock market. This influence was not directly effective in the money market, however.

Substantial difficulties were pointed out in the carrying out of the supposed readjustment of control of Burlington by the Northern Pacific and the Great Northern. An installment fell due today of some \$14,-200,000 or Frield Pacific convertible bonds. installment fell due today of some \$18.

900,000 on United Pacific convertible bonds,
which falls mostly to the underwriters, and
with a considerable interval to elapse before
another payment it was believed that an
immediate*motive for stimulating the market for the bonds through the stock was
withdrawn.

Reports of labor troubles in the from mines

Reports of labor troubles in the iron mines had a bad effect on United States Steel. The pressure on stocks was not severe at any time and quite general recoveries ensued on the marking up of Southern Pacific and Atchison in the last half hour. Bonds were steady. Total sales, par value, \$878,000. United States 2s advanced ½ and the coupons declined ½ per cent on call. The undertone of the market was heavy and prices receded again. Union Pacific lost 1. Northern Pacific 1½. Bonds were steady. The market became weaker later and the declines in Northern Pacific reached 1½. Smelting 1¼ and Southern Pacific. Reading, Amaigamated Copper, 1. Pacific Mail declined 1½. The market closed heavy and dull. Prices recovered in sympathy

and dull. Prices recovered in sympathy with a rise in Southern Pacific to 1% over

JAPANESE RAID ROOKERY

Pitched Battle With Russian Guards on Copper Island.

VICTORIA, B. C., July 22.-News was brought by the steamer Empress, of China, of a fatal attempt by Japancse scalers to raid Copper Island, where the Bussian scal rookeries are located, beyond the end of the Aleutian chain in the North Pacific. A Japanese sealing achooner from Tokio reached Copper Island on the night of June 27 and, dropping anchor a short distance from the seal rookeries, sent a number of boats ashore with their crews armed with rifles. While part of the sealing company was clubbing and skinning seals, the Russian guards opened fire on them. The Japanese, taking cover behind rocks on the shore, returned the fire of the Russian guards, who finally drove off the raiders, who took to their boats and went back on board their schooner, leaving one killed and sev-eral wounded, they being carried off by their companions. Several of the Ruesian guards were wounded.

MOTORMAN RACES FLOOD

Put on Full Speed and Saves Carload

BUTTE, Mont., July 23.—Joseph J. McDermott, a motorman, raced with the cloudburst in Elk Park Canyon last night and saved 60 lives. Pursued by a wall of water 15 feet high, he put on full speed down grade, and clinging to the track by a miracle, reached high ground just as the flood, tearing up the ralls and sweeping all before it, obliterated the road behind
