WOMAN AUTOIST PLACED ON TRIAL

Injured Seattle Man Demands $15,600 Damages From Mrs. Baumgartner.

DIFFICULT TO GET JURY

Veniremen Exhibit Antipathy to All the "Chug Wagons" and Women Drivers in Particular. Two Panels Are Exhausted.

SEATTLE, Wash., Jan. 28.—(Special.)—A damage suit for $15,600, brought against Mrs. F. P. Baumgartner, wife of an officer of the Oregon & California Steamship Company, and a resident of Portland, was brought to trial in Judge Gilliam's department of the Superior Court today. The complaining witness is E. H. Evans, an aged employe of the Postal Telegraph Company; who was knocked down by an automobile driven by Mrs. Baumgartner here last September.

At the time Mrs. Baumgartner was visiting her mother, Mrs. J. S. Adams, of this city. The machine she was driving was the one with which she won the first prize at the Portland rose carnival a year ago.

Evans was on a bicycle at the time of the collision and he was knocked clear across the street and was considerably bruised. Mrs. Baumgartner was arrested and released on $15,000 bail, the heaviest amount ever placed for an offense of the kind.

The feature of the case today was the difficulty experienced in getting a jury. Two panels were exhausted, for the main reason that the veniremen are opposed to automobiles in general and women drivers in particular.

OLYMPIA, Wash., Jan. 28.—(Special.)—Zera Snow, attorney for the O. R. & N. Co., and L. C. Gilman, for the Great Northern, today made application to Judge Linn to introduce further evidence in the joint wheat rate and other Railway Commission cases. Assistant Attorney-General A. J. VANCOUVER, Wash., Jan. 28.—(Special.)—Fire early this evening destroyed the old building in the eastern part of town which was once used as a city hall, and has been a landmark for years. The return trip to Centralia is made from here five minutes later.

C. Ralston to fill the office. McIntyre has had the support of the Democratic party in his fight to retain the office. Dissatisfaction has been expressed over many of his official acts.

THE DAY'S DEATH RECORD

Cardinal Richard, Archbishop of Paris.

PARIS, Jan. 28.—Francois Marie Benjamin Richard, cardinal and archbishop of Paris, died here today of congestion of the lungs, after a short illness. Cardinal Richard was born at Nantes, March 1, 1819, and was made a cardinal in 1889. The body of the late cardinal will be exposed to public view tomorrow. A message of condolence from President Falleries has been received at the archbishopric.

ROME, Jan. 28.—The news of the death in Paris of Cardinal Richard deeply affected Pope Pius. He knelt in prayer for a few moments, and when he arose he exclaimed:

"He was not even allowed to close his eyes in his own house."

This was an allusion to the fact that in 1906, at the height of the church separation troubles in France, Cardinal Richard was ordered by the French authorities to vacate the archiepiscopal palace in Paris.

TALKS TO GROWERS

Lownsdale Lectures to Apple-Men at Salem.

TO MAKE OLD TREES NEW

Demonstrates Methods of Top Grafting—Scores of Questions Asked and Answered—Fungus Diseases Are Most Dangerous.

SALEM, Or., Jan. 28.—(Special.)—The most interesting, and probably the most instructive, meeting of fruitgrowers ever held in Salem was that addressed by M. O. Lownsdale at the Board of Trade rooms in this city today. There was an entire absence of the overflowing felicitation and congratulation common in gatherings of that kind. There were none of the vague generalities that sound well but have no beneficial effect.

Mr. Lownsdale gave the growers a straightforward, practical and easily-understood talk on the rejuvenation of old, neglected and diseased apple trees. By means of a stump of a tree, a grafting knife and some scions, he demonstrated, with a clearness not possible on the printed page or by words alone, the manner in which a new top may be produced on old roots.

A large number of representative appliegrowers were present, many of them owners of orchards that were improperly cared for when young. Scores of questions were asked, and Mr. Lownsdale answered them fully and definitely. It is evident that as a result of his tour of the Willamette Valley hundreds of old apple trees will be cut down close to the ground, and upon the shoots that spring up commercial varieties of apples will be grafted and the new trees thus produced will be well cared for and kept free from disease.

One of the entirely new ideas gathered by the growers today is that "dead spot," "apple canker" or "anthracuose" is the most dangerous enemy of the apple industry in the Willamette Valley. Growers have considered San Jose scale the worst pest, but Mr. Lownsdale says this is easily controlled in comparison with the fungus disease known by the three names mentioned.

Mr. Lownsdale also gave a demonstration in apple-packing. This, like his demonstration of grafting, cannot be set forth on the printed page, but must be heard and seen to be understood. A rousing vote of thanks was tendered Mr. Lownsdale for his work here.

BANK REPORT FILED TODAY

Court Will Soon Act on Petition for Merger.

It is expected that the petition for the merger of the German-American Bank with the defunct Oregon Trust & Savings Bank will be presented to the court this morning by Receiver Devlin. It has been in the hands of attorneys for the banks for the past two days and the progress made up to last night was such that it was believed the petition could go in this morning.

It is planned to pay off the smaller depositors first, that is, creditors having claims against the bank of $50 or less. Then the bank will gradually pay off larger claims until, at the expiration of the two years' time asked in the petition for complete liquidation, all creditors will have been paid. This policy is outlined in the petition and will be followed by the reorganizers. Receiver Devlin has cash on hand, or due from other banks, amounting to about $200,000 and this fund will be used in settling the smaller accounts first. Officials of the bank figure that the smaller depositors need the money worse than those having larger accounts, and for this reason the available cash supply will be applied on the accounts of small depositors.

Judge Gantenbein, who will decide on the merits of the petition to be submitted, has been given a copy of Expert Pfahler's report on the status of the Oregon Trust, which he is looking into in detail and he will be in a position to act on the petition when it is presented to him. It is expected that a date will be set for a hearing on the merger at an early date by the court.

BALLOON SAFELY ASCENDS

OHIO SENT UP UNDER DIRECTION OF AERO CLUB.

Leaves Canton Going in Northeasterly Direction and Is Seen at Various Places Late in Afternoon.

CANTON, O., Jan. 28.—Sailing gracefully away in a northeasterly direction, the balloon Onto made its second ascent under the direction of the Aero Club today. The start was at 1:12 P. M. The balloon rose to an altitude of about 800 feet, and, moved by a strong breeze, was soon out of sight.

Lieutenant Frank P. Lahm, U. S. A., who won the international balloon cup for distance in Europe last year, was the pilot. With him were Herbert W. Alden, a mechanical engineer, and J. G. Overmeyer, a manufacturer, both of Canton.

While looking after the inflation of the balloon this morning, Lieutenant Lahm was overcome by gas and rendered unconscious.

YOUNGSTOWN, O., Jan. 28.—The balloon Ohio passed over this city at 2:10 P. M., traveling rapidly northeast.

CANTON, O., Jan. 29.—Up to 1 o'clock this morning no news had been received in Canton from the balloon Ohio.

NEWCASTLE, Pa., Jan. 28.—The balloon Ohio which started from Canton today was seen at New Bedford, 15 miles northwest of here at 4:15 this afternoon. Since that time nothing has been heard of balloon or occupants.

CANTON, O., Jan. 29.—A telephone message from Oil City, Pa., says the balloon Ohio with the Lieutenant Lahm party, landed near that city about midnight.

Miss Marion Barney Accepts Offer From California Theater.

As was forecasted in The Oregonian Sunday, Miss Marion Barney, the leading lady of the Baker Stock Company, whose contract was terminated to take effect at the end of this week, has accepted an offer from the Bishop Liberty Theater Company at Oakland, Cal., and will leave Portland early next week for that city. Austin Webb will go to New York, his engagement here also closing at the end of the week. He has not announced his plans for the future.

The representatives of George Baker in this city were not informed last night as to the date of his arrival home from his trip to Denver and Los Angeles, but said last night that the general manager would more than likely return in time to attend the next meeting of the City Council, of which he is a member. Nothing has been heard from Mr. Baker regarding the successors in the company of Miss Barney and Mr. Webb, but as the plays for the next two weeks are cast without the assignment of "leading people," as understood in show circles, the announcement of the new leads may be deferred until Mr. Baker's return.

STATE FISH LAW SUPREME

Federal Government Denied Right to Interfere in Columbia.

OLYMPIA, Wash., Jan. 28.—(Special.)—The Attorney-General in a long opinion to State Fish Commissioner John L. Riseland today held as follows: That the State of Washington has the right to grant an exclusive private right of fishery with a pound net in the Columbia River; that an individual who has such right may hold the same against all other claimants; that it is a property right subject to execution for debt; that no Federal officer of the War Department has the right to destroy any pound net without invoking the aid of the courts; that Federal authorities have no control over the fisheries of the state except the paramount right of navigation in Federal waters; that drift net fishermen on the Columbia are not engaged in interstate commerce and therefore removal of pound nets cannot be ordered as being an interference with interstate commerce and finally that the rights of a pound net fisherman who has complied with the laws of Washington relative to licenses and location has the exclusive right to fish upon his location as against the holder of a license issued by the proper authorities of the State of Oregon.

ARE HELD FOR EXTORTION

Hofner and Honsig Bound Over to Circuit Court.

Herman Hofner and Leo Honsig, the two men arrested several days ago for attempting to extort $500 from Mrs. Rachel Hawthorne, on penalty of death, were given a preliminary examination in the Municipal Court yesterday forenoon. Judge Cameron held them both to the Circuit Court, fixing their bail at $2000 each.

The evidence arrayed against them was conclusive. Not only did Detective Maher, of the District Attorney's office, tell of having caught Hofner in the act of telephoning to Mrs. Hawthorne but a stenographic statement of Hofner's subsequent confession was presented. In this statement Hofner not only tells of his own connection with the affair but implicates Honsig directly as his accomplice.

The two accused men sat side by side through the proceedings. Neither offered any defense, preferring to wait until the case comes up for trial before the Circuit Court. After the preliminary examination they were taken to the county jail, being unable to furnish bail.
