

FULTON'S FRIENDS  
PLAIN CAMPAIGN

Will Assist Their Candidate in  
Choice of Legislative  
Timber.

NEED FULLY RECOGNIZED

Organization Under Direct Primary  
Law Presents Perplexing Problem—Contest Likely to Center  
in Multnomah County.

One of Senator Fulton's concerns, when he visited Oregon last week, related to the election of members of the next Legislature, which will choose, his successor. Though he believes he will win the Republican nomination in the primaries, and become the "people's choice" in the general election, he realizes that he will receive the nod from the office only from the Legislature. Therefore it is important to have men elected to that body who will be his friends.

ONE MORE JUROR SECURED

LAWYERS IN THAW CASE MAKE  
LITTLE PROGRESS.

Only Seven Qualified Men Among  
400 Talesmen — Challenges  
Sweep Away Many.

NEW YORK, Jan. 9.—One new sworn juror was added to the Thaw trial panel today, making seven in all selected from the 400 talesmen summoned since the beginning of the trial. The jury will be sworn tomorrow morning. Justice Dowling has announced that he will hold court on Saturday, if necessary to complete the jury.

Nerved to New Effort.

However, his friends were served to new effort and will at once start a campaign for him throughout the state. The State Republican Convention, to be held probably next May, after the primaries, will have as its first order of business the contest of the Fulton men. Fulton will have won the party nomination on April 17, they say, and the state convention will select the nominee for the party ticket and pledge the Republican nominees to him.

The time of holding the party convention has not been determined by the State Central Committee. The Fulton men urge that the convention be held after the primaries, in order to escape the charges of "palate" in the primary. The convention will choose delegates to the National convention and nominees for Presidential electors.

Should a pending constitutional amendment be adopted in June election, providing for election of two additional Supreme Judges next November, the nominees for those offices will be selected by the convention, or by assembly of electors, or by certificate of individual electors. Some persons believe that the May convention should nominate candidates for those offices, while others believe that the constitutional amendment should pass in June.

Fulton's visit started the bill rolling, though he will say that he has chosen no Legislative ticket and will oppose no Republican candidate for election to the Legislature, his supporters are looking over the Legislature. A considerable number of aspirants have come into the limelight, and others are yet to be brought forth, or to rally out of their own volition. Multnomah County will elect five Senators and 13 Representatives, one of the Representatives jointly with Clackamas.

List of the Candidates.

Among the candidates thus far "mentioned" are the following: Senate—John Driscoll (now Representative), Dr. Andrew C. Smith (formerly Senator), C. W. Nottingham (now Senator), Bigg (now Senator), S. B. Cobb (formerly Representative), William Longworth (now Representative), John Gill (formerly Representative), R. B. Beckman (said to be unwilling to run), Dr. Frank J. Newell and F. E. Beach.

House—William Fletcher—Fred Marshall, Willis Pletcher, W. F. Keady, Louis Kuehler, Max G. Cohen, L. C. Lot, Sweating, D. H. Taylor, F. E. Doornbecher, W. T. Muir, Ed A. Austin and the following men not mentioned in the primary: J. Morgan, Frank F. Freeman, R. W. Wilson, N. D. Hadden, J. W. Beveridge, Robert S. Parrell.

RENT STRIKERS EVICTED

NEW YORK, Jan. 9.—Eighty evictions of East Side rent strikers took place today, and Monroe street was filled with a picturesque litter of displaced furnishings. It is believed that the strike situation is now near a solution, and claims of victory are being made by both sides.

WORK INSURANCE SWINDLER

Foreigners Victims of Clever Operators at Grays Harbor.

ABERDEEN, Wash., Jan. 9.—(Special)—The arrest of Thomas Suesch today reveals a strange case of fraud. Suesch and another named John Morgan, who has left the city, are alleged to have carried on a swindling game that indicates the gullibility of uneducated foreigners. Suesch and Morgan represented to many Italians between Grays Harbor and Sound cities that they were agents for the Union Health & Accident Company, which gave a policy and accepted the premium and paid gold for any amount of paper that the policyholder might have, thus protecting him against failure of the banks. It was agreed to pay gold December 31.

ASK MEDAL FOR MRS. MYERS

Woman Displayed Bravery at Fire in Children's Home.

SEATTLE, Wash., Jan. 9.—(Special)—

TRUSTEES OF THE WASHINGTON CHILDREN'S HOME SENT A LETTER TO THE CARNEGIE HERO FUND

Trustees of the Washington Children's Home sent a letter to the Carnegie Hero Fund today, asking that Mrs. Myers, nurse, be considered as a fit recipient of a medal, calling attention to the bravery of Mrs. Myers in a fire in which two children were buried to death.

Richard David Harrington.

TACOMA, Wash., Jan. 9.—(Special)—Richard David Harrington, aged 32, died at the hospital at Fort Steilacoom yesterday, where he had been since his health failed some two years ago. Mr. Harrington had lived 37 years of his life on the Pacific Coast. He resided at Fayette, Oregon City and Portland before taking up his residence in Washington. Mr. Harrington was one of the early settlers of Clatsop County, serving in the Indian war of 1855, drawing a small pension as a veteran at the time of his death. He was the first undertaker in Tacoma.

Imposed \$200 Fine at C. A. M.

EUGENE, Or., Jan. 9.—(Special)—In the case of the city vs. Charles Mayhew, accused of maintaining a nuisance because of selling liquor, the jury this morning found a verdict of guilty. City Recorder O'Leary imposed a fine of \$200 and 60 days' imprisonment. The case will be taken to the Circuit Court on a writ of review.

FAIL TO CHANGE WALSH

Accused Bank President Firm on  
Cross-Examination.

CHICAGO, Jan. 9.—Two hours of cross-examination of John E. Walsh by Assistant Attorney General Robert D. Owen this afternoon failed to change in any material point the testimony which the accused bank president had been engaged to give by his own behalf during a greater portion of the past two days. The interrogation was interrupted at frequent intervals by arguments by attorneys over the propriety of questions asked in witness, in which argument the court often joined.

The subject matter covered by the cross-examination was chiefly the dealings of the Equitable Trust Company, an adjunct of the Chicago National Bank, with the Bedford Quarries Company, the Bedford salt works and the Chicago and North Western Railroad. The cross-examination will probably be completed tomorrow.

DO NOT SUFFER  
ALL WINTER

Read This Evidence and Begin  
Today to Cure Yourself  
With Dr. Williams'  
Pink Pills.

Sciatica is neuralgia of the sciatic nerve. Its origin is generally rheumatic and is the direct result of taking cold. For this reason the disease is commonly known as "sciatic rheumatism."

Absolute rest is the best aid to proper medical treatment, and Dr. Williams' Pink Pills will cure most cases. Mrs. Mary M. Eitz, of No. 509 1-1/2 West Clinton street, Elmira, N. Y., suffered for nearly a year and during a great part of that time her symptoms were constantly increasing in severity, although she was under the care of a doctor and a nurse. "I had very weak heart action," she says, "and I believe that my kidneys became affected. There were terrible pains in my back and limbs and my feet and ankles were swollen. I had night sweats, and sometimes a cold numbness in my limbs."

"My trouble was sciatic rheumatism complicated with grip and at times I could not raise my foot two inches from the floor. The rheumatism grew gradually worse as my system was weakened by the poison the grip had left in my body. About this time a friend of mine who lives in Cortland recommended Dr. Williams' Pink Pills. I tried them and was soon relieved. In all I took six boxes and was cured. One remarkable thing I noticed about the pills was that they began to give me strength almost as soon as I began the treatment. I shall be glad to have you publish this and I hope the pills will be a blessing to others as they were to me."

Sciatica is stubborn in resisting treatment and the patient frequently suffers for years. Dr. Williams' Pink Pills do not simply relieve pain but they cure diseases caused by deprived or vitiated blood. They actually make new blood and have therefore a direct and powerful curative effect on such diseases as rheumatism, anemia, general debility, after-effects of the grip, neuralgia, partial paralysis, St. Vitus' dance and locomotor ataxia.

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

The importation by the Hawaiian government of European contract laborers. The purpose of the bill is to permit Hawaii to satisfy its preference for Europeans rather than Asiatics for plantation labor. The bill permits the Hawaiian government to contribute to the government immigration fund.

The rate of progress was not gratifying either to the prosecution or defense, and better things are hoped for tomorrow. At the close of today's work the prosecution had employed 14 challenges allowed by law and the defense had expended 19. The court can, in its discretion, increase the number of challenges allowed either side, and last week at the first trial, Justice Fitzgerald did so.

COMMITTEE IS DIVIDED

FOWLER'S CURRENCY BILL  
SPLITS REPUBLICANS.

Fellow-Committeemen Not Agreed on  
Substitution of Asset for  
Bond-Secured Notes.

WASHINGTON, Jan. 9.—Decided differences of opinion as to the way of injecting clarity into the currency bill, and of increasing the safety of bank deposits have arisen among the members of the House Committee on banking and currency, of which Mr. Fowler, of New Jersey is chairman. Some of the Republican members, as well as Democrats, are not in entire sympathy with the plan of Fowler as embodied in the bill introduced by him yesterday contemplating the immediate and complete retirement of all National bank bond-secured currency and its replacement by a guaranteed credit currency based upon general assets of the banks.

The great differences distinguishing the Fowler bill from the bill introduced in the Senate by Aldrich, and supported on with favor by some of the members of the House committee, are that the former proposes a complete and permanent reorganization of the currency, while the latter attempts only an emergency expansion, and the one clings to National bank assets as the only proper security for National bank currency, while the other permits the acceptance of railroad, county and municipal bonds under certain restrictions as security.

MAY ADMIT TRUST COMPANIES

New York Clearing-House Divided  
on Proposal.

NEW YORK, Jan. 9.—The clearing-house committee decided today to call a meeting of the entire association next Monday to determine whether to admit trust companies to membership in the association of banks now composing the Clearing-House. The matter has been under discussion by the committee since last November. A definite plan will probably be submitted at Monday's meeting.
