An Invitation

We invite any one who will buy a player-piano of us or any other Portland dealer during the month of August to come to our store and choose one of our superb instruments, and we will deliver it to their home free of charge, in competition with any other player-piano made.

A Challenge

We challenge any other Portland dealer, "big" or little, "busy" or otherwise, to place one of their player-pianos in the same home, with the understanding that the sale goes to the most satisfactory instrument.

COULD ANYTHING BE MORE FAIR?

We have faith in our player-pianos, knowing that they are far superior to any other.

THEY ARE DIFFERENT

We court comparison and solicit your investigation.

SHORT TALKS BY L. T. COOPER

CONSTIPATION. I can tell a person who is constipated on sight. Their complexion is pasty or yellow. Their eyes are dull, and they look and feel sleepy. No wonder they do. The bowels are not acting. They carry away the poisonous refuse. If we make a special drive on men's, boys' and youths' hard-wearing shoes. We cut nothing but full stock and custom bottoms. The proof of the pudding is in the eating—a shoe in the morning. Try a pair of our shoes. Our name, "The J. A. Reid Shoe," is stamped with a steel stamp on the bottom of every pair.

There is no better rule for good health than that the bowels should move every day at the same hour if possible. Regularity can be acquired by making a habit of this. Foolish people neglect this and when chronic constipation affects them they take pills every few days to force the bowels to perform their natural function. As years go on they require more and more pills. This should be stopped. Cooper's New Discovery will build up the stomach and cause the bowels to act naturally. While taking the medicine get the habit of regularity, then gradually stop taking the medicine.

Here is a sample of letters from those who have tried it: "For sixteen years I have suffered from stomach and liver trouble, and chronic constipation. I had frequent headaches and always felt tired and worn out. I heard of Cooper's New Discovery and began its use. After I had finished one bottle I was wonderfully improved. Constipation gave place to a pleasing regularity of the bowels and I ate better, slept better and felt better than I had for months. It is the greatest medicine I have ever known."
