In spite of the fact that Multnomah has strengthened considerably, the adherents of the club eleven ask odds before wagering on the chances of the winged "M." The Oregon admirers, remembering precedent are somewhat membering precedent, are somewhat loath to offer 2-to-1 as asked by the club supporters, but many are willing to take the long end of a 5-to-i wager. The latter quotation, with Oregon favorite, seems to be a proper ratio in the betting as adduced from the past performances of the two teams.

Dow Walker, Martin Pratt, Sterling and Horan in the line, with Dowling and Kirby, the latter formerly a Notre Dame star, at ends, will likely be the formation on which the clubmen will depend for resisting the plunges of the Oregon hard line-bucking back field. SERIOUS KIDNEY TROUBLES PELT IN THE BACK.

Prescription Which Anyone Can Prepare at Home to Overcome Kidney Disease

Take care of backache. A great many axes of kidney complaint are reported bout here, also bladder trouble and

about here, also biadder trouble and rheamatism.

An authority once stated that pain in the back, ioins or region of the kidneys is the danger signal nature hangs out to notify the sufferer that there is something wrong with the kidneys, which should receive immediate attention. Only vegetable treatment should be administered and absolutely no strengly alcoholic patent medicines, which are harmful to the kidneys and biadder.

The following prescription while

which are harmful to the kidneys and biadder.

The following prescription, while simple, harmless and inexpensive, is known and recognized as a sovereign remedy for kidney complaint. The ingredients can be obtained at any good prescription pharmacy and any one can mix them: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

This preparation is said to restore the natural function of the kidneys, so they will sift and strain the poisonous waste matter, uric acid, etc., from the blood, purifying it and relieving rheumatism. Backache will be relieved, the urine will be neutralized and cleared and no longer a cause of irritation, thereby overcoming such symptoms as weak bladder, painful, frequent and other urinary difficulties.

This is worth trying and may prove just what many people here need.

Chit-Chat of Sporting World

BY WILL G. MAC RAE, Stewards of the Baltimore Jockey Club have unearthed a scandal. They found after the meeting was over that overweight jockeys, when they came to weigh in, used a saddle made of aluminum and then when they came to ride would use their own tackle. The clerk of the scales must have been blind or didn' know his business. A trick like that couldn't be worked in the jungles in this

Muggsy McGraw, manager of the New York Giants, gets \$10,000 a year and a percentage of the gate receipts. No wonder the scrappy manager had so much money with which to play the ponies. Perhaps after all there was some ground for the complaint of the Gotham fans when they said that McGraw neglected baseball for the races.

Racing at Los Angeles at the new track of Barney Schreber and Bookmaker Rose will not open its season on Thanksgiving opening date has been postponed

"Pop" Derrick, the umpire whose troubles were as many as his decisions were bad, has found a vocation that suits him. He is in the life-saving business now and is drawing a salary from the City of Scattle as official rat exterminator. Every day he visits the waterfront and feeds poison to the germ-laden rats. Wender if he looks upon the rodents as troublesome and warlike balltossers?

The mysterious disappearance of Bill fulen, known to every baseball fan in he Northwest, has been solved. Hulen didn't make a trip to that country from which they issue no return checks. He played ball last Summer at Medicine Hat.

News reaches here of the death of Bill Harris, who played third base on the Portland team in 1992. He was run over by a train at Edmonton, Canada, Harris also played ball at Medicine Hat.

For the first time in history the Cincin nati baseball club management has de-clared a dividend. The Pacific Coast League contributed to this when it let Redtown have Mike Mitchell, Larry Mc other players. Mitchell and McLean both

At a meeting of the league managers at Seattle at the close of the season, Messrs. Dugdale, Hall and Shreeder were appointed a committee on franchises. The committee will make its report at the January meeting, and until this committee reports all stories about Aberdeen being dropped are imaginative. Manager Brown understands that Everett and Helena have made applications for advission which would make an eight-team mission, which would make an eight-team league, but so far Aberdeen is scheduled to stay whether a six or eight-team league is formed; at least the association here, as he understands at present, is

Aberdeen came through last season with good surplus and the backers of asseball here show no disposition to quit. Manager Brown says he has reserved all players of last year's Aberdeen team with the exception of Higginbotham and Ton-neson, and has players secured to replace them.

In the event of Aberdeen being crowded In the event of Aberdeen being crowded out, Manager Brown would not say whether he would put his team in Vancouver or another town, neither would he affirm or deny the statement that he has been offered the management of the Vancouver team. "I will stay by Aberdeen he said, "so long as the town has a show. It will be time enough to consider other offers then." He, however, admitted he had one or two good baseball offers in the East that he might consider if the verdict goes against this city at the January meeting. city at the January meeting.

When a medicine has stood the test for a period of more than two generations and is then more popular than ever, there can be no doubt of its merit. This is the record of S. S. S. Its period of existence is marked by a long line of cures of blood and skin diseases of every character, and its value in the treatment of such troubles has become so well known that it is today the most extensively used blood medicine on the market. For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases and all other troubles due to an impure or poisoned condition of the blood, S. S. S. has no equal. It counteracts and drives out the poisons, humors and germs, cleanses the system of all unhealthy matter, cures the disease permanently and restores strong, robust health. Where the blood is weak or anaemic, and unable to furnish the body with the nourishment and strength it needs, S. S. S. supplies it with the healthful properties and acts splendidly in toning up and reinvigorating the system. It goes down to the very bottom of all blood disorders, and in this way reaches inherited taints on which the ordinary blood medicines have no effect. Not only is S. S. S. certain in its results but it is at the same time an absolutely safe remedy. It is made entirely of roots, herbs and barks of known healing and curative value. It does not contain the slightest trace of mineral in any form to damage the delicate parts of the system, and may be used by children with the same good results and perfect safety as by older people.
