ASK SAFEGUARDS FOR DEPOSITORS

People Caught in Title Guarantee Failure Clamor for Protection.

WANT NEW STATE LAW

Propose Measure That Will Prevent Loss of Creditors' Money in the Event of the Bank Closing Its Doors.

That depositors in banks should never lose their money when banks fail is the conviction of the depositors in the Title Guarantee & Trust Company, and they favor a law that will secure creditors against loss even in the event of failures by banks. A resolution calling for the passage of such a law by the next Legislature was unanimously adopted at a largely attended meeting of the Depositors' Association of the defunct bank held yesterday afternoon. The resolution, which was introduced by J. O. B. Scobey, briefly outlines a plan whereby the money of depositors will be safe, under all circumstances.

In discussing his proposed banking law, Mr. Scobey said:

"My idea about this is that every bank shall be required to pay a certain per centum upon either its capital stock or the amount of its deposits into a fund which shall be held in reserve in the state treasury as a guarantee or trust fund to pay the debts of banks that fail. There shall be sufficient in this fund to pay depositors in closed banks and at once.

"All banks should contribute to this fund and then in case of failure, this money shall be used to liquidate. Depositors in banks can be made secure. This proposed law is just and can be carried out. It will, no doubt, be opposed by the banking interests, the same interests we have to thank for there being no banking law in this state at the present time. I shall follow this up and shall work for its passage."

Text of Resolution.

The resolution presented and adopted follows:

Whereas, It is a well-known and established fact that the business of all banks is very largely conducted on the money of the depositors therein; and

Whereas, In case of the failure of any bank the depositor is never, but should be, absolutely secured and his account paid in full without delay; and

Whereas, The laws of the State of Oregon are wholly inadequate to prevent serious loss among depositors in case of bank failures; therefore be it

Resolved, That the members of this association favor a state law requiring banks doing business under the laws of this state to provide a depositors' guaranty fund, to be deposited as a trust fund, especially secured, with the State Treasurer, and to at once become available to pay the depositors of any suspended bank in full.

Resolved, That in the ensuing primary election the support of the members of this association should be given only to those candidates for this legislature who will pledge themselves to support by their efforts and their vote a bill for the enactment of such a law by the next Legislature of this state.

Resolved, That we favor a Federal law of like character to secure depositors in National banks and that candidates for Congress from this state should be asked to make a similar pledge, and we call upon the people of the State of Oregon to insist on such a pledge from every Congressional aspirant.

Bouquet for District Attorney.

The depositors realized that it was largely through the efforts of District Attorney Manning that the agreement executed by W. M. Ladd, agreeing to pay all claims against the defunct bank in full, was secured, and a resolution of thanks to Mr. Manning, introduced by the executive committee, was unanimously passed. It was as follows:

Whereas, It appears to the members of this association that it was largely through the efforts of Hon. John Manning, District Attorney for Multnomah County, that the depositors of the defunct Title Guarantee & Trust Company Bank have been secured so that they will receive their deposits in full, with interest thereon, and that without his earnest and efficient co-operation such result could not have been accomplished; and,

Whereas, This is the first instance in the history of suspended banks in this City of Portland that a result of this character has been accomplished, and depositors fully secured; therefore, be it

Resolved, That the thanks of this association of depositors of the late Title Guarantee & Trust Company Bank is due and are hereby tendered to Mr. Manning in grateful recognition of his services in this matter.

Resolved, That a copy of these resolutions be sent to Mr. Manning by the secretary of this association.

Depositors Thank Mr. Ladd.

A unanimous vote of thanks was tendered W. M. Ladd for his action in securing the depositors against loss.

The report of the executive committee of the Depositors' Association, and submitted by the following members: J. O. B. Scobey, S. J. Barber, N. Solomon and C. E. Moulton, was received by the association. W. P. Swope, the other member of the executive committee, was out of the city yesterday. This report reviewed briefly the work of the executive committee since the first object of the association, the removal of Receiver Hill, was undertaken. It showed the progress of the negotiations with W. M. Ladd, looking toward his underwriting the accounts of the depositors, and the successful accomplishment of that purpose. The report continues:

The object which we had in view has been accomplished, and Mr. Ladd has guaranteed to every depositor the full amount of the deposit which he had in the bank at the time it closed, together with interest thereon at the rate of 4 per cent per annum, payable annually, from the date of the first receivership, which was November 6, 1907. Mr. Ladd entered into a contract and agreement to cover his guarantee, which agreement was entirely satisfactory to your committee, and we believe should be to every member of this association.

Change in Receivers.

This agreement has been approved by the court, and in accordance with the terms thereof R. S. Howard, Jr., has been appointed receiver at the suggestion of Mr. Ladd in place of E. C. Mears, and is now in charge of the assets of the bank, pursuant to said agreement.

We desire and suggest to every depositor that he should at once present his bankbook or certificate of deposit to the receiver, Mr. Howard, and have his account balanced and his claim approved. The date within which this may be done, according to the order of the court, expires on the 16th day of March, 1908.

In whatever your committee has accomplished along the lines for which it was created, it has had the earnest and valued support and assistance of Hon. John Manning, District Attorney for Multnomah County. Your committee feels that it is under very many obligations to him, and that he is entitled to the thanks of this association for the assistance which he has rendered in bringing about the result which we consider of very great value to every depositor.

Keep Organization Alive.

It was the opinion of the depositors present that the association should be kept alive in order to meet any need for its services that might arise in future. While it was recognized that, without doubt, all the work that may be expected from the organization has already been accomplished, still, it was deemed best to keep the association alive lest any occasion should arise for it to act.

It was concluded also, not to discharge the executive committee but to maintain it as the head of the organization, so that this committee may do whatever is necessary for the interests of the depositors and may take action when it is advisable without the need for calling the entire association together.

A vote of thanks was given the executive committee for its efforts in bringing about the success of the depositors' purposes, namely, the discharge of Receiver Hill and the securing of the underwriting of the depositors' accounts by W. M. Ladd.

TROOPS REPEL TRIBESMEN

Moors Retreat With Heavy Losses After Hard Fight.

TANGIER, Jan. 26.—Advices received here state that the Zenatia and Ouled Ali tribes attacked the French troops on January 23, but were repulsed with severe loss after four hours' fighting. The French littoral and mediouna columns had just effected a junction when the tribesmen, in battle array, covering a front of about four miles, swept down in crescent formation. The Spahis bore the brunt of the attack, making several gallant charges, which, however, interfered to some extent with the work of the artillery. One French officer and five privates were wounded.

VERSAILLES, Jan. 26.—Detachments composed of two regiments left here tonight for Casa Blanca.

THE DAY'S DEATH RECORD

Leader of Montana Vigilantes.

HELENA, Mont., Jan. 26.—(Special.)—James Mitchell, one of the pioneers of Alder Gulch, the scene of the first discovery of gold in Montana in 1862, is dead at a ripe old age. He was a native of Scotland and came to the United States when only a boy. He went to California in 1849, and arrived at Bannack, Mont., early in 1862. There he worked until the discovery of gold in Alder Gulch by the Fairweather party. He was a member of the Vigilantes, and assisted in the first execution of a road agent—that of George Ives. He was indefatigable in his efforts to exterminate the road agents. During the Nes Perces war in 1877, he was a member of the Virginia City volunteers, and was with them at the memorable battle of Camas Meadows, where the Indians stole most of the horses ridden by the volunteers, driving them off during the night. He was for four years Deputy Sheriff of Madison County, and had many thrilling experiences. He was a prominent Mason.

NEUTRAL POSITION IS IMPOSSIBLE

Dr. Brougher Declares Moral Man Incomplete Without Christianity.

IS NO MIDDLE GROUND

Says Between Man's Good and Evil Natures There Is an Irrepressible and Never-Ending Conflict.

The sermon on "The Moral Man and the Hypocrite," which Dr. J. Whitcomb Brougher preached at McMinnville last Sunday night, was delivered from the pulpit of the White Temple last night to a large audience. Dr. Brougher believes that neutrality in religion is impossible, and said that public men and others who believe and practice the moral teachings of Christ should affiliate themselves with some Christian body, and thereby lend their influence toward the uplift of young men and women who look to them as examples. During Dr. Brougher's two weeks' evangelistic services at the McMinnville College, ending last Friday night, good results were noted, and he says that of 200 students enrolled, only seven are not professing Christians. "At the closing meeting last Friday night," said Dr. Brougher, "93 took their stand."

At last night's meeting several hundred rose to their feet when the call was made for those who wished to unite with some local church to stand. More than 100 of these attended the after-meeting.

Dr. Brougher said in part:

Man's Dual Nature.

There are two people in every one of us. In the great struggle between the good and the evil, sometimes the good will have the upper hand and sometimes the evil. While this is true it is nevertheless a fact that Jesus Christ calls for his followers to be out and out for him. He does not recognize a neutral position. In this country we do not have to deal for the most part with infidels, agnostics or heathen, but rather with that large and growing class of moral people who refuse to identify themselves publicly with the cause of Christ. They give their money for the support of the Gospel. They believe Christianity to be a very good thing. They believe that a church should exist in every community large enough to support it. They are friendly disposed toward Jesus Christ, and they would also to keep on friendly terms with the devil. They can talk like a saint when it means money in their pockets and they can talk like the devil when it is to their advantage to do so.

Now Jesus Christ calls for positive friends and positive enemies. He declares in the 12th chapter of Matthew that there are only two spiritual kingdoms in this world—the kingdom of the right and the kingdom of the wrong. One is the kingdom of God and the other is the kingdom of Satan. These two kingdoms are in a deadly combat for the complete conquest of the world. There is no neutrality possible between them. Jesus Christ is seeking to save the world. Satan is seeking to destroy it. The laws of God's kingdom are diametrically opposed by the laws of the kingdom of Satan. Every man must take his stand on one side or the other. He cannot escape the conflict. The principle of right and wrong is stamped indelibly on the heart of every man. The battle of right and wrong is being fought in every man's soul. It is the battle of the individual with himself. It is the conflict between the higher and lower natures for supremacy. Man's greatest enemy is his own sinful nature.

Must Make Positive Stand.

On the one hand can be seen a black flag with letters of fire on it. "The world for Satan"! On the other hand is unfurled the white banner of the cross and on it in letters of blood, "The world for Christ"! Beneath one or the other of these two banners every man must take his stand. Jesus Christ says: "He that is not with me is against me." Sometimes the moral man objects to being placed on the side of the devil and his forces. I do not place him there. Jesus Christ does. And yet the moral man knows that he is unwilling to openly acknowledge his allegiance to Jesus Christ and live for Him. Frequently he complains that there are too many hypocrites in the church. He declares that he is as good as the churchmembers. I ask him which one. He does not reply by picking out some saintly, godly character who is a genuine Christian, but he will pick out some fellow who is more or less of a hypocrite.

I am willing to admit that the moral man is as good as the hypocrite, but if he is no better that is not saying very much for him. The hypocrite is a man who stands on the evil side and indulges in the things of the world. The moral man is the fellow who stands on the side of the world and accepts all that Christianity has done for him through a Christian home and Christian institutions and a Christian land and then refuses to acknowledge Jesus Christ as the author of his blessings. I make the assertion without fear of contradiction that the moral man who refuses to acknowledge Jesus Christ as his Savior does more to keep young men and young women out of the kingdom of God than all the drunkards and outcasts in the city. Young men and women are influenced by the moral man and follow his example. The drunkard and the outcast have little influence over young people to lead them into that sort of life. Every moral man in the city ought to be an open acknowledged follower of Jesus Christ. He ought to give the whole strength of his influence to the kingdom of God and the righteousness for which it stands. There is no neutrality in a man's influence. He is either for or against Jesus Christ.

Describes Respectable Sinner.

Again we need to remember that all sin, whether it be in the disposition or overt act is condemned in the sight of God. In God's sight there is not so much difference between sinners as we would like to think there is. Sin is sin in God's sight whether it dwells in a palace or a hut; whether it is in the heart of a society young woman or a shop girl; whether it is in great or small, high or low. sin is sin and God is no respecter of persons. You may be respectable. You may stand well in the eyes of the community. You may have a clean face and wear fine clothes and yet be as great a sinner in God's sight as the poorest wretch who lies in the gutter with swollen face, bleared eyes and red nose. You are a respectable sinner. He is a degraded sinner.

Again secret sins are just as much condemned in God's sight as public ones. God looks on the heart, not on the outward appearance. There are a great many who would accept Jesus Christ as their Savior and acknowledge him as their Lord if he would consent to their making a compromise with sin. But Jesus Christ will not accept the crown if Satan is to retain the scepter. He must be King over all. He gives you your choice. You are a free moral agent but you must choose one or the other. You cannot serve both Christ and Satan. The line is drawn and no one who comes face to face with Christ can escape making a choice. He must either accept or reject him, for Christ has declared and there is no receding from the position, "He that is not with me is against me."

REPLACE EVIL WITH GOOD

Good Works Are as Necessary as Repentance.

"Constructive Christianity" was the subject of the sermon by Rev. H. C. Shaffer yesterday morning at the United Brethren Church, East Morrison street. The sermon was an appeal for something beyond work of destructive character, for a concrete, constructive, progressive Christianity. Rev. Shaffer said in part:

In the description of the sinner in Galatians v-19, a picture is drawn that is dark enough to make us pause and examine it. After enumerating the sins of which we have been guilty, the writer says that they that do such things shall not inherit the kingdom of God. With this judgment all healthy minds agree. Sin must be punished. To become a Christian one must forsake the sins which made him a sinner. He must cease to do evil. But I ask you the question today: Is it enough to cease to do evil? And I answer, no. "Learn to do well" is as positive a command. "Be not drunk with wine" is a good commandment, but "Be filled with the spirit" is far better.

The old man who has weeded out the sins of his life by true repentance has only half his task completed. He must now plant the good seed, and care for it as it grows and comes to fruition. Paul not only repudiated idols; he taught the true God. Jesus not only cleansed the temple; he made every man who repented a temple of God.

It is not enough to eradicate hate; love must be developed. Contending for the faith once delivered to the saints has its place, but planting the Gospel in the regions beyond is the imperative duty of the hour.

Missionary work among other peoples is largely constructive. The missionaries are bold to denounce sin, but they found educational institutions, medical staffs are maintained, farming is taught in some places, industrial institutions are great factors. It is seemingly just dawning upon large numbers of good peole that Jesus came to establish his kingdom in the earth.

LAST WEEK OF THAW TRIAL

Jerome Assumes Air of Mystery Regarding Rebuttal Testimony.

NEW YORK, Jan. 26.—The Thaw trial tomorrow will enter upon its fourth and probably its last week. The defense has another day of evidence to offer, and the state should have its rebuttal evidence before the jury by Thursday night. District Attorney Jerome has assumed something of an air of mystery as to the scope of the testimony he will offer in rebuttal of the showing of insanity made by the defense, but it is said he will make an effort to bring up in court some of the secret records of the commission in lunacy which inquired into Thaw's condition last March, and which pronounced him capable of intelligently advising with his counsel. The records of the commission were sealed by order of Justice Fitzgerald, who appointed the board solely for the purpose of advising the court as to Thaw's mental condition, and this fact may prove a stumbling block to the District Attorney's plans.

The defense will offer tomorrow the three physicians and the trained nurse who arrived on the steamer Adriatic Saturday morning to testify as to the alleged irrational outbreaks by Thaw in Europe.

COOL HEADS SAVE LIVES

Panic Follows Shout of Fire in Des Moines Theater.

DES MOINES, Ia., Jan. 26.—That there were a number of cool heads in the Grand Opera-House probably saved many lives tonight.

The Evans Cafe, across the alley from the playhouse, was burning, and smoke issued through an open window in the opera-house. Some one yelled "Fire," and the inevitable panic followed. D. E. Braddish jummed to the stage and yelled, "Keep your seats; no fire in this house."

This did not stop the people. The most conservative kept their heads, but a general rush followed. Much crowding and pushing was done in the gallery and balcony, and a woman fainted.

The play was "The Two Orphans," and about 1200 people were in the theater.

MAIL SACKS ARE RIFLED

New Orleans Robbers Secure $5000. Mail Clerk Is Arrested.

NEW ORLEANS, La., Jan. 26.—Daring thieves tonight held up and robbed a United States mail wagon loaded with incoming mail which had just arrived from Cincinnati and other Northern points, over the Queen & Crescent route. The thieves were reported to have secured about $5000, but the postoffice authorities refused to make any statement about the robbery. The wagon, which was heavily screened, and on which rode a driver and his helper, was attacked near some freight cars in the downtown section of the city. The driver and railway mail clerk, neither of whom was hurt, were held by the police on suspicion. At least two out of 11 mail sacks were rifled.

CHILD KILLED BY AUTO

Runs in Front of Motor Driven by Prominent Seattle Men.

SEATTLE, Wash., Jan. 26.—(Special.)—Before the eyes of her playmates, the 5-year-old girl of Jacob Johnson, living near Salmon Bay Park, was run down by an automobile driven by Guy Stratton this morning, and died an hour later. In the car was J. F. Ives, vice-president and manager of the Stimpson Mill Company.

The little girl had just left Sunday-school when, in company with other children, she attempted to cross the street as the automobile was making its advance. Mr. Stratton blew his horn, but the child became confused and ran directly in front of the machine. Both Ives and Stratton were arrested, and were released on $1500 cash bail.

Postum is a rebuilder—made of wheat (no drug or medication) which contains the "vital phosphates" that repair the damage done by coffee.

IDLENESS NO CRIME

Men Without Work Have Right to Stay in the City.

CANNOT BE DRIVEN AWAY

Secretary Stone, of Y. M. C. A., Says Police Have No Authority to Drive Unemployed Out of Portland and Offers to Aid Them.

"The police have no right to compel any man to leave this city, or any other city, simply because he is out of work and without money," said H. W. Stone, general secretary of the Portland Y. M. C. A., at the men's meeting yesterday afternoon. "If any of you men have no work, stay right here in town, and if the Portland police try to run you out, you see me and I will see that you don't have to go. We must provide work for the men of Portland, and so long as the streets are in the present dilapidated condition there is no need for so many men being out of work.

"If there is anything that is a disgrace to our American civilization it is the chasing of a man out of town because he is out of work. The men in this city have a right to be here, even if they haven't jobs. Each city must face its own problems. We must face the problem of the unemployed until Spring opens.

"I have just returned from Seattle, and I tell you men, there are more jobs right here in Portland than in any other city on the Pacific Coast. Yet we have many unemployed. The man who holds his job the longest, and the one who finds employment when others have none is the man who is willing to work. I saw 30 men at work at the City Park last week who were just putting in time. They had been given the work by the city for four hours, for which they were paid 60 cents. If there had been one real good worker in the crowd, he would probably have been scoffed at by the others.

"I knew of a young man who had to go to work shoveling gravel. He shoveled so much that the other fellows complained at it. Men of his stamp are the kind of men we need; men who aren't afraid of good, healthy, honest labor."

The address of the afternoon was delivered by M. Monroe, of Fort Collins, Colo. Before entering upon his address he referred to a $45,000 building which will be ready for occupancy by the Fort Collins Y. M. C. A. in three or four months.

The text for the address was Proverbs iv:7-9, "Wisdom is the principal thing, therefore get wisdom." Mr. Monroe defined wisdom as that application of knowledge which brings desired reaults. He said the world is turning to the teachings of Christ for the solution of its great economic problems.

The music of the afternoon was rendered by the Second Baptist Quartet.

Burglar Takes $450 in Cash.

Hemming Salmela, who lodges with William Sandstrom, at 1626 Grand avenue, South, reported to the police last night that he was robbed of $450 in gold and bills Saturday. His loss he failed to discover until 3 o'clock yesterday afternoon. According to Salmela the thief must have gained entrance to the house, which is occupied by the two men, some time Saturday evening, when they were visiting on the West Side. They returned home late Saturday night. Not until yesterday afternoon, when he had occasion to use some of the money, did Salmela discover that the money was missing.

For Over Twenty Years I Have Devoted All My Energies and Skill to Treatment of Diseases of

MEN ONLY

I Guarantee a Cure of Every Case I Take for Treatment.

IN UNCOMPLICATED DISORDERS MY FEE IS **$10**

PAY ME WHEN I HAVE CURED YOU

I offer not only FREE consultation and advice, but of every case that comes to me I will make a careful examination and diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

If afflicted, you can depend upon it that the service I offer you is the service you need, and is service such as can be rendered by no other physician.

Maybe you are one of the large number of men who think their case is incurable. Perhaps your own doctor has told you you could not be cured; but remember that is only because he did not understand your disorder and could not cure you. It did not mean that you could not get help from expert or experienced specialists.

DR. TAYLOR, The Leading Specialist.

I Cure to Stay Cured

By a method that involves no painful processes. No other physician employs a like method, and so thorough is my work that there need not be the slightest fear of a relapse into the old condition. It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. My method is perfect and quick. The cure is absolutely certain. I especially solicit those cases where many so-called treatments have failed—or where money has been wasted on electric belts and other appliances.

WHY NOT TREAT

with reputable specialists of known worth and skill, rather than waste your time with would-be specialists of no skill or ability.

Is it not better to treat with a medical institute composed of men scientifically trained to cure and who are men of standing and ability than to treat with self-styled, so-called specialists of limited experience, whose vaunted cures are no cures at all? Do not be fooled into paying a big fee for surgical procedure that does not cure. We are the leading specialists in Portland and our cures are thorough and permanent. Talk with us about your ailment and a personal interview will convince you that we know our business.
