Pettibone Will Be Defended by Richardson and Hawkins-Denver Man Expresses Disgust at Darrow's Methods.

DENVER, Colo., Aug. 6.—(Special.)— Clarence S. Darrow, who won a verdict of not guilty for William D. Haywood in his trial for the alleged murder of ex-Gov-ernor Steunenberg, of Idaho, has been dismissed from the service of the Western Federation of Miners and therefore will not appear as counsel for the de-fense in the case of George A. Pettibone on October 1. In Mr. Darrow's place the chief attorneys of the organization will be E. F. Richardson, who conducted the cross-examination of witnesses in the Haywood trial, and H. N. Hawkins, one of the shrewdest criminal lawyers in the Rocky Mountain region.

This information was confirmed tonight y Mr. Richardson, after it had been given out privately by one of the high-est officials of the Western Federation. est officials of the Western Federation. Mr. Richardson stated that his firm had been engaged for the Pettibone case and that the executive board of the un would meet to conclude the contract.

The attorney then proceeded to make a verbal attack on Mr. Darrow, declaring that he was so persistent a seeker after newspaper publicity that he had become disgusting. The cause for the non-employment of Mr. Darrow has not been allowed to leak out.

KILLS WITH INDIFFERENCE

Familiarity Breeds Contempt Mind of Unlucky Engineer.

CHICAGO, Aug. 6 .- George A. Abbott, engineer of the Chicago, Burlington & Quincy Railroad, on Sunday ran over and killed three men near Chicago, bringing his list of victims up to nearly 40 men, women and children. Abbott, who has been 30 years in the service, related his experience of horrors while waiting for his train to go out at the Union Station.

"From a haunted, nerve-wrecked man," he said, "I seem to have become a part of the engine I drive. I prob-ably have been the most unfortunate radiread man in the country. I cannot remember the exact number of persons that have been killed by the engines I have driven, but I should place the

number between 35 and 40. "I have driven my engine into groups of men and killed five at a time. I have seen a woman hurled as high as over the telegraph wire at the side of the track, from the front of my engine, and have seen men rolled along the tles by the tender 100 feet. I have had so many harrowing experiences that I have become so inured to the sight of a face distorted in death—staring at me from the wheels of my engine—that I believe I am unaffected."

Canadian Annexation of Isle Royale

Mere Hoax.

SUPERIOR, Wis., Aug. 6.—Officers of the Canadian passenger boat Huronic, which arrived in port last night from Port Arthur, say the reported "invas-ion" of Isle Royale by Captain Young, of Port Arthur, is nothing more than a canard. Purser James Brown said he believed the foundation for the report was a lark of some young Canadian en-thusiasts, who went over to the islands in a new launch flying the Union Jack.

CHICAGO, Aug. 6.—A special to the Pribune from Port Arthur, Ontario, says: The British flag is not flying over Isle

Royale yet. Captain S. C. Young, the Canadian officer who sailed from this port to raise the British flag over the port to raise the British has been island in Lake Superior, returned yesterday. It is not believed Captain Young and his half dozen filibusters ever and his half dozen filibusters. and his half dozen fillbusters ever reached Isle Royale, although they claim that they did that they did.

WRITES LETTER TO WOMAN DE-NOUNCING HER SON.

Lieutenant Trumbo Convicted by Court-Martial, but General Grant Says Sentence Too Mild.

WASHINGTON, Aug. 6 .- A courtwashington, Aug. 6.—A court-martial which recently convened at Fort Monroe, Va. today found First Lieutenant George F. A. Trumbo, Twelfth United States Cavalry, not guilty of conduct unbecoming an officer and a gentleman, but guilty of conduct to the prejudice of good order and military discipline in writing the following letter to Mrs. Lettle Sims in reference to her son, an enlisted man, who had served under him:

Mrs. Sims, Clarksburg: Dear Madame: It gives me great pleasur o inform you that your son, Earl Sim who is about the most worthless scoundrel
I ever saw, is a deserter from the United
States Army.

I sincerely hope to see him behind the
bars for at least two years. Hope this
will be a source of condolence to you. I
am, very respectfully.

GEORGE A. F. TRUMBO.

First Lieutenant Twelfth Cavalry, Commanding Troop E.

The sentence of the court was that Trumbo should be reprimanded by the reviewing authorities, and be confined to the limits of the station at which he may be serving for two months. In approving the sentence of the court, Major-General Grant, commanding the Department of the East, holds that the sentence is entirely inadequate, and that it should have been sufficiently severe to guarantee that he would not be again guilty of such conduct.

SAILORS WANT NEW UNIFORM

Navy Committee Considers Entire Change of Costume.

NEW YORK, Aug. 6.—The jack tars of the United States Navy have made such a mighty protest against the time-honored headgear and blouse they wear ashore and on dress occasions aboard ship that the Navy Department has appointed a committee to decide on changes in the uniform. Captain Hugo Osterhaus, commander of the battleship Connecticut, is chairman of this committee. Captain Osterhaus has sent out a statement to the captains of all warships in the North Atlantic squadron and to the commander of every ship in the service, asking for

suggestions.

The enlisted men are desirous of obtaining coats and visor caps. Many of them want the wide flaring trousers changed into the ordinary pattern. But the chief grievance relates to the blouses and the old-fashioned pancake caps. These caps are said by all seamen to be absolutely useless on a windy day, as they cannot be kept on the head. They afford no shade to the eyes and seem to exist merely as a relic of the past.

The protest over the blouse is considered well justified in the Navy. In the first place the seamen object to the wide collar, which blows up around their ears on windy days. They want shorter neck-erchiefs and coats but like those of ma-rines. Should the sallors' demands be granted, it would be the first time in the history of the American Navy that seamen have worn coats.
