When Hitchcock disappeared a week ago an understudy took his place. The house was crowded when the star made his appearance, which was the signal for rousing applatuse. The actor looked haggard and ill, and his voice was uncertain as he spoke his lines. Meantime his wife, who plays opposite him, was in tears, and with difficulty followed her one.

At every opportunity the audience applauded with enthusiasm until at the end of the second act the comedian stepped to the front of the stage and in a tremulous voice said:

"I want to thank you all for your applause and enthusiasm. I hope I shall always deserve it." Upon Mrs. Hitchcock's second en-trance the action called upon her to shake her husband's hands. As they stood there with hands clasped the cheers were deafening and for a moment both performers seemed unable to continue and then Miss Zabelle placed her unengaged hand on her

husband's shoulder and kissed him. At this Hitchcock broke down completely and there were a good many wer eyes in the audience, too. Accused Actor Nervously Prostrated,

This, he said, was the first day he had been able to go out. Hitchcock looked pale and haggard and showed signs of lilness. He said he had decided to face his accusers and try to win back the confidence of his friends and the

"I am innocent," he said, "and the only way for me to prove it is to stand trial. I am prepared to fight it out now, and I'll go through with it."

While Hitchcock was in court his wife remained in the District Attorney's office and was in a semi-hysterical condition.

By Preventing Early Marriages, Insufficient Salaries Lead to Lives of Shame, Declares the Speaker at Battle Creek Meeting.

BATTLE CREEK, Mich., Nov. 6 .- The National Purity Congress, which conand announcement was made that on Friday a voters' club will be organized in this city to make a purity campaign along the lines brought out by the congress. The closing sessions were marked by addresses by L. L. Pickett, of Louisville, recently a can-didate for Governor of Kentucky, and Bolton Hall, of New York City.

Mr. Pickett advocated a National

Prohibition law and predicted that the wave of Prohibition that has swept over the South would soon reach the North as well. He spoke on the topic, "Wages and Prostitution." He attributed much of the social evil to low wages, as small incomes prevented young men from undertaking the re-sponsibilities of marriage and "even at the price of shame, women would have their little amusements and their at-tractions of dress and even of educa-

"If they were content to exist on a mere living wage they would drag down with them our standard of living," he said. He attributed the noted purity of Irish women to the prevalence of early marriages in Ireland.

Mr. Hall's plan for eradicating the so-cial evils was a "return to nature." With plenty of land available for those who plenty of land available for those who can use it, he said, business is good and wages are high, but speculation and restriction lessen the opportunities for getting things and using them and then come hard times, low wages and fewer marriages. He advocated a radical altering of the general conditions of living.

Mrs. Mary Church Terrill, of Washington, honorary president of the National Association of Colored Women, tonight said that her remarks last Friday about said that her remarks last Friday about said that her remarks last Friday about colored girls being unsafe in the homes of white employers in the South referred to many white homes, but she had not intended to include them all.
