JUDGE BACH DEFINES LAW

Orders Helena Office Operated in Spite of Strike or Franchise Forfeited—Will Punish All Those Who Interfere.

HELENA, Mont., Aug. 8.—(Special.)—Judge Bach in the District Court today had a hearing on the writ of mandamus to compel the Rocky Mountain Bell Telephone Company to resume operations, which he granted. He declared that the company had a duty to perform and that service must be resumed. He said he would punish any one who attempted to interfere with the lines, and the more fact that one person persuades another not to work and uses no threats or force does not justify the company in refusing to do its duty to the public, adding that the company must operate its lines or forfeit its franchise. It was immaterial what it cost to operate its lines was the reply to a statement of counsel that the company had not succeeded in securing help. Judge Bach said he knew the company could get all the assistance needed, if satisfactory remuneration were held out. General Manager Murray of the telephone company said he was preparing to bring damage suits against persons who had interfered with the lines of the company and that no injunction suits would be filed. A few inexperienced operators worked today.

STRIKE MAKES FUEL SCARCE

Each Party in Colorado Railroad Contest Claims Success.

DENVER, Aug. 8.—Vice-president A. D. Parker, of the Colorado & Southern Railway, says the company put to work 25 more men today and that in a few days he will have the road in normal condition. Grand Master P. H. Morrissey, of the Brotherhood of Railway Trainmen, says that the situation is unchanged. He claims that the strikers are making heavy inroads on the ranks of the strike-breakers and that most of the imported men leave the service of the company as soon as they learn of the strike. This the company denies. Today's developments show a serious shortage of domestic coal in Denver.

NEILL GIVES UP MEDIATION

Finds No Basis of Agreement on Colorado Road.

WASHINGTON, Aug. 8.—The Government has failed as peacemaker in the strike of switchmen on the Colorado & Southern Railroad, and Labor Commissioner Charles P. Neill announced tonight that all hope had been abandoned of bringing about a satisfactory adjustment of the differences between the railroad company and its striking employees. Mr. Neill and Chairman Knapp, of the Interstate Commerce Commission, undertook to act as mediators at the request of Vice-President Parker, of the Colorado & Southern, who declared that in calling the strike, P. H. Morrissey, grand master of the Order of Railway Trainmen, was violating the union agreement signed at Chicago last year. "It has been impossible to find any common ground on which the contending parties can agree," said Mr. Neill, "and I do not see that there is anything more the Government can do." The negotiations, he said, insofar as the Government is concerned, are at an end. The carrying out of Mr. Morrissey's general strike order will mean a general tieup of the freight traffic and the crippling of the passenger service from Greeley, Colo., to Texline, Texas.

PEACE AT WYOMING MINES

Operators Sign Contract Making Concessions to Union.

DENVER, Aug. 8.—The joint convention of the United Mine Workers of America and the operators representing every mine in Wyoming reached an agreement this afternoon which means

permanent peace in the Wyoming coal fields.

The terms of settlement were: An eight-hour day, effective September 1; a wage increase of approximately 30 per cent more for eight hours than formerly was received; improved working conditions all along the line, and the companies to furnish check-off men, insuring union control in the mines. The decision affects 12,000 men.

Building Strike in Washington.

WASHINGTON, Aug. 8.—A threatened tieup of the building industries of Washington reached a crisis late today, when the carpenters, bricklayers and other union workmen employed on many buildings were ordered out. Business agents of the building trades unions estimate that from 500 to 700 men will not report for work tomorrow. Officials of the Employers' Association stated tonight that they would have no difficulty in filling the strikers' places.

Coal Miners Will Not Strike.

PITTSBURGH, Aug. 8.—At a conference this afternoon of officers of District No. 6, United Mineworkers of America, and officers of the Pittsburgh Coal Company, all grievances that threatened to bring on a strike of 14,000 men were amicably settled and danger of a strike averted.

STEEL CAPITAL AT GARY

NEW TOWN TO BE GREATEST OF ITS KIND IN THE WORLD.

\$45,000,000 Additional Has Been Set Aside by Steel Trust to Develop Plant and Model City.

CHICAGO, Aug. 8.—(Special.)—Satisfied that Gary, Ind., will be the steel capital of the world, the directors of the United States Steel Corporation have decided to invest an additional \$45,000,000 in the construction of the model city and steel plant just across the Indiana state line from Chicago. Information that the directors of the steel corporation had set aside the extra \$45,000,000 for the purpose of developing Gary was received at the New York city today and caused a rapid advance in values and a buoyant sensation through the humming town. The \$45,000,000 is in addition to the original appropriation of \$75,000,000 estimated as the necessary outlay for the building of the plant and for the formation of the city which will house the score of thousands of workers who will be employed at Gary when the final plans of the steel kings have been consummated. The excess appropriation is to be used in widening the scope and extent of the steel plant proper. The cost of the building of Gary is included in the first estimate which was made when it was proposed to transform a deserted acreage of drifting sand into the greatest steel manufacturing city of the continent. Three thousand men were at work today building Gary and additional help is being employed by the battalion daily. The accomplishments of the steel magnates in the construction of the plant and the city since the first spadeful of sand was turned June 15, 1906, almost surpass comprehension.

LAND-FRAUD CASE BEGUN

Hearing Opens in District Court in San Francisco.

SAN FRANCISCO, Aug. 8.—The case of United States Government against John A. Benson and E. B. Perrin, accused of conspiracy in securing, by fraudulent means, 1000 acres of land in Tehama County, was commenced before Judge de Haven in the United States District Court this morning. Twelve jurors to try the case were chosen and the United States District Attorney, Robert T. Devlin, stated briefly the allegations of the Government, charging the defendants with including the State of California to make representations to the Federal Government so that certain lands were transferred to the state and afterward acquired, by fraudulent means, by the defendants.

U. P. Stock on 5 Per Cent Basis.

NEW YORK, Aug. 8.—The directors of the Union Pacific Railroad Company declared a regular quarterly dividend of 2 1/2 per cent on common stock this afternoon. The last dividend amounted to 2 1/2 per cent, but was not designated as regular at that time. The directors have declared a semi-annual dividend of 2 1/2 per cent on the preferred stock.

MILLIONS FOR GEMS

King of Siam Enriches Jewelers and Goldsmiths.

BUYS HALF OF OFFERINGS

Chulalongkorn Invests \$3,000,000 in Diamonds and Gold and Silver Plate—Hires Cable to Distant Capital.

BERLIN, Aug. 8.—King Chulalongkorn will leave Berlin tomorrow for Cassel, where he will be the guest of the German Emperor and Empress. Stories of the extravagances of the Siamese King continue to excite and amuse Berlin. It is considered certain that he has bought \$3,000,000 worth of diamonds and gold and silver. Two gold services among the selections cost \$800,000 each. The King is occupying nearly the entire floor of one of the principal hotels, several apartments of which have been given up to an exhibition of jewels and precious metal work, which were brought here from London, Paris and elsewhere by dealers expecting to sell most of the wares and who were rewarded for their enterprise, as the King took about half of all that was offered to him. The King has shown unusual interest in the dispatches in the newspapers referring to the situation on the frontier of Siam and Cambodia and received with extreme consideration the newspaper report which brought him intelligence on the subject of the arranged for a news service from the Siamese capital during his sojourn in Germany.

RUSSIA WILL NOT BORROW

Kokovoff Denies Rumor—Opposition to Rebuilding of Navy.

ST. PETERSBURG, Aug. 8.—Minister of Finance Kokovoff denies that the Russian government has any foreign loan in contemplation and says he does not intend to carry out any credit appropriations before the expiration of the two years period stipulated in contracting the last loan at Paris in April, 1906.

The Novoe Vremya today published an editorial in which it protested against rebuilding the Russian fleet, basing its argument on the overwhelming superiority of the German and British naval forces in the Baltic and of the Japanese in the Pacific. The Russian warships would again be compelled to seek the shelter afforded by the coast batteries. Under the circumstances, therefore, the Novoe Vremya says, the better policy is to build fortresses, torpedo boats and submarine boats.

MONUMENT TO VICTOR HUGO

Will Be Erected at Waterloo by Owner of Ground.

BRUSSELS, Aug. 8.—A simple Druidical stone is to be placed at Waterloo in commemoration of Victor Hugo. The sponsor of the movement is Count Louis Cavour, who has directed the activities for the preservation of the souvenir of the great battle, and it is he that has given the ground upon which will be erected the simple monument. The inscription will be "To Victor Hugo, Immortal Bard of Waterloo." The memorial will be dedicated toward the end of the year and a feature of the exercises will be a banquet at the hotel where Hugo wrote the celebrated chapter of "Les Miserables."

OLGA MOLITOR NOT PRISONER

Only Went to Jail to Be Confronted With Lindenau.

MANNHEIM, Aug. 8.—There is no truth in the report that Olga Molitor, for the murder of whose mother Karl Hau was recently sentenced to death at Karlsruhe, has been arrested and imprisoned. The reports that she had been taken into custody are caused by the fact that she came to the prison here this evening to be confronted with Baron Lindenau, who was arrested yesterday in connection with the

Molitor murder. The confrontation was of short duration and took place in the presence of officials. After it occurred Olga Molitor left the prison. The authorities decline to give evidence of what took place at the meeting, nor will they say anything about Olga's present whereabouts.

JAPANESE - MEXICAN BATTLE

Railroad Workmen in Mexico Fight With Deadly Effect.

MAZATLAN, Mexico, Aug. 8.—A telegram received here late last night announces that at El Fuerte, a construction camp on the Kansas City, Mexico & Orient Railway, a pitched battle took place yesterday between gangs of Japanese and Mexican workmen, in which three Japanese were killed and three seriously injured. The Mexicans were mortally wounded and one killed. The trouble is said to have started several days ago, when a dispute arose between a Japanese and a Mexican.

BOMB FACTORY IN SCHOOLS

Moscow Police Capture Rebel Arsenal and Twenty Students.

MOSCOW, Aug. 8.—The police today searched the imperial technical schools and discovered the central revolutionary laboratory for manufacturing bombs of a new pattern and tremendous explosive regular supplies of which were being shipped to various interior points. The police seized a number of bombs, six hundred time fuse appliances, a typographic outfit, and some forbidden literature and arrested 20 students of the schools.

HOWL IN DESPAIR

Chinese Sailors Forced to Go on Hunger Ship.

DRAMATIC SCENE IN COURT

Abandoned to Mercy of Brutal German Officers, Who Half Starved Them, They Rave With Anger and Defiance.

SAN FRANCISCO, Aug. 8.—A dramatic scene was enacted in United States Commissioner Hisecock's courtroom today, when it finally dawned upon the 24 Chinese who deserted the German ship Tolosan that they would have to go back to that vessel.

They had listened with anxious faces while the negotiations were being made between the Chinese vice-consul and the German consul. When their representative finally announced that he had done all he could for them and their case was hopeless, a concerted wail of despair went through the courtroom. Some of the Chinese threw themselves on their knees before the vice-consul and wildly implored him to save them from a voyage back to China on the Tolosan. Others beat their heads on the floor, tearing their hair in their frenzy of mingled rage and despair. United States Marshal Elliott and his deputies tried in vain to restore order. Sobs, curses, shouts of vengeance, cries of anger and declarations of defiance echoed through the courtroom. It was a quarter of an hour before the men could be quieted. When the time arrived to take the men to the Howard-street wharf, there to embark in launches and be taken to the Tolosan, there was another uproar. Many of the Chinese refused to get up from the floor, even after they had been handcuffed, and had to be lifted bodily. They were handcuffed in pairs, and 12 of the most unruly were fastened together by a chain. They were marched downstairs, loaded into two express wagons, and guarded by half a dozen Federal officers on their journey to the Howard-street wharf. The Chinese were then taken aboard the Tolosan in launches. They sat stolidly in the boats, but as they neared the ship, many again broke out in sobs and expostulations against going aboard. The German officers were disposed to feel very bitter against the men who had testified against them at the hearing.

MUST GO BACK TO THE SHIP

Deserting Chinese Sailors to Be Surrendered to German Consul.

WASHINGTON, Aug. 8.—In the matter of conflict between the German Consul and the Chinese vice consul at San Francisco over the desertion of the Chinese crew from the German tramp steamer Tolosan, the Department of Justice decided today that the deserters should be surrendered to the German Consul. Explaining its action, the Department issued a statement today saying: The attention of the government was called by the German Ambassador at the arrest at San Francisco of 24 Chinese members of the crew of the German steamer

Tolosan, and their being taken before a commissioner to be deported to China under the exclusion laws. As there is a treaty with Germany providing for the arrest and return to the German consuls of deserting seamen, a question arose whether the Chinese should be deported today on the Manchuria or be turned over to the Consul. As the German steamer proposes to take them back to China, and as we have no right to object to a Chinese crew on a foreign ship, and as the department could see no inconsistency between the treaty and the deportation law, the District Attorney was directed to advise the commissioner to deliver the deserters to the German consul. It is understood that the desecration, complaint of their treatment by the officers of the Tolosan, may be simply because, being deserters, they feel bound to give some excuse for leaving the ship. However this may be, the German consul, under the treaty authority to settle all disputes between the master and commissioner, and they will doubtless obtain redress from him, if they are entitled to any.

Two Husbands in Trouble.

The cases of J. W. Kimby and John Beck, charged with nonsupport by their respective wives will be tried before Judge Webster today. Beck, who is colored, is the first husband of that race arrested under the new state law. Mrs. Ida M. Beck says he has not supported her since last May. Bail for the two men was fixed at \$250.
