REDUCE FARES TO WEST

EASTERN ROADS FIND TRAVELERS BEAT THEM.

Two-Cent Fare Laws Force Cut in Interstate Rates to Points West of Chicago.

CHICAGO, Aug. 1.—(Special.)—Reductions in interstate fares from all the prominent places in the East to the principal points west of Chicago and St. Louis will be made August 6 by the Eastern railroads, special permission to do so having been granted by the Interstate Commerce Commission. Because of the reductions in interstate fares made by the Western railroads, owing to the passage of 2-cent fare laws by many states, passengers from Eastern and Western points have been able to save from \$1 to \$6 by buying a ticket over Eastern roads only to their Western terminals and then rebuying over a Western line to their destination.

Stowed Away by Chinese Police.

HONOLULU, July 31 (via San Francisco, Aug. 1).—The immigration officers now have conclusive proof that the Funchan police authorities actively aided stowaways to get aboard the British steamship Kumerle when that vessel was in the port of Funchan, taking on immigrants for Hawaii. In all 74 stowaways got aboard the vessel, several of them having been

brought from the jail by the police. A policeman in uniform was stowed away. When found, he had his official sword with him. This was taken away from him by the ship's officers. When he left the ship here, he demanded the return of the sword. All of the stowaways who could qualify as immigrants were permitted to land here, by orders from Washington.

SUICIDE HER ONLY ESCAPE

Italian Girl Takes Poison to Avoid Marrying Sister's Murderer.

LOS ANGELES, Cal., Aug. 1.—Imported and persecuted because she would not agree to marry the slayer of her younger sister, Josephine San Marco, an Italian girl, 18 years of age, today attempted to commit suicide and was baffled only through a drug clerk, who, suspecting her purpose, substituted ipecac for carbolic acid. The girl's action was based on methods that are commonly ascribed to the Black Hand in Eastern cities and the police are investigating a statement that the girl and her family had been threatened with death by members of the local Italian colony. Three weeks ago Marie San Marco, aged 6, was shot and killed by Sam la Turko, a suitor of her sister, who is alleged to have visited the house with the intention of wiping out Miss Marco's family, whom he believed was opposing his suit. The child was shot "accidentally." Turko is now in jail, awaiting trial. Miss San Marco and members of her family have been imprisoned, caajoled, and threatened by friends and strangers who desire that

CHINESE SLAVES RESCUED

Government Agent Finds Sixteen in Raid on Mongolian Joints.

SAN FRANCISCO, Aug. 1.—In a raid organized and conducted by United States Secret Service Agent Richard H. Taylor, 15 Chinese slave girls were captured yesterday and were taken to the Alameda County Jail. They will be brought before United States Commissioner Heacock and given an opportunity to show cause why they should not be deported. Eight of the women claimed to be natives of the United States and seven said that they were married and were permitted to land as wives of Chinese domiciled in this country. All were admitted at this port. Six of them do not appear to be more than 18 years of age.

Thaw Selects New Lawyer.

NEW YORK, Aug. 1.—Martin W. Littleton, ex-president of the Borough of Brooklyn, and a lawyer and orator of wide reputation, will be chief counsel for Harry K. Thaw when the wealthy young Pittsburgher again faces a jury to answer the charge of killing Stanford White. Thaw announced the selection of Mr. Littleton today, after a conference with his wife and mother. It is said that Mr. Littleton's fee will be \$25,000. Mr. Littleton made the speech in the last National Democratic Convention at St. Louis, nominating Alton B. Parker for the Presidency.

SCABBY SHEEP IN MALHEUR

SOUTHERN END OF COUNTY PLACED IN QUARANTINE.

Inspector Ring Says Conditions Are Worst He Ever Saw—All Sheep Are Dipped.

VALE, Or., Aug. 1.—(Special.)—Special Government Inspector N. S. Ring passed through Vale Wednesday for Pendleton. He has been on an inspection tour of Malheur County and found 48,760 head of scabby sheep. He quarantined the whole south end of Malheur County, extending north for 70 miles from the south line, excepting a square of 15 miles which he said was free from scab, no sheep ranging there. He stated he found but one band of clean sheep in that whole section of the county. He reported the matter to the Government and they have placed George Dodson, who has been inspecting in this county, at McHermitt for five years at an increased salary, with instructions to clean out the scab. All sheep were dipped under the instructions of N. S. Ring while he was there and he states the range is the worst he has ever seen in his 15 years experience as sheep inspector. A line rider has also been placed on the range to keep any sheep from entering the quarantined section of the state. This section of Oregon is sparsely settled and is owned and controlled, it is said,

AUTO SLOWER THAN TRAIN

Becomes Hitched to Electric Car and Bounces Out Passengers.

SEATTLE, Wash., Aug. 1.—(Special.)—En route to the racetrack this afternoon C. C. Waltz attempted to turn his big Pope-Toledo automobile out of the way of a faster machine that was coming up behind and wanted to pass him. As he swerved to the left an electric train crowded with racetrack patrons passed him. A coupling on the front end of the electric train caught the big machine and carried onto the rails. The electric train was traveling at the rate of nearly 60 miles an hour and the auto was dragged over the ties so rapidly that two men and two women riding in the automobile were bounced out of the machine, one at a time. By the time the electric train could be stopped the auto had been emptied and was a complete wreck. None of the persons in the auto were injured. The wrecked auto belonged to the Seattle Motor Livery Company, and Waltz failed to get the names of his passengers.
