

W. C. HAWLEY IS HOME REGISTER

Oregon Congressman Likes Hard Work of Committee-Room Duties.

SITS AMONG THE LEADERS

Makes Fortunate Drawing for Seat, Speaks in Terms of Praise for Other Members of Delegation.

SALEM, Or., Feb. 10.—(Special.)—For the purpose of writing his name on the registration books of Marion County, as required by the new registration law, Congressman W. C. Hawley arrived in Salem today. He will return to Washington Wednesday evening.

Like the other members of the Oregon delegation, he thinks the law should be amended so as to permit a Senator or Congressman to register without crossing the continent twice and losing two weeks of time from his post of duty.

"There is plenty of hard work in being a Congressman, but I am accustomed to hard work and like it," said Mr. Hawley, this evening, when discussing affairs at Washington. "Usually a new Congressman is placed upon what might be called 'dead' committees, which have no work to do, but I was fortunate in securing a place on two very active committees, on Agriculture and Claims. To the Committee on Agriculture I referred all matters relative to the Department of Agriculture, a department that is every year becoming more important to the industrial affairs of the Nation.

The committee on Claims must investigate the claims and report upon them against the Government referred to it, and, as every one knows, these claims are numerous.

Senator Fulton Popular.

"In the selection of seats in the House of Representatives I was fortunate in securing a place close to the Republican leaders, DeLoach, Payne and Sawyer. This enabled me to keep in close touch with what is going on, to learn the methods of doing business and to get acquainted with influential members of the House. All these circumstances help, for every Congressman must begin at the bottom and work his way up.

"The Oregon delegation has been fortunate all around on committees. Senator Fulton is very popular and, as one of the Senators who made committee assignments, was able to secure good places for Senator Bourne, who was a new Senator. It is very rare for a Senator to make as rapid progress as Fulton has. I have frequently heard that Senator Fulton is the ablest Senator from the Pacific Coast. Congressman Ellis is in good position for advancement because of his wide acquaintance secured during previous sessions in the House.

"One of the most important of recent events in Congress was the announcement that tariff revision will be undertaken immediately after the adjournment. While I believe in a protective tariff, I also believe in revision of schedules from time to time, as changing conditions may require. The tariff should protect the American laborer and also the American manufacturer to the extent of a reasonable profit. When the tariff protects the manufacturer in the enjoyment of an exorbitant profit, it should be reduced.

Harbor Bill Must Wait.

"As already reported in the press dispatches, it is quite certain that there will be no rivers and harbors bill at this session for the reason that there was an \$80,000,000 bill passed at the last session. My bill appropriating \$200,000 for state and Federal ownership of locks at Oregon City is in the hands of the rivers and harbors committee and will probably be held until the next session of this Congress, when we hope to get the appropriation."

Mr. Hawley says that in Washington the opinion is that the Republican Presidential nomination is still "up in the air." Judging by popular feeling in the East, Roosevelt could be re-elected by an overwhelming majority if he had not determined not to be a candidate again. On the status of the election, Mr. Hawley is uninformed, for he left Washington before the other members of the delegation decided to recommend Mr. Cleeton.

STATE AHEAD OF RAILROAD

Beats Milwaukee to Right of Way and Scores a Good Deal.

by Major Baxter, Captain Clarke, in addition to his duties as disbursing quartermaster at Portland, is assigned to duty as assistant to the Chief Quartermaster of the department.

Colonel T. C. Woodbury, Third Infantry, is now at department headquarters attending to his duties as commander of the Department of the Columbia.

First Lieutenant John P. Hanson and wife are residing in Vancouver and Portland with relatives. Lieutenant Hanson is now with the Sixth Cavalry, and will, upon the expiration of his two-month leave, join his regiment for service in the Philippines.

New Coos Bay Town.

MARSHFIELD, Or., Feb. 10.—(Special.)—East Side is the name by which the newly-incorporated town on the east side of the mouth of the Coos Bay. The new incorporation includes what was formerly East Marshfield and Bay City. The officers of the new city are:

Mayor, Charles E. Jordan; Recorder, W. J. Lapsell; Marshal, J. F. Conklin; Treasurer, W. P. Schieffle; Aldermen, J. A. Olsen, J. E. Stonecipher, J. A. DeWolfe, F. S. Belle, Robert Kittson and John Matton.

Weyerhaeuser Camps Resume.

VANCOUVER, Wash., Feb. 10.—(Special.)—It is reported here today that the big logging camps of the Weyerhaeuser company at Yacon are to be opened the first of next week, with full crews. These camps have been shut down since December 15, and the resumption of work at this time will give employment to a large number of men. Several of the other logging camps, it is reported, will again resume work in this country.

SHINGLE MEN ON STRIKE

"CLOSED SHOP" DEMANDED BY UNIONS AT BALLARD.

Fight to Finish, Declare Unions. Situation Said to Be so Critical Men Out of Work Denied Credit.

SEATTLE, Wash., Feb. 10.—(Special.)—Three Ballard shingle mills inaugurated a lockout against union men this morning, and as a result the Queen City mill was closed down and the Canal Lumber Company mill was practically closed. Two other mills continued to run, but with forces so greatly reduced as to make it little use.

The union men declare that the fight is on to a finish, and say that not a mill will run with any degree of success until they win. On the other hand the millowners assert that they will have all the men needed in the morning.

The strike today is the result of a meeting held Saturday night by the union, resulting in all mills employing non-union labor or paying union men the reduced scale being declared unfair.

At Ballard the situation is so critical that tradesmen have come to an agreement not to extend credit to the men out of work.

SAN FRANCISCO SHIPPING

Yeddo Goes Out Light—Korea Is Bringing Many Passengers.

SAN FRANCISCO, Feb. 10.—The Australian Mail liner Yeddo, Captain B. B. McGill, is scheduled to leave the China Basin wharf at 1 o'clock on Friday for Sydney and Auckland. Owing to the fact that the Yeddo did not go to Puget Sound this trip for lumber she will go out light probably with not more than 100 tons of freight. Her cargo will consist of 55 bags of mail matter, some of the last of the season's canned goods, machinery and paper.

The Pacific Mail liner Korea which is expected here next Friday, is bringing 50 passengers to San Francisco including 12 in the first cabin and 120 Asiatics. Charles A. Drew, purser of the Matson steamer Hilonian, will be an important officer when Captain Peter Johnson is directing the steamer's course on her next passage to Honolulu. The Hilonian leaves tomorrow and Drew will have charge of the new wireless telegraph instruments recently fitted on the Hilonian. Drew is an expert telegrapher.

TIGER GOES INTO HIDING IN BAKER

District Attorney Lomax Ends All Gambling Within an Hour's Notice.

CITY'S INCOME CUT \$10,000

Absence of Fines Collected From Gamblers Necessitates Drawing on Cash Balance—Action of Authorities Is a Surprise.

BAKER CITY, Or., Feb. 10.—(Special.)—District Attorney Lomax this afternoon went Mayor Jones one better and issued an order closing all gambling immediately. The order was made public until it appeared in the Evening Herald at 4 o'clock and by 5 o'clock the lid was on tight.

The order of the District Attorney was a great surprise, as it was thought that no further action would be taken after the order of Mayor Jones closing gambling on March 1.

Attorney Lomax quoted that section of the law which prohibits gambling, and said that the citizens had brought evidence before him that the law was being violated, and unless all gambling ceased immediately, prosecutions would follow. He stated that several citizens had assisted him in securing the evidence, but since the Mayor had given the gamblers until March 1 to vacate they thought it only just that the gamblers should be given a warning and be allowed to remove their paraphernalia.

The lid is on tight and the prediction is made that it will not be removed again. The city treasury derived a revenue of about \$10,000 last year from gambling. In making up the budget of expenses for this year the Council figured on a like amount this year, and now the city must draw on its surplus cash to pay current expenses.

HIGH TIME ENDS IN DEATH

Woman of Tenderloin Killed on Car in Strange Manner.

NEW YORK, Feb. 10.—A night spent in hilarity by three women and three men ended early today in a tragedy, when one of the "Saturday night" women, "Queenie," but who is said to be Mrs. Annie Conning, of Delaware, was shot to death in a trolley car on Second avenue.

Mabel Couzle confessed this afternoon that a shot accidentally fired from a pistol in her muff killed "Queenie," but the police authorities are of the opinion that an element of mystery still hangs over the case, in the disappearance of the men of the party, who have not been seen since the shooting took place. The Couzle woman has been held without bail to await the coroner's inquest, and Rose McGuire, who also was in the party, is being detained as a witness.

The story told by the Couzle woman was a plausible one. The women and men had met at a tenderloin resort, where they drank for a while, and afterward went to Chinatown. One of the men, who had been drinking, had a revolver, which he asked the Couzle woman to keep for him. She put it in her muff, and the party started uptown on a trolley car. All were hilarious and laughed and joked with several of the passengers. An Italian resented remarks made to him, and a scuffle ensued. In the mix-up the revolver exploded and "Queenie" fell dead. The revolver dropped to the floor and one of the men picked it up and with his two companions fled.

GOES BACK TO FACE TRIAL

Defaulting Bank President to Return From Mexico.

MEXICO CITY, Feb. 10.—William F. Walker, the defaulting bank president of New Britain, Conn., will go back to the United States to be tried, according to a statement made at the Foreign Office today. The statement was given out following a story sent out from San Diego, Cal., that the extradition papers in the case had reached Escondido, Lower California, six days after the time allowed by the law, and that therefore Walker could gain his freedom at any time. This is declared by the Foreign Office to be false.

According to the State Department, Walker, who is now a prisoner at Escondido, has declared his willingness to return to the United States.

STATE CAN'T SPARE MONEY

Plans for Battery at Tacoma Have Fallen Through.

TACOMA, Wash., Feb. 10.—(Special.)—Plans for a light battery of the National Guard of Washington for Tacoma have fallen through on account of the lack of state funds to finance such a branch of the service. This will come as a distinct disappointment to the men who had already signified their intentions of enlisting, but there is no way out of the difficulty, it appears. Adjutant General Orvis Hamilton announced tonight that the state funds are at such an ebb that no steps can be taken to institute the proposed battery.

CERTIFIES TO A CURE

Henry Huntington Allowed to Be Removed From Sanitarium.

CLERMONT, En Beauvaisis, France, Feb. 10.—The Magistrate of this town has officially permitted the removal from this private sanitarium for Tacoma of Henry Huntington, son of the late Major Henry Alonzo Huntington, who last July shot and wounded his two brothers and sisters. He has been declared insane. The Magistrate certified that Huntington has been cured.

I. GEVURTZ & SONS

First—ON YAMHILL—Second

but it is known that he has no idea of bringing suit. It is probable that before the primary election he will make some speeches in Oregon in refutation of Mr. Henry's attack.

PUBLIC TO FIGHT PLAGUE

General Meeting of Supervisors Is Called for Thursday.

SACRAMENTO, Cal., Feb. 10.—In order to arouse public interest in a co-operative plan of eradicating the plague from San Francisco, preventing its spread to other points and to promote sanitation in general in this part of the state, the State Board of Health has called a meeting to be held at San Francisco next Thursday.

S.S.S. CURES RHEUMATISM

The aches and pains of Rheumatism are only symptoms which may be scattered or relieved with liniments, plasters, blisters, etc., or quieted with opiates. As soon, however, as the treatment is left off or there is any exposure to dampness or cold, or an attack of indigestion, or other physical irregularity, the aggravating pains, swollen joints and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms, while the real cause remained in the blood. Rheumatism is due to a too acid condition of the blood, brought on by indigestion, chronic constipation, weak kidneys, and a general sluggish condition of the system. This acid circulating in the blood produces the pains, aches, and other disagreeable symptoms of Rheumatism. S. S. S., a purely vegetable remedy, cures Rheumatism by going down into the circulation and driving out the cause and making this life-stream pure, rich and healthy. When the blood has been cleansed of the irritating, pain-producing acids by S. S. S., the pains and aches cease, the muscles become soft and pliable, the health is built up, and Rheumatism completely and permanently cured. Book on Rheumatism and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

The children's laxative—Cascarets.

Candy tablets, pleasant to take, gentle in their effects. Throw out the old-time physics.

Look back at your childhood days. Remember the physic that mother insisted on once in a while—castor oil, salts or cathartics. How you hated them. How you fought against taking them. How you dreaded their after-effects. That was all wrong, but then nobody knew better.

With our children it's different. They belong to the day of the gentle in medicine. The day of harsh physics is over. We don't force the bowels now; we coax them. We have no dreaded after-effects. And the dose is a candy tablet.

Mothers who cling to the old form of physic simply don't know what they do. The children's revolt is well-founded. Their tender bowels are harmed by them. The modern way is to give a gentle laxative, and to give it more frequently. To keep the bowels always active. The best method is Cascarets. One-half a tablet, as often as needed, does more than anything else to keep a child well.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and Ten Cents per Box
