MONTAVILLA GETS BULL RUN.—The main which will supply Montavilla with Bull Run water has been completed and connected up, and the people there are now getting what they have been asking for many years. Connection was made with the high-service reservoir at the south side of Mount Tabor and a good pressure is assured throughout the territory dependent on that main, which is a 12-inch wooden pipe. This main is the first of the sort to be put down in Portland. It was laid on the suggestion of Mayor Lane so that it should be kept tained by a thorough test whether such pipe is serviceable. This instance will be a fair test, as the pipeline will carry a heavy pressure and if there be any weakness in the pipe it will show itself. The main was laid down the east side of Mount Tabor to the Base Line road and then to Villa avenue. The new main was connected with the present system, which is composed of small pipes and which must be replaced with larger ones. Full water supply cannot be given with the present service, but the new pipe is a great improvement over the service that has been given.

VETERAN TRIES MARRIAGE AGAIN.—Francis J. White obtained a license to wed Mrs. Martha E. Kent on Tuesday. When the couple called at the County Clerk's office for the certificate they were accorded quite an ovation by the clerks and deputies, the veteran having made a good impression on the officials when he came in at stated times to have his pension papers made out and acknowledged. Attorney J. E. Magers accompanied the couple to certify to Mrs. Kent's residence for the necessary period in Oregon, and speaking of her said she is a most estimable woman, having two sons at work for the streetcar company, one as motorman and one as conductor.

Mr. White is a veteran of the Spanish War, and after a long siege of illness, most of a year being unable to leave St. Vincent's hospital, has finally almost entirely recovered his health. He is a pensioner of the Government and this pension was the basis of great annoyance to the old soldier. He succeeded in thwarting efforts of certain persons to obtain control of his affairs, had his marriage annulled with a woman with whom he could not get along agreeably, and now started on another road with every prospect of living happily for the remainder of his life.

The 16,000 depositors in the Oregon Trust & Savings Bank would have been much better off, no doubt, if they had bought inside Portland real estate. Remember Portland is growing and will continue to grow, and sensible people are investing their money in good corner lots in the city, and erecting buildings thereon, and drawing rents instead of putting money into such concerns as the Oregon Trust & Savings Bank, to be loaned out on really sound and various kinds of so-called securities. Seek the aid of a reliable, experienced and responsible real estate dealer and buy good property. Hold your own securities and draw your own rents. Remember Portland real estate will not burn up or run away, and will surely increase in value. We have had nearly 30 years' continuous business experience in the city of Portland. Have now some good bargains and will give you our best services and advice in the matter of making real estate investments. Out-of-town investors are requested to call or write us, and are referred to any of the banks or mercantile houses in the city as to our standing and business methods. Charles K. Henry & Son, 122 Third street, Portland, Or.

PROFESSOR CRAWFORD HERE.—Professor Thomas H. Crawford, who has been connected with the Oregon Agricultural College for a number of years, and who formerly was principal of Pacific School and afterwards Superintendent, was in Portland yesterday. With his wife he had been to Seattle and was on his way to Corvallis. He visited points of interest in Portland, and was surprised at the great growth made since he was at the head of the city schools. Speaking of the Agricultural College Professor Crawford said that last year 56 students were enrolled and that 1000 were expected for the coming year if the same ratio of increase is kept up. Erection of the girls' dormitory, he thinks, will increase the attendance of young women at the institution. Excepting ex-President T. M. Gatch, Professor Crawford has been an educator probably as long as any man now in active service in Oregon.

HENNESSY'S SRENUOUS SOLO.—When Policeman Ben Peterson heard two shots fired in the vicinity of the Lewis and Clark Fair grounds last night, he rushed for a patrol box and excitedly telephoned to Captain Slover at headquarters, saying that perhaps a murder had taken place and that a hold-up was in progress. He was given orders to rush to the scene and investigate. In the course of time, Policeman Peterson again hit the phone, and had something definite to report. No murder had occurred, neither was there a hold-up. The worst that had happened was that Frank H. Hennessy, clerk of the Municipal Court and a well-known vocalist, was singing a song entitled, "Captain Hardtack on Guard." During the chorus of this ditty, two shots were fired, and those were what the officer heard.

NOT THE SAME WALKER.—The H. B. Walker arrested Monday evening for having stolen a gold watch valued at \$100 from Miss Lida Warner, is not the H. B. Walker who resides at 505 Burnside street. The man under arrest is said to reside at Gresham, and has been endeavoring to square the case. A brother of H. B. Walker, of 505 Burnside street, desires that the correction be made in justice to the young man, who bears an excellent reputation.

OPERATED ON FOR APPENDICITIS.—Miss Mabel McDonald, daughter of William McDonald, residing at 513 Northrup street, underwent an operation for appendicitis at St. Vincent's Hospital Tuesday morning. The operation, which was performed by Dr. H. W. Patton and Dr. B. F. Miller, was successful, and the patient will leave the hospital in a few days.

STREET LAMPS FOR POSTOFFICE.—Postmaster Minto yesterday received authority from the Treasury Department to erect three ornamental lamp posts in front of the postoffice building. The lamp posts, which will be furnished with two four-glower Nernst lamps, will be placed on the sidewalk on the Morrison-street front of the building.

Threaten Northern Pacific.

OLYMPIA, Wash., Aug. 21.—(Special.)—The Northern Pacific may be prosecuted by the State for the Commission for hauling damaged cars to the shops at South Tacoma for repairs. Washington has a new law regulating the transportation of bad-order cars similar to the Federal statutes. This holds that a railroad must not haul damaged cars past one repair shop to another for repairs to be made. It is said the Northern Pacific has been doing this.

Milwaukee Residence Burns.

The residence of Charles McCormick, in Milwaukee, was destroyed by fire at an early hour yesterday morning. Mr. McCormick, who is a resident of Portland, was in the city at the time of the fire.
