### FINZER RETURNS FROM CAPITOL

#### Head of Oregon National Guard Tells of Meeting at Washington.

### DISCUSSED COAST DEFENSE

#### Adjutant-General Gives Outline of Plans Adopted by War Department for Increasing Efficiency of Pacific Fortifications.

General W. E. Finzer, adjutant-general of the Oregon National Guard, returned yesterday forenoon from Washington, D. C., where he attended a conference of Department officials on the subject of coast defenses. Other subjects of importance to the Guard were likewise taken up and General Finzer returns with several valuable acquisitions for the Oregon troops. Not the least of these is new rifles, which will be issued immediately. Oregon getting its equipment ahead of all states in the Union.

### STEAMER INTELLIGENCE

Table with columns: Name, From, Date, To, Date. Lists various steamers and their routes.

### TIDES AT ASTORIA, SATURDAY.

High 5:19 A. M., 5:00 P. M.; Low 11:24 A. M., 11:20 P. M.

### LUMBER PRICES VERY LOW

#### SAG GREATEST WITHIN PAST FIVE OR SIX YEARS.

#### Rough Stuff Now Sells at \$11. Compared With \$15 in November. Shingles Also Cheaper.

Lumber prices in Portland today are lower than they have been for five or six years past, and this, together with the general state of preference on the part of millmen about taking the field. Every millman would have to go with his regular army would be absorbed in the organization of volunteers and the National Guard alone could be depended on as the first line of defense.

### NEW PRESIDENT OF FEDERATION OF HARDWARE AND IMPLEMENT DEALERS.

E. F. Willis, who has been elected president of the Federation of Hardware and Implement Dealers of the Western States, is a well-known hardware and implement man of this state. Mr. Willis has just completed one year as vice-president of the Oregon Retail Hardware and Implement Dealers' Association, declining reelection in order to ally himself with the federation, which includes all the Pacific Northwestern States and will undoubtedly include Colorado and Utah. Heretofore this organization has been a temporary one. Mr. Willis becomes its first permanent president. Mr. Willis is in the hardware business at Astoria. He has a large acquaintance in the Pacific Northwest outside of the state.

# DON'T BLAME HER

## Head of Oregon National Guard Tells of Meeting at Washington.

### DISCUSSED COAST DEFENSE

#### Adjutant-General Gives Outline of Plans Adopted by War Department for Increasing Efficiency of Pacific Fortifications.

General W. E. Finzer, adjutant-general of the Oregon National Guard, returned yesterday forenoon from Washington, D. Other subjects of importance to the Guard were likewise taken up and General Finzer returns with several valuable acquisitions for the Oregon troops. Not the least of these is new rifles, which will be issued immediately. Oregon getting its equipment ahead of all states in the Union.

### MEASURE SURE TO PASS

Washington and California, having a greater number of coast garrisons, will be required to recruit seven or eight companies each. The recruiting work will be taken up immediately upon the passage of a bill now before Congress, which provides supplies for the National Guard of the country. The passage of the measure is said to be assured.

### GENERAL FINZER REPORTS A TENDENCY IN OFFICIAL CIRCLES TO REGARD THE NATIONAL GUARD AS A MORE VALUABLE FACTOR IN NATIONAL DEFENSE THAN EVER BEFORE.

The Guard is no longer looked upon as a part of the second line of defense, but of the first line. It is admitted by officials that should hostilities break out, the regular army would be absorbed in the organization of volunteers and the National Guard alone could be depended on as the first line of defense.

### VIRTUALLY INCREASES ARMY.

"The new bill is one of far-reaching importance," said General Finzer yesterday in discussing National Guard affairs. "It will put the National Guard on a better basis than ever before. Provision is made for furnishing state troops with all stores and equipment necessary to the regular Federal appropriation. With the passage of the act the Government may be said to have 100,000 more regulars, for every man in the Guard of the country will then be subject to any kind of service, either inside the United States or outside and for an indefinite period."

The new Springfield rifles will be issued this Spring. General Finzer managed to get Oregon designated as the very first state to secure the National Guard rifle, which the regular army is already equipped. Fifteen hundred rifles will be shipped to Oregon for distribution. The first shipment of 100 is due in a few days and will be utilized by expert riflemen, who expect to qualify for the team that will go East for the National tournament this year.

The old Krag rifles will be returned to the Government. It is understood these arms will be issued to schoolboy rifle clubs by the authorities at Washington. While an excellent rifle, they are not in many respects to the new Springfield, which is rated as the best military rifle in use by any army. The carrying power of the new Springfield is greater and a new 150-yard range will doubtless be added to the target ranges of the country.

### ARRANGE FOR MANEUVERS.

The question of this year's encampment was definitely settled. Instead of coast defense maneuvers, the Oregon infantry and field artillery will have maneuvers at American Lake, near Tacoma, Wash. These maneuvers will be held from August 3 to 12, inclusive. Oregon, Washington, Idaho, Montana, regular army

# One Bottle Cures Grip

Mr. M. D. Wingate, of Petoskey, Mich., who was laid up with grip for several weeks, was completely cured by one bottle of Duffy's Pure Malt Whiskey after other medicines failed to do him any good.

Mrs. Wingate received more benefit for throat and lung trouble from taking Duffy's Pure Malt Whiskey than from all other remedies.

Thousands of letters like the following are received from grateful men and women who cannot say too much in praise of Duffy's Pure Malt Whiskey for the benefits derived from its use.

"I wish to tell you and the public what your Pure Malt Whiskey has done for me. Last February I was taken with a severe attack of the grip that laid me up for several weeks. The doctor gave me his usual remedy for grip, but I did not improve, and as I had used several bottles of your Malt Whiskey, I procured a bottle and took it according to directions. In a day or two I felt much better, and by the time I had used the one bottle I was much stronger. It is surely a great medicine for old people.

My wife used it for throat and lung trouble and she thinks it has done her more good than anything else ever tried."—M. D. WINGATE, Petoskey, Mich., April 12, 1907.

# Duffy's Pure Malt Whiskey

It is an absolutely pure distillation of malted grain, great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture, its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach. If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere.

CAUTION—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1. Illustrated medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.
