

MEMORIAL JOB STORE CITY HALL

Six Thousand Seattle Unemployed March Up the Street, Then March Down Again.

GREETED BY THE MAYOR

His Honor Listens to Memorial for Free Food, Opening of Public Works, Abolishment of Chain-gang—Demands Considered.

SEATTLE, Wash., Jan. 20.—(Special.)—The unemployed laborers' long-aided-of demonstration was made today and it was much akin to that memorable march of the King of France, who led 10,000 men up the hill and then led them down again. Marshaled by the leaders of the Industrial Workers of the World, an organization which includes the unemployed in its membership, about 6,000 men marched up First avenue for several blocks and then debouched to the City Hall, where a call was made for the Mayor.

Mayor Moore was on the spot—that is, he reached the City Hall a little after the delegation—and was in time to receive a committee which presented a call for a memorial which demanded the feeding and sheltering of unemployed, a weekly allowance for men with families, the opening of all public work which the establishment of the chain-gang.

The Mayor submitted a letter a short time later in which he replied to the demands by saying that the County Commissioners have devoted \$500 to feeding and sheltering the unemployed, that all public works provided for by appropriation are now under way, and that to get away with the chain-gang it will be necessary for the Council to strike the ordinance from the books.

There was considerable muttering, a few threats of violence, but no untoward demonstration. A committee representing the men was present at the meeting of the Council tonight, but appeared fairly well satisfied with the determination of that body to submit the demands to a committee.

McCULLOCH COMING NORTH

Revenue Cutter Will Make Headquarters at Astoria.

ASTORIA, Or., Jan. 20.—(Special.)—A letter was received at the Custom-House today from First Lieutenant Bernard H. Camden, commanding the revenue cutter McCulloch, now at Seattle, Cal., stating that the vessel will soon sail for Astoria to make her headquarters at this port.

The barkentine J. M. Griffith cleared at the Custom-House today for Redondo with a cargo of 625,000 feet of lumber, loaded at Rainier.

Chairman A. V. Pendleton, of the State Board of Pilot Commissioners, has received instructions from the Governor for the present board to continue its duties, and Mr. Pendleton has issued a call for a special meeting to be held in this city tomorrow afternoon. This will be the first business session of the board since the new deputy Port of Columbia law went into effect.

During the gale yesterday afternoon the British ship Cleverdon, which was lying in the lower harbor, dragged her anchor and went on the ground. She is resting easily and is apparently not injured, but as she went aground at high tide, it may be necessary to lighten a portion of her cargo before she can be floated.

Dr. Holt, federal quarantine officer at this port, received word today from the department in Washington, that his recommendation to have the arrival of vessels reported by the lookout at the Point Adams life-saving station has been granted.

The report of the quarantine officer, in passing the delay of vessels on account of the inspection requirements, as while owing to thick weather incoming craft cannot always be seen and reported from North Head, they can be seen at all times from Point Adams.

BYSTANDERS ARE CONVICTED

Two Boys Given Penitentiary Sentence for Watching Hold-up.

PENDLETON, Or., Jan. 20.—(Special.)—Three boys convicted yesterday of watching a hold-up were sentenced to the penitentiary by Judge Bean this morning. These two boys were recently found guilty of robbing a man on the street in broad daylight. According to the evidence brought out at the trial, Patne and Kelley received no part of the \$275 stolen, but merely stood by and watched another fellow take the money. The third man is yet to be tried.

An interesting point in connection with the case is the motion for a new trial filed this morning in which it is alleged that two of the jurors were guilty of misconduct in that they visited the scene of the robbery during a recess in the trial. As the robbery took place in the restricted district, the incident is the more interesting.

The case against A. Ferrard, the sheepman who is charged with stealing from a neighbor's flock, owing to the prominence of the man accused, is regarded as the most important on the docket for this term of court.

The grand jury will make its final report tomorrow.

MARRIAGE BY TELEPHONE

CUPID AIDS PRISONER IN FOLLING SHERIFF.

Man in Jail for Stealing Fiancee's Jewelry is Married to Her, Even Though Authorities Forbid.

HELENA, Mont., Jan. 20.—Cupid used a telephone today to win a signal victory over the county authorities. As a result Earl Brown, a prisoner in the county jail, and Miss Mollie Kufeldt, both of this city, are man and wife.

The wedding was to have taken place several weeks ago, but when the guests were gathered, it was found that Brown had taken some of his fiancee's jewelry and gone to Seattle. He was captured and brought to Helena. When she found that she would be the prosecuting witness in a grand larceny case, Miss Kufeldt relented. The pair wished to be united for the last Saturday, but Sheriff Hoemaker refused to allow the ceremony to take place in jail.

Today Hobart L. Clayberg, counsel for the prisoner, assembled at his office the telephone at the county jail, the Miss Kufeldt, Mrs. Martin Morris, of the German Lutheran Church, and several witnesses. He then called his client to the telephone and performed the ceremony and the minister performed the ceremony over the wire. Assistant County Attorney Phelan sat within ten feet of Brown at the time, in complete ignorance that his plans were being foiled by Cupid.
