INDIANS HAVE SMALLPOX

EPIDEMIC SPREAD BROADCAST DURING POTLATCH.

Washington Tribes Taken With Disease While Assembled at Mud Bay.

OLYMPIA, Wash., Dec. 5.—(Special.)—An epidemic of smallpox in the Indian tribes throughout the state may result from the recent potlatch held at Mud Bay, in this county, last week, which was attended by red men from all over the Northwest.

Dr. Bridgford, county health officer, has received information that smallpox has existed for several months past among the Mud Bay Indians and that at the time of the potlatch there were several bad cases there. He will make an earnest effort to stamp out the disease and prevent its spread.

ALL MUST LEARN TO RIDE

PRESIDENT SETS 30 MILES AS LIMIT FOR OFFICERS.

Inform Secretary of War of Physical Tests Needed by All Who Retain Commissions.

WASHINGTON, Dec. 5.—The War Department today published a general order issued by the President greatly extending its original order relative to riding tests of officers of the Army. The President now requires every field officer to make a daily practice march of not less than 30 miles for three days in succession each year. All officers are also required to accompany their commands on the monthly practice marches. The text of the order published today is as follows:

"White House, Washington, Dec. 5, 1907.—To the Secretary of War: I desire due notice given to all officers concerned that hereafter suitable physical tests to determine their fitness for active operations will annually be made of all field officers of the Army under such regulations as you may prescribe.

forced marches in active field operations. Tests suitable to the character of the service required of them should also be prescribed for field officers of sea coast artillery.

"Annual reports should also be required, under such conditions as will insure accuracy and thoroughness, upon every junior officer of the Army, setting forth whether physically qualified for active operations.

"Except when excused by higher authority all officers should accompany their commands on the monthly practice marches, and reports should be required, naming in every case any who are unable or fail to do so, or fall out on the march.

"Appropriate action should be taken in the cases of all officers found not qualified physically for active service.

"It is just as much the duty of all officers of the Army to adopt such measures and pursue such habits as will maintain a physical condition fit for active service as to cultivate their minds in fitting them for the intellectual duties of their profession.

"I should also like as much encouragement given to the cultivation of horsemanship in the Army as may be practicable under the law and likewise to have as many facilities for riding horseback as possible afforded to infantry captains on Government horses until they have been mounted officers, as in foreign armies. (Signed) "THEODORE ROOSEVELT."

HOLIDAYS END DECEMBER 14

GOVERNOR CHAMBERLAIN SO SENDS OUT WORD.

However, Should Conditions Demand It, Executive Will Re-issue Proclamation.

SALEM, Or., Dec. 5.—(Special.)—Governor Chamberlain decided today that he will discontinue the business holidays after December 14. This announcement he made in a circular letter, a copy of which he has mailed to all banks, County Courts, Circuit Judges, District Attorneys and all other persons who have written to him on the subject of declaring the holidays. He says, however, that he will proclaim further holidays later if it should appear necessary. His letter is as follows:

I have just issued a proclamation continuing the holidays to and including the 14th inst. Conditions are improving all over the state, and I cannot see any reason for interfering longer than that with the business of the courts, and the contractual relations of the citizens.

NAMES COUNTY JAILER

Court Appoints H. P. Hunter at Suggestion of Sheriff.

H. P. Hunter was appointed by the County Court yesterday to have the custody of the prisoners at the County Jail, succeeding Acting Jailer Frank Beatty. Beatty had held the place since July 2, when George Mitchell went on a vacation and resigned. Since November 1 Hunter practically has been in charge of the jail, but his formal appointment by the County Court was delayed on account of the holidays. The action taken yesterday dates his appointment from November 1.

For nine years Jailer Hunter was in the employ of the local freight office of the Northern Pacific, afterwards enlisting with Company 1, Second Oregon Infantry, as a corporal. He took part in the Philippine campaign, and is now a member of Scout Young Camp, United Spanish War Veterans. While stationed at the Hibbitt military prison, Mr. Hunter gained valuable experience. It was for this reason, among others, that he was chosen for a jailer by the Sheriff, whose choice was ratified by the County Court. Beatty will continue to work as a deputy under Sheriff Stevens, doing a part of his field work.

Governor G. W. Carter, of Hawaii, says: "Japan would fight the United States at the drop of the hat should the occasion arise, and you can take it from me that Uncle Sam would know it was more than a slight thing to do the before he got through with the trouble."
