## GROWERS TO MEE

Steps Taken to Bring Hop Pool to Head.

WORK AT SEVERAL POINTS

Practically Every Producer in Lane County Is in Favor of It-Dealers as a Class Opposed

The discussion of the proposed growers' hop pool was the topic of leading interest in the market yesterday. While some of the dealers were skeptical about such a movement being under way, reports from the country confirmed the account given in this paper. So far as can be learned, however, the matter has not gone beyond the preliminary stages of discussion. The growers in the vicinity of Sherwood are heartly in favor of the plan and will hold a meeting in a few days to take some decisive steps. Efforts toward the same object are also under way in the Ballston. Aurora and Butteville sections. The subject likewise been canvassed in Lane County and it is said that practically every grower there will go into the pool.

The object of the movement, as has been stated before, is the curtalling of next year's production as much as the pooling of present holdings. As this restriction is in line with the views of many growers, they naturally fail into accord with the idea. The present cheapness of hope and indifferent demand for will also make it easier for the promoters of the scheme to bring about a

large proportion of the Oregon crop has been sold short and to get the hops the shortsellers can be made to pay a living price for They point out that some of the pools n the past were fallures because the growers did not hold together long enough. An informed on a 5c or 5c market in order to lift prices to 15c or 20c. The members broke away, however, and in the inevitable crash, prices fell to 3 cents. After touching this low level when nearly all the growers had market righted itself and went sour-The few who held on were not sorry for their obstinacy. One of them was Frank Dunn, of Eugene, who sold out at 18 to 20 cents hope that cost him 5 cents. The causes of the fallure of the 1905 pool are too wel known to need repeating.

specing the formation of any pooling arrange They look upon it as merely the first step of a consignment scheme which naturally would injure their business in the Eastern or is being fathered by M.H. Durst, who worked up last year's big London consignment. One of the reasons for the failure of such ventures, if is contended, is that pools naturally comprise a wide assortment of quality, and in trying to sell a big block of hops, the poorer

rived last night.

Country Produce Unchanged.

The country produce market was without special feature yesterday. Receipts of poul-try were ample and former prices governed. The egg market was, of course, firm. Butter was steady.

London Apple Market Prospects. The latest weekly apple report of W. Dennis & Sons, of London, says: Dennis & Sons, of London, says:

The first Newtowns for the present season have arrived and were sold on this market yearerday. They were shipped at Wassonville, "tall, showed up clean fruit of nice color and altogether had an appearance above the average at the commencement of the season. Table fruit being in short supply, they met with an active demand from 12s of to 15t do per box prices, which will, we hope, he remunerative to shippers. We understand from some of our friends that

prise a wide assortment of quality, and in trying to sell a big block of hops, the poorer quality affects the better and the sale falls through. The plan of getting some one person to grade the different lots, it is asserted, proves a failure, as no buyer will take the inspection of another purson. It is the same with brewers, as after they receive hops from the coast or elsewher they have their own inspector reinspect them. Therefore the Pagifte Coast buyer does his own inspection, as it is the only protection he has against demands for concessions.

GROWERS SELLING MORE READIX Offerings in the Hop Market Are Comparament. The easier tendency of the hop market has made many of the growers more willing to sell, and business has shown a considerable increase in activity in the past few days. Buying has not been confined to any one section, but operations have been carried on in all parts of the Valley.

Some heavy buying done by O. Weidner & C. has just come to light. This firm's purchasee since Saturday have amounted to about 4400 hairs. The lots secured were at McMinwille, Silverton, Eugene, Corvallis, Autora and Whiteson and the prices paid ranged from 7% to 10 cents. At the latter price, the firm secured were at McMinwille, Silverton, Eugene, Corvallis, Autora and Whiteson and the prices paid ranged from 7% to 10 cents. At the latter price the firm secured were at McMinwille, Silverton, Eugene, Corval

Grocerfes, Nuts, Etc.

Klaber, Wolf & Notter bought several lots yesterday in different seations. The day's purchases of Hart & Hubbard amounted to 205 bales at prices ranging from 7½ to 8½ cents. H. L. Bents, of Aurora, huying for M. H. Durst, secured two lots aggregating 58 bales from A. H. Cone, of Aurora, at 8½ cents, and also the William Bents crop, at Aurora, at 9 cents, and also the William Bents crop, at Aurora, at 9 cents, and also the William Bents crop, at Aurora, at 9 cents, and also the William Bents crop, at Crops of Last Year.

The grain standard committee of the Chamber of Commerce has fixed the cereal standard of the 1907 crops of the Pacific Northwest. The result shows that the text weights are about the same as last year, but the quality, both of the wheat and barley crops. Is much superior to that of the 1806 crops. Oats will average a fair crop. Secretary Gilliner, of the Chamber of Commerce has crops and the samples will be ready for distribution next week.

The wheat market was active yesterday, but the two days' declines in foreign and Eastern markets gave prices here a setback, and quotations on all grades were off one cant from those current the first of the week. Oats were quoted steady and barley was firm and unchanged. The hay market

Provisions and Canned Ments.

week. Oats were quoted steady and barley was firm and unchanged. The hay market was strong with a good demand.

FIRST CAR OF NAVELS ORDERED.

Eastern Cramberries Will Be in Today and Will Be Righ.

Orders for a car of off-bloom navel oranges have been made up on Front street for early shipment. The car, which will be the first of the season, will be here in about two weeks, and will fill in until the regular navels arrive. A car of Eastern cramberries is due here today. The cramberry market is very firm, with a \$2 advance in the East, and the new arrivals will sell at \$10. The grape season is drawing to an end and the present offerings do not attract great attention. Good hamanas are scarce, but several cars are looked for tonight. Another car of sweet potatoes arrived last night.

NEW YORK, Oct. 17.—The was higher in the London market, with spot quoted at \$142 and futures \$142 10s. Locally the market was unsettled, but higher, with spot quoted at \$2.52.024.c.

Copper was lower in London at \$58 10s for spot and \$51 for futures. Locally the market was weak and lower, with lake quoted at \$12.78 \$13c; clectrolytic, \$12.374 \$12.624c, and casting at \$12.25 \$12.50c.

Lead was unchanged at \$18.5s in London and at \$4.00 \$4.75c in the local market.

Spoiter was also unchanged in both markets, closing at \$21.165 in London.

Iron was higher in the English market with standard country quoted at \$53.4d and Cleveland warrants at \$4s.3d. Locally no change was reported.

Stock Market Unsettled, but Rallies Near Close.

DAY OF GREAT ANXIETY

Irregular Movement of Prices Throughout the Session-Call Money Rate Advances\_Discounts Are Harder.

NEW YORK, Oct. 17.—The irregular movement of prices of stocks today offered a confusing medium through which to try to discern any defined settling towards the market. During the early part of the day, this feeling was of more active anxiety, while later, with the subsidence of disquiet. there was still a passive apprehension that was not yet clear in the tone.

The collapse in the United Copper stock

in the curb market and the collateral con sequences from that event, were the central influences, as they were yesterday. With the suspension of the board members of the firm connected with the attempt to corner the stock and with the acts which involved yesterday's failure of a stock exchange firm which had taken orders in that stock, and with the retirement of F. Augustus Helnze from the Mercantile National Bank, the limits of the trouble, which had been looming in the stock market horizon, became better defined and were of far less potent effect on sentiment. Feeling in the matter was rather one of relief, as over the re-moval of a factor that promised mischievous results and which has been a teasing prob-lem to control on the part of the clearing-See \$31.00 per dozen; corn. Sci#\$1.00 per sack; cucumbers, \$1 per sack; egg plant, \$1.15 per per sack; egg plant, \$1.15 per pox; \$81.70 per box; okra. 199 15c per pound; pumpkins. 191 15c per carie; retirue authorities for some time past. NEW YORK, Oct 17.—The market for evaporated apples is steady, with prices fully maintained. Prunes are somewhat irregular, with the large sizes inclined to ease off, but there is no change in the general range of prices. Apricets are quiet and unchanged. Peaches are in moderate demand at recent prices. Raisins continue scarce on spot with prices unchanged.

CHICAGO, Oct. 17.-Wheat prices on the local exchange today broke nearly 3 cents per bushel from the final figures of yestor-At the close the December deliver showed a net loss of 21, 22%c. Corn was down 14c, onts were of 14, 214c and pro-visions were 24 to 5,274c lower.

down 14c, oats were off 14 fligs and provisions were 2½ to 3g774c lower.

The wheat market was extremely weak all day because of aggressive selling by local and outside longs. Prices were down about I cent at the opening, owing to sharp declines at all of the principal grain centers of Europe. As trading progressed the weakness became more pronounced. A bank failure in this country, the suspendion of an influential mancial concern in Germany and apprehension of fresh declines in foreign grain markets tomorrow, following the slump today in this country, were the principal factors in causing the persistent selling. A break of nearly 5 cents per bushel in the price of wheat at Winnipeg, where receipts are said to be increasing, inspired additional sales on the local exchange. The fact that no acceptances of American wheat for shipment abroad were reported by exporters, except for a mederate quantity at Duluth, was a further aggravation to the bearish situation. At the low point of the day the price for May delivery was almost 3 cents below resterday's close. There was a raily of about ½ cent from the bottom, but the close was weak. December opened % 21½ closed at 51.08½ \$1.08½, and closed at \$1.08½ \$1.08½, a may ranged between \$1.07% and \$1.09%, and closed at \$1.08½ \$1.08½, a cents from final questations of yesterday. Cash corn was of \$26.25 cents, and this had a wenkening influence on options. The close was weak, December opened \$4.000 cents from final questations of yesterday. Cash corn was of \$26.25 cents, and this had a wenkening influence on options. The close was weak, December opened \$4.000 cents from final questations of yesterday. Cash corn was of \$26.25 cents, and this had a wenkening influence on options. The close was weak, December opened \$4.000 counts from final questations of yesterday. Cash corn was of \$26.25 cents, and this had a wenkening influence on options are sold at 6t. May ranged between \$1.500 cand close

Trade in oats was very quiet and the market was affected by the weakness of wheat and corn. A decline of 1 cent in the price of cash grain was an additional weakening influence. December opened 'ic lower, at 54%c, sold between 55%c and 54%c and closed at 53% #55%c.

Provisions were easier because of the weakness of grain. Trade was only moderate. At the close January pork was off 2%c at \$15.53; lard was down 2%c at \$8.02%; ribs were 5@7%c lower at \$8.10@ \$12%.

UNIVERSITY FOR PROVINCE

British Columbia Projects Extensive

Structure on Point Grey.

OREGONIAN NEWS BUREAU, Wash.

ington, Oct. 17.—Consul L. E. Dudley, in the following report from Vancou-ver, tells of the plans for a new pro-

incial university in that part of Can-

Parliament incorporated the Roya British Columbia University and appro

printed 2,000,000 acres of Government

be used in the construction of the nec-essary buildings and for the endow-ment of the university. According to

the plans for the building to be erect-ed on the university site at Point Grey

the specifications call for a two-story structure 150 feet long by 62 feet in

width. The competing architects wil

have to figure on accommodation for at least 300 pupils, administration of-

fices, general lecture-rooms and apart-ments for the special scientific sub-jects required for the two-years'

course in engineering, which includes chemistry, physical and biological lab-

The design for the building will be

chosen from those submitted in the competitive examination, for which

\$550 is being offered to architects. This amount will be divided into three amounts—\$500 for first prize, \$250 for

the second prize and \$100 for third.
"It is proposed by the Royal Institution to expend about \$100,000 on the

first part of the construction and, as conditions warrant, they are prepared

to double this amount. The competi-tive plans must be handed in by Oc-tober and are to serve as ideas upon

which the definite building may be erected. The present plan for location

calls for a building about 300 feet from the waterfront and equidistant
