HAVE SIX JURORS FOR THAW TRIAL

Lawyers Make Better Progres Than When Delmas Defended.

SURPRISE FOR JEROME

Littleton Summons Stalc's Experts Who Declared Thaw Insane During First Trial—Careful Steering Among Rocks Needed.

NEW YORK, Jan. 8.—The work of securing a jury to try Harry K. Thaw a second time for killing Stanford White was half completed when court adjourned shortly before 6 o'clock tonight. The original venire of 200 special service jurors had been exhausted at that hour, and the customary night sitting was not held. Two hundred additional talesmen have been ordered to report tomorrow morning.

The oath of service was administered to three men, making six in all who have been finally accepted. Three provisional jurors were also in the box at the close of the day's session, but they are still subject to peremptory challenges. Another series of these arbitrary removals reduced the panel when all 12 seats had been filled at 4 o'clock, and six chairs were left vacant when it was finished. The defense has now used 11 of its 30 challenges, and the prosecution eight.

Six Accepted Jurors.

The sworn jurors, in their respective positions, are: Charles E. Gremmels, ship broker, foreman; Arthur R. Nasthing, baker; George W. Cary, dry goods; George C. Rupprecht, salesman; John H. Holbert, mineral waters; David Arrowsmith, manager. The provisional jurors are:

William McAdie, salesman; George M. Mettze, drugs, and James S. Davidson, clerk.

In the selection of the jury, Martin W. Littleton, Thaw's senior counsel, is so conducting his examination of talesmen as to impress upon them that should the defense introduce evidence tending to show that Thaw was insane at the time of the Madison Square Roof Garden tragedy, the burden of proof will fall upon the shoulders of the District Attorney, and he must prove, beyond all reasonable doubt, that the defendant was legally sane. This principle of law was not so clearly enunciated at the former trial.

Defense Springs Surprise.

Thaw's attorneys today furnished the first big surprise of this trial by admitting that several of the expert witnesses who were retained by the District Attorney in the first trial, and who declared, when Mr. Jerome made a plea for a lunacy commission, that in their opinion Thaw was so insane as not to know the nature of the proceedings against him and entirely incapable of intelligently advising with his counsel, are now under subpena by the defense.

This shrewd move, it is said, is intended by the defense to block the prosecution's putting the doctors upon the stand, and it is taken by some as showing a determination not to have Thaw convicted, even with danger of a stay in the asylum as the alternative. The doctors were present from the very first day of the first trial, and their absence this year has been commented on.

Requires Delicate Handling.

In making out their case, the defense will need to exercise delicate handling to show that Thaw was so deranged at the time as not to know the nature or quality of his act, and to show at the same time that he is now mentally sound.

The alienists in question are Drs. William Mabon, Carlos Macdonald and Austin Flint. They all swore at the first trial that Thaw is an incurable paranoiac.

LEAVES ALL TO FAMILY

Havemeyer Great Estate Placed in Trust for Widow and Children.

NEW YORK, Jan. 8.—It was learned today from sources supposedly well informed that members of his family are the only beneficiaries under the will of the late Henry O. Havemeyer, head of the American Sugar Refining Company. Mr. Havemeyer died last month at his country place on Long Island, and his will is to be filed soon in New York County. His estate, which is variously estimated at from $15,000,000 to $25,000,000, is left largely in trust to his widow, and his three children.

Mrs. Havemeyer is to receive, absolutely, the home at Commack, L. I., the city house at No. 1 East Sixth street with the notable art collection it contains and an annuity of $50,000.

The rest of the estate is to be held for the three children, Mrs. Peter H. H. Frelinghuysen, Miss Electra Havemeyer and Horace Havemeyer. Miss Havemeyer is not of age. There are no bequests to any institutions and the direction of the property is to be carried on by the family. It is understood that Mr. Havemeyer had disposed of his interests in the sugar refining industry but retained real estate in New York City worth $7,000,000 or $8,000,000.

TUNNEL OPEN FOR TRAFFIC

Tube Under East River Utilized for First Time.

NEW YORK, Jan. 8.—The first of the series of tunnels under the waters that divide Manhattan from Brooklyn on the one side and from New Jersey on the other was opened for traffic late tonight, when the initial passenger train left the Bowling Green station of the Interborough subway, ran down the inclined tracks to the Battery, far below the surface of East River, and went the length of one of the long steel double tubes which parallel each other under the river to Brooklyn.

The opening of this tunnel, which is in effect the extending of the present subway system to Brooklyn, is regarded as a long step toward the solution of the transportation problem of New York.

Settle Disputes With Canada.

OTTAWA, Ont., Jan. 8.—In reply to a question by R. L. Borden, leader of the opposition in the House of Commons, Sir Wilfrid Laurier replied that informal negotiations were now going on between British Ambassador Bryce and the United States over certain matters which have been for some time the subject of controversy between the two governments relating to Canada. None of these matters had yet taken any definite shape except one or two relating to international waterways.

CHICAGO BOY WINS GOOD GAME

Defeats Cutler, of Boston, at 2000-Point Billiards.

PHILADELPHIA, Jan. 8.—The 2000-point 18.2 billiard match, between Willie Hoppe, of Chicago, and A. G. Cutler, of Boston, ended here tonight, Hoppe being an easy winner. He made 400 points this afternoon to Cutler's 226, and tonight he ran out 400 points to Cutler's 176. Cutler's total in the match was 1200 points. The match was for $500. The best run was 159, made by Hoppe.

SUCCEEDS FATHER DAMIEN

Young Athlete Goes to Molokai as Priest to Lepers.

NEW YORK, Jan. 8.—Determined to devote his life to the care of the lepers in the colony of Molokai, Hawaiian Islands, Vincent Masoin arrived in New York yesterday from Antwerp. He is only 21 years old and will spend a year in the college at Fair Haven, Conn., before he will be ordained a priest in the Roman Catholic Church.

Mr. Masoin is a graduate of the University of Louvain in Belgium and decided to devote his life to the lepers after reading of the life at Molokai of Father Damien, the priest who sacrificed his life on the barren island from which no one returns.

Mr. Masoin, who is an athlete, ruddy faced, jolly young man, says he expects sooner or later to succumb to the disease, but trusts he will be spared long enough to do some good for the residents on the leper island.

Hines' Creditors Want to Know What Became of Money.

SAN FRANCISCO, Jan. 8.—"On behalf of the many Eastern creditors whom I represent I shall go before the Board of Trade tomorrow and insist that Gabriel Hines' store, "Kragens," be forced into bankruptcy," declared Otto I. Wise today. "We shall demand to know of Hines what he did with all the money he took in and learn if he salted it away. I will insist on the corporation's being declared bankrupt."

Of the 250 or 300 Eastern creditors Mr. Wise represents more than $75,000. To the Board of Trade Hines has admitted that his debts will amount to about $500,000, but he still asserts that he is solvent. Mr. Wise declared emphatically that there was no chance for Hines to continue.

Great Relief in Eugene.

The police and Sheriff Farrington communicated with all places where she might have gone and the authorities at different points were advised to look out for her.

There was great relief in the town when it was learned tonight that Miss Kelly was found in Albany, where she had registered at a hotel under her own name. She left Eugene on the evening train Tuesday and it was through a clew from the conductor that the Albany officials got on the trail.

Showing Up Dr. Peters.

COLOGNE, Jan. 8.—The hearing of the suit of Dr. Carl Peters, ex-Governor of German East Africa, against the editor and Berlin correspondent of the Cologne Gazette for libel, was resumed today. Several witnesses testified to the flogging of natives and the general immorality of the European camp.

A former non-commissioned officer testified that he had been sent away from the camp because Dr. Peters found his presence awkward, he being compelled to report what he saw to his superior officers.

Today and tomorrow will positively be the last days for discount on West Side gas bills. Portland Gas Company.

RUN DOWN RUFFIAN

Russian Wanted for Many Crimes Finally Caught.

PROVINCE IS TERRORIZED

Jan Pouran Arrested in New York After Two Years' Search, With Long List of Atrocities Charged Against Him.

NEW YORK, Jan. 8.—After a ceaseless search of nearly two years, Jan Janoff Pouran, alleged to be a notorious Russian brigand, who is wanted in the province of Livonia, Russia, for murder, arson and many robberies, was captured here today. He was arrested on complaint of Russian Consul-General M. de Lodygensky, and held to undergo examination.

Pouran is a mild looking man and though the officers expected difficulty in arresting him, he submitted without protest. Detectives found him employed as an engineer in one of the East River tunnels. He admitted his identity by indicating that a photograph in the possession of the detectives was one of himself.

It is charged that he, with several other countrymen, terrorized the province and defied arrest, particularly during the Summer of 1906. On June 23 of that year, the complaint alleges, he and his men attempted to kill Y. Dombrowsky, and the next day they set out for the Lobes Inn, robbed and fired the inn Voloby and then tried to take the life of Andres Roumpre.

A series of burglaries, in which they are said to have threatened those robbed with death if they informed the authorities, is also included. They are charged with having murdered three persons on the night of August 23. They are further charged with slaying Martin Pentin and later the same night with breaking into the home of Yan Knaguiss and shooting and killing Knaguiss and his wife before their two little children. The crimes occurred in and about Riga.

Consul-General de Lodygensky said tonight that yet other crimes were charged against Pouran and his band.

OFFERS TO COMPROMISE

Japan May Yield on Postal Affairs, but Not on Railroad.

PEKIN, Jan. 8.—The proposals made by Count Hayashi, Japanese Minister of Foreign Affairs, for a settlement of the postal question in Manchuria have reached Pekin. Japan also consents to submit at once proposals for the system of telegraph. Japan, it would appear here, has yielded to the wishes of Great Britain and the general custom of her country in the postal controversy, but China does not believe that Great Britain will go further and oppose the carrying out of Japan's programme in Manchuria.

Following the exception taken by Great Britain to Japan's protest against the extension by China of the Hsin Min Tun Railroad to the north, Japan has taken a firm stand in this matter. A verbal promise was given by China, which was accepted in the negotiations preceding the Komura treaty of 1905, not to construct a competing railroad parallel to the existing Manchurian line. In an authoritative quarter it was declared today that Japan would forbid the construction of any parallel or other line unless in conjunction with the Japanese.

The fact that Russia is transferring the mails to the Japanese in Manchuria because China is not a member of the Postal Union and is therefore not qualified to receive them has caused China to reconsider her persistent refusal to join in the union, and she is now considering an application for membership.

MORGAN IN CONFERENCE

New York Banker Calls on Secretary Cortelyou.

WASHINGTON, Jan. 8.—J. P. Morgan, of New York, paid a visit to Washington today on an unknown mission. Mr. Morgan called upon Secretary of the Treasury Cortelyou while here but the nature of his conference with the secretary could not be learned. Mr. Morgan, accompanied, it is said, by Senator Aldrich, left for the East at 1 o'clock today.

Nebraska Land Cases Settled.

OMAHA, Neb., Jan. 8.—Judge T. C. Munger, of the Federal Court, today ordered the jury to acquit Harry Sutton, who, with Perry A. Yeast, has been on trial for the past 10 days on charges of conspiracy to defraud the Government out of large tracts of land in Deuel and Grant Counties, Nebraska, by means of "dummy" entrymen. The case of Yeast was given to the jury.

Woman Gets Rid of "Coffee Heart."

The injurious action of Coffee on the heart of many persons is well known by physicians to be caused by caffeine. This is the drug found by chemists in coffee and tea.

A woman suffered a long time with severe heart trouble and finally her doctor told her she must give up coffee, as that was the principal cause of the trouble. She writes:

"My heart was so weak it could not do its work properly. My husband would sometimes have to carry me from the table, and it would seem that I would never breathe again.

"The doctor told me that coffee was causing the weakness of my heart. He said I must stop it, but it seemed I could not give it up until I was down in bed with nervous prostration.

"For eleven weeks I lay there and suffered. Finally husband brought home some Postum and I quit coffee and started new and right. Slowly I got well. Now I do not have any headaches, nor those spells with weak heart. We know it is Postum that helped me. The Dr. said the other day, 'I never thought you would be what you are.' I used to weigh 92 pounds and now I weigh 158.

"Postum has done much for me and I would not go back to coffee again for any money, for I believe it would kill me if I kept at it. Postum must be well boiled like the directions on pkg. say, then it has a rich flavor and with cream is fine." Name given by the Postum Co., Battle Creek, Mich. Read "The Road to Wellville," found in pkgs. "There's a reason."
