

CITY "STINK-POT OF CORRUPTION"

Baker City Ministers Issue Circular.

CHARGES ARE VERY SERIOUS

Say They Cannot Get Authorities to Close Gambling.

ACCUSE CIRCUIT JUDGE

Say That Judge Smith Was Intoxicated on Bench—Ask if City Is in Favor of Running Schools of Vice for Boys and Girls.

BAKER CITY, Or., Jan. 26.—(Special)—A sensation was created in this city this morning, when the citizens awoke and found in their doorways a circular from the Ministerial Association bitterly criticizing and condemning the officials of Baker City and Baker County. The circulars were also distributed at the church services and are eagerly sought after by all people because of their sensational character.

After quoting a letter from an anonymous writer, in which the ministers are condemned for allowing the town to remain open and telling them how they could close it, the ministers call the writer a coward and a liar. They also place the Oregonian correspondent in the same class, alleging that the article which appeared in The Oregonian, under date of January 26, regarding gambling in Baker City, states lies.

"Stinkpot of Corruption"

Then they proceed to stir up a stinkpot (as they call it) of corruption in Baker City. They complain that young people, hardly more than boys and girls, are allowed to gamble and dance at some length about the amount of talking and preaching they have done. They admit that they cannot compel the officers to close up the town, but the officials say they have not yet supplied the necessary information, upon receipt of which the officials will close the town. They maintain they have been cursed by the Mayor and state further that the moral and law-abiding citizens of Baker City have repeatedly asked the Mayor to do his duty. The ministers state that they went before the grand jury and tried to indict the Sheriff, but could accomplish nothing.

One of the representatives of the ministers, according to the circular, made the rounds of the saloons one night and found one of the policemen in a gambling den. They say it is rumored that the same policeman had been so drunk again and again while on duty that he had to be taken home in a cab, and yet the Mayor continues to appoint him and allows him to remain on the force.

Attack on Judge Smith.

One of the most sensational parts of the dodger is the attack upon Judge Smith, of the Circuit Court. The ministers say that Roy Fuller, who is accused of manslaughter and is now in jail awaiting the appeal of his case, declares that Judge Smith was intoxicated during the trial. They state that Fred Parker is still in jail because the Judge is unable to make out the necessary papers for his release. They charge also that the Judge and Mayor Johns were seen in a bar-room four and a half minutes after the Harvey Brown memorial, the Judge drinking and the Mayor working the slot machine.

LISBON OFFICIALS AFRAID

Premier Franco Sleeps in Different House Each Night.

LISBON, Jan. 26.—Although the government apparently is master of the situation, much nervousness is manifested in official circles following the victory of Portugal as a republic. Premier Franco, upon the advice of the police, sleeps each night in a different house, surrounded by cavalry. The police have discovered a number of places where revolver and bombs have been stored by the conspirators, and these weapons have been seized. Troops,

police and customs corps have been assigned to barracks ready for any emergency. Although the government claims that there is no disaffection in the army, the sergeants and subalterns of several regiments have been shifted, indicating that the plot had ramifications among the soldiers. The two leaders, Berger and Chagras, have been transferred to the fortress.

THEIR HATS OFF TO ROYALTY

Berlin's Streets Thronged in Honor of Emperor's Birthday.

BERLIN, Jan. 26.—Half a hundred representatives of the German highest nobility are here to take part in the celebration of the Emperor's birthday tomorrow. In the streets where a fortnight ago mounted police charged and sabered thousands clamoring for manhood suffrage, crowds today gathered to watch the equipages of princely persons and take off their hats respectfully to the sovereigns of Baden, Hesse, Mecklen-

Count Laszlo Szechenyi, who will marry Miss Gladys Vanderbilt today.

burg-Schwerin, Oldenburg and Schwamburg-Lippe and the Regent of Brunswick, who were among those who have come to congratulate the Emperor. Emperor William was saluted with more than usual deference as he walked through the Tiergarten early this afternoon. The Emperor is beginning his 50th year and is near the close of the 20th year of his reign.

Bourse Is Paralyzed.

PARIS, Jan. 26.—The Madrid correspondent of the Echo de Paris telegraphs that he is informed the situation in Portugal is grave and that Premier Franco has asked the King to suspend the constitutional guarantees. The correspondent adds the commerce is prostrated and the Bourse is paralyzed.

MRS. EDDY MOVES TO BOSTON SUBURB

Leaves Concord Quietly by Special Train.

NEARER TO MOTHER CHURCH

Scientist Leader Had Long Planned to Make Change.

SECRET KNOWN TO FEW

Accompanied by Secretary Frye and Members of Household, Party Takes Up Residence on Lawrence Estate at Brookline.

BOSTON, Jan. 26.—Guarded by the utmost secrecy, Mrs. Mary Baker G. Eddy, founder and head of the Christian Science Church, was removed by special train today, with all her household attendants, from Pleasant View, in Concord, N. H., where she has lived for 19 years, to a new house in the fashionable Chestnut Hill section of Brookline.

The coming was unheralded, and only a few members of the Christian Science Church had been aware of the contemplated change. Even the train crew which early today took the private car of the vice-president of the Boston & Maine Railroad to Concord, were commanded to maintain absolute secrecy as to the trip they were to make, and the best men in the service of the road were assigned to the duty.

Guarded as a Royal Personage.

Proceeded by a pilot engine to clear the way, the special train of three cars left Concord at 2 o'clock, and proceeded over the railroad by a circuitous route, to the Chestnut Hill station on the Boston & Albany road. In the rear of the train, to guard against collision, trailed a third engine.

Arriving in Brookline at 8 o'clock, the party was taken to the late A. A. Lawrence estate, one of the most beautiful in all Brookline, and proceeded to the Lawrence home, where Mrs. Eddy was to reside.

Mrs. Eddy Carried to Her Room.

A most unusual scene attended the arrival of the special train at Chestnut Hill station. There were seven closed carriages to meet the party and convey them to the Lawrence estate. The fifth carriage in the line, the smallest of all, and the least conspicuous, was occupied by Mrs. Eddy, Calvin A. Frye, her secretary, and another man, apparently a groom. All were warmly wrapped in furs, and the women all carried bouquets of beautiful flowers.

The Lawrence home was reached at just 5:20 o'clock. One by one, the men and women of the party alighted, and gathered about the massive porch at the front entrance, stood in line on either side from the carriage steps to the house. When the carriage of Mrs. Eddy drove up to the porch, Calvin A. Frye was the first to alight, and following him came the other men, leaving back into the carriage the big man, powerful of limb, gathered up the mail from Mrs. Eddy. Wrapped in a long seal-skin cape, with a black bonnet trimmed with violets on her head, and with her hands protected by white gloves, she was carried gently up the steps in the big man's arms, through the long line of people, who murmured softly as she passed. Then she was taken upstairs in the house and placed in what will be her own private room, on the front of Commonwealth avenue side.

Grounds Ordered Cleared.

Immediately the whole great house burst forth into light, and from every window came the rays where before the few lights had burned dimly. Trucks and catches were passed in and so on all but one of the party had passed into the house. Calvin A. Frye remained behind and was closely pressed for information by newspaper men and others. Absolutely refusing to give any names of those in the party or to make any statement, he turned to six tall, powerful men, who stood near him, and ordered that every person be at once put off the grounds. Then he turned and entered the house.

Armed Guards on Premises.

And his orders were obeyed without delay. At 8 o'clock the light in Mrs. Eddy's room was extinguished, a little later the servants passed from the house to their quarters, and the first night in her new home had begun for Mrs. Eddy. Six men remained on guard through the night, and tomorrow others will take their places for the day guard. Within a week permits have been issued by the Brookline police force for the men to carry arms, and it is believed that the watch of six by night and six by day will be continued for some time.

The names of most of those who accompanied Mrs. Eddy's party were later learned as follows: Calvin A. Frye, secretary; John Lathrop, assistant secretary; Arthur Bosworth, recording secretary; John Salchow, personal groom for Mrs. Eddy; Misses Sarah Sargent and Sarah Clark, maids to Mrs. Eddy; Mrs. Mary Scott, housekeeper, and three ser-

EVENTS OF COMING WEEK

President to Meet Railroad Men. On Monday President Roosevelt will meet a committee of the operating vice-presidents of leading railroads to discuss matters which the railroad people regard as vitally affecting adversely the railway operations in the country.

On the same day Governor Patterson, of Tennessee, will meet the secretary of the Pennsylvania State Capitol graft prosecutions at Harrisburg.

Nation's Eyes on Hughes. In the political field, unusual interest attaches to the speech which Governor Hughes will make before the New York Republican Club Friday evening, when he is expected to announce not only formally his candidacy for the Presidential nomination, but also to declare himself on the National issue which will enter into the campaign.

Rear-Admiral Evans' battleship fleet is scheduled to arrive at Panto Arsenal on Friday or Saturday, and the fleet will be in the service of the Strait of Magellan and head northward for Callao, the next stopping place.

Bills Before Congress. Congress will be occupied by pending bills in the House by the deficiency appropriation bill and the Senate by the code bill and Aldrich's financial bill.

The most conspicuous event of the week in the foreign field will be the reopening of the British Parliament on Wednesday.

American Flag at Auction. In London on Wednesday the flag of the American man-of-war "Challenger" will be sold at public auction, and according to cable dispatches, there will be a spirited competition on the part of Americans to get possession of the famous bit of hunting.

On Thursday Viscount Hayes will be scheduled to address the Japanese Diet regarding the immigration question. His address will be regarded as highly important.

Surprises Concord People. Knew Nothing of Mrs. Eddy's Plan to Change Residence. CONCORD, N. H., Jan. 26.—Mrs. Mary G. Baker Eddy, founder and head of the First Christian Science Church, today left her home, Pleasant View, in this city and by a circuitous route in a special train, went to Chestnut Hill, Brookline, to a house recently purchased by the Christian Science denomination. Mrs. Eddy was accompanied by her secretary, Calvin A. Frye; Archibald McLellan, one of the trustees for Mrs. Eddy's property; Rev. Irving C. Tomlinson, a Christian Science "reader," and a dozen other men and women of the Christian Science belief.

Mrs. Eddy left in a special train, consisting of an engine and three cars over the Boston and Maine Railroad. Her train was preceded by a light engine and another engine followed after a brief interval.

Mrs. Eddy will take up her residence in Brookline next Monday. Mrs. Eddy's departure came as a great surprise among the people of this city, very few of whom suspected that such a move was contemplated. Investigation today showed that a carload of furniture and one of Mrs. Eddy's carriages was shipped from Pleasant View to Brookline last week. Professor Herman Shering, first reader of the Church of Christ Scientist in this city, was also in the party.

BRYAN'S ELECTION SURE—ON PAPER

Figures Can Be Made to Show This.

CHANLER AS RUNNING MATE

Very Favorably Regarded by Bryan Men.

NEW YORK DISLIKES TAFT

Democrats Pick Taft to Head Republican Ticket and in That Case Look for Easy Victory—Opposition to Bryan Develops.

NEW YORK, Jan. 26.—(Special)—William J. Bryan's recent trip to New York, it is now understood, was for the purpose of selecting a running mate for the next campaign.

His personal investigations, and the information he has received have convinced Mr. Bryan that Secretary of War Taft will be nominated at the Republican convention on the first ballot. With Taft on the ticket, Bryan believes that New York would be at least debatable, and with a good strong man for his running mate, he is convinced that the electoral votes of the Empire State could be safely counted as Democratic.

Democrats of all shades of opinion, in this section of the country, however, agree on one thing: They believe that Taft would be the easiest man of the candidates now in the field, to beat.

REACHES BUENOS AYRES

TORPEDO FLOTILLA IS GIVEN A HEARTY WELCOME.

Boats Make Trip in Splendid Shape.

Series of Entertainments for Officers and Crews.

BUENOS AYRES, Jan. 26.—Attended by a division of Argentine torpedo-boats, the American torpedo-boats, which left Rio Janeiro January 12, entered the port of Buenos Ayres at 8:30 this morning, the arrival being witnessed by a great crowd of spectators. A few minutes later Commander Moreno, of the ministry of marine, went aboard the Whipple and welcomed the American officers in behalf of the Government of the Argentine Republic. The entire extent of the public docks where berths had been prepared for the visiting fleet, was lined by detachments of marines and prefecture guards. Almost up to the moment of entering the port the weather had been extremely stormy, but it gradually cleared and brought increased numbers of spectators down to the harbor to give silent but hearty welcome to the American sailors. On entering the basin one of the tugs which had the torpedo-boats in tow was cast off, leaving the tug Enriquez to conduct the Whipple to her moorings. Lieutenant Commander Cone, commander of the flotilla, was greatly pleased by the hearty reception. He said that for the fog that delayed the little vessels about twelve hours outside Rio Janeiro, the passage to Buenos Ayres had been fine. The Americans were met by the Argentine flotilla off Flores Island yesterday afternoon at 2:30. The welcoming fleet saluted and steamed around the flotilla for half an hour and there was a warm exchange of greetings. Commander Cone subsequently boarded the Argentine flagship and the trip to this port was continued.

Every boat in the American flotilla is in excellent condition and made the passage here without a hitch. The boats will remain here until Thursday morning, when they will steam for Sandy Point in the Magellan Strait, to join the battleship fleet.

A number of entertainments have been arranged in honor of the visitors, which will include excursions to interesting points, a banquet to be given by the minister of marine, and receptions by the President of the republic and the Naval Club. These will take up Monday and Tuesday and on Wednesday there will be a reception at the American legation and a number of private parties. All of the men on the flotilla are in good health. It is expected the Argentine squadron, which has been ordered to meet the American battleships and escort them down the coast, will come into communication with the Pacific fleet about 125 miles out from Cape Corrientes, probably early tomorrow morning. The battleships left Rio Janeiro on January 22.

Wall Street Not for Taft. "He will lose the votes of the Wall Street men, who blame Roosevelt for the recent financial panic, and will vent their spleen on Taft. He will lose the votes of the Hughes men, who are angry at the kind of politics that has been played by Federal office-holders. He will lose the votes of thousands of negroes because of the Brownsville case. Any Democrat could beat Taft in New York this year. That is a gain of 39 more votes, a total of 36.

Don't regard Ohio as a hide-bound Republican state. The Foraker men will knife Taft. The Cox crowd in Cincinnati will do the same, although they do not openly for his nomination. They do not forget that the War Secretary's speech a few years ago beat the Republican candidate for Mayor of Cincinnati. Bryan can carry Ohio against Taft. That is 12 more votes, bringing the total up to 28. "New Jersey, which got away from the Democrats in 1896, is swinging back to her moorings. The present Republican Governor only slipped in

by a few thousand. The strict Sunday laws, which Governor Ford is pledged to uphold are driving the Germans over to the Democratic party. Every city in the state is a Democratic stronghold. Many thousands of New Jersey voters are workers in New York. The same influences that hurt Taft in the Empire State are injuring him across the river. New Jersey has 12 votes. Bryan will get them. That brings his total up to 240, only two votes from a majority.

Opposition to Bryan in Ranks.

"Delaware may furnish them. The Republicans are steadily growing weaker there. It is an even bet that Connecticut may swing into the Democratic column with her 7 votes. The Nutmeg State's machine has been in a bad state since the deaths of Senators Orrville Platt and General Hawley. Colorado is not a certainty for Taft. Neither is Nevada. And the votes of either one of these states added to

Miss Gladys Vanderbilt, who becomes the bride today of a Hungarian nobleman.

that of those given above, would land William Jennings Bryan in the White House.

These figures were shown to another Democrat, who does not favor the nomination of the Nebraska man. Here is his comment: "I believe the states named will be the real battleground, but I do not regard Bryan as the man who can successfully lead the fight there. Judge Gray, of Delaware, Governor Johnson, of Minnesota, Senator Culberson, of Texas, or Lieutenant-Governor Chanler, of New York, would, I believe, make a much better showing. Personally, I favor Governor Johnson, for he has twice demonstrated his remarkable vote-getting capabilities under conditions that would be regarded as discouraging.

Democrats of all shades of opinion, in this section of the country, however, agree on one thing: They believe that Taft would be the easiest man of the candidates now in the field, to beat.

NEW YORK BANK FORCED TO CLOSE

Morse Institution Can't Stand the Strain.

PREPARES FOR LIQUIDATION

Receiver for National Bank of North America.

RUMORS CAUSE FAILURE

Controller of Currency Issues Report Saying Creditors Will Be Paid in Full—Over \$2,000,000 Due the Clearing-House.

NEW YORK, Jan. 26.—Controller of the Currency William B. Ridgely today ordered the National Bank of North America closed for liquidation and appointed Charles W. Hanna, National Bank Examiner, as receiver.

The aftermath of the financial storm of last October in its effect on the bank, which will tomorrow close its doors, has been in the shape of heavy and persistent withdrawals, the result, according to President W. F. Havemeyer, of insistent rumors spread abroad respecting the bank's condition. Membership in the Clearing-House Association enabled the bank to weather the gale for a time, but the aid extended by this association in the form of loan certificates finally became the means of bringing about the decision to go into liquidation when the call for their redemption was intimated to the directors on Saturday last. The bank's indebtedness to the Clearing-House Association is \$2,000,000.

Rumors Start a Run.

President Havemeyer, in a statement given out tonight, laid the blame for the trouble upon the persistent rumors which he declared were the cause of the withdrawals that on Saturday became so heavy that it was believed the bank would not be able to meet the obligations on Monday.

Two meetings of the directors were held today, and at the conclusion of the last the directors decided to withdraw from the Clearing-House Association and ask the Controller of the Currency to take charge of the liquidation of the bank.

W. B. Ridgely, Controller of the Currency, made the following statement of the bank's assets: "At the request of the board of directors of the National Bank of North America the Controller of the Currency has ordered the bank to be closed for liquidation and appointed National Bank Examiner Charles W. Hanna as receiver. The action of the directors was not taken because they considered the bank insolvent, but on account of the difficulties of realizing on the assets of the bank readily enough to meet the heavy demands of depositors in the last few days and probable further large withdrawals feared.

Pay Depositors in Full.

"The receiver will proceed at once with the liquidation of the bank and the payment of its creditors. It is estimated that all depositors will be paid in full. "Following is a statement of the condition of the bank at the close of business Saturday, January 25, 1908:

Table with columns for ASSETS and LIABILITIES, listing various financial items and their values.

Retires From Association.

"The National Bank of North America has decided to withdraw from membership in the Clearing-House Association and to liquidate under the authority of the Controller of the Currency. This retirement of the bank is regarded as the simplest method of liquidating. The exchanges with the bank will not be made at the clearing-house tomorrow morning. While the clearing-house committee regards the growing surplus and improved condition of the bank as highly favorable to a complete retirement of the bank, the statement that the banks are being forced to retire them has no foundation in fact."

President Havemeyer said tonight he believed the bank is entirely solvent and that with a careful liquidation the stockholders will receive par for their stock.

The National Bank of North America has a capital stock of \$2,000,000, and on August 22 last, at which time a report was made to the Controller of the Currency, showed deposits of \$19,787,400. This sum had been largely and gradually decreased by withdrawals during and subsequent to the panic, and on December 3, the date of the next report, showed deposits of \$6,526,500, and cash on hand \$281,500. Since that time, according to President Havemeyer's statement, the deposits
