Blanche Kerfoot Summoned With Many Other Witnesses-Prisoner's Nerve Weakening-Father Hastening to Son's Defense.

BAN FRANCISCO, Nov. 27 .- (Special.)-Iwo important matters came to the atiention of the Berkeley police today to add to the evidence they are gathering add to the evidence they are gathering against Harry Kleinschmidt, accused of the murder of Frank Bellows. learned today that a day or two after the death of Bellows, Kleinschmidt had the lawn mowed and raked. By this process any traces of a struggle that may have been left on the lawn would have been crased.

The second development of importance concerns the testimony to be given by W. W. McGuire, a bookkeeper at the Claremont Hotel, and Mrs. McGuire. On the night of July 26, when Bellows met his death, Mr. and Mrs. McGuire passed the Kleinschmidt home. Passing by the side, they heard a noise coming from the rear of the home. As they passed further along the street, they paused. In a ther along the street, they paused. In a moment they saw a lone figure dart into the hedge at the side of the house. They called as witnesses.

Blanche Kerfoot to Testify.

The grand jury will take up the Klein-hmidt case next Monday. Miss Kerfoot has been served with a subpena and her physician is willing that she should make the trip to Cakland from Sutter Creek. Thirty-seven other witnesses were also subpeneased today. The accusation was made against Kleinschmidt by affidavit on information and belief simply for the purpose of getting him into cus-tody. He was apprised of the fact that the police were working on the case long before they were ready to arrest him before they were ready to arrest him. le was feared he would try to escape. The grand jury will be placed in possession of the evidence next week and asked to return an indictment. One of the important witnesses for the

people will be Mrs. A. C. Clark, of Ban-croft, Wyo., who will testify that the night after the body of Bellows was found, Kleinschmidt brought Hanche Kerfoot, whom she knew intimately, to her house. This was after Kleinschmidt had tolored Wiss Kerfoot to come to had induced Miss Kerfoot to come to his house, where he gave her the news of Bellows' death, which, together with indignities to which he is alleged to have subjected her, so prostrated her that she has not yet fully recovered.

Kleinschmidt Losing Nerve.

Kleinschmidt is showing the effects of his imprisonment in the county jail and of the seriousness of his situation. He has become listless and even despondent since yesterday. When first brought to the jall he assumed a debonnair manner, and declared that the charge of murder was ridiculous. He has refused to talk to his companions in the jail regarding the crime with which he is charged. Kleinschmidt is not of robust build and is a victim of nervous dyspepsia, his aggravated the last few days.

FATHER COMING TO HIS HELP

Kleinschmidt's Family Kept in Dark Till Charge Is Made.

BERKELEY, Cal., Nov. 27. — Word was received today that A. Kleinschmidt, father of the young man under arrest for the murder of Student Bellows, is on the way here from Montana to assist his son. When the Berkeley police first informed young Kleinschmidt of the suspicions that they had against him and finally placed him under surveillance, it was decided to keep the news away from the head of the family, who has ex-tensive mining interests, but when a formal charge was placed against the young man a wire was hurrledly sent Helena and Kleinschmidt replied that he would close his business af-fairs as quickly as possible and come to Berkeley.

Miss Blanche Kerfoot, according to Chief of Police Vollver, is not now in danger of losing her mind or of dying, but is recovering very rapidly from her Ulness brought on by worry.

HELENA, Mont., Nov. 27 .- (Special.)e news from San Francisco that Harry Kleinschmidt, a student at the University of California, had been arrested on the charge of murdering a rival in love created a profound sensation here. To simplify matters, they recommend that Congress pass a resolu-tion specifically authorizing the introtion specifically authorizing the intro-duction of foreiture proceedings. WASHINGTON, Nov. 27 .- Representative John Sharp Williams, of Mississippi, the Democratic minority leader in the House of Representatives, had a conference yesterday with Speaker Cannon on the subject of the minority representa-tion on the House committees. He told the Speaker that the Democrats would insist upon an increase in their represen-tation corresponding with the increase in the Democratic membership of the House. In the last Congress the Democrats con stituted 33 per cent of the total membership, while this year they constitute about 43 per cent. In consequence of this augmentation in their membership they will ask seven members on each committee instead of six, as at present, leaving the Republican numbers undisturbed.

Store Closed All Day

Going to the game" Going to stay at home and visit with old friends and live old days over? Or going to the home of some good friend and help reduce the supply of goodies they have provided for the greatest of feast days?

Nearly all Portland can answer "yes" to one of these three questions. Many of us will spend the day in pleasant retrospection of days that are gone. There will be many a toast to "Auld Lang Syne." Old companions will talk of times long gone by. Good cooks will win new laurels, and every home in Portland will celebrate a year that has brought much to be thankful for.

Those further along in years will find their best enjoyment in the recollection of other days, and in the comfort they'll take in watching their children and young friends enjoy themselves.

The younger generation will be in evidence at the football game and at the Old Ballad Concert and Ball in the evening.

And how many of these who have outgrown their own youthful enthusiasm will take keen enjoyment in the bubbling spirits and boundless energy-the enthusiasm and pleasure of the younger people around them! May this Thanksgiving bring to each one that reads this-and all who

do not as well—the most pleasant and prosperous day of their lives.

So much for Thursday. Friday we know that all the economical population of Portland will be at the Olds, Wortman & King Store.

The 238th Friday Economy Sale will be one of the greatest merchandising events of the year. See details in the Thursday evening and Friday morning papers

'Tis one more reason you'll have for being thankful. REMEMBER, TOO, THAT ALL GOODS BOUGHT FRIDAY OR SATURDAY WILL BE CHARGED ON DECEMBER ACCOUNT.
