TOWNSEND MAY TAKE THE HELM

Expected That He Will Become Assistant District Attorney of Oregon.

SOLVES A HARD PROBLEM

Prober of Railroad Land Grants Under This Arrangement Would Virtually Succeed W. C. Bristol for the Time Being. .

B. D. Townsend, the Government landgrant prober, is expected to be invested with the duties of United States Attorwith the duties of United States Attorney for Oregon, by being appointed Assistant District Attorney by Attorney-General Bonaparte. In this manner, Townsend would be virtually in possession of the office, until the President shall designate the new District Attorney to succeed W. C. Bristol. It would not be necessary, by this arrangement, to hurry the appointment of the new District Attorney.

It seems necessary to do something of this sort, in order to secure for the Gov-ernment the services of a District Attoreriment the services of a District Attor-ncy. Cleeton's appointment has been held up and there seems reason to be-lieve that he has encountered opposition such as will block his success in landing His record is under severe in spection and is said to contain matters that may make it impossible for him to be named to the office. The precise nature of the charges against him has not been revealed, but it is known that one serious objection to him is his intimate relations with the McBride-Mitchell-Fuiton regime; another is his slieged treathery to Dolph, in the Senatorial election of 1826; still another is his whitewash of George W. Dayis, the defaulting clerk of the Oregon Land Board, when he beaded an investigating committee of the

Legislature in that same year.
George G. Bingham, of Salem, who was
the choice of Senator Fulton and Representatives Hawley and Ellis for District
Attorney, when Schuebel was Senator Bourne's choice, was attorney for the uc-faulter, Davis, and this is said to have been one of the causes of Bingham's re-

Somebody Needed at Helm.

The District Attorney's office is in sore need of somebody at the belm. Mr. Bris tol, the nominal officer in charge, has moved away to his private quarters and does not even visit the Government's Courthouse. Matters are coming up every day that call for the attention of a District Attorney. But while the Government wishes to drop Bris. It cannot do so until it shall have found a suc-Townsend's appointment as Assistant District Attorney would solve the problem and enable the Government to dispense with Bristol. Then the Oregon

Senators could fight out the appointment of the new man in their own sweet way. Townsend would make an able attorney. He is a lawyer of considerable merit. His investigation of the Gregon & California hand grant, during the last half of last year way ways therewel and wo of last year was very thorough and won him the admiration of the Department of Justice. He has been in Washington the last two months, preparing bills of com-plaint, for the coming suits of the Govern-ment against the Oregon & California

Or, the courts will be asked to decree that the railroad must sell its remaining lands in compliance with the terms of the grants. The suits against the purchasers of large bodies of the land will seek to invalidate their litle, on the ground that they bought before the land was patented by the Government, and therefore must have had full knowledge of the terms of

the granting acts.

These suits are expected to be filled in the Circuit Court in Oregon shortly, just as soon as Townsend can prepare the

blocking of Clecton's appointment has brought other candidates into the limelight. Foremost among them is George H. Burnett, of Salem, Circuit Judge of the Third Judicial District. Judge Burnett has strong support and his independence from Mitchell politics makes alm an open field where Cleeton fluds orous objection. Judge Wolverton's maship for Judge Burnett is counted as a strong element in Burnett's favor.

INDIAN WOMAN DIES, BUT COMES BACK AGAIN.

Warns Drunkard to Beware of the Fire World, Where She Was, Then Dies Again.

PENDLETON, Or., Feb. II .- (Special.)-A remarkable story of the dead coming back to life and made the more remarkabie by reason of the fact that the resur-rected one claims to have descended to the very gates of "the fire world," and to have been sent back by the gate-keeper, comes from Toppenish, Wash., in a letter from Rev. George Waters, an Indian Methodist minister on the Yakima reservation, to Rev. E. J. Conner, a Presbyterian minister on the Umatilla

Waters says an Indian woman appar ently died near Simcoe, about a week ently died near Sincoe, about a week ago, as the result of a protracted spree. She was noted as a drunkard. About an hour after she died she was washed and prepared for burist. She was then laid out to wait for the arrival of the coffin, but at the end of half a day she suddenly came back to life.

At first the woman's terrified lamenta-tions were too incoherent to be intelligible, but she managed finally to tell those who gathered around that she had descended to the "fire world," a great place ment against the Oregon & California Raliroad and against purchasers of its railroad grant lands, on account of their refusal to comply with the terms of the grants.

The railroad has repudiated the obligation of the railroad has repudiated the obligation. The railroad has repudiated the obligation of the railroad has repudiated the obligation of the railroad has repudiated the obligation.

She was unable to give any very accuthe future abode of than 180 acres to each purchaser. The suit against the railroad will seek to have the courts forfeit the lands still held by the railroad to the Government. The railroad already has received more money from the grants than Congress originally intended. that she was lost

The statements in the letter are confirmed by Albert Barnhart, a Umatilla Indian, who returned yesterday from the Yakima reservation.

Are Reported to Police.

Last night was a busy one for thieves and house-breakers, several cases being reported to the police. G. L. Goldberg, who resides at 811 Kelly street, found that his house had been entered by two men who fled without taking any blunder, on hearing his key turn in the front door, Mr. and Mrs. G. Rooms in the Sentinel Hetel, at 481 Reoms in the Sentinel Hotel, at 481

Frank White, who lives at the Workingman's Home, at Second and Davis streets, was held up at Second and Couch streets while on his way home at a tate hour. He was confronted by three men with drawn knives, who robbed him of 25 cents, all the money he had.

SALOONMAN BREAKS LAW

Arrested for Having Music in Place After Hours.

E. R. Rice, proprietor of a saloon as 148 Sixth street, was arrested this morning between 12 and 1 o'clock by Policeman Anderson for breaking the city ordinance which sprohibits the playing of planos in barrooms after midnight. When taken to the Police Station Rice was very indignant, and called the officer who made the arrest a "regular rule".

"This man is entirely too fresh," shouted Rice in a loud voice. "I won't stand for this. He has been on the beat only two nights, and I guess he wants to make a record for himself. Nobody has objected to the music before. He ain't onto the game yet. This in an outrage."

The Sergeant of Police informed Rice that he had broken the law and would have to answer to the Judge for the

no-decision fight before the Pacific Athletic Club here tenight. It was on the whole a poor exhibition. Flying did most of the forcing, but Sullivan landed the larger percentage of the blows and punpoved since being brought to the Navy-yard.

Regularly Nominated Candidates, With One Exception, Are Elected.

FRANK E. WATKINS LOSES

Pays Penalty for Active Support of Opposition-Result Indorsement of Multnomah Club's Policy. Morgan's Plan Is Defeated.

The regularly nominated candidates for directors of the Multnomah Amafor directors of the Multnomah Amateur Athletic Club, with the exception of Frank E. Watkins, were elected at the annual meeting of the club last night. The meeting was the largest and most enthusiastic gathering in the history of the club. The winning candidates, who were chosen to fill the six vacancies expiring this month, are: Rev. A. A. Morrison, J. F. Ewing, Irving Rohr, B. D. Sigler, Halvon H. Rasch and George W. Simons. The result of the election indicates that the policy advocated by the promoters of the defeated ticket is too radical to be adopted at this time, for the members cleared at this time, for the members clear-ly demonstrated by their vote that the present policy of the administration is

satisfactory in every particular.

During the early part of the meeting the reports of the various officers and the proposal to admit athletic members to all the rights of the club, as made at the meeting of the directors by E. E. Morgan last week, were read. Morgan's proposition was lost by a stand-

A. B. McAlpin then took the floor and opposed the candidacy of Mr. Watkins on the ground that Watkins had teen active in promoting the athletic or opposition ticket, and proposed to the mem-bers that they select Dr. A. E. E. Morgan, of the board of direcnation the athletic ticket, which he had calling upon Frank J. Lonergan to pro pose the ticket. Mr. Lonergan then proposed the name of Martin Pratt as a candidate for director. The nomination was seconded by Herbert W. Greenland. Mr. Pratt, however, declined to become a candidate, but in spite of this fact he received a large complimentary vote, Mr. Watkins took the floor and, exceptingto the remarks of A. B. McAlpin, de-fended the stand-he had taken. W. w Banks spoke, advocating the candidacy of Mr. Watkins, and several other mem-bers made brief talks advocating various

Ask yourself this question: "Are my kidneys well?" The condition of the kidney secretions may give you an answer. If there is a brick-dust sediment, or a stringy settling in the urine; if passages are too frequent and copious, or scanty and painful, it is time to begin using Doan's Kidney Pills. Delay may run you into Bright's disease or diabetes.

street, Portland, Oregon, says: "I am always pleased to say a good word for Donn's Kidney Pills and readily confirm the statement I gave some years ago in their favor, after they had relieved me of kidney trouble. This complaint had clung to me for a long time, and often the attacks of pain in my back were so acute as to be almost unbearable. There was also a dull, heavy aching in the region of my kidneys, and though I was constantly us-ing remedles, the annoyance still continued. The irregular action of the kidney secretions showed that my suf-fering arose from the kidneys, and when Doan's Kidney Pills were recommended to me, I procured a supply at the Laue-Davis Drug Co. They not only eradicated the pains in my back, but strengthened the kidneys and im-proved my health."
