STREETCAR.—William O'Donnell, a local mining man, was struck by a streetcar at the intersection of Morrison and West Park streets at noon yesterday. That he escaped serious injury or death is regarded as remarkable. The car struck him with great force and he was hurled backward and against a telephone pole. O'Donnell was crossing the street and in dodging one car was struck by another on the opposite track. His clothing was torn and he was painfully cut and bruised. Pedestrians helped him into a nearby pharmacy and Dr. Hollister was called. The doctor found that there was no evidence of internal injury and said O'Donnell would suffer no permanent inconvenience from the accident.

In the afternoon will be delivered by Governor Chamberlain, Mayor Lane, Tom Richardson, C. W. Hodson, Whitney L. Boise and M. G. Munley, president of the association. The association has drawn up a petition for the bridge, which will be circulated at tonight's meeting for the purpose of securing signatures. Owing to the importance of the question to be considered, it is expected that a large number will be in attendance.

BEIGIAN BLOCKS FAVORED.—City Engineer Taylor and Councilman Kellaher yesterday examined East Morrison street, between Union avenue and East Water street and decided that Belgian blocks on a concrete foundation is the improved method. IT HAS been three years, maybe four, since our amusing old Army friend, Frank Daniels, did us the kindness to "cut up" in a Portland theater. Frank is real stinky with himself and doesn't come to the Coast half often enough. This goes both ways, as he is known in it for Frank and money's worth for the public. Here I go rattling on in this familiar way about the distinguished Mr. Daniels, as if he were a friend of mine, forgetting all the time that he's the groughest old comedian off the stage that ever terrified a bellboy or a stage manager.
