INVESTIGATE BANKING LAWS

California Legislature Proposes to Protect Depositors.

SACRAMENTO, Cal., Nov. 20.—Resolutions were introduced today in both houses of the Legislature, convened in extraordinary session for the appointment by the Governor of a special executive committee to investigate the banking laws of California and the banks of the state. Amendments are to be drafted and the committee will draw up more stringent measures for the better protection of depositors and will report its findings and recommendations to the next regular session of the Legislature.

MUST CALL SESSION AGAIN

California Legislature Finds Legal Snag to Relief Measures.

SACRAMENTO, Nov. 20.—After an extra session for two days had developed that the proper financial relief legislation and the rehabilitation of the courts on special holidays cannot be enacted by the Legislature under the present call of Governor Gillett, and that a supplementary proclamation must be issued. Such was the conclusion arrived at late tonight by a sub-committee of the Senate Judiciary committee. It was discovered that legislation was being attempted that was inhibited by the Governor's call.

Crucial Test for Roosevelt.

LONDON, Nov. 20.—The London papers today take a gloomier view of the financial situation in the United States, and fears are expressed that the Bank of England will raise the rate of discount today to 8 per cent. The Tribune in an editorial article says: "President Roosevelt has come to the last and most severe test of his public career. His recent speeches show that his heart is in the right place; that he knows the true center of mischief, and that he does not lack the courage to expose it. What is now wanted is prompt and determined application of positive statesmanship to the known facts of the case."

St. Louis Bids for \$12,000,000.

ST. LOUIS, Nov. 20.—At a meeting of all St. Louis bankers today, it was decided to take \$12,000,000 of the Government's Treasury certificates, provided the money paid for this circulating medium be re-deposited in the banks taking the scrip. This the Treasury Department has already signified its intention of doing. The Bank of Commerce will take \$5,000,000 of the scrip, the Third National \$1,000,000, and the Merchants Loan, \$600,000.

IMPROVE DEEP WATERWAYS.

A sweeping resolution favoring the improvement of the deep waterways and their tributaries was passed at tonight's session after a heated debate. A resolution recommending the establishment of a department of mining by the Government was also passed. James P. Brinson, of Colorado, voiced the need of such a department.

leader of the Black Hand in Chicago. Twenty Italians—peddlers, clerks and laborers—were enrolled by Stephen Malato, acting chief of police of the foes of the Black Hand.

Only Mr. Malato and two other members of the executive committee of the society know who are the secret agents of its "police department." These men have the names of the 11 Black Hand suspects and will watch their every movement.

It is probable that the Chicago society will be the main branch of a national movement to rid the country of the Italian and Sicilian blackmailers who have been using the Black Hand symbol to terrify their victims. Letters and telegrams have been received from influential Italians in New York and other cities asking the object of the Chicago society and indicating a desire to cooperate in the work.

The White Hand police will be as secret as the bands that it is sought to stamp out. From the many Italian societies in Chicago that have joined the White Hand movement nearly 50 applications for places as "secret agents" were received. Only a few trusted men were chosen, however, and 20 of these were selected for immediate duty.

San Jose, California and Spokane, Wash., are striving for the next year's meeting.

RESOLUTIONS ON MANY TOPICS.

Today's session was called to order by John Henry Smith, of Salt Lake City, one of the leaders of the Mormon Church. A number of resolutions were introduced and sent to the committee on resolutions, without comment.

Among them were: Commending statehood for New Mexico, by Governor Prince, of that territory. Advising the National Congress to issue \$20,000,000 in treasury notes, the same to be expended by the Government in postroads.

A resolution for the deepening of Pearl Harbor, Hawaii, by Governor Frear, of Hawaii, who also introduced a resolution inviting the United States Navy to visit Hawaii.

Ike T. Frymoyer, of San Antonio, Tex., introduced a resolution in favor of compelling the railroads to do away with the car shortage. The resolution explained the car shortage and suggested an inter-railroad ownership of cars.

Among the telegrams received by the congress was the following from Governor George E. Chamberlain, of Oregon: "Success to deliberations of congress. By all means pass resolutions for amendment of the interstate commerce law so that interstate rates cannot be increased without a hearing had, giving the Commission greater power and forbidding the enforcement of rates without prior approval of the Commission."

WALSH WAS THE PIPELINE

Through Him Money Went From Bank to Railroad.

CHICAGO, Nov. 20.—National Bank Examiner Moxey's tracings of the alleged juggling of the funds of the defunct Chicago National Bank by ex-President John R. Walsh were continued at the latter's trial today.

The first transaction related was a bond purchase by the bank December 25, 1904. From the bond journal of the bank Mr. Moxey showed that on that date a purchase of \$125,000 worth of Mount Olive & Staunton Coal Company 8 per cent bonds was negotiated at par, the amount being \$125,000. By means of the bank's interest book, Mr. Moxey showed the interest on this item to have been \$312.50, making the proceeds \$125,312.50. This was shown by a bond department check and a deposit slip to have been deposited to Mr. Walsh's personal account.

An individual journal showed \$4,000 to have been withdrawn the same day by Mr. Walsh on a counter check, while the cash book of the Southern Indiana showed a similar amount as having been received the same day by the railroad company from Mr. Walsh.

The direct examination of Mr. Moxey was concluded early in the afternoon. The cross-examination, which in its early part did not alter the testimony of Mr. Moxey in any manner, was profligate of disputes and arguments between the attorneys.

STOCKMAN FOUND DEAD

William Erb Discovered With Bullet Hole in Mouth.

ASHLAND, Or., Nov. 20.—(Special.)—William W. Erb, a prominent farmer and stockman, who has a fine farm at the southern outskirts of Ashland, was found dead with a bullet hole in his mouth at the Owens Mountain Ranch, 25 miles east of Ashland on Dead Indian Prairie this afternoon. Whether death was due to accident or suicide or some other cause may not be known until after an investigation of the affair by the coroner, who has been summoned.

Erb has a mountain ranch in that vicinity and went yesterday to bring his stock to the valley for the winter. No one had been staying at the Owens ranch recently and when Mr. Owens' men arrived there from the valley this afternoon the body was found near the woods with a rifle lying beside it, having apparently been there several hours.

Mr. Erb was a man of about 50 years and well-to-do. He had lived here most of his life, and was most highly respected, he was prominent in the Masonic fraternity.

Company, skull probably fractured by a fall from a pile of lumber.

Captain Carey, of fire truck No. 7, injured by falling walls. Lieutenant Meyer, of truck No. 7, cut and bruised by falling bricks. The heaviest losers by the fire are the Dempster Lumber Company, the Barber Asphalt Company, the Western Washboard Factory and the Whittier-Coburn Company.

RAINS DOLLARS ON WHEAT

Inland Empire Rejoicing Over the Much-Needed Downpour.

SPOKANE, Wash., Nov. 20.—(Special.)—It has been raining dollars over the Inland Empire again for the past two days. While the Fall has been an unusually fine one, the Fall-sown grain is badly in need of moisture, which is coming now in splendid shape. The rain was needed to give the grain a good start before winter sets in. The moisture will also put the ground in shape for Fall plowing, which will be done at once. Considerable Fall seeding will also be done. Reports indicate that the rain is general over the wheat belt.

What is Catarrh?

A Dangerous Disease Affecting Thousands of People.

It is an inflammation of the mucous membrane, and may affect the nose, throat, stomach, bowels, or bladder.

NASAL CATARRH is most common, often coming on so gradually that it has a firm hold before it is suspected.

Catarrh is aggravated by colds, but depends on impure blood. When chronic it is liable to develop into consumption. It is therefore very serious.

The true remedy for catarrh is Hood's Sarsaparilla, because it purifies the blood, and removes the cause, effecting radical and permanent cures.
