

PULL TOGETHER NOW THEIR CRY

San Franciscans Unite for Taylor

WATERLOO FOR THE GRAFTERS

Mayor Will Now Wipe Out Every Unclean Spot.

HENEY IS AFTER HERRIN

Says California Must Next Redeem Herself From Machine—Labor Voted for Taylor, Kid Gloves for McGowan.

SAN FRANCISCO, Nov. 6.—(Special).—The election of Mayor Taylor, District Attorney Langdon and the greater portion of the Good Government ticket appears to have inaugurated an era of good feeling in San Francisco. The bitterness of the campaign has vanished overnight, as though by magic. Men and journals who led the opposition to Dr. Taylor were outspoken today with pledges of loyalty and co-operation. F. H. McCarthy, the defeated candidate of the Union Labor party, in a signed statement promised his services tonight to the administration. Daniel A. Ryan, the defeated Republican candidate, also assured Dr. Taylor of his co-operation. The Evening Post, which has fought Taylor during the campaign, published tonight an editorial in which the Mayor was highly praised.

Throughout the city the expressions of satisfaction were general. The cry for "a pull together" has arisen from every quarter. From the labor leaders come assurances of industrial peace; from the bankers, reports of increased confidence and expanding trade.

Wipe Out Every Unclean Spot.
The success of the Good Government ticket means that the cleaning process in the city departments and the graft prosecution will proceed with new energy.

"Every unclean spot in the city government must be wiped out," declares Mayor Taylor, which means that some of the Commissioners still serving under their appointments from Schmitz will be eliminated from the administration.

Francis J. Heney has announced that the prosecution of the hoodlums will go on. Moreover Mr. Heney has sounded a new note in his declaration that California must follow the example set by San Francisco. Mr. Heney said today:

Clean Up California Next.
"San Francisco has shown that corrupt rule can be destroyed. California must take heed. A year ago the hold of Ruff and Schmitz in San Francisco was as complete as is the hold of William F. Herrin and the Southern Pacific on California today. If San Francisco was able to get rid of Schmitz and Ruff, California can free herself from the domination of Herrin. It is time to act. The people have seen the light. That is all they need. Every good citizen should prepare for the struggle, that California at her next election may put an end to her-ism."

Kid Gloves Help Grafters.
The completeness of the victory for Dr. Taylor and Mr. Langdon assured even their campaign managers. The vote of the city was split. Dr. Taylor received a very heavy labor vote. An interesting fact shown by the returns was that in the "kid glove" precincts Mr. McGowan, Mr. Langdon's opponent, received a very heavy vote. This is taken to indicate that the indicted magnates lined up all their friends against Mr. Langdon. In order to stop the prosecutions, Mr. Langdon's labor vote was much heavier than the vote given him by the capitalists.

The Count at Midnight.
Owing to the large number of charter amendments on the ballot, the count has been very slow. At midnight, with about 3000 votes to hear from, the result showed:

For Mayor—Taylor 23,508, McCarthy 17,486, Ryan 9138, Reguin (Soc.) 1482.
For District Attorney—Langdon 24,508, McGowan 19,731.
All of the Good Government candidates were elected except Mr. McDougald (Union Labor), Treasurer, and Mr. Mulcrey (Union Labor), County Clerk. Both Mr. Mulcrey and Mr. McDougald have held their offices before and were among the few officials of the Schmitz administration to come out with clean records.

Many Charter Amendments.
The most important amendments adopted provide for the recall; giving the Supervisors powers to acquire and operate public utilities; providing for the change of street grades and street lines in order that the Burnham plans for the beautification of the city can be carried out if the city so wills; giving the Supervisors power to fix the telephone rates; providing for 15-year city bonds, where 50 years is the present limit; and allowing the Treasurer to deposit city money with approved banks. The other amendments

are local in character. An ordinance to lower the liquor license from \$500 to \$400 a year was defeated.

HENEY COMMENTS ON RESULT

Declares Labor Has Vindicated Confidence Placed in It.

SAN FRANCISCO, Nov. 6.—F. J. Heney, commenting today on the decisive victory of the Good Government ticket in San Francisco, had this to say:

"The issue in this campaign was clear cut. Shall the public service corporations corruptly control the municipality and in any man above the law? The laboring classes vindicated the confidence which every great statesman of America has placed in their integrity, intelligence, common sense and patriotism. They understood the moral issue involved and voted for Good Government.

"Some of the merchant class voted for Taylor, and against Langdon, thereby demonstrating that we were right when we predicted that a certain limited class would vote both ways according to what

John H. Higgins, Democrat, Elected Governor of Rhode Island.

they believed would be the effect upon their pockets. Such voters are the most undesirable citizens in America. The great mass of merchants, professional men and laboring classes, however, voted according to the conscience and justified the belief that republican government is still a success."

FOREST FIRE IS RAGING

Flames Raging in Black Hills Drive Back Train.

DEADWOOD, S. D., Nov. 6.—Reports from the lumber camps of the McLaughlin & Timber Company at Westport, 25 miles south of here, tell of a heavy timber fire raging to the west of the camp and close to the Wyoming border. The company sent out a special train of 25 men to save its preserves, but the train was checked by flames. The company has 500,000 feet of cut timber lying in the path of the flames, which will probably be lost.

TELEGRAPHERS TO GO BACK TO KEYS

Authority to End Strike Asked by Board.

SENDS OUT CIRCULAR LETTER

Order Will Be Issued When Two-Thirds Indorse It.

FIGHT FOR THREE MONTHS

Chicago Local Union Leads Movement by Passing Resolutions, 231 to 58, to Return to Work Unconditionally.

CHICAGO, Nov. 6.—The National executive board of the Commercial Telegraphers' Union of America today prepared a circular letter for issuance to all local unions asking them to vote upon the question of granting authority to the board to call off the strike which has been on for the past three months. The letter will be sent to all locals tomorrow and the official order ending the strike will be issued as soon as two-thirds of the locals have signified their willingness to end the fight.

Chicago Local No. 1 today voted to call off the strike and return to work unconditionally. A resolution was also passed by the Chicago local by a vote of 231 to 58 requesting the National executive board to end the strike.

NEW YORK SUSPENDS STRIKE

Final Step Awaits Action of Telegraph Companies.

NEW YORK, Nov. 6.—The telegraphers' strike in this city was indefinitely suspended by a vote of the local Commercial Telegraphers' Union tonight. After a discussion, during which a motion to ask the National officers to declare the strike off was defeated, resolutions declaring the strike against the Western Union and Postal Telegraph companies suspended from November 7 until "a full opportunity has been given the said telegraph companies to make good the assurances practically conveyed to us."

The strike for higher salaries was declared August 12, since which time the companies have refused to enter into any negotiations with the strikers.

Rich Montana Mine Closes.
HELENA, Mont., Nov. 6.—One hundred men were thrown out of employment today by the sudden closing down of the

Jay Gould mine, one of the richest properties in Lewis and Clark County. The action was taken on account of the decrease in the demand for ore. The property is owned by Chicago and Milwaukee capitalists.

OPERATORS VOTE TO GO BACK

Kansas City Telegraphers Officially Declare Strike Off.

KANSAS CITY, Nov. 6.—The striking commercial telegraphers of this city at a meeting tonight declared the strike off. There were originally about 375 strikers here, but only 130 attended the meeting tonight. Of these, it was said, only 75 will seek re-employment from the telegraph companies.

Strike Off in Denver.

DENVER, Nov. 6.—The Commercial Telegraphers' Union of America, of this

E. H. Gary, Chairman of Executive Committee of United States Steel Corporation.

city, voted unanimously this afternoon to call off the strike.

PUT ROOSEVELT IN AGAIN

WOODRUFF SAYS RENOMINATION WILL BE FORCED.

Predicts He Will Be Obligated to Accept and That Independence League Will Support Him.

NEW YORK, Nov. 6.—Chairman Timothy L. Woodruff, of the Republican State Committee, who wired the President today that yesterday's Republican victory in Kings County was due to Mr. Roosevelt's strength in Brooklyn, said tonight that he believed that the demand would be such that the President would be obliged to accept a renomination. He said:

"I am of the opinion that the demand for the renomination of Theodore Roosevelt will be so strong next Spring that the President will be obliged to accept a renomination. Every indication points to his being swept into office by an overwhelming vote.

"Under the leadership of Roosevelt in the Nation and of Hughes in the state the rank and file of the Independent League will, in my judgment, vote hereafter with the Republican party."

STREAM OF GOLD POURS INTO WEST

New York Sends Money to Wheat States.

STRAIN ON BANKS LESSEND

Hasten to Move Crops on Way to Foreign Markets.

TRUST COMPANIES SOLID

Reinforcement of Those Assailed Removes the Last Danger—Gold Shipments Will Soon Give the Banks Surplus Over Reserves.

THE FINANCIAL SITUATION.

NEW YORK—Banks begin shipping money West to move crops and will send steady stream.

Danger of failures averted by agreement of trust companies to stand together.

Gold imported and engaged abroad for New York reaches aggregate of \$37,500,000.

Subtreasury issues currency against gold which arrived on Kronprinzessin Cecilie.

Stock market strong and buoyant on improved situation.

CHICAGO—Banks get large amount of currency and may soon resume cash payments.

ST. PAUL—Bankers of Northwest announce plan to provide funds for moving crops.

WASHINGTON—Treasury Department shipping large amounts of currency to banks and receiving many applications for more.

SAN FRANCISCO—Officers of California Safe Deposit & Trust Company announce it will soon reopen and pay all depositors.

NORTH ADAMS, Mass.—Arnold Print Works, largest textile firm in New England, in receiver's hands.

NEW YORK, Nov. 6.—Now that the monetary strain has been lessened locally the New York banks began preparations today to ship all available currency to the Northwest to aid the movement of crops. While there is concerted action among the city's banking institutions to meet the demands for currency now being made by banks in the crop country, the individual banks will send all funds that can possibly be spared for the purpose.

Estimates of the combined amounts that the New York banks will send to the

Northwest within the next six weeks vary. The Chase National Bank and the First National Bank have commenced to ship daily sums ranging from \$25,000 to \$50,000 to banks along the route of the Great Northern and Northern Pacific Railways.

Aroused to Action by Hill.

J. J. Hill held a conference here with officers of the Chase National Bank and other institutions at which it was stated that he asked that the Northwest be given all possible assistance to move the crops. Mr. Hill was informed that, while the local banks could not furnish the usual amount of money for crop-moving purposes, they were anxious to do all they could to expedite the shipment of cereals to the seaboard, whence they could be sent abroad and thereby strengthen this country's position in the foreign money markets.

Gold in Steady Volume.

"We have started to send all the funds we can to the Northwest," said a bank official tonight, "and, while the amounts

Brand Whitlock, the Author, Re-Elected Mayor of Toledo, O.

In individual instances are not very large, they will aggregate a large figure before long. Within a week or more the flow of gold to the wheat fields will be in steady volume, varying in sums from \$500 to \$50,000. Mr. Hill was here and conferred with us on the situation, along the lines of his railroads. We promised to do all we could.

"A ready solution of any difficulties in the Northwest can be found by the farmers themselves, if they will avail themselves of an opportunity to use cashier's checks, but that is a process of education which may or may not be difficult to work out."

TRUST COMPANIES ARE SOLID

Agreement to Stand Together Removes Danger.

NEW YORK, Nov. 6.—The general conditions of the financial situation were favorable today. The runs on the trust companies had practically ceased under the encouraging influence of the support of the trust company committee; gold engagements were further increased, and the stock market rose buoyantly in recognition of these conditions.

The announcement by Mr. King, president of the Union Trust Company, early in the morning, that an agreement had at last been reached by which the Trust Company of America and the Lincoln Trust Company were to deposit their stock in the hands of a committee of the trust company presidents, and in consideration of this were to receive all the support required, finally cleared the air in regard to the trust-company situation.

Last Danger Removed.

Grave apprehension existed after the termination of the conference at Mr. Morgan's library at 6 o'clock this morning that an agreement in regard to the two trust companies would not be reached and that they might be subjected to a run too strong for their impaired resources. Now that this danger is removed, it is believed that the situation will gradually simmer down, with the continuous arrival of gold, until the stringency is converted into the plethora of reserve money in banks which usually follows a crisis.

Additional gold engagements were announced today of \$1,900,000 on account of Lazard Freres and \$500,000 for Montreal. This brings up the total gold engagements for America on the recent movement to \$37,500,000, which would afford the amount required for legal reserve against deposits of \$150,000,000. The gold which arrived yesterday was deposited today and that by the Lusitania will soon be in the vaults of the banks.

Will Not Raise Discount Again.

While there is still some apprehension regarding the possible effort of the Bank of England to check the outflow of gold from London by raising its discount rate on Thursday, there is a strong feeling among conservative financiers here that the directors of the Bank of England will be very reluctant to fix a rate of discount which has not been touched since 1872. It might have been found necessary to overcome this reluctance, if the Bank of France had not so generously dipped into its immense reserves under the enlightened policy of Governor Palluaux by the purchase of sterling bills to the amount of \$2,000,000 to relieve the London market.

The strength of the stock market was the reflex of improved feeling throughout the financial community. It is believed that the stock market has pretty well discounted the worst and that prices are not likely to go

HEARST'S DEFEAT IS ELIMINATION

Both Parties Rejoicing in New York.

HIS LEAGUE IS REPUDIATED

Has Tried Three Times and Was Always Beaten.

NO CHANCE FOR PRESIDENT

Politicians Believe After Failure in Every Form of Fusion, He Will Stay Eliminated and Not Figure in 1908.

GIVE ROOSEVELT THE GLORY.

WASHINGTON, Nov. 6.—President Roosevelt today received the following from Timothy L. Woodruff, dated at New York:

"Our great sweep with a straight Republican ticket in Kings County, normally Democratic by 20,000, was accomplished by the use made of your unparalleled strength with the people. Some of our candidates had nearly 20,000 majority."

The following dispatch from Congressman-elect John W. Langdon, dated at Knoxville, Ky., was received at the White House today:

"We won by 20,000. The mountains did most of it, and the Roosevelt administration made it possible."

No statement or comment on the result of the election was made by the President today.

WASHINGTON, Nov. 6.—(Special).—The elimination of W. R. Hearst is believed to be one of the results of the New York election that affords pleasure to Republican and Democrats alike, but the elimination could have been effected just as thoroughly if the Hearst League had not been taken up by the Republican organization. This is the second time Mr. Hearst has been eliminated within a year, and this time, unless the observers be very wide of the mark, he ought to "stay eliminated."

Three Times and Out.

He went it alone once and he has tried it in combination with both the other parties. The first time he came so close to being elected Mayor that he still claims the victory. The Republican ticket was a bad third in the Mayor's race. The next time Mr. Hearst tied up with Tammany and was defeated for Governor by some 60,000, while all the rest of the Democratic state ticket won by handsome pluralities. And now Mr. Hearst has tried it with the Republicans, putting some of his hired men on the ticket while he made the speeches, and the result, relatively, is worse than in the two previous years.

League Constantly Declines.

Three successive campaigns, with Mr. Hearst a factor in each, have shown a constant decline of the Hearst League movement. It jumped into existence at a time when disgust with the leadership of both the regular parties sought some means of expression. Mr. Hearst took advantage of the opportunity and made a phenomenal campaign and showing on election day. But the very next year, when the Hearst "Independence League" was swollen with pride, "a good thing" in the eyes of office-seekers and feared as including the balance of power by outsiders, the voters turned in and repudiated its leader. The repudiation of Mr. Hearst stood out as the most significant thing in connection with the election of Charles E. Hughes to the Governorship.

Will Cut No Figure in 1908.

As matters stand now, the league seems in a fair way to disintegrate. Mr. Hearst appears to have lost interest, and he has been at once the inspiration, the underwriter and the support of the movement. It is far from likely that he will be a figure in next year's Presidential election.

THEY AGREE ON ONE POINT

Murphy and Woodruff Both Say Hearst Is Political Corpse.

NEW YORK, N. Y., Nov. 6.—The secondary results of yesterday's elections, particularly as they may affect the political fortunes of party leaders, were thrashed out at many political meeting places tonight. Charles F. Murphy, Tammany leader, sees in the defeat of the Republican and Independence League fusion in New York County the retirement of William R. Hearst as a factor in local politics.

Timothy L. Woodruff, Republican state chairman, also believes that Mr. Hearst has been "everlastingly eliminated" as a political consideration, and that the Independence League will now go to the Republican party. Mr. Woodruff bases his prediction upon the result in Kings County, where the Independence League vote was lost sight of in the Republican victory over the Democrats. On the other hand, the league vote did not go a great way in helping the Republicans in Manhattan, where the fusion ticket was beaten by the straight Tammany candidates.

In 1905 New York County gave Mr. Hearst, running on a straight Independ-

IT ALL HAPPENED AT TUESDAY'S ELECTIONS
