### Doctors Hold Out Strong Hope for Robust Old Francis Joseph.

## NO DANGER ANTICIPATED

### Latest Bulletin is Encouraging and Daughters Are Told Not to Come. Official Functions Are Not Yet Transferred.

VIENNA, Oct. 14.—After visiting the Emperor tonight, the doctors gave out the following statement: "The catarrh continues, the cough is stronger, the fever is less, his appetite is better and the nourishment taken is sufficient. The general condition of the patient is not unsatisfactory."  
It is semi-officially asserted that the recovery of the patient really begins from today, and even the body physician, who up to the present time has been pessimistic, now is more hopeful.  
Duchess Marie Valerie, daughter of His Majesty, and Princess Windischgrätz, his granddaughter, together telegraphed the Emperor today asking whether they should come to Vienna. Both were informed that there was no danger.

## KAISER COUGHS ALL NIGHT

### Transfer of State Business to Other Shoulders Delayed.

VIENNA, Oct. 14.—Optimistic accounts of the progress made by Emperor Francis Joseph were received from Schoenbrunn Castle this morning. Though his night was completely restless, his coughing, the Emperor felt considerably easier when he awoke, somewhat later than usual, and seated himself in his chair, and his mood was noticeably more cheerful. Dr. Heral, the imperial physician, who examined the Emperor carefully today, found that the inflammation has not increased. His Majesty expressed more interest in affairs of state than in recent days, and so it is hoped that any steps contemplated for transferring part of the official business to other shoulders and insuring the smooth running of the state machinery can be postponed for a few days, even should it become necessary at all. Archduke Francis Ferdinand, the heir apparent, is in constant touch with the foreign minister, Baron von Aehrenthal, who has the fullest confidence of the monarch.  
If the Emperor's condition does not become any worse, perhaps it will suffice if the baron, in his capacity as minister of the imperial house, concludes the necessary negotiations with the Hungarian government to assure the carrying out of recently concluded arrangements between the two governments, providing for their share in common expenses of the dual monarchy.  
It is known, however, that difficulties have arisen between the baron and the premier of Austria, in connection with the disputed points on the future position of the Hungarian kingdom toward the crown and toward Austria, and it was reported yesterday that the baron had handed his resignation to the Emperor, but it was semi-officially stated today that the differences are not serious enough to make the baron's resignation necessary.  
The optimistic opinion expressed regarding the Emperor's health are not confirmed from the best informed sources, whence it is persistently stated that the inflammation continues to be a bad symptom and does not give promise of the patient's speedy convalescence. The imperial physicians, it is stated, desire to move the Emperor to another and more suitable room, but he steadfastly refuses to permit them to do so. The room now occupied by his majesty is the one in which he was born, and therefore he has a sentimental attachment for it.

## NEGRO BISHOPS PENDING

### Episcopalian Discussing Question. Missionaries Appointed.

RICHMOND, Va., Oct. 14.—Measures providing for the establishment of a supreme court of appeals, for the appointment of negro bishops, and for the grouping of dioceses into provinces were pending when the two houses of the Episcopal convention of the Protestant Episcopal Church began the third week of the convention. The House of Deputies concurred in the action of the House of Bishops in erecting Eastern Oregon into a diocese.  
Bishop Tuttle announced today he had temporarily appointed missionary bishops to preside over the missionary jurisdictions in the West as follows:  
The Bishop of Idaho to preside over the district of Wyoming; the Bishop of Sacramento to preside over the district of Nevada; the Bishop of Utah to preside over the district of Western Colorado.

## LOVE AMONG CHAUFFEURS

### One Kills Another for Alienating Affections of Wife.

LOS ANGELES, Cal., Oct. 14.—Oscar E. Otto, aged 21, who was shot last night by G. H. Henderson, after a quarrel, died today. The shooting was the result of a feud of several months standing. Both men had been employed as chauffeurs. Otto had brought suit against Henderson for alienating the affections of his wife and a divorce suit was pending.  
Henderson, who disappeared immediately after the shooting, today surrendered himself to the police, pleading self-defense as an excuse for the shooting.

## VETERAN SUNDAY SCHOOL TEACHER

### Burlington, N. J., Oct. 14.—There was a celebration yesterday of the centennial by Mrs. Mary Wright of 90 years

Bryan and other statesmen and by many Baptist clergymen.

## MAGILL FEARED PUBLIC

### Was Heard to Remark He Would Be Blamed for Wife's Death.

DECATUR, Ill., Oct. 14.—When the trial of Fred H. Magill and his wife, Fay Graham Magill, charged with having caused the death of Magill's first wife, was resumed today, C. G. Oakman, an undertaker of Clinton, Ill., where the Magills lived, testified that he lived four doors from the Magill home. He said that during the year preceding the death of Mrs. Fay Magill he saw Fay Graham go to the Magill home about twice a week in that time, and he frequently saw Magill and her leave the house together in the morning. Oakman prepared the body of Mrs. Magill for burial. He said her right wrist and forearm were badly swollen. On cross-examination, Oakman said he had examined the body closely, but found no marks of violence.  
Mrs. W. C. Campbell, of Clinton, testified that she went to the Magill home in the afternoon after Fay died and she heard Fred Magill say: "I suppose the

## CHILDREN INSPIRE CREW

### Bark Gulf Stream Reaches Puget Sound, After Stormy Trip Around Cape Horn.

SEATTLE, Wash., Oct. 14.—(Special)—The British bark Gulf Stream, 215 days out from Antwerp and posted as overdue with re-insurance at 6 per cent, was towed into the stream tonight. Aside from the fact that some of her boats are gone, three sets of sails had been blown away and the iron railing is twisted out of shape by the fury of storms through which the vessel passed. The Gulf Stream has not fared badly. None of the crew was lost, though several members suffered severely in a month's battle the Gulf Stream fought at Cape Horn.  
Mrs. Wright and the two small children of the master, Alexander and Minnie, accompanied Captain Wright on the trip. Members of the crew claim the buoyant spirits of the children kept up their hope when it seemed the vessel would sink off the cape.  
The Gulf Stream ran into her first severe storm on June 4, and for two months Captain Wright says the vessel ran into a succession of heavy gales and hurricanes. For days the running gear was caked in ice and the vessel fought ineffectually for a month before she could round the Horn.  
Until she was reported off Flattery, the Gulf Stream had not been spoken since early in May. She brought a general cargo, largely consisting of cement, and will load wheat at Tacoma for the United Kingdom.

The matter came up on a motion to reconsider the vote by which the franchise recently was defeated. It was in connection with the application for this franchise that several officers of the company were indicted by the grand jury for offering bribes.

## FATHER THINKS HIM INSANE

### Bigelow, Denver Dynamiter, to Be Tried October 24.

DENVER, Colo., Oct. 14.—Kemp V. Bigelow, the young clerk who created a sensation here a week ago by sending dynamite packages through the mail to Governor Henry A. Buchtel, David M. Moffatt and other prominent citizens, and who later confessed that he was the author of the devastating letter demanding money, was arraigned today before United States Commissioner Hindsdale for a preliminary hearing on the charge of using the mails to defraud.  
A postponement until October 24 was granted at the request of United States District Attorney Cranston. A. L. Bigelow, father of Kemp, accompanied him to court and after a long talk with him expressed the opinion that he was insane.

## SWITCHMEN'S NEW DEMAND

### Ask Another Advance and Railroads Will Resist to End.

ST. PAUL, Minn., Oct. 14.—(Special)—The switchmen of the Northern Pacific and other lines have served notice of demands which they will urge November 1, when they will renew their year's contract with the lines. They ask for 8 cents an hour increase, eight hours a day and full time and a half for over time, Sundays and holidays.  
Last Fall the switchmen got an advance of 4 cents an hour, the biggest increase recently granted to any railroad union. By working the necessary hours, some of the switchmen make as much as \$10 to \$12 a month.  
While the general managers are not communicative, it is understood the roads will resist the demands to the last ditch, as with those of the holler-makers.

## CHECK COPPER SPECULATION

### Berlin Metal-Dealers Propose to Form Metal Exchange.

BERLIN, Oct. 14.—The project to organize a metal exchange in Berlin has been endorsed by a number of metal trade experts who met here today. A majority advocated the organization of an exchange to act as a corrective to the wild speculation on the London and other foreign exchanges.  
The recent heavy drop in the price of copper was especially instanced. Germany is the heaviest consumer after the United States of this metal, but owing to the lack of organization, the German consumers are practically without influence on its price.

## PREACHER WANTS ASSAILANTS OF WOMEN HANGED.

### Would Also Put to Death Heretics and Teachers of Blasphemy and Immorality.

PHILADELPHIA, Pa., Oct. 14.—(Special)—Rev. Robert M. Patterson, D. D., pastor of the Great Valley Presbyterian Church, started a large number of his brother ministers at their weekly meeting this afternoon by advocating the death penalty for the assailants of women, the despoilers of homes and heretics.  
"Every scoundrel, wealthy or poor," said Dr. Patterson, "who ruins a young girl by force, I would have him swept into eternity. I would hand over to the executioner the guilty party, making a divorce unnecessary. Murder should not be the only crime with a death penalty. Our penal code needs revision."  
"Those who deliberately spread blasphemous, heretical and immoral doctrines should also be put to death."
