Store with the money-back policy.

Instead of investing our money in real lesiate, as others have done, we have and still are investing the thousands of deliars that we made during the San Francisco disaster in all kinds of merchandise that are all practically new. In order to make room, which we are badly in need of, we will give you the beneft of our good buying, as we cannot find suitable storage for the immense lot of stock, such as pipe, belting, configurated from several water wheels, dynamos and other stuff too numerous to mention, which we have on the road and of which we also have an extra large supply on hand. Dealing with us is the same as dealing with any first-class store, for if you are not satisfied with what you surchase from us, remember that you are dealing with the only second-hand store in the city that has the money-back policy. We sell for each certificates, on time or installments. Give us a trial and be convinced. J. SiMON & BRO.
