CHANGE IN THE SERVICE

Joseph Jacobs Receives Promotion for Services Rendered.

OREGONIAN NEWS BUREAU, Washington, Dec. 18.—A number of important changes in the personnel of the Reclamation Service in the State of Washington are announced. Joseph Jacobs, former district engineer at North Yakima, has been promoted to a position on the staff of consulting engineers, and C. H. Swigert has been appointed to the position of Tilton Project engineer with personal charge of all matters relating to the work, acting also as project engineer for the Sunnyside project until another appointment is made.

Mr. Jacobs' promotion is a proper recognition of merit and faithful performance of duty. For two years he has devoted every energy to the prosecution of his work in the valley. He entered upon his duties when conditions were chaotic and when the outlook for the initiation of a great National work in the valley was not hopeful. Largely through his efforts the conflicts over water rights, which had become serious, were adjusted. Owing to his close application and the severe strain of continuous service, Mr. Jacobs' health failed. He will not enter upon his new duties until he has taken a short leave of absence.

TOOK ALL, PAID NOTHING

Get-Rich-Quick Broker Arrested in Chicago.

CHICAGO, Dec. 18.—J. C. Dean, head of the firm of J. C. Dean & Co., stock and bond brokers, was arrested last night on a charge of obtaining \$31,500 on worthless checks from A. M. Roberts, proprietor of the new Waldorf Hotel.

Dean opened his office eight months ago. The firm immediately started an aggressive advertising campaign in the papers of Chicago and other cities. As inquiries came in Dean sent out glowing prospectuses and references, and in each case before making a contract insisted that advance amounts of from \$50 to \$100 or more be paid for various "expenses."

The "expenses" having been paid, little or nothing further, it is alleged, was done by the Dean firm.

Postoffice inspectors seized Dean's mail and 400 unpaid advertising bills from papers all over the United States.

New Drydock Projected.

SAN FRANCISCO, Dec. 18.—The Bulletin says that within a few months the Union Iron Works will let a contract for a floating drydock large enough to accommodate all vessels that come to this port, with the possible exception of the Pacific Mail liners Mongolia and Manchuria.

EXHIBIT BLOODY CLOTHES

Prosecution Would Prove Walker Was Shot in Back.

DENVER, Dec. 18.—The bloodstained garments worn by Secret Service Agent Joseph A. Walker on the morning of November 3, when he was shot and killed at a coal mine near Hesperus, Colo., were exhibited on a dummy figure today to the Federal grand jury which is investigating the killing.

By the location of the bullet holes in the clothing, and by the testimony of the surgeons who held a post-mortem examination of the body of Walker, the Government expects to prove that Walker was shot from behind. It is understood that District Attorney Earl Cranston will ask for indictments against seven men, including Joseph Vanderveide, who claims to have shot Walker in self-defense, and William Mason, who was with Vanderveide at the time, on the charge of conspiracy to kill Walker.

Gallagher Returns to Testify.

SAN FRANCISCO, Dec. 18.—Ex-Supervisor James L. Gallagher, who will be the principal witness for the prosecution in the trial of Patrick Calhoun, accused of bribery, has returned from the East.

Railroad Manager Not Guilty.
