Jungle-Covered Town Built by the French on Isthmus Discovered.
 WASHINGTON, Dec. 3.—An entire village built by the French during their occupation of the Isthmus and completely buried by the dense jungle growth of 20 years has been discovered at Salmito Malato by the engineering force that is locating the center line of the canal in the Chagres division. A majority of the buildings

are in sufficiently good condition to be used again.

Atslrip Still Flying Northward.
 GLASGOW, Scotland, Dec. 2.—Telegrams received here declare that the French military balloon La Patrie, which accidentally got away from Verdun, France, last Saturday, passed over Clyde Bank, Dumbartonshire, Scotland, this afternoon, going in a northwesterly direction. La Patrie was last reported over Northeastern Ireland, Sunday afternoon. There is no one on board of her.
