

ALMOST LYNCHED FOR KISSING GIRL

New York Mob Almost Beats Sentimental Greek to Death.

POLICEMAN TO THE RESCUE

He Stands Siege With Mangled Victim While Relief Comes—Mob Vents Fury on Innocent Man. Crime Wave Exaggerated.

NEW YORK, Aug. 6.—More of what have become known at police headquarters as "mob crimes" against girls were followed by "lynchings" today. Out of the score of complaints that reached the police, a half dozen demanded serious attention. Whether the number is extraordinary is disputed, but certain it is that never before has mob vengeance so frequently attended attacks upon children.

Led by a woman, who, alternately in Italian and broken English cried, "Avenge my daughter," a reckless crowd of 500 persons tonight stormed the Fourteenth-street car barns of the Metropolitan Street Railway Company, where a policeman had sought refuge with a seriously wounded girl, 30 years of age, named Grace Jocco, an Italian of 11 years. A shrill cry from the mob put the policeman to flight, and he fled to the street. The woman, who was the mother of the girl, followed him, and she was upon him, and he was nearly senseless. The Greek, a powerful man, nevertheless gained his feet, only to be knocked down again.

Rope Ready to Lynch Him.

By this time some one had snatched a clothesline from the window of a grocery store, and the mob was attempting to put a noose over the offender's head. Only the overbearingness of each rioter to have a hand in the lashing saved the peddler's neck. During the confusion a policeman arrived and clubbed his way to the endangered man. For a moment the crowd fell back and within that time the officer had dragged his man to the nearby car barns. Concealing his prisoner in a car, the officer waited assistance, while the rioters threw themselves against the doors in an effort to force an entrance. Police reserves stood off the mob while the Greek was hustled into a patrol wagon. Through a crowd that cried "Kill him," "Lynch him," the police fought their way to the nearest station house.

Sergeant was in bad shape, but it was thought inadvisable to attempt his removal to a hospital during the excitement. His eyes were blackened, nose broken, scalp torn, face lacerated, and his body black with bruises.

Vents Fury on Innocent Man.

Cheated of his man the crowd vented its fury on Caston Keriskell, an unfortunate workman homeward bound. As he was passing the rioters he was pointed out by a boy, who yelled, "That's the man's friend. He was there too."

Keriskell, who was largely unconscious, was seized and dragged to a hospital. The police reserves finally got the injured man and removed him to a hospital.

Edward Pratt, a millwright, 46 years old, had a somewhat peculiar experience late this afternoon in West Fifty-seventh street. Nellie and Helen Farrell, each about 10 years of age, accused Pratt of improper remarks. He was rightfully mauled before rescued from a mob by the police.

An attempt to assault a lone woman early today would have been successful had it not been for the desperate struggle of Adelaide Wilder, a trained nurse, who fought her assailant with a hat pin and finally rescued him. Miss Wilder's screams brought the police, who pursued the man to Central Park, where he was captured. He said his name was Pietro Daurio, an Italian peddler.

Near Manhattan avenue and One Hundred and Sixth street an Italian accosted Miss Wilder, who fought him. He said his name was Pietro Daurio, an Italian peddler.

No Increase of Assaults.

"There is not any crime wave," said Superintendent Jennings of the Department for the Prevention of Cruelty to Children, today. "I mean by that, that our statistics show no increase in the number of actual assaults committed upon girls under 16 years. Our clerical force has just examined the records to make sure whether there is or is not any warrant for published assertions that this phase of crime shows a marked increase."

At This Season There is Always a Relative Increase in the Number of Assaults and attempted assaults upon girls under 16. They have not, however, increased relatively to the increase of population. There are about the same number to date this month and last that there was in July and August, 1906."

REVENGE ON CASA BLANCA

(Continued from First Page.)

The officials replied that they were powerless to guarantee safety and invited the commander of the French cruiser Galilee to disembark troops.

It appears that the town gate was closed behind the first French landing party. The men consequently found themselves in a trap and were barred by uniformed Moorish troops, who immediately opened fire. The seamen cleared their way by a bayonet charge, literally forcing their passage over the dead bodies of the Moorish soldiers.

Spain Will Send More Troops.

MADRID, Aug. 6.—The garrison of Algeiras has been ordered to be placed on a war footing, with the view of sending troops from there to Morocco.

CASA BLANCA CAPITULATES.

Guards to Protect Foreigners Will Land at Ports.

MADRID, Aug. 7.—The impartial publisher a dispatch from its Tanager correspondent saying it is reported that the Panha at Casa Blanca has surrendered the town and that guards for the protection of foreigners will be landed as soon as possible at Mogador, Rabat, Safi and Mazagan.

The Spanish battleship Numancia has sailed from Ferrol for Morocco via Cadiz. In the event more Spanish troops are needed, they will be supplied from the garrisons at Ceuta and Melilla.

SURRENDERS THE CULPRITS

Moorish Commander Obeys Command — Threatens Shooting.

PARIS, Aug. 7.—A correspondent of the Matin, cabling from Tanager, says the military commander at Casa Blanca sent excuses to the French consul for the attack on the landing party from the Galilee, for which he blames the customs guards.

The Consul thereupon demanded that the culprits be given to him. The commander complied and sent the soldiers in chains to the consulate. The Consul intimated that they would be instantly shot at the first sign of fresh trouble.

TOWN CLEARED OF TRIBESMEN

Franco-Spanish Troops and Fleet Punish Casa Blanca.

TANGIER, Aug. 6.—The French cruiser Galilee was bombarding the Moorish quarter of Casa Blanca and the neighborhood of the city when the last steamer, which has just arrived here, left that port. The Kabyles attacked Casa Blanca and the Moorish authorities appealed to the commander of the Galilee for assistance. He thereupon landed 40 men and a Spanish cruiser landed 40. This landing party was fired on by the Kabyles and seven Frenchmen, including an officer, were wounded.

The combined Franco-Spanish force thereupon cleared the city of hostile tribesmen. Guards were placed about the foreign consulates and then the Galilee opened fire with her big guns upon the rebels.

A column of troops for Algeiras is marching in the direction of Fehs, to co-operate with the forces of Caid Bagdadi, who is seeking to capture Raisuli, the captor of General Sir Harry MacLean.

The Anstole, the steamer which arrived here with the news of the bombardment of Casa Blanca, was unable to land her passengers or cargo on account of the disorder existing at that port.

GIVE NOTICE TO THE POWERS

France and Spain Carrying Out Algeiras Treaty.

PARIS, Aug. 6.—Foreign Minister Pichon and the Spanish ambassador here, Senor Leon y Castillo, have agreed to the Franco-Spanish note informing the powers signatory of the Algeiras convention, including the United States of the intention of France and Spain to keep within the terms of the convention. The situation after the landing of troops at Casa Blanca will largely determine the subsequent measures to be taken by France and Spain. No outside power is expected to co-operate with the two powers mentioned. The French government has no confirmation of the reports that British or German warships are on their way to Morocco.

FRENCH CRUISER TO MAZAGAN

Sent to Protect Foreigners at Request of Germany.

BERLIN, Aug. 6.—A dispatch from Tanager today says that the German charge at Tanager called the attention of the French charge d'affaires to the dangerous position of foreigners at Mazagan, upon the west coast of Morocco, and the French official directed a French cruiser to proceed to Mazagan. The many Germans at Mazagan, most of whom live outside the gates, will be protected by the French warships.

DEMAND MACLEAN'S RELEASE

Rebel Tribesmen Denied Peace on Any Other Terms.

TANGIER, Aug. 7.—3:30 A. M.—The Kabyle tribesmen are suing for peace, but the commander of the Sherifian troops decline to negotiate until Caid Sir Harry MacLean, the Englishman who is being held a prisoner by the bandit Raisuli, is released.

Rapid-Fire Guns Guard Town.

PARIS, Aug. 7.—Special dispatches received here from Tanager declare that Casa Blanca is now occupied by 250 men from the warships with rapid-fire guns. The newspapers today re-unanimously expressing approval of the course pursued at Casa Blanca.

Closing in on Raisuli.

TANGIER, Aug. 6.—A column of troops for Algeiras is marching in the direction of Fehs, to co-operate with the forces of Caid Bagdadi, who is seeking to capture Raisuli, the captor of General Sir Harry MacLean.

IMPOSE DEATH PENALTY

Hunchakist Constitution Shows Society Sentences Men to Die.

NEW YORK, Aug. 6.—Evidence is forthcoming that the Hunchakist, the Armenian revolutionary society which is being investigated by the authorities, sanctions death penalties and is an outgrowth of the organization. The Hunchakist, who is being held a prisoner by the bandit Raisuli, is released.

Body Found in Trunk, Head and Feet in Valise—Man and Woman Under Suspicion.

MARSEILLES, France, Aug. 6.—A trunk belonging to a man and woman who arrived here today from Monte Carlo attracted the attention of the baggage-master, who caused it to be opened. It was found to contain the body of a woman cut to pieces. The man and woman owning the trunk were arrested. They had asked that it be forwarded to London. The couple, who are middle aged and gave the names of Mr. and Mrs. Gold, residents at Monte Carlo, denied that they committed the crime and informed the examining magistrate that they knew the victim only slightly. While the latter was at their home, the villa Melodine, on Sunday last, Mr. and Mrs. Gold added, the woman's lover arrived there and blew out her brains. The Golds, fearing they would be compromised, tried to get rid of the corpse. The head and feet were in the Golds' valise and the rest of the body was in the trunk. The autopsy seemed to upset the story told by the Golds. It was shown that the murdered woman was seized from behind and held while she was stabbed to death. A commission has been sent to Monte Carlo to investigate the crime.

It has been learned that the murdered woman was a Swede, 37 years old, named Therese Williams. A man named Barker is under arrest at Monte Carlo charged with having killed her.

CHASES MURDERER TO JAIL

Mrs. Howard Gould's Sister Proves Courage in Emergency.

SAN FRANCISCO, Aug. 6.—Mrs. Wong Sun Yue, wife of a Chinese dweller in the Portsmouth Square refuge camp and sister of Mrs. Howard Gould, of New York, proved herself to be a brave woman yesterday when she grabbed from the hand of August Rodriguez the smoking pistol with which he had slain Manuel Madrid, and chased him into the arms of the policeman who made the arrest. The police give Mrs. Sun Yue the highest credit for her bravery in assisting in the man's capture.

BRAKES ARE BEHIND TIMES

DISCOVERY OF CAUSE OF WRECKS WORRIES ROADS.

They Refuse to Adopt Up-to-Date Inventions and Trains Collide Often in Consequence.

CHICAGO, Aug. 6.—(Special.)—Western railway managers are considerably agitated by the charge that the inability of air-brakes now in use to control fast trains is responsible for many wrecks and the further intimation that they are refusing to equip their trains with new brakes which have been successfully tested by the Pennsylvania system.

It was stated today that the entire subject of air-brakes would be taken up as an special topic by the American Railway Association at its semiannual meeting in Jamestown in October. It is understood the committee on safety appliances will furnish an interesting report at that time. Many instances arise, it is said, where it is necessary to stop a train under 200 feet, the limit with the brakes now in use, estimating of course that the train is traveling at a rate of 60 miles an hour and weighing 500 tons.

The Westinghouse people have perfected a brake which, it is alleged, under hard tests is 50 per cent more effective than anything now in use, but the railroads are slow to adopt it.

HAS MANIA FOR JEWELRY

More Stories of Lavish Purchases of Siamese King.

BERLIN, Aug. 6.—Stories regarding the extravagances of the King of Siam, so far as the purchase of jewelry is concerned, continue to crop out. Among his recent purchases, it is said, is a gold thimble covered with diamonds and other gems, which is valued at \$75,000.

In his palace at Bangkok, the King has an enormous store of jewels. The apartments of the first and second Queens are said to contain large collections, while the walls of his own apartments are also covered with gems.
