APPEAL TO RAILROAD COMMISSION .- The ommittee of 28 citizens of the southeastern district, along the Mount Scott eastern district, along the about Section railway, appointed at a mass meeting held Friday night, in Laurelwood hall, convened yesterday afternoon in the same hall, and decided to make a direct appeal to the State Railroad Commission for relief from the overcrowding of cars and frequent delays. There was a full attendance of committee members and other Interested citizens. After discussing the best way to lay the matter before the Railroad Commission, it was decided to appoint a subcommittee of five to present the case to the Commission this after-noon at 1 o'clock at the meeting of the Commission in Portland to consider the complaints of Milwaukle and Oak grove. A. Brodie was appointed chairman. CITY NEEDS CRUSHED ROCK.-L. T. Peery, of the City Executive Board, while Peery, of the City Executive Board, while not favoring municipal ownership generally, favors anything that will result in crushed rock being provided for improvement of streets. He prefers that this material be furnished by private enterprises, but as this is not being done Mr. Peery believes the city should take hold and supply it at a price that will cover the cost. He says many street-paving contracts are being held up in all parts of the city for want of this material, and contractors complain constantterial, and contractors complain constant-ly that they cannot get it. Knott street, in Albina, has been held up for a year on this account. In Multhomah Addition to Central Albina the property-owners have been trying to get ten miles of crushed-rock improvement for over a year, but not a foot of it has been made for the alleged reason that there is not the crushed rock for the work.

PROGRESS ON BROOKLYN SEWER.-The ontractors on the Brooklyn sewer have een concentrating their efforts on getting the main conduit completed under Mil-waukle street and through the grounds owned by the city. Here the engineering difficulties have been very great, but are slowly and surely being overcome, though at heavy expense. The water from the creek made the problem more difficult. The main conduit follows the course of the stream for some distance. The material to be moved in a hard clay cement. Progress on the main conduit has been owing to the character of the work Sixteenth the hardest part outside of the tunnel will be out of the way. The tun-nel work presents problems somewhat different, but very difficult. Probably 75 per cent of the tunnel has been com-

WANT HARD - SURFACE PAVEMENT. -Property-owners in Multnomah Addition, who asked for ten miles of crushed-rock pavement a year ago and have got nothing, are starting an agliation for hard-surface pavement instead. They argue that if reasonable terms can be secured they may conclude to ask for this sort of pavement, as they have not been able to get the crushed rock and there are no prospects of them getting it in the near future.

In the near future.

SERVICES AT CATHEDRAL

Archbishop Christie Officiates, Delivering Impressive Eulogy of Deceased-Members of Ancient Order Hibernians Attend.

Several hundred of the friends and neighbors of the late James D. Frainey assembled at St. Mary's Cathedral yesterday afternoon and paid a splendid tribute to the worth of the deceased as a respected citizen and a faithful and aggressive worker in the Catholic Church. Archbishop Christic, assisted by Fathers O'Hara and Thompson, conducted the services. It was the largest Catholic funeral that has been held in Portland since the burial of Ensign Monaghan of the United States Navy seven years ago.

bers of the Ancient Order of Hibernians, the funeral cortege moved from the late residence of the deceased, 5tl Clay street, at 1:30 o'clock yesterday afternoon, the services at the Cathedral being held shortly after 2 o'clock Archbishop Christle discoursed briefly on the uncertainty of this life and commented on the fraility of finite man who was not without his imperfections. The earnestness of the devotion of Mr. Frainey to his family and his intense loyalty to the church in and his intense loyalty to the church in

which he was always an aggressive worker, were strongly commended.
"We are assembled here today for a double purpose," said the Archbishop.
"We come to pay a tribute of respect to the deceased, but that is not all. The pagan does that and buries his dead with all power and exercise." But the Chrisall pomp and ceremeny. But the Chris-tian goes farther. He comes to speak to the God of Mercy and through prayers ask him to blot out the shortcomings of the departed and grant him everlasting

peace."
During the services "One Sweetly Solemn Thought," was sung by Miss Kathleen Lawler, and "Face to Face," by Mrs. Walter Reed. Both singers were accompanied by F. W. Goodrich, organist at St. Mary's Cathedral, who also played two funeral marches. Interment was at Mount Calvary Cemetery, more than 100 vehicles following the casket to the grave, which was covered with countless floral tributes.

Mr. Rainey had resided in Portland for 35 years and for the greater part of that time he was successfully engaged in business here. Last Wednesday evening he was struck by a streetcar at Jefferson and Seventeenth streets and died from his injuries a few hours later at his residence two blocks distant.
