

## ELECTIONS HELD IN MANY STATES

### Hearst Meets Waterloo in New York.

### NEW JERSEY GOES DEMOCRATIC

### Republican State Ticket Is Elected in Kentucky.

### TOM JOHNSON WINS AGAIN

### Gould Carries Massachusetts by Immense Majority — Democratic Governor in Rhode Island. Close Vote in Maryland.

acted in the election of Tom L. Johnson, the present Mayor, over Congressman Burton. The early reports showed Burton ahead, but later the Republican headquarters at Cleveland conceded Johnson's election.

#### Anti-Mormon Victory.

The American or anti-Mormon ticket at Salt Lake City is estimated to have the largest plurality ever given in that city. At Toledo, Mayor Brand Whitlock and the entire Independent ticket is re-elected. Cincinnati elects Colonel Leopold Markbreit, the Republican candidate for Mayor.

Meager returns from San Francisco show Taylor, Democrat, and good government candidate for Mayor, leading, with the union labor candidate showing unexpected strength.

At a very late hour the figures favored the election of Katzenbach, Democrat, as Governor of New Jersey, but his lead

H. M. Whitney, Defeated Democratic Candidate for Governor of Massachusetts.

was very narrow over Fort, Republican, less than 1000 separating them.

### HEARST MEETS A WATERLOO

#### Fusion Ticket Beaten and All His Men in Tureen.

NEW YORK, Nov. 5.—Sufficiently complete returns to make certain the ultimate results show that Republican and Independence League fusion in New York County was defeated today by a straight Democratic ticket; that the Independence League ticket for Associate Justices of the Court of Appeals was overwhelmingly beaten by identical tickets of the Republicans and Democrats, and that there will be a slight change in the make-up of the State Assembly.

The new State Assembly will consist of 86 Republicans and 54 Democrats, a gain of six Democrats compared with last year. In New York City the Independence League Court of Appeals ticket was defeated 4 to 1, and the League vote up-state was light. In the city interest centered in the county fight in which the Republican and Independence League forces opposed the Tammany ticket. James W. Gerard was elected to the Supreme Court by a wide margin over M. Linn Bruce. Thomas P. Foley defeated for the Sheriff's office the fusion candidate, Max F. Immen, who is also prominent in the Independence League. Early returns gave Foley a big lead, but this was later scaled down until 700 of the 812 election districts in the county showed a margin for the Democratic candidate of 25,030.

Edward T. Bartlett, nominated by both Republicans and Democrats, were elected to the Court of Appeals over Reuben R. Lyon.

(Concluded on Page 3.)

## GRAFTERS SWEEP OFF MAP OF CITY

### Good Government Wins San Francisco.

### TAYLOR AND LANGDON IN LEAD

### Count of Ten Per Cent of Vote Indicates Result.

### RYAN RUNS POOR THIRD

### Crushing Defeat of McCarthy and Whole Union Labor Party—Poll Count Is Not Likely to Change Result.

SAN FRANCISCO, Nov. 5.—At 1 o'clock this morning a totaling of the partial returns indicates the election of almost the entire Good Government city and county ticket, including Mayor, District Attorney, Board of Supervisors, Treasurer, Assessor, Tax Collector, Recorder, City Attorney, Public Administrator, Sheriff, Coroner and two Police Judges. The Union Labor party may have saved its incumbents in the offices of Auditor and County Clerk.

On a basis of a 10 per cent count of the votes in 249 of the 273 precincts—with the Mission district largely to be heard from—Mayor Taylor's plurality over the Union Labor candidate, P. H. McCarthy, should approximate 9000; District Attorney Langdon's plurality over McGowan, the Union Labor nominee, 18,000; with Ryan, Republican, running a poor third in the Mayoralty race.

It is not likely that the full count of all the precincts which may not be completed before a late hour today, will materially change the apparent results.

### ROOSEVELT CASTS BALLOT

#### Laughingly Resents Suggestion He Voted for Democrat.

WASHINGTON, Nov. 5.—President Roosevelt cast his ballot at 9:35 o'clock this morning at Oyster Bay, N. Y., thus registering his choice as to two Associate Justices of the Court of Appeals, a Justice of the Supreme Court of the State, member of the Assembly, county officers and several proposed amendments to the state constitution. After casting his vote, one of the bystanders asked him if he had not voted for a Democrat—Willard Bartlett—who was nominated by both Republicans and Democrats, were elected to the Court of Appeals over Reuben R. Lyon.

Lambert during the trip of the tug Lancaster from the New Jersey terminal to Long Island City. Mr. Cortelyou was with the President from Washington to Jersey City, and joined the party again from Mineola to New York, where he remained to make a brief inspection of financial affairs there.

The President smilingly acknowledged the cheers of the crowds at Jersey City and Long Island City and was most cordial in his personal greetings to his Oyster Bay neighbors, who met him at the station. While the handshaking was in progress a salute of 21 guns was being fired from a miniature cannon operated by Maury Townsend from the center of the baseball field. The stay in the village was only sufficient to allow the President and Secretary Loeb to vote.

The President reached Washington at 8:16 o'clock tonight.

### Republicans Win in Nebraska.

OMAHA, Neb., Nov. 5.—That M. R. Reese, the Republican candidate, has been

Dr. Edward R. Taylor, Elected Good Government Mayor of San Francisco.

elect Justice of the Supreme Court by a majority of 12,000 votes in the indication last tonight. There was a falling off in the total vote of two years ago, when Letton, Republican, was elected Supreme Judge over Hastings, Fusion, by 22,218 votes.

### Bryan Votes at Normal.

LINCOLN, Neb., Nov. 5.—W. J. Bryan this afternoon cast his ballot at the polling place in Normal Precinct. He returned from a campaign tour of the state shortly after 12 o'clock. Mr. Bryan shook hands with each of the election officials.

## COUNTERS WITH DAMAGES

### A. HART MCKEE BRINGS SUIT AGAINST WIFE.

#### In Response to Her Suit for Divorce He Brings Suit for Damages, Alleging Defamation.

PARIS, Nov. 5.—In connection with the pending suit for divorce brought by Mrs. A. Hart McKee against her husband, A. Hart McKee, formerly of Philadelphia, counsel for McKee has brought a damage suit against Mrs. McKee and her father, Colonel Baxter, formerly of Knoxville, Tenn., because of alleged defamatory declarations made by them and published in American newspapers. Mr. McKee charges that clippings containing the newspaper articles complained of were sent by Colonel Baxter to his (McKee's) mother. The court summoned the elder Mrs. McKee and Colonel Baxter to appear November 12 and give testimony in the case.

## FIRST SHIPMENT OF GOLD ARRIVES

### New York Banks Receive \$7,100,000.

### MUCH MORE IS ON THE OCEAN

### No Extra Session to Consider Currency Bill.

### FUNDS FOR MOVING CROPS

### Cortelyou Considers Relief Measures and Bankers Begin to Concert Plans for Removing Stringency in Other Cities.

NEW YORK.—First shipment of \$7,100,000 in gold arrives from England. There is \$24,000,000 more coming within a week. Situation rapidly improves. No extra session likely. Measures to strengthen trust companies. Bankers ready to help other cities. Cortelyou may provide funds to move crops.

### THE FINANCIAL STATUS.

LONDON.—Stock market stiffens on shipment of French gold. United States buys \$700,000, Canada \$25,000 in gold. DENVER.—Coinage of gold and silver in mint goes on at rate of \$964,000 a day.

NEW YORK, Nov. 5.—The arrival of the first treasure ship laden with gold for the relief of the present stringency was the feature of the financial situation today. The Kronprinzessin Cecile was reported off Fire Island at 6 o'clock in the morning, and soon after 10 o'clock had docked and was unloading \$7,100,000 of the yellow metal, which will go to strengthen the New York bank reserves. The new Cunard liner Lusitania will follow closely in her wake with \$10,000,000 and \$14,000,000 more will follow during the rest of the week and early next week.

### Indirect Aid From France.

The news that the Bank of France bought today \$2,300,000 in sterling bills on London was regarded here as an event of the first importance, as indicating that French financiers were not only able but willing to help London and thus indirectly help America by relieving the strain on the Bank of England caused by the heavy American demands for gold. It is hoped that this

action of the Bank of France will deter the Bank of England from raising its discount rate to 7 per cent at the meeting of the directors on Thursday, and the Imperial Bank of Germany from raising its rate from 6 1/2 per cent to 7 1/2 per cent. The inference is drawn that it is likely to have this effect, because not since 1873 has the Bank of England rate been above 6 per cent, and only for 12 days in each of the years 1899 and 1906 has the German rate been above 6 per cent since 1870.

### Will Be No Extra Session.

The presence of Secretary Cortelyou in this city on his way to vote gave an opportunity for further conference with J. P. Morgan and other leading bankers. The Secretary came over from Washington with President Roosevelt to vote, and on his way back from his home at Hempstead, L.

Curtis Gould, Jr., Re-Elected Governor of Massachusetts.

I. decided to stop off and learn of the financial situation. Besides Mr. Morgan, Mr. Cortelyou saw George W. Perkins and one or two other bankers, who acquainted him with the situation. He was told that the situation in New York was rapidly improving because of the developments in the last 24 hours.

These bankers who saw Mr. Cortelyou today are convinced that there is no intention of the President to call an extra session of Congress to pass any remedial financial legislation, as it is understood the administration feels that the situation should settle down to a basis where a proper judgment can be formed on the various supposed changes in the present monetary laws. It was further understood that the administration has not yet definitely shaped the plans of financial legislation which it may desire to have considered at the coming session of Congress.

### Strengthen Trust Companies.

Measures for strengthening the trust companies upon which runs have been going on were under further consideration today, but thus far it has not been clear how sufficient assistance could be rendered by other institutions and bankers without taking over assets which they do not consider absolutely "gilt-edged." The project for the acquisition of the Tennessee Coal & Iron Company by the United States Steel Corporation has improved the situation somewhat by making loans on the Tennessee company's security more acceptable at the banks. The situation is still far from solved, however, and its difficulties are increased by the lack of a well-knit and responsible organization on the part of the trust companies, capable of entering into definite relations with the Clearing House banks.

A conference at which the details for taking over control of the Tennessee Coal & Iron Company by the United States Steel Corporation were discussed was held at Mr. Morgan's library today, and was attended by Mr. Morgan, George W. Perkins, Secretary Trimble of the United States Steel Corporation, Vice-President Davidson of the First National Bank and Grant B. Schley, one of the members of the pool which held control of the Tennessee Coal & Iron Company stock. No statement was made following the conference.

### Help Banks in Other Cities.

The corner in the recent monetary difficulties has been turned was evidenced today when at a conference of J. P. Morgan, Levi P. Morton, George W. Perkins and several other well known financial men, attention was directed to the situation in other financial circles throughout the country to ascertain if the strain of the last two weeks had disclosed any weak spots. With the situation cleared here, the bankers feel that they are now in a position to render such aid as they can to other points should it prove necessary. Mr. Perkins said, after one of a series of conferences held today at the library of Mr. Morgan:

### Funds to Move Crops.

The Treasury has much reduced the cash balance, which was nominally available for deposit in the banks, but still retained holds about \$100,000,000 in various forms of currency against outstanding checks, disbursing officers' balances and other demand obligations, which never fall below \$100,000,000 in the amount outstanding. How far Mr. Cortelyou will feel justified in drawing upon these funds he has not yet indicated, but he may use a part of them to meet the growing appeals from the West for resources for moving the crops.

Buenos Ayres reports that nearly 5,000,000 pesos in gold, which several banks

## MORE GOLD FOR PORTLAND BANKS

### London Will Forward \$750,000 Today.

### TOTAL OF \$1,550,000 ON WAY

### Kerr, Gifford & Co. Send \$300,000 to Local Branch.

### CAUSES BETTER FEELING

### Shipments of Gold From Abroad and From American Correspondents Will Greatly Assist Bankers in This City.

GOLD ENGAGED ABROAD FOR PORTLAND. For First National Bank, \$700,000; due here the last of next week. For Kerr, Gifford & Co., \$200,000; due here December 1. For Balfour, Guthrie & Co., \$500,000; due here about November 20. Total so far engaged, \$1,550,000.

GOLD ENGAGED ABROAD FOR NEW YORK. Steamer Kronprinzessin Cecilie, first of the treasure ships, reaches New York with \$7,100,000 for New York banks. The Lusitania will follow closely with \$10,000,000, and \$14,000,000 more will pour into New York within a few days. Total gold engagements for New York amount to about \$56,000,000. These imports will have strengthened the situation to a great extent.

Gold to the amount of \$750,000 will leave England today for Portland direct. The shipment was secured in London for the First National Bank by its president, A. L. Mills, and will be available here by the last of next week. The specie will leave England on the steamship Oceanic, that is due in New York Thursday, November 14. Secretary Cortelyou has notified President Mills that upon the arrival of the gold in New York it will be placed in the subtreasury there, and the San Francisco subtreasury directed to pay to the London, Paris & American Bank, the First National's agent, an equal sum in gold coin, which will be shipped direct to Portland.

Wheat Buyers Contribute. Kerr, Gifford & Co. announce that \$200,000 in English gold has been secured for their Portland branch, and that \$300,000 of this amount left England last Friday. The remainder of the commitment will be sent from the other side Friday or Saturday of this week. Whether this specie will be sent direct, or will be transferred by telegraph to the San Francisco subtreasury and thence shipped to Portland, has not been made known to the Portland managers of the grain exporting firm.

Increases Public Confidence. Other engagements of gold in England for Portland will follow the initial shipments. The arrival of the coin here will greatly facilitate the transaction of business and the news of its engagement and shipment is doing much to restore public confidence in this city. Bankers generally agree that the worst is over in this city. The local banks were not disturbed by any unusual demands yesterday, and everyone who visited them expressed confidence. There was no evidence of uneasiness, such as was shown by depositors earlier in the stringency. Yesterday was a far quieter day than Monday, when large payrolls were taken care of by the banks. From this time on, it is believed, the situation will improve daily.

Issue Bank Paper Today. Today the first of the new asset currency bank notes based on the products of the country and other tangible security, will be issued through the local banks. Of this paper, the Portland Clearing House Association has authorized an issue of \$1,000,000. Probably not more than \$500,000 will be available today, but \$100,000 additional each day is expected to be put into circulation. Two issues of \$750,000 each are planned. Printers completed the first yesterday, and it will be delivered to the Clearing House Association this morning. The work of affixing the signatures of the Clearing House registrars will begin today and the notes will be delivered to the different banks as soon as signed. This work will be tedious, for each piece of the new money has to bear the signature of one of the registrars, of which there are three. They are D. W. Ross, of the First National Bank; W. A. Holt, of the United States National Bank, and
