

GOVERNOR CHAMBERLAIN REVOKE HOLIDAY PROCLAMATION, EVEN THOUGH FOUND UNNECESSARY, MUST STAND.

LEGAL TROUBLES RESULT

Boards of Equalization Throughout State Find They Must Adjourn Till Next Week—No Feeling of Uneasiness in Northwest.

SALEM, Or., Oct. 30.—(Special.)—Governor Chamberlain has searched for legal authority to revoke his proclamation of a five-day holiday, but could find none and will permit his order to stand. He is satisfied that either the five holidays were not needed or the need for them has passed but there is no legal method of recalling the proclamation.

The Governor's own judgment was against the action requested by the Portland bankers but since they were united in the opinion that a proclamation was necessary he felt that their views should be given due consideration. The proclamation of five holidays has caused considerable inconvenience and may lead to some serious legal difficulties.

MEAD PROCLAIMS HOLIDAYS Bankers Have Two Days Set Aside In Washington.

OLYMPIA, Wash., Oct. 30.—(Special.)—Governor Mead today, at 10 o'clock, issued a proclamation declaring today and tomorrow legal holidays. The issuance of the proclamation came as a decided surprise to the state officials, as up to last evening the Governor had refused positively to take such action. By telegram and long distance calls lasting until after midnight requests were made that the holiday be declared.

These requests were made on behalf of the banks at Spokane, Davenport, Pullman, Walla Walla, Ellensburg, Colfax, Waukegan, Vancouver, Chehalis, Centralia, Aberdeen and Hoquiam. The statement was made that the banks which have balances deposited in Portland and other cities were unable to have the specie shipped and feared the consequences of a run. The holiday was asked to give time to secure the actual coin, as well as in the hope that a few days' respite might settle conditions. When the Governor finally agreed to issue the proclamation, the local telegraph offices were closed, so he telephoned to Tacoma asking the Associated Bankers to make public the reasons for the State General fund being practically exhausted. The Governor and Auditor today issued \$150,000 in State bonds and turned them over to the Treasurer in exchange for an equal amount of cash of the permanent school fund. This cash will be used to meet state expenses the first of the month.

This was the day for officials and employees at the State Capitol, and salary warrants were issued as usual, warrants being dated yesterday. For some time the State Treasurer has been refusing all checks and demanding cash, so that the situation makes no change in his office. The State Land Office has a rule that all remittances by check or money order collection only. That office today received a large amount of applications and remittances, but took no action on them.

The Secretary of State has received all checks and today mailed back nearly all of the corporation papers offered for filing. A few of the papers that were accompanied by checks or money orders were retained and will be filed when the holiday season is over. Aside from the proclamation, no official documents were issued from any of the State offices hearing today's date.

DOUBLE AMOUNT OF RESERVE

Grants Pass Banks in Good Shape and Keeping Open.

GRANTS PASS, Or., Oct. 30.—(Special.)—The effect of the financial conditions in the East was felt here today, for the first time it was not until late in the afternoon that the general public was aware of the Governor's proclamation for a holiday until November 3. The local banks office hours were maintained yesterday, and it was not until this morning that the Governor's proclamation for a holiday until November 3 was known. The banks here remained open, but transacted no new business, except in some instances where matters were handled as of yesterday's date.

This morning, before business hours, at the instance of the banks, a meeting of the business men and depositors was held in the Commercial Club rooms. H. L. Gilkey, cashier of the First National Bank, addressed the meeting and stated that local financial conditions were good, that each bank would keep open during the holiday period notwithstanding the Governor's proclamation, but in the meantime would pay out no cash. Checks would be honored, credited or deposited according to the nature of the transaction, and certificates or deposit would be issued in cases where there was no account with the bank. At the close of the meeting a motion was put and carried that the actions of the banks be ratified and supported. Every depositor

present expressed no uneasy feeling and no one has attempted to withdraw his funds from the banks.

CASH CHECKS UP TO \$100

Tacoma Banks Have Plenty of Money to Meet Demands.

TACOMA, Wash., Oct. 30.—(Special.)—Beginning this morning, the banks of Tacoma began operations on a cashless basis. Under the rule adopted there can be no run on any bank. The banks would have no objection to a depositor drawing out his money provided he put it into another bank or used it in business. What is being guarded against is the withdrawal of deposits from the banks with the purpose of putting the money in safety deposit vaults or other places where it is out of circulation.

TAKE LOGS AROUND THE LOCKS

Surveyors Mapping Out Route for Spur of Willamette Falls Road.

OREGON CITY, Or., Oct. 30.—(Special.)—Surveyors have been working since the first of this week between West Oregon City and Willamette Falls. The purpose of the work is to map out a spur from a point near Moehnick's sawmill to the main track of the Willamette Falls Railway. It is understood that the spur will handle the logs for the paper mills, taking them from the Willamette near Oswego, to which point the Willamette Falls line is to be extended.

This step has been in contemplation for a long while, and by this means logs may be transported from the lower to the upper river by rail, and the expense of running them through the locks will be avoided. The work of the surveyors, who were working yesterday north of West Oregon City toward Oswego, has caused a revival of the report that the vast tracts of land owned by the Willamette Falls Company, a subordinate corporation of the Portland Railway, Light & Power Company, will be placed on the market in a short time.

COIN SHORTAGE AT VANCOUVER

Banks Make No Payments in Excess of \$25.

VANCOUVER, Wash., Oct. 30.—(Special.)—All the banks in Vancouver are short of coin as a result of the present financial stringency, and have suspended payment on foreign drafts or checks, and no payment is made in excess of \$25 at one time, as the withdrawals of deposits were heavy yesterday. All the banks of the city entered into an agreement this morning to suspend payment in any bank small amount until they can receive coin from their correspondents.

Oregon City Refuses Deposits.

OREGON CITY, Or., Oct. 30.—(Special.)—The First National Bank and the Bank of Oregon City were opened this morning for the transaction of business. No deposits will be received until the end of the holiday, as declared by the Governor, and checks and drafts on out-of-town banks will not be honored. The managers of the local banks, however, have plenty of money on hand for all business purposes, and will allow any depositor to withdraw a limited amount. The reopening of the two banks, after having been closed one day, was not attended by any excitement or unusual interest, as perfect confidence in the institutions is felt all over the city and county.

USUAL BUSINESS AT LEBANON

Drafts on Outside Banks, However, Are Not Cash.

LEBANON, Or., Oct. 30.—(Special.)—The banking situation in Lebanon is entirely quiet today and the one bank here has been doing business as usual. The only exception to the ordinary business of the bank is that drafts on Eastern and out-of-town banks are not paid in cash, but accepted and the holder receives credit for the amount. Other banks of the city are doing a like business.

Ignore Holiday Proclamation.

NORTH YAKIMA, Wash., Oct. 30.—(Special.)—A press dispatch which reached this city at 8 o'clock this afternoon referred incidentally to the proclamation of Governor Chamberlain. No restrictions have been placed upon the usual banking facilities of the city and there is no evidence of any lack of confidence.

Albany Banks Remain Open.

ALBANY, Or., Oct. 30.—(Special.)—Albany banks maintained regular banking hours all day today, cashing their own checks. Though a few people have withdrawn their money from local banks, no uneasiness is felt and not the slightest indication of a run has appeared.

Whitman County Confident.

COLFAX, Wash., Oct. 30.—(Special.)—Whitman County people are taking the banking situation very calmly and have confidence that there is no occasion for alarm. Business houses all report a good day's business, taking checks in payment.

TAFT WILL LEAVE MANILA IN WASTE

Urgent Business Requires His Early Presence in Berlin.

CUTS SHORT VISIT WEEK

Sails for Home Saturday on the Rainbow—Intended Prolonging Stay in Order to Reach Berlin When the Kaiser Is There.

MANILA, Oct. 30.—As the result of voluminous cable correspondence between President Roosevelt and Secretary Taft, it is understood that the latter will leave Manila on November 2, in order to reach Berlin at the earliest possible date. It is impossible to communicate with the Secretary at present, and the officials here are reticent regarding this change in his plans. It is understood, however, that he will leave here on the flagship Rainbow.

Rear-Admiral Hemphill received a cablegram on Monday asking whether or not he could make the trip ready to sail on Sunday. He responded in the affirmative and was informed, unofficially, that a matter of the utmost importance is pending in Germany, and Mr. Taft's presence there is necessary immediately.

VISIT TO BE PURELY SOCIAL

Taft Probably Changed Plans in Order to Meet Kaiser.

WASHINGTON, Oct. 30.—President Roosevelt today declined to discuss the reported change in the plans of Secretary Taft, and it was stated in other official quarters that nothing was known on the subject. A State Department official said that Mr. Taft's visit to Berlin would be purely social, and that there was no unusual situation there to cause haste on his journey from the Philippines.

NEW SYSTEM OF FUNDS

OREGON STUDENTS CLASH OVER INCIDENTAL FEES.

Finally Perfect New Plan for Next Year, by Which Most Money Goes to Athletics.

UNIVERSITY OF OREGON, Eugene, Or., Oct. 30.—(Special.)—Several new amendments to the Oregon student-body constitution were adopted this morning at a spirited meeting. The most important amendments dealt with the student publications and with oratory and debate, which had not been included in the constitution and by-law up to this time.

When the amendment for a new apportionment of student-body funds among the different branches of the university was adopted, it was settled that the most important amendments dealt with the student publications and with oratory and debate, which had not been included in the constitution and by-law up to this time.

LAND CASES NOT YET HEARD

Defense Secures Delays, but Fails to Quash Suits.

MOSCOW, Idaho, Oct. 30.—(Special.)—The issues have not yet been joined in the land-raided cases up for trial at this term of court, the time of the court having been taken up with the settlement of questions raised by the defense. At 5 o'clock this afternoon the court overruled defendant's motion to quash, for the reason that the cooperation of the jury commissioner and the clerk in drawing the grand jury was not in strict compliance with the mandatory provisions of the law.

Council of William Dollar then submitted a motion, supported with numerous affidavits, asking that their client's case be segregated and that he be given a separate trial. The District Attorney asked for time to consider the motion and affidavits, and the hearing was set for 10 o'clock tomorrow.

Cuts Foot Felling Tree.

LEBANON, Or., Oct. 30.—(Special.)—Jack Hazen, a logger working in the Hobson camp a few miles east of Lebanon, severely cut one of his feet last night while felling timber for saw logs.

He had almost expired from loss of blood before medical assistance could reach him. He was today brought to Lebanon.

SELECTING JURY FOR ADAMS

State and Defense Use Right of Peremptory Challenge.

RATHDRUM, Idaho, Oct. 30.—(Special.)—The state and the defense each exercised one peremptory challenge in the selection of a jury for the alleged murder of Fred Tyler. Each side now has nine peremptory challenges left. The state challenged W. S. Davis, of Rathdrum, and the defense challenged E. Doty, a rancher. Six of the twelve were excused for cause. One of them, W. W. Stoddard, a barber, was excused because he is a resident of Rathdrum, and the State Penitentiary at Boise.

The line of questioning today indicated that the defense expected again to attack the constitutionality of the law giving the state the right of the change of venue. It is alleged that the Idaho Legislature passed the law in order that Adams might be removed from Shoshone County for trial. Mr. Darrow, who conducted the examination, asked the taxmen if they were for or against organized labor. Most of them said they believed in organized labor if the unions were rightly conducted.

DALLAS POPULATION IS 2090

Census Shows 37 Per Cent Gain in Three Years.

DALLAS, Or., Oct. 30.—(Special.)—A house poll of the inhabitants of Dallas has been conducted, and a representative of the Polk County Observer, and the number of people living in the city found to be 2090. A similar census taken in 1904 showed the population to be 1523. The increase in the past three years is, therefore, 37 per cent. Unless something should occur to retard the growth of the extensive industries of the town, there is every indication that the gain in population will be even more rapid in the future.

Preparing for the Philippines.

VANCOUVER BARRACKS, Wash., Oct. 30.—(Special.)—Jean Whitney, dental surgeon, U. S. A., arrived today at the barracks from Alaska, for the purpose of inspecting the teeth of the enlisted men prior to their departure for the Philippines. Yesterday two detachments of recruits arrived at Vancouver Barracks, assigned for Philippine service, with the First Infantry. Thirty-seven arrived from Columbus Barracks, Ohio, in charge of Lieutenant Glen Dennis, of the Seventeenth Infantry, and eight arrived from Angel Island, Cal., in charge of Sergeant Palmer, of the Twenty-second Infantry.

NORTHWEST BRÉVETTES.

Dayton, Wash.—Thomas Foy, who was arrested last evening for selling whisky to Indians in the Indian reservation at Bull, was arraigned before Judge Holman today and fined \$50 and costs after pleading guilty.

Oregon City, Or.—The holidays are noticeable around the courthouse, and no instructions are being given in the office of the Clerk or Recorder, and although the clerk is not a judicial officer, he has advised to accept no papers for filing. The cars of seven Japanese section gangs in the local yards and found five sacks of rice, which were taken to the city. Several of the men were taken to the city. Several of the men were taken to the city.

BASEBALL MEN BEATEN

Denver and Cheyenne Men Take Revenge for Lost Money.

CHICAGO, Oct. 30.—"Jack" Sheridan, an umpire of the Southern League Baseball Club; L. M. Olsen, a gate keeper at the American League baseball park, in this city; E. O. Glenn, a wealthy broker of Denver, and M. J. Meyer, a citizen of Cheyenne, Wyo., were arrested early today after a fight in which Sheridan and Olsen were badly beaten. The four men had been together through the night and when Meyer was arrested he had lost \$120, accused Olsen of the theft. A fight followed, and Sheridan was knocked down by Glenn, receiving a cut over the eye. Olsen went to his assistance and was also knocked down, and he declared that while he was on the floor somebody stepped on his nose. E. O. Glenn, the proprietor of the buffet in which the fight occurred, and I. E. H. Reed, a bartender, endeavored to interfere, and they were also beaten by Glenn and Meyer.

Transport Crook Shoots Whale.

SAN FRANCISCO, Oct. 30.—The Army transport Crook arrived today from the Philippines with a number of cabin passengers and returning troops. Yesterday a whaler was sighted and several shots, which apparently were effective, were fired at it from the vessel.

EXPULSAM SMALL

Seattle Local to Act Against Deposed President.

HOME UNION VERY BITTER

Members Think He Tried to Defeat Their Struggle Against Employers and Will Take Away His Certificate—Still on Strike.

SEATTLE, Wash., Oct. 30.—(Special.)—Sylvester J. Small, deposed president of the Commercial Telegraphers' Union, is to be expelled from Seattle Local No. 46. He holds certificate No. 3 in the local and was formerly one of its prominent members.

Ever since Small first gave indications of what the local strikers declare to be an inclination to defeat their struggle against their employers, the members of the Seattle local have been very bitter against the erstwhile president. At the Commercial Telegraphers' Union and the result will be action at the regular meeting of the Seattle local next Sunday night, with the expulsion of Small as the purpose.

In speaking of the present condition of affairs with the local strikers, J. W. McGuire, president of Seattle Local No. 46, said that the strikers in this city will abide by the pledge made at a special meeting held last Friday and will remain on a strike until officially told to return, with instructions bearing the seal of the local.

Boston Operators Returning.

BOSTON, Oct. 30.—Seventy-five of the telegraph operators who went on strike last August have gradually returned to work in Boston.

SUPPORT, NOT CONFIDENCE

Beveridge Believes Fairbanks Could Not Be Elected.

OREGONIAN NEWS BUREAU, Washington, Oct. 30.—One of the most severe blows that have been dealt the Fairbanks Presidential boom—now defunct—was administered by Senator Beveridge, of Indiana, former colleague of Fairbanks when the latter was United States Senator, when he declared that he would consistently stand by Fairbanks and advocate his nomination, though he was thoroughly convinced that no man but Roosevelt could be elected on the Republican ticket next year.

Senator Beveridge no doubt finds himself in an embarrassing position. An Indiana state pride and state loyalty demand that he support Indiana's favorite son, as long as Indiana has a favorite son in the race. On the other hand, Beveridge is very friendly with President Roosevelt, and at heart would like to see him renominated. With Fairbanks out of the way, Beveridge would be an out and out advocate of the renomination of the President; but his hands are tied, and he supports a man whom he publicly admits could not be elected if nominated.

"I have given my pledge to support Vice-President Fairbanks," said Beveridge. "He will have the endorsement of our state, and it is my purpose to stand by him and work for him. At the same time it is my opinion that William J. Bryan will be our next President unless Mr. Roosevelt is renominated by the Republicans."

Senator Beveridge says he finds a tremendous sentiment in favor of the President's renomination, and the feeling, instead of diminishing, is increasing as the time for the National convention approaches. He says there appears to be a determination on the part of the people to have Roosevelt again, whether he wants it or not. He is equally convinced that Bryan will be renominated by the Democrats; in fact, he does not anticipate that the Nebraska will have any material objection to overcome.

been brought to collect these bills, which will amount to \$50,000.

It is understood here that the estate of James H. Eccles, who was one of the heaviest holders of the bonds, has brought suit in the Federal Court to determine the rights of the bondholders and miners who hold liens against the property. From the present state of affairs of the company there seems to be no doubt but that the mine will have to be sold to pay the mortgage, and the fight will come between the bondholders and the miners. The attorneys for the latter have accepted the priority of the mortgage of the bank, but will fight hard to reimburse the merchants who furnished the supplies and the men who did the work at the mine.

Butte Miners Accept Reduction.

BUTTE, Mont., Oct. 30.—By an overwhelming vote, Butte Miners' Union last night accepted the reduction of wages from \$4 to \$3.50 announced by the Amalgamated Copper Company, in accordance with the contract entered into between the company and the union, that the scale should be \$3.50 when copper is below 15 cents and \$4 when it is above.
