FOR OUR FRIDAY SALES

\$10 IN GOLD GIVEN AWAY

We have culled our brains, bored our friends, laid awake nights and busied our gray matter overtime days, in casting about for a name for our coming great weekly bargain event—**"THE BARGAIN FRIDAYS,"** which start today. There are "Economy Sales," "Surprise Sales," "Challenge Sales" and other Friday sales galore. None of these quite reaches the standard we seek—and of course the name by which our Friday Sale is known must be "Different." So we have decided to call in the aid of the public to "name the baby." What shall we call our Friday Sales? For the best name suggested and received—by mail—to be decided by a committee of advertising men—before Sunday, December 1, we will pay \$10 in gold coin. A great chance for children or grown-ups to earn Christmas money for holiday spending or for wanted necessities. Every one is eligible—nothing to buy—no age limit. Send in the name or names you suggest with your name and address plainly written. Address your suggestions to Advertising Dept., I. GEVURTZ & SONS, First and Yamhill Sts.

BEST RECORD FOR ONE DAY

MAURETANIA BEATS HER SISTER, BUT MEETS STORM.

Delayed by Antics of Loose Anchor in Gale—Seven Hours Longer on the Trip.

ON BOARD THE STEAMSHIP MAURETANIA, Nov. 21.—(By wireless to Cape Sable, N. S.)—We have broken the world's record for a day's run. The Lusitania took the blue ribbon with 618 knots. The Mauretania has westered the coveted record from her sister ship, for between noon of November 20 and noon of November 21 she reeled off 624 knots.

Lusitania Maintains Speed. QUEENSTOWN, Nov. 21.—The Cu-

ard liner Lusitania, which left New York November 18, arrived here at 2 1/2 minutes past 8 this evening, having made the passage in about the same time, as her last eastward trip. Two tenders went out from here to meet the steamer, but, owing to the heavy seas, they failed to communicate with her.

GREYHOUND IN WILD STREAM

Anchor Breaks Loose and Causes Steamer to Slow Up.

NEW YORK, Nov. 21.—The steamer Mauretania's time for the passage from Queenstown, it is calculated, will be about five days and two hours, or about seven hours slower than the Lusitania's fastest westward passage. Wireless dispatches from the Mauretania indicate that the steamer will arrive at Sandy Hook at daybreak Friday. The aerograms also tell of a severe storm which delayed the Mauretania and record an exciting incident which occurred Monday night. The small figures made by the steamer that day—491 knots—were due to

this incident. While the ship was plunging into the head seas some of them tore one of the heavy anchors from its lashings on the forecabin deck. The following seas and the roll of the ship set it to dancing about the deck, and there was danger that damage would be done to the bow plates or the deck.

Captain Pritchard, who was on the bridge, ordered that speed be reduced, and he then went forward and personally directed a force of men, who tried to capture the runaway. It was the captain himself who finally put a line on the anchor by which it was lashed fast.

The storm which the Mauretania has finally left behind was a fierce one. First there was a southwest gale, heavy clouds and high seas. Then the wind suddenly shifted to the northwest and the clouds cleared away, but the gale was cold and went whistling through the rigging. The wind is now light and the sea smooth.

SENDING MONEY TO ITALY

ALBANY'S ITALIANS BUY FOREIGN MONEY ORDERS.

Greek Laborers, on Other Hand, Pay Savings to Oregon Breweries. Some Interesting Statistics.

ALBANY, Or., Nov. 21.—(Special)—Though this city has a remarkably small foreign population, the Albany Postoffice sent out \$4036.52 in foreign money orders in the past fiscal year. The bulk of the amount was sent by Italian railroad laborers and natives of Sweden employed in logging camps and sawmills tributary to this city, and a considerable portion went back to "old Ireland."

for this foreign money order business of the local postoffice.

During the period covered in the above statement, a gang of Greeks and a gang of Italians have been employed on railroads in this vicinity most of the time. Following each day, the money orders of the Italians went to relatives in the old country and those of the Greeks went to Oregon breweries. While more than \$300 went to Italy, not a cent went to Greece.

In the past fiscal year, money orders have been issued from Albany to foreign countries in the following amounts: Sweden, \$1623.28; Ireland, \$881.47; Italy, \$815.90; Germany, \$390.61; Norway, \$359; Great Britain, \$280.06; Austria, \$255; Japan, \$145; France, \$78.90; Russia, \$25.50; Mexico, \$19; India, \$9.70; Switzerland, \$1.
