HAYWOOD IS A SPECTATOR

WILL BE CALLED AS WITNESS FOR PETTIBONE.

Judge Wood Will Not Permit State to Go Into Matter of Colorado Labor Troubles.

BOISE, Idaho, Dec. 17.—The prosecution in the Pettibone case today traced the Peabody bomb from the time Harry Orchard said he and Jack Simpkins threw it in a creek near Wallace.

Judge Wood made it plain this morning that he would not permit the introduction of evidence in regard to the labor troubles in Colorado, which was admitted at the trial of William D. Haywood, and then stricken from the record because it was held by the court the defense had failed to establish its counter-conspiracy charge.
