MARIE HACKFELD AND GERTRUD OU

Two More Grain-Carriers Get Away With Cargoes for United Kingdom.

FORMER CARRIES BARLEY

To Date 15 Vessels Have Cleared During the Month With Nearly 1,500,000 Bushels of Wheat. Lumber Shipments Short.

The German ships Marie Hackfeld and Gertrud cleared from Portland yesterday with full cargoes of grain for the United Kingdom. The former carried \$1,231 hushels of barley and 25,008 bushels of wheat. The latter took out \$5,645 bushels of wheat. The Marie Hackfeld will proceed direct to Ipswich and the latter will report at Queenstown or Falmouth for orders.

wheat shipments for the month now total 1.362,123 bushels, with a total valuation of \$1,209,907. In addition to this 10,002 barrels of flour and 21,321 bushels of barley were cleared. This is the first barley shipment foreign since the latter part of November, when the British steamship Woodford cleared for Melbourne.

Fifteen full cargoes have cleared so far during the month and it is probable that five or six more will get away before the beginning of February. During December there cleared foreign 15 com-

comber there cleared foreign 19 com-plete cargoes. Germany's shipments will not equal those of December, as fully half a dozen steamships cleared with cargoes during the last month of the

year.

Lumber shipments have been reduced to practically nothing. The coastwise business has fallen off until only three or four vessels remain in the business, and these are all under charter. Foreign lumber business has also fallen off to a marked degree and charters in this direction are very low. There has been considerable movement in the chartering of grain vessels out, but the major portion of them are for craft not due until in the latter part of April or May. They will all get away before the opening of the new season.

LIGHTSHIP TO BE REPAIRED

Owners of Port Patrick Will Pay for Damages to Vessel.

Taylor, Young & Co., local agents fo Crawford & Rowat, of Glasgow, owners of the ship Port Patrick, which fouled the Lightship 50 off the mouth of the Columbia the morning of January 2, have advertised for bids for the repairs to the advertised for bids for the repairs to the lightship. Bids must be in the office of Taylor, Young & Co. by noon Priday. An arrangement has been made between the owners of the Port Patrick and the Government whereby the repairs will be made to the lightship at the expense of the owners of the British craft. The Port Patrick in command of Can-The Port Patrick, in command of Cap-tain Sainty, sailed from Astoria on the morning of January 3. She was bound for the United Kingdom and was wheat laden. After being dropped by the tug she attempted to stand off shore, but a sudden shifting of the wind made her unmanageable for a moment and she struck the lightship a glancing blow. The Port Patrick afterward got in the breakers off Grays Harbor and came near being stranded, losing her carpenter overboard. She was finally towed into the Straits of Juan de Fuca in a badly

of the collision was a shift of wind causing the ship to become for the moment un-

manageable. I can only speak in the highest terms of my crew. They behaved splendidly and every one without exception is a sailor. My orders were obeyed with a cheerfulness and clacrity seldom seen on board the present-

day merchantman.
Even when the ship was in the breakers off Grays Harbor there was not the slightest sign of panic, although every one thought his last lour had come. No one but sea-men could conduct themselves in the same splendid manner those men did in the very trying time we had.

After getting off the land we experienced After getting on the man we experienced two of the hardest gales that I have seen in my 18 years at sea. The men scarcely got any rest and then only in wet clothes and wet beds, but the same cheerfulness and heartiness prevailed throughout.

Seamen's Friend Society Concert.

The Portland Seamen's Friend Society's concert for sailors last evening, given by Mrs. Jack Hampton, was an undoubted success. The hall was packed to the doors with sailors and a few townspeople doors with sallors and a few townspeople. Every number was good and the sallors showed how much they appreciated them by their voeiferous encores, many of the artists being recalled again and again. The programme was as follows: Vocal solo, Mrs. Millie Perkins; Flute solo, Robin Adair: vocal solo, Mrs. Fred Jones; Y. W. C. A. Mandolin Club in selections; Y. W. C. A. Mandolin Club in selections; reading, German dialect, Alfred Helfrich; Indian clubswinging, R. Rowe, of steamship Germanicus; solo, Sam Phillips; cello solo, "Elegie," P. I. Packard; song, C. Bead, ship Lady Wolseley; vocal solo, R. J. Gordon; reading, Fred Jones; song, George Evans; violin solo, Miss Cornella Barker; song, A. Tuck, ship Walden Abbey; violin duet, Paul Welsemann and S. Trandsen, ship Reinbek.

Circulating Port Petition.

The officers of the Portland Cham The officers of the Portland Chamber of Commerce were engaged yested as in circulating the initiative petition which provides for the enlargement of the powers of the Port of Portland. Persons who have no other opportunity of signing the petition may do so by calling at the rooms of the Chamber of Commerce.

F. B. Jones Again in Commission.

The steamer F. B. Jones, which was wrecked at Mount Coffin on the night of wrecked at Mount Coffin on the night of November 3, by collision with the steam-ship Asuncion, has been repaired and will go into commission again today. The Jones has been entirely rebuilt and will be as good as a new craft when she backs out this morning. She will be again in command of Captain Russell.

Thyra Chartered for Lumber.

Bowring & Co. bave chartered the Nor wegian steamship Thyra to transport a cargo of lumber from Portland to Port Piris. The vessel is now at San Francisco and will proceed north within the next 10 days. The Thyra is well known

in Portland having loaded here severa

Marine Notes.

The steamship Senator is due this even-ing from San Francisco.

The steamship Arabia will shift to the Albina dock this morning. The Lady Wolsely began discharging at the elevator dock yesterday morning. The Norwegian steamship St. Hugo, rom Guaymas, will arrive up this m

The steamer Beaver, which has been undergoing repairs at the foot of Couch street, will resume her regular run to Clatskanie this evening.

Arrivals and Departures.

HAS ITS OWN RAT-CATCHER Rose City Park Club Will Go on

Hunt for Rodents.

Not being willing to take chances on delays on the part of the City Health Department, the Rose City Park Im-Sainty, master of the Port Patrick:

VICTORIA, B. C., Jan. 18.—CTo the Editor.)—I understand that an article appeared in an evening paper published in your city stating that the reason I struck the Columbia bar lightship was because my tree was composed of "stiffs" supplied at Portland. This is utterly untrue. The cause of the collision was a shift of wind causing the ship to become for the cause of the club who complained that several thousand rodents had been discovered infesting the barns, sheds and outhouses along Sandy Road, east of Twenty-eighth street, during the past few weeks. While the rats are not garded as any control of the club who complained that several thousand rodents had been discovered infesting the barns, sheds and outhouses along Sandy Road, east of Twenty-eighth street, during the past few weeks. While the rats are not garded as any control of the club who complained that several thousand rodents had been discovered infesting the barns, sheds and outhouses along Sandy Road, east of Twenty-eighth street, during the past few weeks. While the rats are not garden as a supplied at the collision was a shift of wind causing the barns, sheds and outhouses along Sandy Road, east of the collision was a shift of wind causing the barns, sheds and outhouses along Sandy Road, east of the collision was a shift of wind causing the barns, sheds and outhouses along Sandy Road, east of the collision was a shift of wind causing the barns, sheds and outhouses along Sandy Road, east of the collision was a shift of wind causing the barns, sheds and outhouses along Sandy Road, east of the collision was a shift of wind causing the barns, sheds and outhouses along Sandy Road, east of the collision was a shift of wind causing the barns, sheds and outhouse along the barns, shed and outhouse along the barns, sheds and outhouse along the bar discovered infesting the barns, sheds and outhouses along Sandy Road, east of Twenty-bighth street, during the past few weeks. While the rats are not regarded as any particular menace to public health at the present time, they have been conducting marauding expeditions, robbing hen's nests and chicken coops and even attacking full-grown fowls.

Committeeman Snath said that he

Committeeman Spath said that he counted more than 100 rats scampering through a single runway in search of food one evening, and this led him to make his complaint to the club. He will report the matter to the City Health officer inasmuch as the raids of the rodents have taken place inside the city limits and he will devise some means of exterminating the pests either by organizing a hunting expedition or by én-listing the efforts of all the rat-terriers

isting the efforts of all the rat-terriers in the neighborhood.

A committee was appointed to meet with the delegates of the United East Side Push Clubs, tonight, for the purpose of taking up the bridge draw question, full authority being given the committee to act for the club.

Following the regular business session.

C. C. Chapman gave an interesting talk on "The Growth of Cities," outlining the growth and development of several old-world centers of population as well as a number of principal American cities.

Inman-Poulsen Lumber Company Objects to Cost of Embankment.

CASE BEFORE COMMITTEE

Arguments For and Against Contin uing Contract Bring Out Acrimonlous Debate-Lumber Com-

pany Scored by Councilmen.

A large delegation of property own ers along East Sixth street and vicin-ity was present at the meeting of the judiciary committee of the City Coun-cil-yesterday afternoon, protesting against the attempt of the Imman-Poulsen Lumber Company to have the contract for the fill on that street, from Sherman to Division, rescinded. Coun-cilmen Rushlight and Kellaher repreclimen Rushight and kellaner repre-sented the delegation, although some others addressed the committee, and George S. Shepherd appeared for the mill firm. The committee will inspect the district for further information, and some legal phases of the case will be given attention by City Attorney Kavanaugh, after which action will be

A good many cutting remarks were pany by Councilmen Rushlight and Kellaher, W. J. Clemens and others, and Thompson Foster went so far as to declare that "any Councilman who would vote to discontinue the fill would be unworthy of re-election." This ap-parently angered Councilman Bennett. chairman of the judiciary committee, who shouted that any more such re-marks would cause him to clear the room, that it was facts the committee called to hear and not "bun-

clared that the fill would cost his cll ents about \$28,000, and amounts to the confiscation of the property assessed, and is therefore unfair. He also de-clared that the act of the Council when the contract was authorized is irregular, and intimated that he would contest it if the contract is carried for-

Hear Protests From Owners.

Councilman Rushlight, in whose councilman Rushight, in whose ward the fill is being made, said he thought the company should give its reasons for asking "such an unreasonable thing from the Council as the rescinding of the East Sixth-street fil," but Mr. Shepherd replied that, while there were good reasons he would ask that the protest of the property owners he heard fast and Chair.

erty owners be heard first, and Chair-man Bennett ruled in his favor. Councilman Rushlight then briefly outlined the protests, saying that the fill was duly authorized, was adver-tised according to law, notices were posted and the officials of the Inman-Poulsen company were well aware of the action, and did not protest then, as was their right if they desired. He said that the property owners along Sixth street, acting on the assumption that the work would go forward to completion, put in cement sidewalks and all necessary improvements, and that these would be worthless without

the completion of the work."
"We have treated the Inman-Poulsen

"We have treated the Inman-Poulsen people very fairly, it seems to me," said Mr. Rushlight. "For years they have used the streets over there free of charge, and I think it about time that they were paying something toward the improvement of the district."

W. J. Clemens, a realty agent, next spoke against rescinding the contract for the fill. He said the Inman-Poulsen people knew all about the contract being let and had ample opportunity to protest, but he declared that he was personally assured at the time by an personally assured at the time by an official of the firm that the imp. we-ment would be acceptable to the com-

pany. "Everything was all right," said Mr. Clemens, "until Mayor Lane discovered the firm was using a lot of the city's streets free of cost and demanded that the mill company's officials make good to the city. They then suddenly decided that the fill was too expensive and began plans to defeat the improveand began plans to defeat the improvement. I want to call the atter, ion of the committee to the fact that, in all the years the Imman-Poulsen company has been in business in East Portland, it has expended just \$15 on street improvements, although it has worn out many streets, time and again. It was but recently that Mr. Poulsen, while testifying in Washington, swore that his firm had made \$1.000,000 in the past his firm had made \$1,800,000 in the past five years; it seems to me the company should be willing to help a little in the street improvements in the vicinity of

Advises Sale of Slabwood.

"Mr. Clemens, is it not true that if the Inman-Poulsen company sold its slabwood, which is placed in the gulches, at a reasonable price to the

color the hair. Formula with each bottle

poor people of the city, it would have had enough money to pay for its share of this fill?" asked Councilman Rush-light; but Chairman Bennett ruled out the question and the answer was not

C. F. Swigert, president of the Pa-cific Bridge & Building Company, de-clared that his company was unwilling to continue with the contract, inas-much as the inman-Poulsen officials had warned him they would not pay their assessment, and he said he did not care to take the risk under the cirnot care to take the risk under the cir-cumstances. He said that under the city's system of handling street im-provement work, the contractor gets the worst of it, but he was advised by City Attorney Kavanaugh to proceed with a test case on some of the jobs, to see if property owners can be forced to pay.

PASSES BOGUS CHECKS

Drunken Man Arrested Found to Be Swindler at Station.

Joseph P. Sivener, brother-in-law of Melville G, Bradley, who is wanted in this city for the killing of Policeman Gittings, is in the toils to stay for some time, at least until he can clear himself of two serious charges which were yesterday filed against him, both

being for obtaining money under false pretenses by means of forged checks. Sivener was arrested on Saturday night in an intoxicated condition and gave the officer who took him into cusgave the onicer who took him into cus-tody a fictitious name, but his identity was discovered at the police station, where it was known that he had swin-dled several East Side people with bogus checks. He was held under the

bogus checks. He was held under the graver charge until further evidence could be obtained against him.

Yesterday afternoon H. Hansen, who conducts a furniture and hardware store at 91 Russell street, and H. B. Sloan, a saloonkeeper at 83 Russell street, appeared at the Municipal Court and signed complaints against Sivener. They brought with them the checks They brought with them the checks

They brought with them the checks with which they had been swindled.

Sivener, it is alleged, in company with an expressman by the name of Pickett, presented the checks on Saturday afternoon. At the first place Sivener went, the saloon man cashed the check for the full amount, \$21. At the furniture store, a few doors away, Mr. Hansen sald that he did not have all the money precessary but let him. all the money necessary, but let him have \$10 and told him to come back later in the afternoon and he could get the balance of the \$83.15, for which get the balance of the \$83.15, for which it had been drawn. Sivener did not return for the rest of the money and Mr. Hansen telephoned to the cashier of Hartman & Thompson and was informed the check was a forgery. In each instance the checks were made payable to Sivener and J. R. Rice was signed to one and Thomas R. King to the other Hansen promptly patified. the other. Hansen promptly notified the police and later, on learning that Sloan had also been victimized, in-formed him of the worthlessness of the check he had cashed.

The Portland Boys' Wireless Club, an organization consisting of 40 young men, engaged in research work in the wireless telegraph, gave an exhibition last night in the Peninsula Reading Room. Charles Fine opened the meeting and explained

PRESCRIPTION RUINS SALE OF PATENT MEDICINES.

Makes the Kidneys Act to Overcom Rheumatism-Easily Prepared

by Anyone at Home.

To make up enough of the "Dandellon treatment." which is claimed to be
relieving nearly every sufferer who
uses it for backache, kidney complaint,
sore, weak bladder and rheumatism;
get from any good prescription
pharmacy one-half ounce Fluid Extract
Dandellon, one ounce Compound Syrup of
Sarsaparilla. Shake well in a bottle
and take in teaspoonful doses after
each meal and again at bedtime.

Those who have tried it claim that
it acts gentiy but thoroughly on the
kidneys, relieving backache and bladder trouble and urinary difficulties almost instantly. Many cases of rheumatism are known to have been relieved within a few days, the pain and
swelling diminishing with each dose.

A well-known local druggist, who is
in a position to know, asserts that this
prescription, wherever it becomes
knowns, always ruins the sale of the
numerous patent medicine rheumatism
cures, kidney cures, etc. It is a recipe
which the majority of patent medicine
manufacturers, and even certain physiclans dislike to see published. Few
cases, indeed, which will fail to fully
yield to its peculiarly soothing and
healing influence.

instruments. Demonstrations we instruments. Demonstrations were con-ducted by Reginaled Savage, Charles Austin and Leeland James. A large gathering was present and watched the proceedings with interest. The club will give another exhibition on Saturday give another exhibition on Saturday night, January 25, in the East Side High School Library. The officers of the club are: President, Donald McLaren; vice-president, Miss Jessie Millard; secretary,

Oregon Medical Institute

2911/2 Morrison St., Bet. 4th and 5th, Portland, Or.

Keep Cascarets in your pocket. Take one as soon as you need it. It is old fashioned and wrong to take harsh doses of physic.

We all live unnaturally.

Our food is too fine, too rich and too plentiful. We eat too little fruit, too few green vegetables. We don't exercise enough.

The result is, our bowels get clogged; for Nature intended us to live in a different way.

What shall we do?

Shall we walk ten miles a day? Shall we diet ourselves? Shall we seek for more laxative, and less costive effect in our food? Or shall we take Cascarets?

One way will serve just as well as the other.

Cascarets are vegetable laxatives. Their action is as natural as the action of fruit, of coarse food or of exercise. They are gentle. They persuade the bowels-never drive them or

They are candy tablets, and the dose is one at a time-just as soon as you know that you need it.

It is wrong to take harsh physic and to wait till you need a big dose. It is better to keep at your best, every hour of every day. And one Cascaret at a time is sufficient. That means to keep clean inside.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50 cents, 25 cents and

Ten Cents per Box

BE A MAN Sound-Healthy-Vigorous

With No Back Pains-No Nervousness-No Waste of Power-No Loss of Ambition-But With Plenty of Life and Energy and the Vigor of Youth.

To be strong and manly is the aim of every strong man, and yet how many we find who are wasting the vitality and strength which nature gives them. Instead of developing into the strong, vigorous, manly young fellows that nature intended them to be, they find themselves weak, stunted and despondent—no ambition to do anything. They struggle aimlessly along, sooner or later to become victims of that dread disease, nervous debility; their finer sensibilities blunted and their nerves shattcred.

I Cure Men's Diseases

I have treated hundreds of men who have long suffered a gradual decline of physical and mental energy as a result of private aliments, and have been interested in noting the marked general improvement that follows a thorough cure of the chief disorder. My success in curing difficult cases of long standing has made me the foremost specialist treating men's diseases. This success is due to several things. It is due to the study I have given my specialty to my having ascertained the exact nature of men's aliments, and to the original, distinctive and thoroughly scientific methods of treatment I employ.

To those in doubt as to their true condition who wish to avoid the serious results that may follow neglect, I offer free consulation and advice, either at my office or through correspondence. If your case is one of the few that has reached an incurable stage, I will not accept it for treatment, nor will I urge my services upon any one. I treat curable cases only, and cure all cases I treat,

WEAKNESS.

WEARNESS.

You've probably been treated for so-called weakness and helped temporarily or not at all, and the reason is very apparent when cause of loss of power in men is understood. Weakness is merely a symptom of chronic inflammation of the prostate gland, which my treatment removes, thereby permanently restoring strength and vigor.

CONTRACTED DISORDERS.

You can depend upon a quick and thorough cure by my treatment. A quick cure is desirable because a slow cure is apt to be no cure at all, and a chronic development will come later. I cure you beyond the possibility of a relapse and in half the usual time required.

REFLEX AILMENTS. Often the condition appearing to be the chief disorder is only a reflex aliment resulting from some other disease. Weakness sometimes comes from varicocele or stricture; skin and bone diseases result from blood poison taint, and physical and mental decline follow long-standing functional disorder. My long experience in treating men enables me to determine the exact conditions that exist and to treat accordingly, thus removing every damaging cause and its effects.

My colored chart, showing the male anatomy and affording an interesting study in men's diseases will be given free upon application. CONSULTATION AND ADVICE FREE CALL OR WRITE TODAY

Sale in Portiand by Woodard, Clarke & Co., Special Agents. Mail Orders Solicited.

Men, Isn't This Best?

When you must have the services of a doctor, isn't it best to go to one who will tell you all about your trouble and not charge you for it? Then when you know positively what alls you, isn't is best to know just what it will cost you to get well?

well?

Certainly it is. If you were going to pay out meney for something else you wouldn't do it unless you knew how much you had to pay, and what you were going to get for it.

to pay, and what you were going to get for it.

This is the way I run my business—on a strictly business basis. You're every bit as wise as I am when you commence treatment with time. I examine you and tell you all about your trouble, and it doesn't cost you a cent. Then I tell you how I'll cure you, how long it will take and just what it will cost.

If this meets the eye of a man who, while yet in his prime, through some weakness is going backward instead of forward. I wanthim to come and let me show him how I am taking broken-down wreeks of humanity every day of my lite and fixing them up as good as any man of their years. I don't care what has caused the trouble, nor what has failed to cure you them. I can cure them and make them better and stronger than they ever hoped to be.

Just because some other specialist has failed to cure you is no good reason why I should fail. My treatment for MENS WEAKNESSES and other diseases is as different from other specialists' manner of treatment as day is from night.
