LONG TIME YET TO RUEF'S TRIAL

Heney to Be Subpenaed Along With Others by the Defense.

HENEY UP FOR SCORING

Ach Severely Grills Prosecutor for Alleged Breaking of Immunity Contract Granted Ruef and Promises Developments.

SAN FRANCISCO, Feb. 18.—With 150,000 words, covering about 750 typewritten pages, already in evidence on what is merely the hearing on a preliminary motion to vacate his arraignment, and as yet no counter showing put in by the prosecution, the actual trial of Abraham Ruef seems far distant. Henry Ach, Ruef's leading counsel, finished his argument this afternoon and Judge Lawlor gave Frank J. Murphy, Ach's associate, one hour tomorrow morning in which to present his views and authority.

One day's time will probably be granted by the court to Ach to get such additional affidavits from Drs. Nieto and Kaplan, the two Jewish rabbis, and other persons, bearing upon the immunity contract and the alleged methods adopted by the prosecution to get Ruef to testify before the grand jury. This will be followed by the counter-affidavits of the prosecution.

Ach gave notice today that he would insist upon subpenaing and placing upon the witness-stand those who refused to make affidavits, mentioning Judge Dunne, Judge Lawlor, District Attorney Langdon, Special Agent William J. Burns, Francis J. Heney and W. J. Biggy.

The defense appears to be somewhat in doubt as to whether it can appeal from Judge Lawlor's decision on the motion, should it be adverse, but it was intimated in that event a writ for prohibition, as a bar to the trial of Ruef, would be applied for.

Maintains Immunity Promised.

During the course of his long argument and the citing of a formidable array of authorities upon the status of immunity agreements, from 1775 to the present day, Ach declared:

Both Mr. Murphy, my associate, and myself have been assured by our client, without any reservation whatever, that he has kept his part of the immunity pact to the very letter. Should the Court deem it necessary to go into the matter of the good or bad faith of the defendant or the prosecution, not only will we endeavor to prove that Mr. Ruef kept his part of the agreement in every respect, but that the breaking of the contract by the District Attorney was entirely due to ulterior motives.

It will be for this Court to determine what Mr. Heney and District Attorney Langdon meant by their denials upon the public rostrum during the municipal campaign and by statements to various persons that Ruef had not been and would not be granted immunity when at the same time they were party to a solemn agreement that he was not to be prosecuted.

It won't be a pleasant investigation. I can assure your honor, and it will involve the credibility of some of the persons connected with this matter.

Scores Heney's Bad Faith.

Ach, during the course of his argument, also made the assertion that Assistant District Attorney Heney and Special Agent Burns had requested him to see Judge Lawlor with reference to getting the latter to dismiss the case against Ruef.

He also called attention to Heney's course in the Oregon land-fraud cases, granting alleged "wholesale immunity," and his attitude toward the Supervisors who were not indicted, and contrasted these with his action toward Ruef after he had used the latter as a witness against ex-Mayor Schmitz, and "their coming into court now and claiming that immunity contracts are not legal and not in strict consonance with the law."

"Good faith is one of the principal things demanded of a Prosecuting Attorney," declared Ach.

At the Theaters

What the Press Agents Say.

LAST TIME TONIGHT.

Cohan's Musical Play, "45 Minutes From Broadway," at Heilig.

Tonight at the Heilig Theater, Fourteenth and Washington streets, the last performance of Klaw & Erlanger's production of George M. Cohan's musical play, "Forty-five Minutes From Broadway," will be given. This tuneful and interesting play played to a crowded house last night and judging from the advance sale and the big hit it made, together with the fact that this evening will be the last opportunity Portland theater-goers will have of seeing it, another filled theater will be the consequence. Frances Gordon is playing "Plain Mary" and Scott Welch is again seen in the role of "Kid Burns."

"PARSIFAL" AT THE MARQUAM

Beautiful Mystery Drama One of the Season's Events.

One of the most impressive and interesting dramas of modern times is the dramatic version of "Parsifal," which a great company of artists is presenting at the Marquam this week. On every hand are heard words of commendation for the splendor of the production, the marvellous electrical effects and costumes and the splendid manner in which the actors do their work. Mr. Connor in the star's role and Miss Virginia Keating are artists of the highest order.

The matinee Saturday will afford the ladies and children an especially fine opportunity to see this beautiful production.

"IN THE BISHOP'S CARRIAGE"

Great Play Splendidly Acted at the Baker This Week.

The Baker Stock Company is giving splendid performances of that fascinating play, "In the Bishop's Carriage," all this week, and the houses are packed to the doors. It is indeed a great play and a better performance of it would be hard to imagine. Miss Jewel as Nance Olden, the girl thief, who reforms through the influence of a man who is a man, has won her place in Portland and become immensely popular with the critical audiences that attend the Baker.

"Dora Thorne" Matinee Today.

Bertha M. Clay's "Dora Thorne" will be presented at the Empire matinee this afternoon, and as this is one of the real favorites with the women, this popular midweek event will no doubt be more liberally patronized even than ever. It has been a long time since as good a production of the famous love play has been seen in Portland as that at the Empire this week.

Roosevelt as a Cowboy.

Theodore Roosevelt is the first President who was a cowboy, and if the President could see "The King of the Cowboys," at the Star Theater this week, he would be delighted. There is no other type of American so popular as the freelance of the plains, and in this drama at the Star some of the many adventures which befall the knights of the West are depicted. Matinees Thursday and Saturday.

"The Nancy Hanks" Tonight.

The success of the Allen Stock Company in its latest venture at the Lyric, "The Nancy Hanks," has seldom been duplicated on the stage of a local theater. The piece is a continual inducement to laughter from the beginning of the first to the close of the last act. "The Nancy Hanks" will make you laugh if you haven't laughed before in 20 years. Matinee tomorrow, Saturday and Sunday.

"BUSTER BROWN" TOMORROW

Famous Musical Cartoon Comedy to Begin Engagement at Heilig.

Beginning tomorrow, Thursday, night and continuing Friday and Saturday nights with a popular-price matinee Saturday afternoon, the attraction at the Heilig Theater, Fourteenth and Washington streets, will be the famous musical cartoon comedy, "Buster Brown." The cast presenting this merry musical comedy is headed by Master Reed as the demure rollicking "Buster." In the support of Master Reed petite Ray Myers will be seen as "Mary Jane," while the well-known pantomimist, Edwin Lamar, as "Tige." New scenery will grace the stage and comely maidens galore will be in evidence. Special prices at night. Seats are now selling at the theater.

Clay Clement Next Week.

Commencing Sunday afternoon the management of the Marquam will present one of America's foremost actors, Clay Clement, in a repertoire which includes his famous comedy, "The New Dominion," which has become a National classic, "The Bells," and "London Assurance." Mr. Clement needs no introduction to the people of Portland who have known him for many years as an actor and playwright of the finest type. His engagement at the Marquam next week will be one of the most brilliant in the history of that theater. The seat sale will open Friday.

"Graustark" Next Week.

"Graustark," which the Baker Company will present next week, starting Sunday matinee, is a play along the lines of "The Prisoner of Zenda," and full of remarkably interesting characters and situations. It is a dramatization of George Barr McCutcheon's popular novel of the same name, which is one of the most widely read and popular of the day. The scenes are laid in the European principality of Edelweiss, and the hero is a young American.

Next Week at the Empire.

The first time here of the new and startling melodrama, "A Battle for Life," will be next week at the Empire, beginning Sunday matinee. The leading role of this play is an emotional one—a Mexican woman, who, betrayed by the man she learned to love while a young and innocent girl, turns to a vindictive avenger, with a determination to kill her betrayer. The scenes are a succession of exciting and thrilling events and many of the situations are entirely new to theater-goers of the West.

"Camille" at Lyric Next Week.

Lyric patrons will have an opportunity to see the youngest Camille on the American stage in the person of Verna Felton, who, supported by the Allen Stock Company, will present the famous emotional drama, the one that is looked upon as the final test of an emotional actress' ability. It is the first time in her life that the brilliant young leading woman has ever attempted a heavy emotional role.

AT THE VAUDEVILLE THEATERS

Bright Acts Throughout.

In the Atlas Quartet, the Musical Simpsons, Jolson, the star comedian, and the host of other good high-class entertainers, Pantages has another all-good show this week. No better comedy quartet has favored Portland in a year, while the Musical Simpsons, masters of brass instruments, are unrivalled in their line. Jolson is the funniest man in many moons and he keeps you laughing in spite of yourself. You will like this week's show.

Quality Vaudeville at Grand.

Vaudeville of quality as well as quantity is the offering of the Grand management. Sullivan & Considine can always be depended on to send Portland first-class artists and this week there is a vaudeville entertainment which is bright and snappy all the time. One good act follows another. From the headliner to the moving pictures each act on the bill is certain to amuse and entertain. For mirth and melody try the Grand.

MAY REACH HERE MARCH 15

Senator Fulton Is Uncertain as to When He Will Get Away.

OREGONIAN NEWS BUREAU, Washington, Feb. 18.—Senator Fulton is undecided as to what time he will go to Oregon to answer the charges made by Francis J. Heney and participate in the campaign. He wishes before leaving here to secure the passage in the Senate of his amendment to the interstate commerce law and also to perfect, report and pass the omnibus claims appropriation bill now before the claims committee. Probably he will be unable to reach Oregon prior to March 15.

NO CHARGES AGAINST CLEETON

Government Simply Inquires Into Attorney's Availability.

OREGONIAN NEWS BUREAU, Washington, Feb. 18.—A canvass of all sources of information concerning the Oregon District Attorneyship makes it apparent that no specific charges have been filed against the delegation's candidate, Thomas J. Cleeton. General investigation and examination of his availability, his record and his capacity are being made, the result of which will determine the action the Department will take on his candidacy.

Senator Bourne is receiving many requests from other would-be appointees, but he stands with Senator Fulton for Mr. Cleeton.

BLOW TO IOWA SALOONS

Cannot Lawfully Be Owned by Corporations or Brewers.

CHICAGO, Feb. 18.—A dispatch to the Record-Herald from Des Moines, Ia., says:

Attorney-General Byers rendered an opinion yesterday to the Executive Council that saloons cannot lawfully be owned or controlled by corporations, including breweries. Half of the saloons in Iowa are controlled by breweries, and this opinion will force the saloon business to be carried on by individuals who will be personally responsible for all liabilities incurred. Under the decision prosecutions may be brought against saloons operated by breweries instead of individuals, if within a reasonable time the property is not transferred.

Schaefer Takes the Lead.

PHILADELPHIA, Feb. 18.—Jacob Schaefer, of Chicago, secured the lead over Albert Cutler, of Boston, in their 1500-point 18.1 balk line billiard match here tonight by taking the second game by a score of 317 to 170. The total score for the two nights' play is 600 for Schaefer to 470 for Cutler.

Tomorrow, Thursday, will positively be the last day for discount on East Side gas bills. Portland Gas Company.

JAPANESE FINED UNDER NATAL ACT

Two Portland Subjects of the Mikado Will Test Immigration Law.

GIVEN BEST LEGAL TALENT

Ottawa Government Takes Up Case of Orientals at New Westminster. Strong Feeling Against Action of the Federal Authorities.

SEATTLE, Feb. 18.—A special to the Post Intelligencer from New Westminster says:

The Natal act passed unanimously by the Provincial government came to a show-down today, when the two Japanese from Portland, who on Friday last insisted on entering British Columbia, were fined $500 each and sentenced to 12 months' imprisonment. This is the full penalty under the act.

Okazaki and Nakani, the men chosen

Mrs. Robley D. Evans, Who Will Meet the Battleship Fleet on Its Arrival Off the Pacific Coast.

by the Japanese government to make the test, were given the option of putting up two sureties and $250 each that they would leave the country immediately. They refused this chance of escape, as instructed by their counsel, and will continue the fight on appeal.

Neither man can speak a word of English and both were clearly attempting to enter the country in defiance of the act. Counsel for the provincial government asked that full penalty be imposed, that the sentence might be a salutary one.

"An assented copy of the act reached the Liberal government at Ottawa today and it is announced that the cabinet will take the matter of disallowance into consideration. Both Liberals and Conservatives in British Columbia uphold the act and a disallowance is certain to precipitate intense feeling against federal authorities and make conditions worse than ever.

Tomorrow, before Chief Justice Hunter, counsel for the Japanese, who is really acting at the instance of the Ottawa government, will initiate habeas corpus proceedings. No less than ten code messages were cabled to Japan while the telegraph lines between this city, Vancouver, Victoria and Ottawa were kept sizzling with messages all day Monday and this morning, it being generally understood that the Dominion government would disallow the Natal act as soon as it reached Ottawa, and that this measure was due to reach there either last night or early today.

As soon as he was informed that a test case was to be made of these two Japanese, Attorney-General Bowser appointed Robert Cassidy, K. C., of Vancouver, to represent the Provincial government. The two men who were to be used as pawns in this dispute between the Dominion and the Provincial governments were also supplied with the best legal talent obtainable, compatriots raising a fund for their defense in this city and Vancouver.

SHIPLOADS OF JAPANESE DUE

Yokohama Immigrants Likely to Be Turned Back at Victoria.

VICTORIA, B. C., Feb. 18.—Two steamers are about due from Yokohama, the Ningchow and Mont Eagle, the former expected tomorrow and the latter on Saturday with Japanese, and unless they can pass the educational test made by the new British Columbia government, these will be stopped, providing the Ottawa government has not disallowed the bill by that time.

On the steamer Kaga Maru, which sailed today for Yokohama, was ex-Consul Horikawa from Vancouver, who is taking with him copies of the new bill and full information for the Tokio government. There are also 125 Japanese quarantined at William Head, left by the Kaga Maru to be landed shortly, and these will also come under the new law. It is expected the Japanese will endeavor to have the court pass upon their right to land, insisting upon the rights given them under the treaty with Canada.

JAPAN MAKES PLANS READY

Document to Be Handed to Ambassador O'Brien Today.

TOKIO, Feb. 18.—The reply of Japan to the memorandum from the American Government of January 26 will be handed to Ambassador Thomas J. O'Brien tomorrow, February 19.

The document, which has been carefully prepared, outlines plans for the proposed future control of the emigration of Japanese to America. It includes many concessions which followed conferences between Ambassador O'Brien, Viscount Hayashi, Japanese Minister of Foreign Affairs; Baron Ishii, Chief of the Bureau of Commerce, and D. W. Stevens, adviser to the Japanese Embassy at Washington, the latter of whom is acting as adviser to the Foreign Office pending the arrival of Mr. Dennison, who is expected to resume duties of that position on April 15, upon his return from his vacation.

It is believed among the Japanese officials that the proposed plans for the restriction of emigration will be satisfactory and therefore will finally settle all existing differences.

Reception of Takahira.

WASHINGTON, Feb. 18.—That there is to be the least possible delay in the official reception of Baron Kogoro Takahira as Ambassador from Japan was indicated today in an early call at the State Department of Counsellor Miyaoka, of the Japanese Embassy, to take the first step in arranging the details. These details include the sending of a formal note to Secretary Root from the Embassy requesting information of the President's pleasure in the matter. The President will fix a date and hour for the reception. The President's carriage, conveying a military aide, will call at the Embassy for the Ambassador and return him there after he has been formally received at the White House. The presentation will be made by Secretary Root. Both the President and the Ambassador will give formal expression to the exchange of cordial sentiments, and these speeches will be given to the public by the State Department.

UNITE WITH GOVERNMENT

California May Have Federal Aid in Prosecuting Railroads.

LOS ANGELES, Feb. 18.—The possibility that the Federal Government and the state officials may co-operate in the matter of railroad prosecutions, based upon alleged rebating within the jurisdiction of the Federal District Court, was admitted today by United States District Attorney Oscar Lawler, who held a lengthy conference with Raymond Benjamin, Assistant Attorney-General of California. Mr. Lawler said:

"I am willing to give Mr. Benjamin any information at my command, and will gladly accept any which he has to offer. While we have no official connection, we are in a position to render assistance that will be of mutual advantage."

Mr. Lawler refused to affirm or deny that the Federal grand jury, which was yesterday summoned to meet on February 24, would be invited to investigate matters pertaining to railroads. Members of the State Railroad Commission who announced yesterday that they intended to commence examination of the books of the Santa Fe this morning, declined to discuss the subject today.

JAPAN KEEPS EYE ON FLEET

Steamer Kasato Maru Cruises Around Off Chilean Coast.

VALPARAISO, Feb. 18.—The doings on the coast of Chile of the Japanese steamer Kasato Maru, in view of the proximity of the American battleship fleet, attracted considerable attention here. The Kasato Maru left Iquique on January 23 and steamed out to sea. Nothing was heard from her until two days ago, when she arrived at Tocopilla, a small maritime town in Antofagasta Province, 140 miles distant from Iquique. The fact that the vessel spent 24 days between these ports leads to the suspicion in some quarters that she has been observing the progress of the American fleet or studying the Chilean coast in the vicinity of Tocopilla. The Kasato Maru is equipped with wireless telegraphy.

The Kasato Maru belongs to the Japanese government. She left Japan in October for Honolulu, where she arrived November 7. Since then she has been reported at Callao, Arica and other points on the Chilean Coast. She is of 2800 tons, has twin screws and was built at Newcastle in 1900.

CITY ELECTION VERY QUIET

Owen Wister Defeated for Councilman in Philadelphia.

PHILADELPHIA, Feb. 18.—With the exception of five wards in which there were hot councilman fights, the municipal election in this city today was a perfunctory affair and passed off without any untoward incidents.

A feature of the ward contests was the campaign waged by Owen Wister, the novelist, who was a city party candidate for Councilman in the Seventh ward. The ward always returned a large majority for the Republican candidates and notwithstanding the energetic canvass made by the novelist, Charles Seger, Republican, was elected by a substantial majority.

Municipal elections were held throughout Pennsylvania also.

STOESSEL AWAITS VERDICT

Asks Death Sentence if Surrender Is Found Crime.

ST. PETERSBURG, Feb. 18.—The trial of Lieutenant-General Stoessel reached the last act today, the prosecution waiving the privilege of putting in rebuttal to the defense. The accused general uttered only a few sentences in a firm voice and shouldered the entire responsibility for the surrender of Port Arthur.

"If the court decides that the surrender was a crime," he concluded, "I ask for the death sentence."

The court is expected to close the proceedings tomorrow with its decision.

Strict Liquor Laws for Bay City.

SAN FRANCISCO, Feb. 18.—Two ordinances to regulate the liquor traffic were introduced in the Board of Supervisors by Supervisor Murdock yesterday. One fixes the retail license at $1000 per annum, while the other imposes a $500 license on sellers of liquor in quart quantities or more. The new ordinances are more sweeping in some provisions than those now in force.

The sale of liquor is prohibited at places of amusement and within 250 feet of any school or church. Permits from the Board of Police Commissioners are necessary and must be renewed every three months.

The penalty for violating any provisions of either ordinance is by fine not to exceed $500 or imprisonment not to exceed six months, or by both fine and imprisonment. The ordinances, of passed, will be in effect July 1.

Build Two Toll-Bridges.

OREGONIAN NEWS BUREAU, Washington, Feb. 18.—Secretary Garfield today recommended that $5000 be appropriated to build two bridges across the Des Chutes River and Warm Springs River on Warm Springs Indian Reservation and to build a road connecting the same. He proposes to charge tolls for use of the bridges and road until the Government is fully reimbursed.

Coleman Leaves Willamette.

SALEM, Or., Feb. 18.—(Special.)—The board of trustees of Willamette University tonight accepted the resignation of President Coleman, to take effect at once.

AT THE HOTELS.
