RUNYAN TELLS STORY OF WOMAN WHO TEMPTED HIM.

Only Knew Her Two Weeks Before Giving Her Stolen Money—Knew Not What He Stole.

NEW YORK, Aug. 29.—Chester B. Runyan, the defaulting teller of the Windsor Trust Company, had known Laura M. Carter only two weeks and had been in her company less than 12 hours altogether when he gave her \$15,000, according to his testimony at the trial today. Mrs. Carter is charged with having received money which she knew

to have been stolen and Runyan was the principal witness against her. Asked if he did not think he was inviting disaster when he showed the \$15,000 which he had taken from the bank to the woman on the street he replied, "I don't know. I don't think that it ever occurred to me."
He said that up to the time he offered Mrs. Carter \$5000 to keep him out of the way of the police for two or three months, he had never thought of deserting his wife and home. At that time he did not have a dollar.
When he left the bank with the suitcase stuffed with bank notes, he had no idea of the amount of money it contained. The packages of bills had been picked up at random and thrown into the suitcase. The first time he knew the exact amount of his riches was when he counted the money in the presence of Mrs. Carter in the flat which she had engaged as a refuge for him.

LAWYERS OF WORLD MEET

Bryce Says Americans Favor Aim of International Law Association.

PORTLAND, Me., Aug. 29.—Members of the legal fraternity representing the principal countries of Europe and America are in attendance at the 8th annual conference of the International Law Association, which opened today. This is the second time the association has held a conference in the United States. Officers for the ensuing year were elected as follows:
Honorary president, Simon E. Baldwin, LL. D., Chief Justice of the Supreme Court of Errors, Connecticut; president, Right Hon. Lord Justice Kennedy, LL. D., Court of Appeals, London.
Evans Dearth, London, read a paper on "Intermittent Progress of International Arbitration."

James Bryce, the British Ambassador,

made a brief address, stating that in his opinion the sentiments of the American people are in favor of those objects whose accomplishment is the aim of the International Law Association. He believed the association was doing a great work in paving the way for points likely to come before courts of arbitration.

SEEKING WORK IN SPOKANE

Advance Guard of Hindoos Coming South From British Columbia.

SPOKANE, Wash., Aug. 29.—(Special.)—The advance guard of the Hindoos has struck Spokane. The army from Southern Asia which has been the cause of so much complaint in British Columbia, and which recently invaded Washington, has moved this far toward the east. License Inspector Gwydd had a scare this morning when he saw two Hindoos on the street near the central fire station respondent in their gaudy turbans. He anticipated a fresh batch of fortune-tellers, but on investigation found they were two lone laborers from the colony of Hindoos who have been stranded in British Columbia. They are hunting work. The pair were deeply interested in the working of the fire department and were shown through the department by the men.
