PREVENT FRAUD IN MINING

MINING CONGRESS WILL DRAFT BILL FOR PURPOSE.

Roosevelt Will Recommend Mining Bureau in Message—Higher Zinc Ore Duty.

JOPLIN, Mo., Nov. 12.—Three hundred delegates from 30 states were present here today at the first business session of the American Mining Congress, which began its annual convention yesterday. Many high authorities on matters pertaining to mining and metallurgy were on the programme for addresses on various kindred subjects.

A committee of five was named to draft a measure that will prevent mining engineers from aiding in the perpetration of mining frauds.

A resolution asking the Federal Government to issue separate patents to land suitable for both mining and agricultural purposes, and classifying mineral land as "mineral land" only, was submitted, but action was deferred.

A resolution declaring for an ad valorem tax on imported zinc ores worth $30 a ton was adopted, and each member pledged himself to work for the adoption of such tax by addressing a letter to his Congressman urging it.

In an interview today President Richards stated that President Roosevelt a few days ago told him he would recommend to the National Congress the establishment of a bureau of mining similar to the Department of Agriculture. The President added that the next congress would be held in the East, probably at Columbus, Ohio.

An address by Dr. Erasmus Haworth, of the State University of Kansas, on "Prospecting for Gas and Petroleum," was of especial interest to the delegates.

The night session was devoted to the address of President J. H. Richards, of Boise, Idaho, and a public reception and social session at the Elks Club.

TESTIFY IN THAW TRIAL

Ida Veronica Simonton Says She Can Tell Interesting Things.

PITTSBURG, Pa., Nov. 12.—Miss Ida Veronica Simonton, whose name was frequently mentioned during the first trial of Harry K. Thaw, returned home today after spending a year in the jungles of Africa. Concerning the second Thaw trial Miss Simonton said:

"I will go to New York and will testify in the Thaw case. I have not been subpenaed but will answer a summons from either side. My testimony will change the whole complexion of the case. The story told by Mrs. Charles J. Holman of her being deserted in London is true. I will not say which side my testimony will favor."

CITED TO SHOW CAUSE

Men Who Want Receivers May Be in Contempt of Court.

CHICAGO, Nov. 12.—Judge Landis today cited George F. Harding, Jr., A. B. Joyner and William J. Ammon to appear tomorrow and show cause why they should not be punished for contempt of court.

Harding last June applied to have a receiver appointed for the Corn Products Company, the Standard Oil Company, and subsidiary corporations. Judge Landis denied the application and issued an injunction restraining Harding from further proceedings along that line. Despite this Harding filed another application recently in the State Superior Court for the appointment of a receiver. Harding, Jr., and Ammon were parties to the second proceeding.

GRANBY SMELTER TO CLOSE

Grand Forks Copper Mines Also Shut Down.

SPOKANE, Wash., Nov. 12.—(Special.)—A Grand Forks, B. C., special says:

The Granby Smelter will be entirely closed down by tomorrow. When the word came yesterday two furnaces were stopped and two more were closed last night. The entire plant was closed tonight. With the closing of the smelter comes the closing of the Granby mines at Phoenix. This will throw out of employment about 1000 men. The order came from New York. The B. C. Copper Company is expected to close soon. The Dominion Copper Company closed its works some time ago. This is probably the most severe blow that has ever fallen on this district.

Next Friends Must Pay Costs.

CONCORD, N. H., Nov. 12.—The next friends of Mrs. Mary Baker G. Eddy, who tried to secure an accounting of her property, must pay the costs of the litigation, under a ruling of the court made today. The masters' fees aggregate $10,000 and must be paid by the trustees of Mrs. Eddy's estate.

TRIAL OF WALSH BEGINS

ACCUSED OF USING FUNDS OF BANK FOR OWN SCHEMES.

Eleven Jurors Secured and First Law Point Won by Prosecution as to Producing Books.

CHICAGO, Nov. 12.—The trial of John R. Walsh, former president of the Chicago National Bank, on the charge of misappropriation of the funds of that institution, commenced today in the United States District Court before Judge A. B. Anderson. The indictment under which the trial was brought contains 160 counts. The offense charged is punishable with a term of from five to ten years in the penitentiary. It is said the trial will last one month.

The chief issue in the case is whether or not Walsh used the funds of the bank to aid his own enterprises. It is also charged that Walsh borrowed from his own bank more than the legal amount of 10 per cent of the capital stock. This trial, however, will not touch upon this latter question.

The defense will be somewhat of a technical nature. The Government alleges that Walsh substituted for the money it is alleged he took from the bank securities of a doubtful character. The defense will allege that these securities were good, and that nobody ever lost a dollar because of them. It was agreed that each side be allowed three peremptory challenges. Twelve jurors were tentatively accepted by attorney for the Government when court adjourned. Eleven of them were tendered to the defense. The twelfth man will doubtless be accepted and it is thought the entire panel will be agreed on tomorrow.

A point was gained by the prosecution when Judge Anderson overruled a motion by Walsh's attorneys for an order directing the Government to furnish a detailed report of books needed in the trial in lieu of compliance with a subpena directing T. J. Jackson, cashier of the defunct bank, to produce in court 390 books of the bank to be used as documentary evidence against the defendant. Judge Anderson ruled against the defendant's lawyers having a prolonged argument and abruptly adjourned court in compliance with the subpena.

Small Deals in Kansas City.

KANSAS CITY, Mo., Nov. 12.—A man known here as James M. Ridgeway, alias Benton Smith, is believed to be the same man arrested in Pittsburg, Pa., on a charge of forgery. The man was arrested in Denver several months ago and returned to Kansas City to stand trial on a charge of swindling R. A. Long, a local capitalist. According to the charge, Ridgeway, alias, Smith, represented to Long that he would give him a writeup in an Eastern magazine and secured his check for $750. The writeup was not forthcoming, and the man was arrested. At his preliminary hearing he was released on bond, but failed to appear when his trial was called.

It is believed his deals here were on a small scale. No reward was offered for his arrest.

PLATT DENIES AFFIDAVIT

Says Certificate Admitting Mae Wood Is His Wife Is Forgery.

NEW YORK, Nov. 12.—Counsel for Senator Platt today asked the Supreme Court to order that the certificate and admission in writing said to have been signed by Senator Platt that Mae C. Wood is his wife be kept on file in the County Clerk's office.

An affidavit by Senator Platt was filed, setting forth that the certificate is a forgery, and that he will prove that the latter, "purporting to have been written by him, making her his wife "was made by the plaintiff." Decision was reserved.

NEGLECT DANGEROUS

Neglect of even an ordinary cough or cold is apt to leave the lungs sore and especially susceptible to bronchial affections. To break up a cold quickly and cure any cough that is curable there is nothing more effective than a mixture of one-half ounce of Virgin Oil of Pine with two ounces of glycerine and a half-pint of good whisky. Take a teaspoonful every four hours. Five ounces of tincture Cinchona compound can be used instead of whisky with the same result.

The ingredients for this mixture are not expensive and can be purchased at any good drugstore. It will always be found more satisfactory, however, to purchase each separately and mix them at home. Virgin Oil of Pine is a pure compound, guaranteed by the manufacturers under the food and drugs act, serial No. 451, and is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, O., being put up for dispensing only in half-ounce vials, each vial securely sealed in a round wooden case.

DRESSER'S

"Snowdrop" Pure Olive Oil

Do you know that hundreds of people take from one to three teaspoons of Olive Oil daily? Do you know that pure Olive Oil is one of the most beneficial substances to the human system in the world? It is healing and very beneficial to the stomach and intestines—but it must be pure.

Our "Snowdrop" Olive Oil comes direct to us from Southern California, and is guaranteed pure. Unlike many oils, "Snowdrop" contains absolutely no cottonseed extracts, which are injurious. In half pints, pints and quarts (glass), half and gallon tins. Prices, 25c, 50c, 90c, $1.50, $2.75.

"IMPERIAL" SALAD DRESSING
