But Morocco Must Also Grant Other Demands of France.

TANGIER, Aug. 8.—Upon the demand of the French Charge, Mohammed el Torres, the representative of the Sultan here, has reiterated the instructions he had previously issued to assure the safety of the Europeans at Tangier and other ports and towns.

The French Charge d'Affaires has made the following formal demands upon the Moroccan government:

"First—That the Moroccan authorities at Casa Blanca place themselves under the orders of the commander of the French forces.

"Second—That the security of the French citizens at Fez and other places in the interior be guaranteed.

"Third—That the Moroccan authorities hasten the reparation for the murder of Dr. Mauchamp.

"Fourth—That the Moroccan authorities expedite the preparation for the application of the reforms agreed upon by the Algeiras convention."

GERMANS FEAR ANNEXATION

Say Morocco Will Share Fate of Egypt and Corea.

BERLIN, Aug. 7.—Some discontent is evidenced in the German press today with the action taken by France at Casa Blanca. The Koemische Zeitung says:

"What 100 sailors succeeded in doing could, in our estimation, have been equally well accomplished by an equal force of policemen."

Continuing, this paper expresses regret that the international police has not been organized more rapidly.

The Boersen Zeitung says:

"France has occupied Casa Blanca in order to restore order and provide for the security of the European residents, but she will remain there and thence gradually bring about the application of the reforms which have been done with Egypt and Japan with Corea."

FRENCH SQUADRON IN HURRY

Arrives With Troops at Casa Blanca. Moors Lost 300.

PARIS, Aug. 7.—The government expects that Rear-Admiral Philbert's squadron, with General A. M. Drude, commanding the French expeditionary force, on board, which proceeded from Oran, Algeria, at the highest speed, will reach Casa Blanca this morning.

Upon the arrival of the General at the Moroccan port, the subsequent action of the French forces will be decided upon.

Advices estimate the number of Moors killed or wounded during Sunday's bombardment at Casa Blanca at 300. Only one French soldier was seriously wounded.

TANGIER, Aug. 7.—The semaphores

signalled the passage of Admiral Philbert's squadron on its way to Casa Blanca at 1:30 A. M. today.

MOORISH TROOPS DISARMED

French and Spaniards Protect City. Shells Scare Off Rebels.

PARIS, Aug. 7.—A special dispatch from Tangier this afternoon says that the Moorish troops composing the garrison of Casa Blanca have been disarmed and that their arms and ammunition have been deposited at the French consulate. The Moorish officials have conceded the protection of the city to the Franco-Spanish forces.

The French cruisers Galilee and Du Chayla continue to fire on and disperse the Moorish horsemen who approach the city.

MAINTAIN SULTAN'S AUTHORITY

France Declares Purpose Also to Punish Casa Blanca Murderers.

PARIS, Aug. 7.—The note of the French government to the signatories of the Algeiras convention in substance affirms the resolution of France to maintain and safeguard the authority of the Sultan of Morocco, and the independence and integrity of his empire, and announces that the security of the inhabitants and freedom of commerce at Casa Blanca will be guaranteed and that the authors of the recent massacre will be punished.

GOES QUIETLY TO DENVER

Moyer Avoids Demonstration and Will See No Visitors.

DENVER, Aug. 7.—It was learned today that Charles H. Moyer, president of the Western Federation of Miners, arrived in the city last night. Mr. Moyer was accompanied by Mrs. Moyer and sister and went immediately to his home. The reason for his delayed home-coming is that he desired to have no demonstration of any kind. It is his idea that such things are unnecessary and do no good. Owing to the strain to which he and

Mrs. Moyer have been subjected, they kept closely at home, denying themselves to everybody. Mr. Moyer will attend the next meeting of the executive committee of the Federation, which will be held this week probably.

WILL SOON ELECT COUNSEL

Miners' Federation Board to Decide Between Richardson and Darrow.

DENVER, Aug. 7.—A meeting of the executive committee of the Western Federation of Miners has been called and will be held as soon as President Charles H. Moyer arrives here, which will be in a few days. There is a report in circulation to the effect that at this meeting the question of determining upon counsel for George H. Pettibone, who will be tried in October at Boise, Idaho, on the same charge that Secretary-Treasurer Haywood was acquitted of, will be brought up. The report also has it that Clarence Darrow, the Chicago lawyer, who assisted in the defense of Haywood, will not be retained in the Pettibone case, but that E. F. Richardson, of Denver, also of counsel for Haywood, will handle the Pettibone case. Mr. Richardson has declared in published interviews that he would not under any circumstances again associate himself with Mr. Darrow, and a morning paper prints an interview, in which he is credited with reiterating the above statement. A further significant remark follows:

"I will try no more cases with Clarence Darrow. I could work with Mr. Darrow, but I don't propose to do so. We (the firm of Richardson & Hawkins) have handled Western Federation litigation for years, and are still open to their employment. Mr. Haywood was in my office for over an hour today. It is intimated that Mr. Haywood and other Federation leaders favor dropping Mr. Darrow, but that Mr. Moyer wishes him retained in the other cases to be tried at Boise.

Mr. Darrow arrived in Denver yesterday, but said he had not yet seen any of the Federation people. He admitted that there were personal differences between him and Mr. Richardson, and expressed the view that each of them would be relieved to have the other go on with the cases.

SURPASSES HER SISTER

THE BATTLESHIP CONNECTICUT MAKES SPEED TRIALS.

First Test of Government-Built Vessel Shows Her Swifter Than Contract-Built Rival.

ROCKLAND, Me., Aug. 7.—In a series of 14 runs over a measured mile course outside of the harbor today, the first-class battleship Connecticut, the first battleship of the class built by the Government, made a showing which was highly satisfactory to Rear Admiral Evans and the trial board. The average speed of the ship was 18.7 knots. The number of propeller revolutions required to make that speed was 127.7. The fastest mile was made in 19.01 uncorrected. When the tidal corrections are made, it is estimated that these figures will be reduced to 18.5.

In her five best runs the Louisiana, a sister ship of the Connecticut, which was built by the Newport News Shipbuilding Company, attained an average speed of 18.59.

The trial was marred by a fatal accident. M. Turner, a member of the first-class, who was borrowed from the battleship Ohio for the test, was killed by a bucket of ashes falling on him.

HONOLULU, Aug. 7.—Congressman Nicholas Longworth, in a speech made at the Commercial Club's luncheon today, said he hoped that the Philippines "would not long be with us, but meantime free trade with the Philippines would be a square deal and free sugar would not injure Hawaii."

German Appeal Against China.

WASHINGTON, Aug. 7.—Through the German Ambassador, the State Department today received an appeal from the action of the Shipping Commissioner at San Francisco, who has ordered deported 24 Chinese members of the German Transpacific Steamship Company, who had deserted from that ship on account of alleged ill-treatment. The Germans wish the men returned to the ship, to which it is understood, the Chinese Vice Consul at San Francisco objects. The Department of State referred the case to the Department of Justice.

AFRAID TO TURN LIGHT ON ARGIES

Wachusett Boat Club May Drop Suit Against Harrahy.

SUMMONS CAUSES ALARM

Denizens of Disreputable Roadhouse Called as Witnesses by Defense to Tell How the Portland Team Was Entertained.

WORCESTER, Mass., Aug. 7.—(Special.)—Owing to the unexpected and sensational developments today in the 1906 National regatta scandal, there is now considerable doubt if sportsmen who have always stood high in the councils of the National Association of Amateur Oarsmen will have the nerve to go on with the suit of the Wachusett Boat Club vs. Thomas J. Harrahy, the president of the club in that year, scheduled for trial Friday, if they care to save their reputations.

Mr. O'Hara, attorney for the defense, caused the sensation with the issuance of witnesses' summonses to John Henry Menager, who instituted and brought the suit; Charles A. Mann, with a long police record, who now conducts the notorious Mug Pond House at Lake Quinsigamond; Mrs. Mary Lottie Bartholomew, Julia Goulding, M. J. Maher and W. F. Donovan.

The club sued Mr. Harrahy for \$200 which it charged he took from the club treasury and converted to his own use. Mr. Harrahy says the money was spent in the interest of the club, which brought the regatta to Worcester, entertaining the visiting oarsmen from New York and Portland, Or., at \$25 a day for automobiles and \$25 a round for drinks. This money, he said, was voted back to him. Menager led in the entertaining. Four other women at the roadhouse are being sought by the summons servers to tell of the orgies that took place during the entertainment. It is doubtful now if the case is ever tried, for its withdrawal would effectually shut off the sensational disclosures.

DEFY STATE LAW'S BAN

(Continued from First Page.)

terly license of \$7.50 to the city. In that way the public gambling has been regulated by the Police Department. The Police Court docket contains a complete list of the number of games running each month, by whom conducted and the amount of money collected as fines, all of which goes into the City Treasury.

This morning Deputy District Attorney McCue received official notification from District Attorney Gilbert L. Hedges that the anti-gambling law is to be enforced on and after August 13.

Mr. McCue will issue orders, probably tomorrow, through the press, addressed to the various peace officers in the county, directing them strictly to enforce the state law against gambling, on and after 12 o'clock, midnight, on next Monday. The officers will be instructed to arrest all persons caught gambling and to confiscate all gambling devices found in operation after that hour.

PENDLETON CLOSED 3 YEARS

Efforts to Resume Have Been Railed and Fines Imposed.

PENDLETON, Or., Aug. 7.—(Special.)—Up to three years ago this summer, Pendleton was a wide open town in every sense of the word, but at that time an official decree went forth that gambling must cease and since then the knights of the green cloth have had a strenuous time. They have persisted at various times in carrying on games behind closed doors, but after flourishing for a few weeks, dens have always been raided, and the gamblers fined.

In the last raid, in addition to capturing the professional gamblers, three or four of the prominent citizens were taken in by the police and the heavy fines imposed at the time seem to have had the effect of stopping all joint in the city. It is stated by those who are in a position to know that there has not been a game pulled off in Pendleton for months.

A gang that was here last winter and ran games in three dens as well as the back rooms of one or two saloons has scattered, most of the members being located at Echo or Baker City. This was the bunch that fleeced the retired physician from La Grande and one or two other innocents.

JAPAN IS COOLING DOWN

Natives Who Went Back Have Altered Much Prejudice.

VICTORIA, B. C., Aug. 7.—Tatsuya, editor of the Japanese Trade Journal of Tokyo, arrived here today to study the condition of Japanese on the Coast. He said that further information was expected with regard to the complaints from San Francisco, Yamaoka and Hattori, from Seattle, who went to Japan to represent real conditions to the Japanese had been very successful, and Japanese who had not known the real state of affairs were less prone to complain.

NOT BOUGHT FOR MORGAN

Kann's \$5,000,000 Art Collection Will Remain in Paris.

LONDON, Aug. 7.—The manager of the London branch of Duveen Brothers says there is absolutely no truth in the report that the art objects collected by the late Baroness Kann and bought by Duveen Brothers for \$5,000,000 were purchased in behalf of J. Pierpont Morgan.

The Duveens add that they purpose to sell the collection in Paris. The palace which Rodolphe Kann built for the art treasures is included in the sale and they will be kept there until the completion of the galleries which the Duveens are erecting on the Place Vendome. Several museums, including American institutions, today telegraphed offers for some of the tapestries, which are a conspicuous part of the collection.

Mr. Morgan today telegraphed to the Associated Press from Cowes as follows: "No truth whatever in report, referring to the allegation that the Duveen Brothers had secured the Kann collection for him."
