STONES HIT CARS

Riot Follows Attempt to Break Muncie Strike.

MAYOR CALLS FOR TROOPS

Citizens Refuse to Help Sheriff and Governor Awaits Result of Inquiry—Five Persons Are Injured in First Onslaught.

MUNCIE, Ind., Jan. 1.—Five persons were injured and two streetcars were wrecked with stones here this afternoon in a riot that followed an attempt of the Indiana Union Traction Company to run cars manned by strikebreakers. The strike followed the refusal of the company to re-sign the wage agreement that had been in effect for five years.

Realizing that the local police had been unable to cope with the situation, Mayor Guthrie this evening appealed to Governor Hanly to send troops to Muncie, but the Governor replied that he would send Colonel Harry B. Smith to look over the situation, and he would act as the latter's report guided him. Repeated efforts by the Sheriff to swear in deputies were fruitless, as not a man would act.

SMELTERS ARE CLOSED DOWN

Depression in Lead Market Affects Helena Plant.
HELENA, Mont., Jan. 1.—The American Smelting & Refining Company, Inc. is authoritatively announced here tonight, will shortly close down several of its smelting plants because of the depression in the lead market. At the East Helena plant today the company reduced its force 100 men and tomorrow to 10 per cent reduction in wages will be posted for the 250 men who are retained. Manager Frank M. Smith, of the local plant, received notice several days ago from officials of the company that the

smelter would be closed. However, he prevailed upon his superiors to continue operations in Helena on a reduced force and on the wage scale which was in force in November, 1906. This action was taken with the understanding that smelting plants in Colorado and other states will be closed.

KENTUCKY MINERS ON STRIKE

Coal Industry of Four Counties Will Be Idle.

MADISONVILLE, Ky., Jan. 1.—President Smith, of the United Mineworkers, stated tonight that in response to the strike call sent out yesterday 100 men in Hopkins, Webster, Union and Christian counties went out and this number would be increased tomorrow.

Reduce Cokeworkers' Wages.

UNIONTOWN, Pa., Jan. 1.—Announcement was made today by the H. C. Erick Coke Company of a decrease in wages affecting all of its coke plants in this region. The decrease is about 75 per cent and places the wages slightly above what they were prior to the voluntary increase made in March, 1906. It is expected that independent companies will make similar reductions.

WIFE MAY FILE CHARGE

Mrs. J. K. Cooke Awaits Advice of District Attorney.

HARTFORD, Conn., Jan. 1.—Mrs. Cooke, wife of the Rev. J. E. Cooke, who abandoned his family and fled with a girl to San Francisco, where he has been located, was asked today if she contemplated making charges against her husband.
"It is a very serious matter," she said, "and I could hardly determine what course to take without counsel with the members of my family. It would seem that the Nassau County officials should take the initiative. My husband's crime is not against me—it is against the girl, against the church and against God. If District Attorney Cole wants me to prefer charges, perhaps he will communicate with me, and then I shall have to consider what is best to be done."

BOMB OUTRAGES IN SPAIN

Finding of Infernal Machines Leads to Drastic Measures.

BARCELONA, Jan. 1.—In consequence of bomb outrages by local anarchists, King Alfonso has signed a decree provisionally suspending a portion of the constitutional guarantees in this city. In the last few days five infernal machines deposited in various parts of the city exploded without causing material damage. Last night a policeman found a large one on the steps of a mansion. In carrying it away the machine exploded, frightfully mutilating the officer, injuring several bystanders and partially wrecking surrounding buildings. The policeman died tonight of his injuries.

EXPLOSION IN STEEL WORKS

TWO KILLED AND 13 WOUNDED NEAR PITTSBURG.

Bottom Drops Out of Converter, Filling Pit With Molten Metal and Poisonous Fumes.

PITTSBURG, Jan. 1.—Two men were killed and 13 others were seriously injured by an explosion in Converter No. 2 of the Edgar Thompson plant of the United States Steel Corporation at North Braddock, about seven miles east of here today.

The dead: PAUL KURISCK, 30 years old, Braddock. STEPHEN DOVIAH, 35 years old, Braddock.

Six of the injured were Americans and the others Slavs. All were removed to a hospital in this city, where it was found their injuries were not serious. No statement of the cause of the explosion has been issued, but old converter mill men say the cause could hardly be other than that some of the molten metal sifted through the scapstone lining of the converter and came in contact with the steel sheathing which perhaps was damp. When the explosion occurred the bottom of the converter dropped out, throwing 15 tons of molten metal into the pit, where 15 men were working with ladles. There was no explosion when the hot mass of steel struck the bottom of the pit, but instead burning gas was sent up, which burned the men in the pit. The two men who were killed had been working under the converter and their bodies were terribly mangled. The sheet-iron roof was blown off the converting mill and caused two of the walls to collapse, besides breaking all of the windows in the building in that vicinity and partially destroying the engine house and warehouse near the converting mill.

FROZEN CARRYING MAIL

Carrier on First Trip Breaks Snowshoe and Perishes.

BOISE, Idaho, Jan. 1.—(Special.)—Geo. McKinney, mail-carrier between Rock Bar and Atlanta, was frozen to death near the top of Bald Mountain, presumably on Christmas night. He left Atlanta Christmas on his first trip. The route lies over Bald Mountain and the road remains snowed up all winter. The only travel being on snow shoes. The body of the victim was found Saturday by Fred Phelix, another carrier, going in from Rock Bar. It lay within 200 yards of the house of "Old Man" Kehno. Indications show McKinney broke a snowshoe when nearing the top and wore himself out wallowing in the snow. Kehno is very deaf and could not hear McKinney even if the latter had

GLIDDEN AFTER LAHM CUP

Aeronaut Would Sail From Omaha to Boston.

NEW YORK, Jan. 1.—It is stated that Charles J. Glidden, the motorist, originator of the Glidden automobile tour, is to attempt a balloon flight next Summer from Omaha, Neb., to Boston, a distance of about 1500 miles.

PUTS BAN ON CIGARETTE

Michigan Convention Turns Joke Into Serious Action.

LANSING, Mich., Jan. 1.—In the constitutional convention today, a cigarette discussion that in the beginning gave the appearance of having been entered into jokingly passed quickly into the serious stage and resulted in the adoption of a proposal prohibiting the manufacture or sale of cigarettes in this state. The proposition was carried in committee of the whole and later was adopted, 56 to 17, in formal session. The opposition to the proposal will be renewed when it comes up on second reading.

PROTECT AMERICAN CONSUL

TROUBLE AT OCOS IS UNDER INVESTIGATION.

Guatemala Authorities Fear Complications if They Interfere in Mexican Representative's Action.

GUATEMALA CITY, Guatemala, Jan. 1.—The American Charge d'Affaires, William F. Sands, has returned here from Ocos, whether he went personally to investigate an alleged attack on the American Consul there by the Mexican Consul. It is said the American Consul fears a further attack and declares that the Guatemalan authorities have refused to protect him, alleging that Guatemala fears Mexico may misconstrue any step taken against Mexican citizens. The Mexican Minister to Guatemala, Senor Cambon, it is said, declares that if the United States makes demands of Guatemala they will serve as an excuse for a serious attack upon the Mexicans residing at Ocos and cause further complications. Cases are now pending for the redress of Mexicans who are alleged to have been ill-treated by Guatemalan officials and whose punishment Mexico has demanded.

The activity displayed by Mr. Sands has resulted in Judge San Marcos being sent to Ocos to institute a judicial inquiry into affairs there, and it is believed this will be greatly to the benefit of Americans.

Owing to recent disturbances in Honduras, the State Department at Washington has advised the legation here that any American found to be engaged in filibustering expeditions will be dealt with severely, as the United States Gov-

BUREAUS REDUCE SUICIDES

Booth Says 75 Per Cent of Applicants Are Saved.

LONDON, Jan. 1.—General Booth, of the Salvation Army, reviewing the work of the anti-suicide bureaus established last year in various cities of the world, says 115 men and 30 women sought the assistance of the London bureau to save them from self-destruction, while at least an equal number applied at the bureaus in other cities. General Booth thinks it safe to say that 75 per cent of the applicants have been diverted from contemplated suicide and helped to surmount their difficulties.
