Enforcement of Local Option Law Will Close 32 Saloons.

GIVEN TEN DAYS' GRACE ference.

District Attorney Issues Edict as Result of Queer Discovery Made by Reformers - Voters' Will Long Ignored.

Notice will be served this morning on the proprietors of all saloons in precincts 40, 56, 56 and 57 that they must suspend business within the next 10 days in com-pliance with the probibltion order voted under the local option law at the city election in 1865. That the order of the County Court enforcing prohibition in these precincts was never recorded in the journal of the court and that the saloons have been operating illegally for the past two years has just been discovered and District Attorney Manning will today serve notice ordering them to close. There are 29 saloons in the precincts

that will be affected by the order of the District Attorney, and all these must close their doors. There are also three saloons in precinct 58 that will be forced to close. This is due to the fact that these saloons were included in precinct 57 at the time the vote was taken, but are now outside of it owing to a change The complete list of saloons that must

go out of business follows: Saloons That Must Close.

The discovery that the prohibition vote of 1905 had never been put into effect in the four precinets named was made by Rev. G. L. Tufts, of the Pacific Coast District of the Reform Bureau. After chtaining a new order from the County Court covering the district, he called attention to the situation at a meeting in

tention to the situation at a meeting in the Forbes Presbyterian Church Sunday night. At this meeting a committee was

night, At this meeting a committee was appointed to take up the matter and this committee waited on District Attorney Manning yeserday morning.

As a result of this conference, Deputy District Attorney Adams made a thorough inspection of the records of the election. It was found that the County Court had issued an order June 23, 1905, Court had issued an order June 23, 1905 directing that the saloons close in compliance with the vote. This order, how-ever, was never recorded in the journal of the court. Consequently it was never brought to the attention of the city li-cense department, or of the District At-turney, and so far as is known, the sa-looms were never notified to close their

#### Obtains a New Order.

When this matter was called to the attention of the court three weeks ago, a nunc pro tune order was made directing the salcons to close. In compilance with this order a deputy of the District Attorney's office will today serve notice on the proprietors of these salcons. Mr. Manning said last night that he would give them 10 days in which to wind up their officers and go out of husiness. their affairs and go out of business.

No one stems to know how it happened that the order of the court was not recorded. County Clerk Fields is out of

the city and could not be interviewed in connection with the matter. The closing of these saloons will mean a reduction of \$24,800 a year in the revenue of the city. It is not believed that the licenses can be transferred to other locations and the number of saloons in the city will therefore be reduced from 429 to 408. Under the new license law it will be impossible to increase this aber until the official census of the

#### PLAYS ROLE OF DETECTIVE

John Grieder, Prominent Contractor, Works on Huber Case.

Assuming the role of a detective, John Grieder, a cement contractor and one of the most prominent members of the local Swiss colony, for several nights following the mysterious murder of Alexander Huber, a fellow countryman, gave his valuable time in an effort to assist the police in their efforts to solve the puzzle. Disguised as a laborer and wearing his shabblest clothing. Grieder went from shabblest clothing, Grieder went from place to place, where his countrymen are accustomed to assemble, and sought to learn facts that would throw light on the deep mystery surrounding the murder. He mingled with Swiss of all classes in saloons and lodging-houses, but his ef-forts were of no avail. He was unable to learn anything that in any way tended

to solve the mystery.

Detectives working on the case have been baffled at every point, and as matters now stand, this case bids fair to go down in police history as another unsolved murder mystery. Heretofore, the Japanese have been known to the police as the most reticent of any nationality relative to murders committed among their countrymen here, but in this case, Detective Sergeant Baty declares, the little brown men have been completely out-Detective Sergeant Baty declares, the little brown men have been completely out-distanced. The Swiss, he says, have given absolutely no assistance to the police, and it has been impossible to elicit from them anything that could be used as a clue to the murderer of Huber.

Huber was a milkman, and was a part-

ner in a ranch on the Cornell road. A week ago, while he was going home at night he was shot by an assassin, who hight he was shot by an assassin, who fired upon him from ambush, and died by the roadside, the body being discov-cred at daybreak by Huber's brother and one of the dairy may one of the dairymen,

#### BAR PROSECUTOR RESIGNS

Frank S. Grant Unable to Perform Duties Longer.

Frank S. Grant, prosecutor for the Ore-gon Bar Association, announces his in-tention to resign November 1. His reason, he says, is that his recently-assumed duties as Assistant City Attorney will not permit him to give the time that he should to the prosecutor's office. The grievance committee of the association will receive a recommendation from Mr. Grant that Ralph B. Fisher, secretary of the Multnomah County Bar Association, be

It was strongly urged by Grant that dis-

barment proceedings be commenced against Grey & Robinson, lawyers who operated from the Chamber of Commerce building a secret divorce scheme. This case was dropped because the grievance committee would not uphold him.

A sensational fight for the possession of an Il-year-old boy began at Corvallis Sunday night, when Dr. F. B.
