## What a Little Money Will Do If You Have Something to Sell

It may be real estate, stock, machinery, books, a business, a camera, or printing office, in fact any conceivable thing under the sun. It can be quickly disposed of if a small ad is inserted under the proper classification in the want pages of The Oregonian. If you want to obtain a better paying position in a more con-

If you want to move to another section of the country for health's sake, advertising will help you decide where to go and save you much costly experience in traveling around.

If you want to exchange one article for another, advertise, and you will be surprised at the number of replies you receive. If you desire to sell your present home or farm, advertise it and receive a much better price than an uncompetitive market would bring you.

If you desire high-grade employes in any line of business, advertise for them and take your pick from those who reply. If you conduct a general business, or a small exclusive business, and have been unable to advertise it heretofore in the display columns,

try several different strong, well-written advertisements in the classified department, and build a bigger business. If you cannot bring your ad, phone it. Main 7070; A 1670
