### ANOTHER ROAD THROUGH VALLEY

Franchise Asked of Salem Council for New Electric Line.

HILL'S INTEREST HINTED

New Road to Extend From Salem Each Way to Eugene and Portland, With Laterals-Work to Be Rushed at Once.

SALEM, Or., Aug. 12 .- (Special.)petition was presented to the City Council tonight asking for a franchise over several streets of the city, from the northern to southern limits, with an outlet upon the Willamette River, for an entirely new electric railway system. The purpose of this is to con-struct a line of railroad from this city southward as far as Albany, on the fnitial stretch, and contemplates an extension to Portland on the north and Eugene on the south, with a lateral or feeder branching from the main line

at Turner to Mehama.

The franchise is asked in the name of A. Welch, of Portland. He is backed in the enterprise by Eastern capital, whose identity is withheld from publication at present, but the circumstances cation at present, but the circumstances surrounding the scheme smacks of Hill interests very strongly. The petition for the franchise covers two separate lines, both of which have their starting point at the Fair Ground store, on the Portland-Salem road, where it joins with the original L. B. French right of way. One traverses certain prominent streets through the residence. nent streets through the residence portion of the city, terminating at the river's brink, calculated to give an out-let to the system into Polk County. The other takes a river course through the city in a nearly direct line to the souther nlimits, and will connect in the vicinity of the Reform School with the line that has already been surveyed and for which right of way has been secured from this city to Mehama.

The specific conditions mentioned in e franchise are that work must be the tranchise are that work must be begun within six months after the granting of the franchise, and the entire road completed between this city and Albany within two years. This indicates that there is need of hurry in the completion of the project. Mr. Welch, who is at the head of the Wilsmotts Valley Company recently religious. ismette Valley Company, recently sold out his interests in the Eugene & Eastern to Story and others, who are pro-moting a system of lines out of Eu-gene. He is devoting his entire efforts the present project, which con templates a continuous system of electric rallway from Portland to the southern boundary of the state, with laterals reaching out to the most fertile sections of the Valley, having no rail outlet to the principal markets. Two crews of surveyors will be placed in the field the first of next week, and will complete the surveys according to to the will complete the surveys, according to the designs of the promoters, as they

FIRST JOINT-RATE COMPLAINT

Commission Has Work Laid Out to Adjust Rates on Cordwood.

bargo removed that has been placed upon cordwood by the Portland Rallway, Light & Power Company and the Northwest Log & Lumber Company (lessees), C. R. Aylesworth and F. C. Espenhain, Jr., representing the Sunnyside Fuel Company, of Portland, bave filed formal complaint with the Railroad Commission. They protest against the rate of \$5 a carload charged by the latter company upon cordwood shipments between Gerlinger mill and Deep Creek Junction, 27 miles distant from Portland, into Portland. They ask that an investigation be made with a view of securing the establishmetn of a through route or joint-rate for cordwood hat has been placed upon through route or joint-rate for cordwood over these lines. This is the first joint-rate complaint that has been received by the Commission during its existence.

Messrs. Aylesworth and Espenhain complaints aylesworth and Espenhain complain that they have purchased 1400 cords plain that they have purchased 1400 cords of wood in the vicinity of Gerlinger mill, the terminus of the line operated by the Northwest Log & Lumber Company, as lessees from the P., R. L. & P. Co., of which they have shipped 450 cords under the present arbitrary rate of 85 cents per cord, in addition to the regular tariff charged by the P. R., L. & P. Co. This, they allege, is discriminatory assumptions. charged by the P. R., L. & P. Co. This, they allege, is discriminatory against cordwood and in favor of the company's log shipments for its own consumption, and levied for the purpose of discouraging conducted shipments. cordwood shipments over its leased line into Portland. They denounce the switching charge as prohibitive to this commodity, as compared to other commodities with a natural higher classification, and look to the Railroad Commission for an equitable adjustment of the difficulty.

WEEVIL DESTROYING ALFALFA

New Pest in Utah-Machine to Catch Grasshoppers.

OGDEN, Utah, Aug. 12 .- (Special.)-A new pest is destroying alfalfa in the Northern part of Utah. It is a weevil, closely related to the ball weevil that has done so much damage to cotton in the South. The state entomologist, Professor E. G. Titus, has visited the infested fields and reports the pest as entirely new to this region, and says that so far as he is aware no damage to alfalfa has been re-

ported from a similar insect.

The authorities of the Utah Agricultural College are experimenting with a new ma-College are experimenting with a new ma-chine for catching grass hoppers in districts that are suffering from that insect. The machine is proving very effec-tive, having in one instance bagged 50 bushels of the hoppers in two days and at another time, ten bushels in three hours.

The machine is composed of a light wire netted box and a high tin flare sloping back to this box. It is 15 or 18 feet wide and is drawn by horses hitched

MAKE GRAIN SACKS OF JUTE

Washington Convicts Manufacture

Half Million in July.

OLYMPIA, Wash., Aug. 12.-(Special.)-Nearly 500,000 grain sacks, manufactured by convict labor at the State Peniten-tiary, were delivered to East Side graingrowers during July according to the report of the penitentiary for that month made by Superintendent M. F. Kinsald to the State Board of Control. Sales of these and other products of the jutemill brought \$45,761.20 into the state general

During the month 176,950 bags were manufactured at the mill, using about 410 bales of jute. August 1 there were about

1700 bales of jute on hand and the Board has called for bids for 4000 bales so that a supply will be on hand to keep the mill practically in constant operation. The mill was operated a total of 272 hours during the month, an average of 290 convicts being employed under the supervision of sight state employee.

vision of eight state employes.

The report shows 906 convicts on the rolls July 1 and but 990 on July 31.

Nineteen prisoners were received during the month, 38 were released, including a few paroles and those whose terms had expired. There was one escape, Joe Kelly, expired. There was one escape, Joe Kelly, of Spokane, who would have been released soon, had he not forfelted his good time. He has been recaptured this month and will now have to remain in prison until November 24, 1907. Of the 19 new prisoners received, but seven were sentenced under the indeterminate sentence law. Five of the new convicts are Indians, one being convicted of second-degree murder, three for bringing stolen property into the state and one for horse stealing. They are all from Okanogan County.

OIL WELLS IN SOUTHERN UTAH

Yield Fine Grade of Oil but Are Very Hard to Reach.

OGDEN, Utah., Aug. 12.—(Special.)—The new oil fields of Southern Utah are attracting oil men from all the surrounding states, and development will be as rapid as poor transportation facilities will permit. The only important well yet opened is flowing 100 barrels a day and other wells will be engaged as soon as machinery wells will be opened as soon as machinery can be placed on the grounds. It must be hauled 40 miles in wagons after leaving the Sait Lake railroad.

The new fields are near Virgin City, Utah, and the route usually traveled is by way of St. George. Stages and all available private conveyances are engaged ten days ahead. Tests show 64 per cent lubricating oil, 33 per cent lituminating and only a residue of 3 per cent. Ex-perts pronounce it of a finer grade than California oil and say there is none better found in this country. The chief better found in this country. The chief difficulty is in its inaccessibility.

CRUISE OF LEWIS COUNTY RE-VEALS MANY THINGS.

Assessment of Timber Lands to Be Raised to Three Times Its Former Value - Expert Cruiser.

CHEHALIS, Wash., Aug. 12 .- (Spe cial.)-In a report from W. M. Clinton. an expert timber cruiser, made to the Board of Commissioners of Lewis County, it is found that a section belonging to the Weyerhaeuser timber interests, which had been listed for many years as burned-over land, contains a

little over 60,000,000 feet of timber.
The Board of Lewis County Commissioners is in Seattle today conferring with the Board of King County regarding the matter of timber valuations. The county has recently re-ceived many of these reports on the cruise of Lewis County timberlands, which is being made under the direction of W. M. Clinton. Notices are being rushed at the cruiser's office for the Equalization Board, and within a day or two the Weyerhaeuser Timber Company, the Continental and other large owners of timberlands, will re-ceive notices that will cause some per-turbation. The Board of Equalization proposes to raise their assessments on timber holdings from double to treble the old valuations.

E. M. Porter Suffers Injuries That

Cause His Death. BAY CITY, Or., Aug. 12—(Special.)—One of the saddest accidents that has occurred in this vicinary for many years happened at the Miami Lumber 'com-SALEM, Or., Aug. 12.—(Special.)—For he purpose of having the alleged empany's sawmill, two miles north of this shortly after 1 o'clock yesterday noon. E. M. Porter, the victim, has been employed as oller in the mill for some time and while engaged in lubricating the engines, he was caught by the shaft and thrown onto the flywheel, making a complete revolution between the belt and wheel. A Mr. Boodle saw the accident and soon had the machinery

shut down Drs. Hawk, of Bay City, and Bowles, of Tillamook, were summoned, and after a hasty examination, found that Porter left shoulder was mangled, the top of the lung crushed, the left arm broken in many places and the head badly brulsed and cut. Hemorrhages made the case doubtful from the first, but the injured man was given careful attention by the physicians and Miss Mable Watt, a trained nurse from Portland. Last night Dr. Hawk announced that the man stood a fighting chance for recovery, but the injuries were too severe, and death came early this morning.

Mr. Porter was about 40 years old and had no family. The only relative in this part of the country is a sister. Mrs. W. H. Cooper, of Tillamoek, wife of Dep-H. Cooper, of Tillamoek, wife of Deputy District Attorney W. H. Cooper, The funeral will be held in Tillamook Tuesday morning.

1084 INSANE IN HOSPITAL

Washington Board of Control Gets July Report.

OLIMPIA, Wash., Aug. 12.—(Special.) There are 1084 inmates at the Western Washington Hospital for Insane, according to the July report of that institution made to the Board of Control by Dr. A. P. Calhoun, the superintendent. This was the number on the rolls July II, as against 1988 on hand July II. During the against 1988 on hand July 1. During the month 33 patients were admitted, 22 males and 11 females; 15 were discharged,

males and il females; il were discharged, of whom 12 were males; two male patients died. There were 25 patients paroled and nine male patients escaped of which seven were returned.

The work on the mortuary building and surgery and the addition to the laundry is progressing rapidly. The walls are up and the roofs are being put in place. The new bollers for the engine room have arrived. These were shipped out have arrived. These were shipped out via the Northern Pacific and stood up so high in the car, it is said, that in places in the tunnel it cleared the tunnel walls by a few inches and had the train crew apparently worrieu.

Dennis & Davis Incorporate.

OREGON CITY, Or., Aug. 12 .- (Special.) -The Dennis & Davis Shingle Company today filed articles of incorporation in the County Clerk's office, with a capital stock of \$100,000, divided into 1000 shares at \$100 per share. The incorporators are C. M. Dennis, R. E. Davis and M. H. Dennis, and the purpose to manufacture, buy and sell shingles, lumber and other materials. The principal office of the concern is in Milwaukle.

Another Irrigation Delegate.

SALEM, Or., Aug. 12.—(Special.)—Governor Chamberlain this morning named R. Alexander, of Pendleton, a delegate to the National irrigation congress, which will hold its annual convention at Sacra-mento, September 2 to 7, inclusive, in addition to the list originally announced by

Watches cleaned, \$1, at Metzger's .

## HEAVY LOSS IS CAUSED BY DAM

Thousands of Acres of Land Are Inundated in Idaho.

FARMERS ARE HOMELESS

Washington Water Power Company Said to Be Responsible for Damage to Ranches Along St. Joe and Coeur d'Alene Rivers.

POST FALLS, Idaho, Aug. 12.3 (Special.) Because of a dam built by the Washington Water Company at this point, thous and of acres of farm land are overflowed and the crops that would ordinarily be The farmer harvested are a total loss. of the country along the St. Joe and Coeur d'Alene Rivers are greatly wrought up over the loss of their homesteads. Nearly 300 ranchers are affected, their living and very homes being at stake.

It is estimated that more than 3000 acres lying along the Coeur d'Alene River alone are completely submerged in several feet of water. Along the St. Joe River are other districts of lesser acreage beneath the water, and in the Wolf Lodge country and other lake regions there are hundreds of acres of splentld grazing meadows now covered with sev eral feet of water. The total amounts to many thousands of acres that are abso-lutely worthless under the present condition of affairs.

The farmers will club together and fight the corporation that has practically ruined their farms and homes and left them in bad shape for the approaching Winter and one of the most extensive and complicated law-suits ever brought in this part of the country is now threat-ened by the farmers of this district.

The thousands of acres now overflowed have heretofore been harvested in the month of August and produced from one to three tons of splendid hay to the acre. which sold on the market from \$12 to \$16 a ton. Now, however, as the entire tract is, and has been for some time overflowed with several feet of water, there is pracwith several feet of water, there is practically no hope of any hay being harvested here this year and the Winter feed will not only be lost for the stock but many families who depended on their hay crop to buy their Winter supplies will be rendered destitute. In many cases the farmers have lost all their possessions by

the high water.

The Washington Water Power Company claim they have a right to dam the lake, having derived this right from Ar. Post. who settled at Post Falls in the early days and who derived his right from the Government when he took up his home stead here. The farmers took their homesteads in good faith, received a pat-ent from the Government and therefore claim that the flooded lands are a los to them and that they are entitled to damages. The farmers claim that the hay grown in the flooded district is worth slly not less than \$113,000

CAUGHT IN THE FLYWHEEL NEW BRIDGE TO BE BUILT

Lower Site at Estacada to Be Chosen by County Court.

from the present bridge, opposite the lower end of the town, as the people of the place have agreed to defray the ex-pense of building a road to connect with the bridge. Judge Dimick was in Ectacada yesterday and ascertained by meas-urements that there would be practically no difference between the cost of the bridge at either site. The high bridge across the Clackamas at Estacada has been considered dangerous for a long while, and the new structure will be built

Oregon City School Teachers.

OREGON CITY, Or., Aug. 12.-(Special.) -City Superintendent Walton C. McKee, of the Oregon City schools, has made the grade assignments of teachers for the coming school year, as follows: Barclay building—First grade, Margaret Williams; second grade, Harriet Cochran; third grade, Laura Pope; fourth grade, Pearl G. Cartlidge; fifth grade, Ellen Brobst; sixth grade, Edith Karr; seventh grade, Ida Mae Smith; tenth grade, Pro-

france, Ida Mae Smith; tenth grade, Pro-fessor W. C. McKee.

Eastham building—First grade, Frances
Myers; second grade, Irene Carter; third
grade, Elizabeth Kelly; fourth grade,
Emily O'Malley; fifth grade, Maude Adair Rutherford: sixth and seventh grades, Gustena Randall; eighth grade, Viola M. Godfrey. The assignment to the ninth grade in the Barciay High School has not yet been made, as the Board of Directors has not elected a teacher for that position.

Oregon City Divorce.

OREGON CITY, Or., Aug. 12 .- (Special.) -Minnie Miller, who was married in Port-iand, Or., March 9, 1905, to John F. Miller, has instituted suit for divorce, alleging that May 16, 1905, while she was washing clothes, her husband approached and cursed her She also accuses him of fre-quenting saloons and of utter failure to ontribute towards her support and the support of her children-Fred Ross, aged 16 years, and Lizzie Ross, aged 15 years. Miller deserted his family December 8, 1905, and remained away eight months, returning June 12, 1906, and staying until May 17, 1907. The plaintiff avers she is the owner of lot 2, block 11, Portland, and asks that she be permitted to retain this

Runs Into Live Wire.

SALEM. Or., Aug. 12.—(Special.)—Carl Johnson, single, a laborer who has been employed for the past 10 months on the Government snag boat, Mathloma, came in contact with a live wire this afternoon and was knocked senseless. Johnson had elimbed a kerick with the board of the same contact with a live wire the same less. son had climbed a derrick on the bow of the boat as it was crossing a bir, and received the full charge of 220 volts from the wire. He was injured internally and his recovery is doubtful.

Old Man Insane.

OREGON CITY, Or., Aug. 12.-(Special.) -Mrs. Myrtle Buzbee this afterno swore to a complaint charging her father-in-law, John Buzbee, with insunity. The family formerly resided in Canby and moved to this city a short time ago. Buz-bee is past 70 years of age, and his afflic-tion is simply senility.

#### "IN SIMPLE TRUST"

One of the most common services a Trust Company performs, is to hold the title to real property "in simple trust."

This means the title is conveyed to the Trust Company, which issues a certificate reciting that the property is held in trust for you, and subject to your directions in writing. When you are ready to deed the property, on a written request from you the Trust Company executes and delivers its deed as instructed by you. You do not need to bother about drawing the conveyance, setting your wife's signature, bunting up a motary, and you may be in Portland or in Europe-your request is all that is required. The papers are sure to be right, a careful record of the transaction is kept, your papers safely preserved, and above all, the transaction is kept absolutely and unvaryingly confidential, and unless you disclose it, your interest need not be known. Fees moderate—merely a reasonable compensation for the service rendered.

### SALMON SHY IN YAQUINA

RUN NOT YET BEGUN; PLENTY FOUND NORTH AND SOUTH.

Reason Assigned Is Yaquina River Is Not Fed With Fresh Water Until Fall Rains Come.

NEWPORT, Or., Aug. 12 .- (Special.)-Phough salmon are now running well in the Alsea River, 15 miles south of here, and are also plentiful in the Siletz, 22 miles to the northward, they are not yet running in the Yaquina River. Occasion-ally a silverside is seen in the bay but the salmon run has not begun, although streams both north and south of here are full of the fish.

This condition is due to the fact that the Yaquina River carries very little fresh Both the Alsea and the Siletz are fed by many mountain streams and the fresh water in them causes salmon to enter them earlier. Salmon never begin to run in the Yaquina River until the Fall rains come and the fresh water is apparent in the stream

GAZELLE RUNS INTO WHALES

Excursion Boat From Newport Finds School of Ten.

NEWPORT, Or., Aug. 12 - (Special.) The Isunch Gazelle, of Portland, which is now at Yaquina Bay making the Yaquina-Newport run while the steamer T. M. Richardson is being repaired, has successfully made two excursion trips out over the bar loaded with passengers. Saturday while the Gazelle was out about three miles it ran into the school of whales which have been sporting about in the ocean off the Nye Creek beach the

accepted the invitation of the St. Louis Business Men's League to participate in its hospitality in the Missouir Valley metropolis. They will meet President Roose-velt and take the trip down the Mississlppi River on the river steamboat, Alton, chartered for the occasion, to at-tend the deep waterway convention at Mempis, Tenn. Among the Governors are Joseph K. Toole, Montana; Bryant B. Brooks, Wyoming; John Burks, North Dakota; Coe I. Crawford, South Dakota; J. O. Davidson, Wisconsin; Albert B. Cummins. Iowa: George L. Sheldon, Nebraska; Edward W. Hoch, Kansas; Charles S. Deneen, Illinois: Joseph W. Folk, Missouri; Malcolm R. Patterson, Tennessee; Frank Frantz, Oklahoma; X. O. Pindall, Arkansas; Newton C. Blanchard, Louisana; Napoleon B. Broward, Florida; Thomas M. Campbell, Texas.

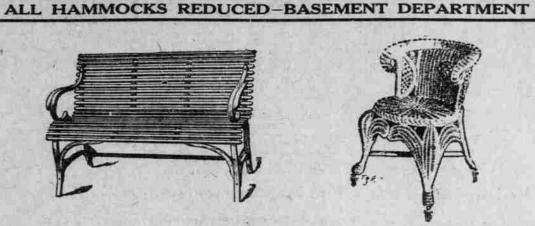

Honors for Burnett.

ABERDEEN, Wash., Aug. 12.-Since the meeting of the A. Y. P. Commissioners in Seattle, it looks probable that Louis H. Burnett, of this place, will be made chair-man of the forestry committee. This would be pleasing to the people of this section, as well as recognizing the fact that this is the greatest lumber region in

Buys North Powder Store.

MILWAUKIE CLUB DEPENDS UPON HIS RETURN.

His Money to Fight Closing-Milwaukle in Darkness, but Will Dig Up Money to Buy Light.

OREGON CITY, Or., Aug. 12.—(Special.)

-Upon the return of Isaac Gratton, the founder and promoter of the Milwaukie founder and promoter of the Milwaukle Country Club, from his trip in Europe, depends the action of the club, and until he returns to Oregon soil it is very unlikely that any steps will be taken towards making a legal fight in the courts. Mr. Gratton is a life-long gambler and his opinion among the sporting fraternity and his associates naturally carries considerable weight. It is generally ries considerable weight. It is generally believed here, however, that eventually the fight will be made for the simple reason that the gamblers have little to lose by going to the courts for relief and everything to gain. While th lights of Multnomah and Clackamas counties do not generally agree with Senator Hedges in his opinion that the Governors to Go Junketing.

SALEM, Or., Aug. 12.—(Special.)—Beside
Governor Chamberlain, 16 Governors have

Governor Chamberlain, 16 Governors have Hedges' ability as a lawyer and it would not be at all surprising if they would act along the line of his suggestions.

There is no doubt that the club will be reopened if the fight is to be made, for there is no other way by which the gambiers can get their case before the bar of justice. Their plan will be to open the resort, and when this is done some one will communicate with Sheriff R. B. Beatie, who will go to Milwaukie forthwith and arrest the gamblers on a charge of violating the state law.

Sheriff Beatle states positively that the club will not be permitted to operate pending the decision of the courts, and this being the case it is probable that many months will elapse before the pub-lic is assured of the ultimate result, for, no matter what the decision in the Cir-cuit Court, the matter will be carried up to the Supreme Court of the state. Isaac Gratton has a snug sum of money invest-ed in the grounds and buildings of the Milwaukie Country Club and it is certain that he will not lie down quietly and submit to the state authority without a struggle, while his counsel is advising him that he has a legal right to run under the license of the city of Milwaukie. Gratton is naturally a tenacious man and wants a run for his money, and he has quite comfortable pile, accumulated through years of gambling on the green cloth in Multnomah County.

The people of Milwaukie are indignant over a report that was circulated today that the owners of the Milwaukie Club had been paying for the street lamps. Milwaukie was in total darkness Saturday night and again last night and it was reported that the Country Club had de-clined to stand the expense of the lights. Mr. Sellwood, when seen today Metzger & Co., opticians, 342 Wash, st . that this report was false and that Mil-
