

TREMBOLES FOR THE CONSTITUTION

Parker Has Vision of Roosevelt's Ruthless Hand Laid Upon It.

CALLS PLUTOGRATS TO AID

Submerged Democratic Candidate Rises at Norfolk to Summon Men of All Parties to Rescue of Institutions.

NORFOLK, Va., Sept. 17.—Judge Alton B. Parker, of New York, former Democratic candidate for president, and Samuel W. McCall, member of Congress from Massachusetts, made the principal addresses at the Constitutional Day celebration at the James-town Exposition today.

Judge Parker was at his best and spoke with great force and earnestness. He said in part: Roosevelt's Awful Designs.

In the view of the President, the Federal Government needs an increase of power—needs power which will deliberately be declined by the states and the people when the National Government is created.

True, there is a way to transfer that power from the states to the Federal Government, if the people wish it, but it may well be said that no amount of labor would persuade the states to surrender their homelike powers in the sufficient measure to meet the views of the President as to National necessity.

Duty of the Executive. The states and the people undertook by the Constitution to fix the boundaries of each of the great departments of government, beyond which neither Federal Government, nor legislative or judicial power, was to be exercised.

Plutoocrats to the Rescue. With equal frankness those of us who love the Constitution and revere its memory, but the wisdom of its framers, who believe that the powers were wisely distributed between the states and the Federal Government, and deem that all that history teaches us should be learned.

Let Champions Enter Lists. If, then, there were no immediate danger of an effective seizure of powers, we should, to protect the future, meet the assaults of the Federalists with an equal vigor.

ISLE IS NO MAN'S LAND Japan Defends Right to Seize Isolated Spot.

VICTORIA, B. C., Sept. 17.—According to mail addresses from Tokyo, Japan claims the right to occupy Pratas Island, which was recently taken possession of on behalf of Japan, on the ground that, as it lies between the twentieth and twenty-first parallels, it was no man's land.

TWO NATIONS CLAIM ADETT Both United States and Britain Want to Try Murderer.

VICTORIA, B. C., Sept. 17.—Trouble has arisen with regard to the extradition of W. H. Adsett, arrested at Chefcoo and taken in the United States steamer Galveston for the murder of Gertrude Dayton, an American woman, in a Hongkong hotel.

TERMS OF PEACE DICTATED France Expects Moors to Agree to Big War Indemnity.

PARIS, Sept. 17.—The French government is greatly encouraged by the improvement in the Moroccan situation, and strong hope is entertained that the rebellious tribesmen with whom the delegates, who conferred with General Druide on Sunday are now consulting, will agree to the peace terms, which include:

1. The punishment of the authors of the Casablanca massacre and the ringleaders of the movement.

2. An agreement that no tribesman shall enter with arms within a radius of 12 kilometers of the city.

3. The acceptance in principle of the payment of a war contribution, the amount of which will be fixed hereafter by negotiations between the Moroccan government and France and Spain.

It is pointed out that the war contributions have no relation to the indemnity to be exacted from the Moors for the loss of life and property, which will be a matter for future adjustment. If peace is arranged on the above terms, no further landing of troops will be made, and pending the result of the negotiations, orders from the embarkment and forwarding of reinforcements have been rescinded.

The delegates of the Moorish tribes are expected to give the final response of the tribesmen Thursday.

Another good feature of the situation is a definite agreement with Mohammed el Gabbas, the Moroccan War Minister, for the immediate installation of police at Tangier in accordance with the terms of the Algeiras Convention, namely, native police under French-Spanish instructors. The minor outcome of the struggle between the rival Sultans of Morocco is a matter which the French government is not concerned, the mandate of France and Spain being limited to the restoration of order and security at Moroccan ports.

SHELL KILLS FORTY JAPANESE Explosion on Battleship Causes Death and Havoc.

TOKIO, Sept. 17.—(Noon)—Forty of the crew were killed and injured on board the Japanese battleship Kasuma by the explosion of a 12-inch shell within the shield, after target practice, near Korot, September 7. The fatalities included a Lieutenant, two cadets and one staff officer. The explosion was terrific and the ship suffered considerable damage.

The explosion followed an attempt to remove an unexploded shell from the gun. A majority of the bystanders were fearfully mutilated.

Hints at Terrors to Come. Captain Judson is one of the officers who were sent to Manchuria to report on the observations of the operations of the Russian and Japanese armies. The scenes of carnage which he witnessed appear to have had a most demoralizing and depressing influence upon him in his report he disparages the utility of the United States Navy, hints darkly at coming wars, which will involve this Nation, and tells about the weakness and embarrassments growing out of the Philippines, the Panama canal and the Monroe doctrine.

Should Keep Fleet at Home. If Captain Judson could only have foreseen the events of the present Summer, he would have included a drastic criticism of the policy of massing American battleships on the Asiatic station. In enumerating some of the mistakes of the United States, he speculates on what might have happened if the Russians had kept their battleship fleet at home and had thrown as victims to the Japanese gunners only a few protected cruisers. He declares that, if this policy had been followed, there would have been no war, and then incorporates in his report the following observation on the unwisdom of the Nation's scattering its naval forces.

Designs of Germany and Japan. "This is, to be sure, a naval question, but strategy is much the same on the land and on the sea, and one is forced to wonder why we maintain several battleships on the Asiatic station, subject to destruction in case of sudden war."

JUDSON SEES BLUE

Army Officer Criticizes Army and Navy.

FOOLISH TO MOVE FLEET

Engineer Officer in Manchuria Sends Report on Military Policy Which Will Raise Hornets' Nest in the Capital.

WASHINGTON, Sept. 17.—(Special.)—A most extraordinary Government document, which, by its prodigious criticism, promises to raise a hornet's nest about the ears of its author, Captain William V. Judson, of the Corps of Engineers, United States Army, has just made its appearance. Captain Judson, in an official report, gives ground for complaint, not only on the part of naval officers, members of the diplomatic corps and brother officers in the Army, but has something to say about the foolishness of sending warships to the far Pacific, which is out of harmony with the announced intention of President Roosevelt in this regard.

Registers and Receivers to Make Out Settlers' Papers and Put Shysters Out of Business. OREGONIAN NEWS BUREAU, Washington, Sept. 17.—Land Commissioner Ballinger today issued an order requiring registers and receivers of local land offices to prepare application to make entries and filings on public land whenever so requested by prospective entrymen. Blank forms will be supplied for the purpose and service be rendered without charge to entrymen.

More Money-Order Offices. OREGONIAN NEWS BUREAU, Washington, Sept. 17.—On October 1 Homebased and Nolin, Or., will become money-order postoffices.

MARTYR TO YELLOW FEVER Major Carroll, Who Experimented on Himself, Is Dead.

WASHINGTON, Sept. 17.—Major James Carroll, surgeon U. S. A., who was a member of the commission which was sent to Cuba to study yellow fever just after the close of the Spanish War, died at his home here late yesterday.

DISAGREES WITH TUCKER Director-General of Jamestown Fair Resigns in Digest.

NORFOLK, Va., Sept. 17.—In a letter addressed to the Board of Directors, which arranged a settlement of the differences existing some weeks ago between himself and President Harry St. George Tucker, of the Jamestown Exposition, James W. Barr requests to be relieved of his duties as Director-General.

Mark Twain Visits Rogers. FAIRHAVEN, Mass., Sept. 17.—Samuel L. Clemens (Mark Twain) was the guest of Henry J. Rogers at the Sumner residence of the latter today.

Wood Will Stay Till Taft Comes. NEW YORK, Sept. 17.—It is said here that it will be 10 months at least before Major-General Leonard Wood as-

sumes command of the Department of the East, in place of General Fred D. Grant, who will then take command of the Department of the Lakes, with headquarters at Chicago. The change has been expected to take place this year, but it is now understood that the War Department has decided to keep General Wood in the Philippines until after Secretary Taft's visit to the islands.

When General Wood leaves Manila, it is the intention of the War Department to grant him an extended leave of absence, which will begin on his arrival in the United States, probably late next January. General Grant's transfer to Chicago has therefore been postponed.

AGREE TO PEACE CONFERENCE Central American Republics Accept American-Mexican Mediation.

WASHINGTON, Sept. 17.—A protocol was signed at Point Loma in communication last night with the cruiser Milwaukee, which passed the harbor 200 miles out at sea, on her way from Panama to San Francisco. At the former place the cruiser Alabama relieved the Milwaukee just before the latter left for the North.

Milwaukee on Voyage North. SAN DIEGO, Cal., Sept. 17.—The wireless station at Point Loma was in communication last night with the cruiser Milwaukee, which passed the harbor 200 miles out at sea, on her way from Panama to San Francisco. At the former place the cruiser Alabama relieved the Milwaukee just before the latter left for the North.

FREEZE OUT SHYSTERS BALLINGER ORDERS NEW FORM IN LAND OFFICE. Registers and Receivers to Make Out Settlers' Papers and Put Shysters Out of Business.

OREGONIAN NEWS BUREAU, Washington, Sept. 17.—Land Commissioner Ballinger today issued an order requiring registers and receivers of local land offices to prepare application to make entries and filings on public land whenever so requested by prospective entrymen. Blank forms will be supplied for the purpose and service be rendered without charge to entrymen.

This order is made to shut out shyster lawyers, who have been charging from \$1 to \$5 to make out applications for entrymen. Much of their work has been inaccurate, causing delay in action upon cases. Ballinger wants to put shysters out of business and simultaneously assist settlers who are trying to secure public land for proper purposes.

OREGONIAN NEWS BUREAU, Washington, Sept. 17.—On October 1 Homebased and Nolin, Or., will become money-order postoffices.

NO BASEBALL ON SUNDAY Lincoln and Iowa Teams Fined, but Will Test Law.

LINCOLN, Neb., Sept. 17.—Manager Holmes and nine members of the Lincoln baseball team were fined \$100 each and costs for playing on Sunday.
