# AMPLE PROOF OF REBATES GIVEN

## Government Can Convict the Southern Pacific in 50 Cases.

Stubbs Admits' to Commissioner Lane Special and Secret Rates Are Given-Shippers Testi-

fy to Rebates.

SAN FRANCISCO, Oct. 3 .- John H Marble, one of the attorneys representing the Federal Government in the investigation being conducted in this city by Interstate Commerce Commissioner Franktoday that the officials have sufficient evidence to convict officials of the Southern Pacific Reliroad Company of such violations in at least 50 cases. It is un-derstood the matter will be referred to the Washington authorities very shortly, and that United States District Attorney Devlin will be asked to present the facts to the Federal grand jury. Mr. Marble called attention to today's testimony of J. C. Stubbs, assistant freight agent of the Southern Pacific, who showed the diserimination and repates in favor of the arge shippers.

When it comes to favoring the large shipper and discriminating against the unaller shipper conditions are worse in California than anywhere else in the United States," said Mr. Marble. "I do not see how it is possible for the smaller concerns to exist at all under the cirumstances.

#### May Claim Reductions.

W. A. Sloan, assistant secretary of Southern Pacific, but did not know whether or not they were at reductions from regular rates. J. Leroy Nichols, vice-president of the Miller & Lux corporation, was only familiar in a general way with the "agreed rates." John Dil-ion, of his company, could explain them, Wakefield Baker, president of Baker & Hamilton, admitted that his firm had Wakefield Baker, president of taker as Hamilton, admitted that his firm had received \$12,066,12 in concessions from the Southern Pacific since the fire. They en-loyed a special rate between San Fran-cisco and Benicla, due to the fact that they had withdrawn a schooner line from that route. This, he added, had nothing to do with transcontinental busi-

## Cuts to Meet River Competition.

J. C. Stubbs, assistant general freight agent of the Southern Pacific, was shown a list of "extra special rates." He did not make these rates, but had made spe-cial rates on shingle shipments. He admitted that there was a special ship-ment rate on sand from Monterey to meet the competition of sand coming from Antwere.

meet the competition of sand coming from Antwerp. Mr. Stubbs said that preferential rates were given certain firms because of com-petitive conditions within the state. Re-plying to a question of Mr. Lans. Mr. Stubbs said there was a serious objec-tion to publishing the rates. They were made to meet river competition and, if published, the river boats would can un-der them. Mr. Stubbs further admitted that shippers who could afford to op-prate boats got lower rates in order to prevent competition.

#### Special Rates to Single Shippers.

The attention of Mr. Stubbs was called to a number of special rates, including the A. C. Bassett lumber companies, against \$2.50 per thousand to the Loma Prieta and the A. C. Bassett lumber companies, against \$2.50 per thousand to the Tib-betts Lumber Company and Healey Tib-betts Lumber Company and Healey Tib-

will conclude in the morning and will he followed by Earl Rogers, who will close for Ford. Assistant District Attorney Heney in the afternoon will close for the prosecution. Judge Lawlor will charge the jury and the case should be in the hands of the jury by 6:30 o'clock. A general belief prevails that the jury will fall to reach a verdict. At the resumption of the trial this

orning, Stanley Moore, of the defense, moved to strike out much important testimony on the ground that it was not connected with the defendant. This was a sequence of the failure of the prosecution to call Abe Ruef as a witness, considerable evidence having been admitted by Judge Lawlor, with the understanding that if the prose-LARGE SHIPPERS FAVORED Ford therewith, it should be stricken out. This connection, it was understood; would be made by the testi-

mony of Ruef. The motions made by Mr. Moore were submitted by the defense without argument.

Analstant District Attorney Heney said the request of the defense amounted simply to a motion to instruct the jury to acquit Ford on the ground of insufficient evidence, and announced his readiness to argue the question.

Mr. Heney disputed the genuineness of the defense's contention, and insisted that by showing a conspiracy between with all of the actors he had fully connected Ford with the commission of the lin K. Lane into the subject of secret crime in all pertinent testimony re-railroad rebates and other abuses, said forring to times prior to June 11, 1906, the day on which, he declared, the conspiracy had been consummated by the passage of the trolley ordinance. Then followed several warm ex-changes between counsel, which were cut short by Judge Lawlor, who held his decision on Mr. Moore's motions in

his decision on Mr. Moore's motions in abeyance at the noon adjournment. At the opening of the afternoon ses-sion Judge Lawlor denied the motions to strike out interposed by the defense. Should a conviction be found against Ford, the defense will make these de-nials the chief basis of an appeal.

COFFEY HIDING FROM HENEY

#### Grafter Who Broke Immunity Con-

tract Is in Predicament.

SAN FRANCISCO. Oct. 3.-Ex-Super-visor Michael W. Coffey, whose immu-nity contract was broken when he failed to give satisfactory evidence in the Ford trial, has gone into hiding to avoid arrest on the indictment charging him with ac-cepting bribes. Coffey knows it is "all off with him," and having lost the supbut with min, and maring the true sup-port and friendsnip of the prosecution, faces sure conviction, as his testimony before the grand jury and in the Schmitz, Glass- and Ford trials is against him. When he chose to "throw down" the prosecution in the Ford case and give restimony facorable to the defendent's testimony favorable to the defendant's contention that the money was paid as a fee, the prosecuting officials decided that they were relieved of their guarantee of immunity, and his indictment promptly followed.

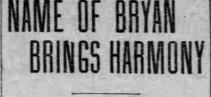

followed. Coffey's ball amounts to \$15,009, and as his total share of boodle was only \$16,009, he is in a bad way. Before he became Supervisor he was a hackdriver, and al-though he once achieved fame by stop-ping a funeral procession on the way to a cemetery while a controversy between the hackdrivers and the undertakers was settled, he is not known to have much money. He is hiding until arrangements can be made for raising the amount need-ed for ball. ed for ball,

Bx-Supervisor Wilson, now Rallroad Commissioner, who was similarly indict-ed, has been released on a bond furnished by a surety company. He has a bigger bank account than Coffey.

## HEARST DOES NOT APPEAR

Conference at State Fair in Springfield Is Veritable Love Feast. Mr. Bryan's Quarrel With Sul-

livan Is Lost Sight Of.

SPRINGFIELD, Ill., Oct. 3 .- (Special.)-SPRINGFIELD, III, Oct. 2.-(Special.)-Harmony among the Democrats of Illinois, with William Jennings Bryan as the choice for Presidential candidate, has been practically assured by a series of confer-ences held by leaders who are here under guise of attending the State fair. These have been the first big conferences held of late where the police did not have to pry the conferences apart, but the desire to get together and endeavor to secure something beside husks is so strong that factional differences and feuds were temfactional differences and feuds were tem porarily laid aside.

#### Sullivan Quarrel Settled.

An agreement has been reached that no attempt will be made to oppose Bryan, and the latter's friends in return will abandon any attempt to disrupt the state organization. The significant part of it is that National Committeeman Roger C. Sullivan and Charles Boechenstein, chair-man of the state committee, made similar announcements to this effect. The bitter feud between Sullivan and Bryan seems to have been smoothed over, for the time being at least.

Carter H. Harrison, ex-Mayor of Chicago, and leader of a large wing of the Democracy, declares himself unquali-fieldy for Bryan and for Colonel James Hamilton Lewis, as Democratic candi-date for Governor.

Bryan the Only Candidate.

"The only Democratic candidate for the Presidency we should consider, is William Jennings Bryan," said Mr. Harrison. "The others mentioned, including Governor Johnson and Governor Folk, are estim-able and able men, but it is the sense of the rank and file of Democracy that Mr. Bryan is entitled to be the standard beauer

Mr. Bryan is entitled to be the standard bearer." The only fly in the Democratic olntment appears to be the lack of any Hearst delegates in the conference. There are plenty of Hearst agents here but they are not talking harmony. However, the Democrats realize that they will have the Hearst element to fight in any event, so scant attention is given the attitude of the Independence Leaguers.

## FAILS TO SETTLE STRIKE

New Orleans Mayor's Efforts in Vain\_Strikebreakers Sent For.

NEW ORLEANS, Oct. 2 .- Mayor Behrnan failed today to compromise the leves strike at a conference between steamship agents and representatives of the 8000 co on handlers who are out in sympathy

with striking screwmen. The Screwmen's Union asked the Mayor to make another effort tomorrow. Steamship agents consider today's conference final, and have wired to Chicago and St. Louis for 3000 strikebreakers.

Striking Bollermakers.

ST. PAUL, Minn., Oct. 1.-(Special.)-The managers' committee which has charge of the handling of strike condi-tions on the five railroads involved in the bollermakers' strike issued the following statement tonight.

'Eighty additional men were received In St. Paul this morning and men have been coming steadily for some time past to fill places, vacated by the men who

to implaces, values of the men who are on sirks. The condition of the five rallways involved in the present troubles shows a substantial improvement this week and the situation is considered throughout satisfactory as it relates to progress made towards restoring normal

Strike conditions have been broken at a large majority of the principal points and the number of men at work is stead-ly increasing. The amount of work done and efficiency of the new force recently

put at work is also gaining steadily. On the five railroads affected there have been no delays to traffic. Repairs are being well handled and the inconvenience caused by the existence of the strike is steadily growing less. Reports from Chicago and the East indicate that the present satis-factory supply of men will continue.
